	Principal	(408) 377-5480

Goals and Actions

Goal

Goal #	Description
1	High Academic Achievement: Fammatre School will provide equitable access to high quality, engaging, standards aligned educational opportunities for all students with the expected outcome of each student demonstrating growth towards meeting or exceeding grade level standards in English Language Arts and Math.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Fastbridge aMath	78% of all students in grades 1-5 are on or above grade-level standard in fall 21-22. 25% of EL students in grades 1-5 are on or above grade level in Fall 21-22 50% of SED in grades 1-5 are on or above grade level in Fall 21-22 54% of SWD in grades 1-5 are on or above grade level in Fall 21-22	78% of all students at Some on or above grade level. 50% of SED students on or above grade level 50% of EL students on or above grade level 56% of Hispanic/Latino students are on or above grade level 55% of Students with Disabilities on or above grade level	70% of all students at Some on or above grade level. 47% of SED students on or above grade level 27% of EL students on or above grade level 45% of Hispanic/Latino students are on or above grade level 35% of Students with Disabilities on or above grade level	On the 2024 spring Fastbridge data 71.26% of all students at Some on or above grade level. 50.7% of SED students on or above grade level 36.36% of EL students on or above grade level 46.73% of Hispanic/Latino students are on or above grade level 37.5% of Students with Disabilities on or above grade level	3-5% increase of percentage of all students in grades 2-5 perfoming on or above grade-level. 				Overall, SWD in grades 3-5 are points below the standard on the spring 2024Math portion of the SBAC.	

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, Fammatre continues to have students performing in the High category for both ELA and Math. All students will have access to high-quality Tier I teaching and learning, Tier II support for students identified as needing targeted additional and supplemental instruction, and Tier III support for students identified as needing intensive instruction and services. Although we are a high-performing school, we have identified inequities among various student groups. The staff will continue to address these gaps as a focus of our professional development. Writing program training did not specifically occur, but Benchmark Phonics training did occur. Afters-chool Creative Writing and Journalism classes were offered. Makerspace was funded and students participated on a regular basis.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Fammatre spent more funds for paraprofessionals due to the needs of our learners at lower grades. Funds for our intervention support specialists were increased because more students needed services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

We have not yet seen the expected improvement based on our efforts. We must take a more targeted approach to our strategies with more frequent teacher monitoring. PLC cycles were increased, but grade-level PLCs need more direction. Instructional Specialist and principal will create questions to guide the way data is reviewed. We will continue to provide ELA support Aides in Kinder thru second grade. We will start the year with four intervention support specialists and will make groups have a maximum of three students instead of four. This year we ran a pilot group with a new intervention and have found it was effective with the 75% of students it was used with. We will continue with this program with our higher-need students when our standard intervention is not effective. Afterschool ELD will continue, but we will start the program earlier in the year and modify the program to include more GLAD strategies, and begin utilizing a new online program for our ELD

students which will provide scripted ELD lessons for teachers to address student needs that are not being met sufficiently through the program.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Fammatre continues to be a high achieving school. While we did not see significant changes in SBAC data, we did see growth in our Hispanic/Latino students and EL students. We are cautiosly optimistic about the effectiveness of the afterschool ELD program, and additional supports in EL instruction with the paraeducators added to second grade classes as well this year. We will continue with this approach for next year with both the afterschool ELD program and the classroom paraprofessionals. We will have specifically designed small group ELD lessons in the classroom produced by our new program.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Effective Leadership, Teaching, and Learning: Fammatre School will provide a collaborative and responsive learning
	community in which our collective efficacy leads to an inclusive climate where every student thrives.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
School Climate Survey for students in grades 3-5	73% of students in grades 3-5 reported they like school in the April 2021 School Climate Survey	80% of 3rd-5th grade students reported they liked school in the April 2022 School Climate Survey.	71% of students in grades 3-5 reported they like school in the April 2023 School Climate Survey	82.2% of 2nd-5th grade students reported the like being a student at Fammatre in the April 2024 School Climate Survey.	82.2% of 2nd-5th grade students reported the like being a student at Fammatre in the April 2024 School Climate Survey.

Principal Walkthrough Tool to monitor classroom implementation of best Tier 1 instructional practices consistently, including GLAD, Number Talks, Designated/Integrated ELD, Guided Reading, etc.	Baseline established in 2021-22. 54% of teachers in the Fall were utilizing strategies regularly. Our school focused on all teachers implementing GLAD instructional model.	84% utilizing the GLAD 7 Hip Pocket Tools.	88% of trained teachers using GLAD strategies, 44% using number talks, 100% of teachers utilize the core curriculum.	100% of trained teachers using GLAD strategies, 75% using number/data talks, 100% of teachers utilize the core curriculum.	On average, 91.6% of teachers implementing best Tier 1 instructional practices consistently. All teachers implement some GLAD strategies.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were fully implemented. There were no substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not all money set aside for teacher training was used because our district took on the cost. I had an additional training planned for the staff, but the trainer was ill and canceled at the last minute with no time to reschedule before school year ended.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Fortunately, our district was able to absorb the cost of PD for the following areas: ELA instruction, Mindfulness, Restorative Practices, Science Instruction, TK curriculum PD, SEL strategy PD, Safety Care training for staff and more. The district also provides an online on demand training portal for staff which covers a variety of topics relevant to education available to all staff members. By providing high quality training to staff we were able to provide a collaborative and responsive learning community in which our collective efficacy leads to an inclusive climate where e students thrive.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the next three-year LCAP, staff expressed a need for professional growth in several areas. Key areas of interest include restorative practices, community building within classrooms, data-driven instruction, project-based learning, classroom management, integrating technology into teaching, dealing with challenging behaviors, and promoting mental health awareness among students. The district will continue providing additional release time for staff collaboration and implementing professional learning community (PLC) processes. Professional development will focus on supporting students and staff's SEL and mental health and high-quality Tier 1 core instruction to mitigate the impact of lost instructional time through PLCs. The district will implement eduClimber, a new interactive data platform to facilitate teacher collaboration on effective data use. Because Fammatre uses GLAD as our core instructional model, it is expected that all teachers, especially tenured teachers, will be expected to implement GLAD instructional practices throughout the core content area. As such, Fammatre will continue to measure the rate at which the GLAD is implemented in classrooms throughout the year using a classroom observation tool. These actions are primarily targeted at high-needs students. The most impactful resource the district added to our site was an Full Time Instructional Specialist. The specialist suports teachers in the classroom, before and afterschool through private coaching

sessions, group trainings, and even by co-teaching a lesson with the students. She also worked hard to develop relationships with all of our focal scholars.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were fully implemented. There were no substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All actions were fully implemented. There were no material differences between budgeted expenditures and estimated actual expenditures and/or planned percentages of improved services and estimated actual percentages of improved services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The district effectively supported Fammatre School support of our students by providing services and resources to ensure students' and staff's social, emotional, and physical well-being. This included ongoing training and supplemental resources for PBIS and Student Study Team processes. Counseling and mental health services were available to address students' social-emotional needs. District PD covered the Zones of Regulation, which helps students regulate their actions and improve their problem-solving abilities. All school staff continued to receive Restorative Practices training in partnership with the Town Project organization and additional SEL training. With District supportk, Fammatre offered lunchtime-SEL structured activities in partnership with Valley Sports, providing structured physical activities and additional supervision. Data from various sources, including the Student PBIS School Climate Survey, FastBridge SAEBRS, and Attendance rates, indicate that these actions effectively addressed the state priorities targeted. While our attendance rates are improving, we will continue to increase our efforts with families that are chronically tardy or absent to make bigger gains in the upcoming year.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The health and attendance clerk positions have been combined into one full time position. This allows the principal to work closely on wider reaching goals with the full time employee which will have a wider community impact.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	Strong Parent and Community Engagement: Promote a welcoming and inclusive environment where all parents/guardians, families and community stakeholders are partners in the education and support of all students' success in schools.

Measuring and Reporting Results

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions for the 2023-24 school year in Goal 4 were fully implemented. There were no substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All actions were fully implemented. There were no material differences between budgeted expenditures and estimated actual expenditures and/or planned percentages of improved services and estimated actual percentages of improved services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions were very effective in keeping families engaged and informed about their students and our community events at Fammatre. The HSC meetings are held the first Monday of every month. The location is always the same and the date is advertised in the school newsletter. The School Site Council Meeting and ELAC meeting were combined after our first meeting. At the first meeting, we held a vote and all were in favor of combining the two committees. At the beginning of the year, we advertised the roles and held an online vote to pick representatives. We advertised the meetings the week before in our school newsletter. Surveys were sent out to parents onine at the beginning and end of the school year, the Parent engagement survey was also sent out near the end of the school year. Students were surveyed at various times throughout the year. We also sent home hard copies of the Spanish versions of the surveys and had some success getting those back. We still need to do more to get the Spanish Speaking Parents to engage with the school.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Next year, I plan to pay a Latino Liason to increase parent engagement at community events as well as on campus interactions. We have noted our Latino and Spanish speaking families have a lower participation rate, but has increased with inconsistent outreach by a native spanish-speaking parent volunteer. We believe we can increase participation by having a native spanish speaking parent fulfill this role on a regular basis.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

 Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

• Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP
 cycle. "Effectiveness" means the degree to which the actions were successful in producing the desired result and "ineffectiveness"
 means that the actions did not produce any significant or desired result.
 - o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA.

Fammatre Charter Elementary School is an outstanding school that values academic excellence, enjoys parental and community support, and produces well-rounded students. Our campus is in the Cambrian Community in West San Jose, bordering Los Gatos and Campbell. Fammatre serves approximately 457 students in grades TK through 5th. 16% of our population is identified as English Language Learners. 15% of our population has special needs. 22% are considered socio-economically disadvantaged. Our ethnic or racial breakdown is 34% White, 35% Hispanic, 26% Asian, 2% Native American, 1% Native Hawaiian, and 1% Black or African American. A safe, warm learning environment is evident as one enters the beautifully landscaped campus. At Fammatre School, we believe all our students can learn, grow, and experience success in school. We believe that children learn best when taught in ways that address their learning styles and that a positive, safe learning environment fosters successful student achievement. We encourage individual dignity, self-esteem, self-responsibility, and belonging to the school and community. We hope our teaching will help students become productive global citizens who use the skills we teach them throughout their lives.

Fammatre School is well maintained by a staff of custodians assigned to the school. They maintain cleanliness and support the facility in many ways. They are supplemented by district staff who regularly assist in building maintenance. Custodians ensure jobs are completed promptly through an automated work order system. Learning is enhanced by improved lighting output at lower consumption rates. Fire alarm systems are regularly maintained at strict state standards. We have security with locked gates surrounding our facility during school hours, and security cameras have been added to the back of our school grounds. We also have installed a security camera in the school office. All visitors must sign in at the office before entering campus.

Cambrian is extremely proud of our technology infrastructure. Our present ratio of students to computers is 1:1 in 2nd-5th grades. Students in TK-1 are 3 to 1 with Ipads. Computers are networked and linked to the internet. A district-wide technology team is available to support the schools with maintaining technology infrastructure and ensuring best practices around educational technology usage and tools. There is a district-wide technology plan to guide decisions. We are extremely proud of our Makerspace. It is a place for students to learn to become makers and creators instead of just consumers. Students have many opportunities to explore and learn. Some examples of what students do in the space are learning programming skills, working with a 3D printer, working collaboratively with peers with various building manipulatives, or creating one-of-a-kind art projects that tie into the curriculum. We are dedicated to expanding the collaboration between our Maker Coordinator and teachers to integrate our curriculum into the time spent in the Makerspace. This year, students have had increased access to the space by attending every other week.

Goal-setting conferences are held with parents/guardians and students in the fall to establish connections between the teacher and the family and collaboratively set personal and academic goals for the students. This year, we had a 98% attendance rate by holding conferences through Zoom, in person, or with our Spanish Speaking Liaison. Community activities have increased this year by offering two Literacy Nights, a Math Night, a STEAM Night, Back to School, and an Open House. The Home and School Club has added to its community events by adding Parent Nights Out and Family Hikes and our much-loved events: Monster Boogie Bash, Family Dance, Fun Run, field trips, and dining out events. Parents help in our classrooms as art volunteers, Project Cornerstone volunteers and in the garden.

Cambrian is a small school district with a long history of creating a safe learning environment. Absenteeism is still higher than usual, but it is trending downward. Suspensions are less than 1% for the school. Students are aware of safety plans should emergencies arise, and they complete practice drills monthly. Cambrian works with other agencies to provide a safe environment that promotes learning. In addition, the school is sensitive and proactive about medically sensitive issues, such as peanut allergies and diabetes, and trains staff to manage such situations. Staff development is designed in our primary areas of focus: data analysis, Restorative Practices, and the Science of Reading. Using CCSS and Fastbridge assessments, professional development is aligned with district, school, and/or individual professional needs to ensure teachers have the adequate background, skills, and materials to support student learning. When new programs are introduced (e.g. math, science, or language arts), a specific time is dedicated to staff development to ensure the even and effective implementation of the program. (10 days, including 2-hour early release days) Using the Instructional Specialist to support teachers, programs, and academic achievement, including our PLCs, has helped us to grow steadily toward our goals and establish new systems to utilize data regularly to accelerate student achievement.

Across every school and grade level, our staff is unified in their commitment to excellence and continuous improvement. Key elements of our educational approach include:

- A seamless incorporation of California's State Standards alongside a vigorous commitment to elevating student achievement.
- Emphasizing Critical Thinking, Communication, Collaboration, and Creativity to ensure students develop the skills and mindset necessary for academic and professional success and thoughtful community engagement.
- A steadfast dedication to the holistic development of students, facilitated by innovative arts, music, wellness, and technology programs, encouraging students to explore their interests.
- Providing ongoing professional development opportunities for our world-class educators, ensuring they possess the latest knowledge, skills, and resources to refine their pedagogical skills.

• Fostering warm, welcoming school communities where families and neighbors play a crucial role in our students' educational journey and life, both inside and outside the classroom. This comprehensive approach underpins our mission to uphold our legacy and pave the way for future generations to achieve and excel.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The CA School Dashboard reflects Fammatre Elementary School's 2023 school year information. The information can be accessed at the following link: https://www.caschooldashboard.org/. To see other school site information, use the search bar and enter the name of the school site. The 2023 Dashboard included the following State Indicators: Academic Indicators for English Language Arts/Literacy & Mathematics, English Learner Progress Indicator (ELPI), Chronic Absenteeism Indicator, and Suspension Rate Indicator. The district, schools, and student groups receive performance colors on the Dashboard (Blue, Green, Yellow, Orange, and Red), where Blue indicates the highest performance, and Red indicates the lowest performance. Performance colors are determined based on a combination of Status (current year performance) and Change (current year performance compared with prior year performance). The 2023 Dashboard also included Local Indicators: Basic Services, Implementation of Academic Standards, Parent and Family Engagement, Local School Climate, and Access to a Broad Course of Study. The local indicators assess the district's and school's performance in meeting the standard by designating the following criteria: met, not met, or not met for two or more Years. Based on a review of performance on the state and local indicators measured by the California School Dashboard and a review of input from our educational partners, Below are some of the key highlights of Fammatre's performance for 2023-24.

1. Academic Indicator - English Language Arts & Math (Goal 1) The Academic Indicator is based on student performance on the Smarter Balanced Assessments for English language arts/literacy (ELA) and mathematics, administered each spring to students in grades three through eight.

Based on the 2023 CA School Dashboard, the following performance levels were achieved for each site in the Overall Academic Performance Indicator for ELA and Math (Priority 1 & Priority 2):

- Fammatre School: ELA "Green"; Math "Green"
- 2. The 2023 CA Dashboard Academic Indicator for English Language Arts (ELA) and Math reveals strong academic performance at Fammatre Elementary School. Performance levels are determined by the combination of current year performance and changes from the previous year, with color-coded indicators ranging from Blue (highest performance) to Red (lowest performance). Overall, the Fammatre demonstrates robust academic performance, with all schools achieving "Green" or "Blue" levels, indicating high or improving performance in both ELA and Math. It remains crucial to continue monitoring and addressing the specific needs of subgroups to ensure that all students benefit from the Fammatre's academic programs. 2. 2023 CA School Dashboard English Learner (EL) Progress Indicator by school site (Goal 1) The English Learner Progress Indicator (ELPI) shows the percentage of current English learner (EL) students making progress at the state, district, and school level toward English language proficiency or maintaining the highest performance level on the English Language Proficiency Assessments for California (ELPAC).

- Fammatre Charter School: 30.4% of ELs are progressing toward English language proficiency, a decline of 24.4% from 2022.

Fammatre Charter School experienced a notable decline, with only 30.4% of ELs progressing, down by 24.4% from the previous year. To support improvement based on the 2023 CA Dashboard English Learner Progress Indicator results, Fammatre can implement targeted professional development for teachers, enhance family and community engagement, and utilize data-driven interventions and support programs. Providing teachers with ongoing, targeted professional development on effective instructional strategies for English Learners (ELs) equips them with the tools and knowledge to better support ELs in progressing toward English language proficiency. Regularly analyzing assessment data to track EL progress and developing targeted interventions based on this data, such as tutoring and extended day language support programs, can address specific areas where ELs are struggling. By focusing on these strategies, the district can enhance the progress of English Learners and address the areas of decline identified in the 2023 CA Dashboard.

- 3. Fammatre's reclassification rate was 8% last year. We fell below the goal by more than 10%. To address this, Fammatre Charter School will continue with having our Instructional Specialist work with teachers in groups and individually to address what designated ELD should look like, what supports EL students should have access to in their classrooms, and what language acquisition looks like developmentally. The Instructional specialist will also check in with teachers to review the progress of their EL students regularly.
- 4. Professional Learning: 93.6% of Fammatre Charter School's staff agreed that the Professional Development offered by the district and our school during the 2023-2024 school year was relevant and valuable. We are planning to continue with professional development in the areas of Restorative Practices, Universal Design for Learning, and ELD instruction as a staff in addition to the District Offerings around Curriculum, Science, and Math standards.
- 5. Chronic Absenteeism (Goal 3) Chronic absenteeism is the percentage of students missing at least 10% of school days.
- Fammatre Charter School's rate was 12.3%, a 1.5% decline from 2022. However, SWD's rate was 22.7%, maintaining the same rate as in 2022. The 2023 CA Dashboard reveals Fammatre Charter School saw a slight improvement in overall absenteeism, dropping to 12.3%, a 1.5% decline from the previous year, while the rate for Students with Disabilities (SWD) remained unchanged at 22.7%.
- 6. Suspension Rate (Goal 3)

The Suspension Rate Indicator is one of several state indicators the California Department of Education (CDE) reports on the California School Dashboard. It represents the percentage of students suspended for an aggregate total of one full day at a time during the school year. - Fammatre Charter School's rate was 0.4% (Blue). Fammatre perform well with low suspension rates, in part due to the school staff's dedication to restorative practices.

Local Performance Data In addition to the CA School Dashboard data, CSD relies on local performance data and data gathered through our engagement processes with our educational partners throughout the school year. Below is a summary of educational partners' feedback data, including staff, parents/guardians, community members, and students. While working with the district, Fammatre will address the high rates of chronic absenteeism among Socioeconomically Disadvantaged (SED), Students with Disabilities (SWD), and English Learner (EL) students through a comprehensive approach. We will prioritize early identification and intervention, using data to promptly identify at-risk SED, SWD, and EL students, allowing timely support. Enhancing communication with families about the importance of attendance and its

impact on academic achievement is crucial, often involving regular updates, workshops, and parent-teacher meetings tailored to these specific groups. Providing support services such as counseling, social work, and mental health resources helps address barriers to attendance, including transportation, health issues, or family challenges. The district will establish systems to regularly monitor attendance data and hold schools accountable for reducing chronic absenteeism among these student groups, setting clear goals and benchmarks within the LCAP and reviewing progress regularly. By integrating these strategies, the district aims to reduce chronic absenteeism and support the overall success and well-being of our SED, SWD, and EL students.

7. 2023 Dashboard Local Indicators (Goal 1-4)

The Dashboard includes a concise set of local indicators founded on the Local Control Funding Formula (LCFF) priorities but aligned to the measures required under the Every Student Succeeds Act (ESSA). Local indicators are those LCFF priorities for which no state-level data is collected. The local indicators are Basic Services and Conditions (Priority 1), Implementation of State Academic Standards (Priority 2), Parent and Family Engagement (Priority 3), School Climate (Priority 6), and Access to a Broad Course of Study (Priority 7). In addition to being a public record of progress on the Dashboard, the local indicator process informs process and planning within the Local Control and Accountability Plan (LCAP). Further, progress in local indicators can inform technical assistance provided through the Differentiated Assistance process. For each local indicator, the State Board of Education (SBE) adopted performance standards that require an LEA to annually measure its progress in meeting the requirements of the specific LCFF priority, report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the LCAP is adopted and report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

Fammatre Charter School met the performance standards for all local indicators, demonstrating a commitment to fulfilling LCFF priorities. This achievement highlights the district's effective provision of basic services and conducive learning conditions, successful implementation of state academic standards, robust parent and family engagement, positive school climate, and ensuring students have access to a broad course of study. The local indicator process is also crucial in informing the Local Control and Accountability Plan (LCAP), guiding process improvements, and planning efforts. Meeting these local indicators reflects the district's internal progress and positions it well for technical assistance through the Differentiated Assistance process, should it be needed. The district's ability to meet and report these standards transparently to the public underscores its dedication to continuous improvement and accountability. Overall, the 2023 CA Dashboard Local Indicator results indicate that Cambrian School District and its charters are on a positive trajectory, effectively addressing key educational priorities and maintaining high standards in essential student support and engagement areas.

- 8. Student School Climate Survey Spring 2024 (Goal 3) Fammatre embraced, utilized, and implemented social-emotional learning with fidelity throughout the school year. Our community values and believes that students must have a choice and voice in their learning. We believe that when students are empowered, they will be deeply engaged in learning. The Fammatre's school climate initiatives, as assessed by the annual PBIS School Climate Survey, reflect significant positive impacts on students' perceptions of their school environment. The survey, administered to 279 students in grades 2-5, provides insights into the effectiveness of the district's Social-Emotional Learning (SEL) programs and other climate initiatives. Below is a summary and analysis of the survey results:
- 1. I like school: 84% of students responded "Agree" or "Strongly Agree," marking a substantial increase of 13% from Spring 2023. This indicates a growing enjoyment and satisfaction with the school experience.
- 2. I feel like I do well in school: 93% of students felt they performed well academically, a 15% increase, suggesting that students' confidence

in their academic abilities has improved.

- 3. My school wants me to do well: 90% of students felt supported by their school, highlighting the district's effective encouragement of student success.
- 4. My school has clear rules for behavior: 89% agreed that behavioral expectations are clear, indicating that implementing clear rules is being recognized and appreciated.
- 5. Teachers treat me with respect: 85% of students feel respected by their teachers. However, this represents a slight decline of 2%, suggesting a need for ongoing efforts to ensure respectful teacher-student interactions.
- 7. Good behavior is noticed at my school: 61% felt good behavior is acknowledged, an 18% decrease, indicating improvements are needed in recognizing positive student behavior.
- 8. I get along with other students: 77% felt they have good peer relationships, a 9% decrease, showing a need to assist more positive student interactions.
- 9. I feel safe at school: 83% felt safe, suggesting that efforts to create a secure school environment were successful.
- 10. Students treat each other well: 68.1% felt positive about peer treatment, which is a decrease. This is indicative of a need for improved student behavior and relationships.
- 11. There is an adult who will help me if I need it: 80% felt they could rely on an adult for help, a slight decrease, reflecting the presence of supportive staff.

The survey results demonstrate that the Fammatre's dedication to SEL initiatives has positively impacted the school climate, significantly improving several key areas. While most areas show increases in students' perceptions of themselves as part of the school, we still have work to do. The district's commitment to student choice, voice, and engagement is reflected in these positive trends, emphasizing the importance of maintaining and enhancing these efforts to support a conducive and respectful learning environment.

9. ThoughtExchange (Goal 4) This year, the Cambrian School District, of which Fammatre is a part, sought feedback from our staff, parents, and community members through the ThoughtExchange communication platform. This approach aimed to provide a more dynamic and engaging method for our educational partners to offer feedback on the current LCAP plan and contribute to developing the new Strategic Plan/LCAP. We asked participants to "share your feedback on the 2024-2027 CSD Strategic Plan/LCAP Priorities and Goals. Based on your experience, what ideas would you like to see continue and/or start that would support these priorities and goals?"

Despite having 255 participants, they provided 204 thoughts and rated these thoughts 4,696 times. While the number of participants was lower than expected, the volume of thoughts and ratings demonstrated that ThoughtExchange enhances the feedback process by making it more engaging, inclusive, and efficient, leading to better-informed decisions that reflect the community's true needs and preferences.

The responses were varied and detailed. Many educational partners appreciated the initiative to increase parent involvement in school activities and wanted this to continue. Suggestions included introducing basic Spanish lessons for English-speaking elementary students and eliminating Chromebooks due to their complexity. Concerns about high screen time and behavioral issues were raised during the extended day program. Participants also recommended introducing more challenging classes to keep students engaged and providing more opportunities for project-based learning. There were calls for better support for students with IEPs and stricter discipline for disruptive students. The importance of community connection was highlighted, along with the need to attract and retain top-quality teachers. Other suggestions included proactive partnerships with staff on 504 accommodations, sections on progress reports to address areas of weakness,

and the introduction of arts programs.

In response, the district acknowledges the importance of differentiated instruction and will strive to ensure that all students are challenged at their current level and encouraged to progress further. This aligns with our commitment to fostering an inclusive and equitable learning environment. We have noted concerns about disruptive behavior in classrooms. We will review our current intervention strategies and explore more rigorous measures to address this issue, ensuring minimal disruption to the learning environment. We will continue to expand onsite mental health counseling, particularly for middle school students, recognizing the importance of mental health resources and working towards enhancing these services. We appreciate the positive feedback on the Starting Arts theater programs and agree that these programs contribute significantly to students' personal development. We will endeavor to maintain them across all schools through our Expanded Learning Opportunity Program. Finally, we recognize the importance of highly effective teachers. We will continue to prioritize competitive salaries for qualified teachers and additional programs for students, as these are crucial for our success.

- 11. Parent Engagement Survey (Goal 4) This year, the district sought feedback from our parent community regarding parent engagement opportunities. We identified four key questions to gather information on the effectiveness of our current parent engagement strategies and areas for improvement. It was also essential to include the perspectives of our English learner parents and parents of students with an IEP or 504 plan. The following survey results summarize the responses from parents based on these questions:
- 1. Do you feel informed about Cambrian's and the school's procedures, policies, and decision-making processes?
- 2. As a Cambrian family, do you have opportunities to contribute to the decision-making process at school sites and the District?
- 3. If given the opportunity, how likely would you be to participate in district/school decision-making processes or family advisory committees?
- 4. How well do you feel the school engages parents from diverse backgrounds?

All Parent (115 Responses)

- Informed about Procedures and Policies: 72.% "Often" or "Always"
- Opportunities to Contribute to Decision-Making: 66.6% "Agree" or "Strongly Agree"
- Likelihood to Participate in Decision-Making: 56.7% "Likely" or "Very Likely"
- Engagement of Parents from Diverse Backgrounds: 63.9% "Very Well" or "Extremely Well"

English Learner Parents (15 Responses)

- Informed about Procedures and Policies: 100% "Often" or "Always"
- Opportunities to Contribute to Decision-Making: 90% "Agree" or "Strongly Agree"
- Likelihood to Participate in Decision-Making: 50% "Likely" or "Very Likely"
- Engagement of Parents from Diverse Backgrounds: 70% "Very Well" or "Extremely Well"

Parents with Students with IEP or 504 Plans (48 Responses)

- Informed about Procedures and Policies: 72% "Often" or "Always"
- Opportunities to Contribute to Decision-Making: 53.5% "Agree" or "Strongly Agree"
- Likelihood to Participate in Decision-Making: 50% "Likely" or "Very Likely"
- Engagement of Parents from Diverse Backgrounds: 60.7% "Very Well" or "Extremely Well"

Across all groups, most parents feel informed and see opportunities for involvement in decision-making. However, satisfaction and engagement levels vary, with EL parents generally feeling the most positive. Parents with students on IEP or 504 plans indicate a need for better communication and inclusion. To improve overall parent engagement, the district will consider targeted strategies to address each group's specific needs and concerns, ensuring all parents feel equally informed, involved, and valued in decision-making.

- 12. English Learner Parent Survey March 2024 The Cambrian district, of which Fammatre Charter is dependent upon, sought feedback from our English Learner parent community this year through the ThoughtExchange communication platform. We asked parents, "How do you think we could improve our English language learning programs for students?" 46 EL parents responded, offering 24 ideas and rating these thoughts 255 times. Based on their input, several key improvements were suggested for our English language learning programs:
- 1. Increased Communication: Parents requested better communication about their child's progress and focus areas.
- 2. Homework for Practice: There was a desire for homework to continue language practice at home.
- 3. In-Class Translators: Parents suggested using translators or facilitators in the classroom.
- 4. Program Understanding: Some parents were unclear about the program and asked for more detailed information.
- 5. Summer Resources: Parents wanted access to learning resources during summer breaks.
- 6. Vocabulary Practice*: More practice with new vocabulary words was recommended.
- 7. Group Activities with Native Speakers: It was suggested that native English speakers be included in group activities for immersive learning.

In response, the district recognizes the need for increased communication. The district will implement a system to regularly update parents on the content being taught and ways to support their child's learning at home. We will work with staff to assign appropriate homework to reinforce classroom learning. We will explore incorporating translators or facilitators in the classroom to address the need for in-class translation. We will improve our communication regarding the specifics of our program, clarifying the differences between native and non-native English speakers and how language development is addressed. Additionally, we will seek opportunities for group activities that promote interaction and cultural immersion.

Final Reflection Summary As a district, our schools' results show that we are moving in the right direction in some state indicators. The results also show that we have work to do to support the success of all students equitably. We locally monitor data as it is collected for up-to-date information on student attendance, achievement, and engagement. We continue to make substantial investments in programs to support student success. Implementing the state standards and ensuring that all students have access to the standards-aligned instructional materials has been and continues to be a priority. We are proud of our work addressing the academic, social-emotional, mental, and physical health needs of students, staff, families, and the community over the last two years. We recognize that there still needs to be ongoing work as we continue to welcome students and families back on campus and reimagine teaching and learning at the same time while ensuring safety for everyone. The Fammatre, with the help of the Cambrian School District, will continue to invest in and support all teacher staff by aligning instructional resources, professional development, and assessment tools focused on high-quality best instructional practices. We will continue to focus our efforts and available resources to provide all students access to high-quality curriculum and instruction aligned with the state standards. Additional counseling and mental health services support will be provided at all sites. These essential programs and services provided intensive targeted instruction for our most at-risk students. With one-time funds, LCFF Supplemental Grant, Title I, and Title III funds, additional resources will be allocated to provide supplemental and extended learning time for students with the largest learning

gaps in reading and math.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Site Council and English Language Acquisition Committee	The Fammatre School Site Council and English Language Advisory Council comprises of site administrator, teachers, classified staff, special ed teachers, and parent leader representatives. This committee reviews, provides input, and advises our school on the LCAP annual updates and the development of the new Fammatre LCAP each year. The meeting agendas and minutes can be accesse at the Fammatre website. Fammatre used various methods of engagement and communication to engage with our educational partners throughout the 2023-24 school year. Through these processes, including various community input surveys, CSD conducted an internal review of programs and services based on the most recent state and local data available to determine areas' successes and needs for improvement. Input and responses from the various school sites and districtwide committees and venues, as well as input surveys, were examined, shared, and discussed with all educational partners, including the CSD LCAP Advisory Committee, the District ELAC to inform the development of the Local Control Accountability Plan for 2024-27. Members of each committee were provided numerous opportunities to learn, get clarification, and provide input during our meetings throughout the year. Below is the list of dates the Fammatre School Site Council & English Language Advisory Council convened in 2023-24. All meetings were conducted in person October 2, 2023, December 4, 2024, March 4, 2024, and April 15, 2024.

Educational Partner(s)	Process for Engagement
MTSS Team	The Fammatre MTSS Committee supports our school by providing valuable input on the multi-tiered system for support, curriculum, instruction, and assessment. Their responsibilities include advising on developing and implementing instructional strategies and curricular materials that align with the MTSS framework and ensuring high-quality, evidence-based instruction for all students. They establish assessment protocols and analyze data to identify student needs, monitor progress, and inform instruction and intervention practices. By designing and implementing tiered intervention strategies, the committee ensures targeted support for students who need additional assistance. Additionally, they plan and coordinate professional development opportunities to enhance educators' understanding and implementation of the MTSS framework. The committee facilitates collaboration among educators, administrators, specialists, and other stakeholders, ensuring a cohesive and integrated support system with clear communication and shared goals. Their continuous evaluation of the MTSS framework's effectiveness and responsiveness to student needs promotes a culture of improvement, directly informing and shaping the LCAP to support student success comprehensively. This committee met five times during the school year in addition to the five
Home and School Club	District Level MTSS meetings that were held throughout the year. The Home and School Club holds a monthly as a board with parents and staff present to discuss school initiatives, plan community building events, and inform families of upcoming volunteer opportunities. Grade Level Teams participate on a rotating basis to share with the board and parents with updates about what has been happening on our campus. Parents and staff are automatically members of the Home and School Club. Through their fundraising efforts, the Fammatre HSC funds our Makerspace Coordinator position, school supplies for all classrooms, field trip fees and transportation costs, in addition to funding each classroom and additional budget for classroom needs/wants.
Instructional Leadership Council	The Cambrian School District's Instructional Leadership Council (ILC)administrators, site instructional leaders, district department heads, and cabinet members. Its primary purpose is to provide strategic guidance and oversight for the district's instructional programs and initiatives. The ILC ensures alignment of instructional

Educational Partner(s)	Process for Engagement
	practices with district goals, state standards, and student needs. It oversees curriculum development and implementation, coordinates professional development, and uses data-driven decision making to inform instructional strategies and interventions. Additionally, the ILC promotes instructional innovation, advises on resource allocation, and assists in developing policies and procedures related to instruction. The committee also engages with educational partners, including parents, teachers, and community members, to gather input and feedback. By integrating diverse perspectives and expertise, the ILC drives continuous improvement and excellence in education within the district. The ILC met two times per month throughout the school year.
CSD Governing School Board and LCAP Public Review	The CSD Governing School Board holds public meetings twice monthly throughout the year. The Governing Board of Trustees comprises five elected members and serves a four-year term. Elections are held in even-numbered years, and terms are staggered to ensure that only 2 or 3 seats are open each election. The Cambrian Board of Trustees works with the Superintendent to: - Provide direction for the district - Establish District policies and procedures - Ensures accountability - Provide community leadership on behalf of the district and public education The Governing Board meetings' agendas and minutes can be found at the following website: https://www.cambriansd.org/board-oftrustees

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

2024-27 CSD LCAP Development Influenced by Educational Partners Throughout the 2023-24 school year, the district engaged with our educational partners through surveys, input, and consultation meetings with districtwide and site committees. These engagements provided valuable insights for developing the 2024-27 CSD Local Control Accountability Plan (LCAP). Recurring themes from these interactions shaped the goals, actions, services, and expected measurable outcomes in the LCAP. The district refined its goals, annual measurable outcomes, proposed actions, services, and expenditures to align with these priorities. Input from our educational partners has been instrumental in guiding the district's focus and ensuring the LCAP meets the needs of our students and community. The Strategic Plan/LCAP Advisory Committee proposed a list of strategies derived from the input and needs of parents, staff, and community members. The four LCAP goals, initially created with input from our educational partners, were reaffirmed by our educational partner's input and feedback, confirming that our efforts are on the right track. Key aspects of the 2024-27 LCAP, influenced by the above input from our educational partners, are highlighted below:

Goal 1: High Student Achievement The following is a summary of the key input highlights from our educational partners and how they influence the actions and services for LCAP Goal 1

- *Classrooms should prioritize collaborative projects over solitary screen time to balance technology with students' diverse needs.
- *Use technology to reinforce learning and facilitate meaningful projects.
- *Correct misperceptions about the 1:1 device ratio to ensure clarity.
- *Limit technology strictly to instructional purposes and prioritize student talk time to enhance communication skills.
- *Revisit take-home tech programs to align with educational goals and student health.
- *Review technology usage to ensure it serves its intended purpose.
- *Continue using classroom tools to promote equity and ensure all students have the necessary resources to succeed.
- *Employ equity-focused strategies like GLAD to tailor teaching methods based on students' backgrounds and stories.
- *Incorporate application tasks within tools like Imagine Math to foster critical thinking and problem-solving skills.
- *Implement methodologies that develop thinking classrooms, engaging students in inquiry and reflection.
- *Roll out PLTW programs focused on STEM curricula to provide hands-on, real-world challenges.
- *Aim for at least one PBL activity per grade annually, ensuring all students participate in meaningful, challenge-based learning projects.
- *Implement Full Option Science System (FOSS) programs to enrich science education with hands-on, research-based learning.
- *Create overarching topics or questions for project-based learning activities, making them integral to the curriculum.

Goal 2: Educator Effectiveness The following is a summary of the key input highlights from our educational partners and how they influence the actions and services for LCAP Goal 2:

- *Offer training and support for teachers to understand and implement educational rigor, critical thinking, and differentiation.
- *Provide training on UDL to enhance classroom inclusivity and meet diverse needs with different teaching strategies.
- *Provide ongoing training and support for educators to implement high academic rigor, critical thinking, and differentiation.
- *Focus on professional development to help educators meet high expectations and offer diverse learning experiences.
- *Improve proactive partnerships with Special Education (SpEd) staff and integrate them into grade-level planning sessions to ensure cohesive strategies across educational needs.
- *Coordinate the Resource Specialist Program (RSP) schedule with grade-level activities to better support SpEd students within the general education framework.
- *Arrange team teaching opportunities for regular subjects to promote inclusion and leverage the strengths of both General Education (GenEd) and SpEd staff.
- *Have GenEd and SpEd staff attend site collaboration meetings to foster better understanding and cooperation.
- *Continue professional development sessions, including presentations and training led by SpEd staff, to share insights and strategies.
- *Use a push-in model in Professional Learning Communities (PLCs) to enhance support and integration of SpEd strategies within the general classroom setting.

2024-25 LCAP Goal 2 Actions and Services:

- 2.1 Maintain Staff Training and Professional Development
- 2.2 Enhancing Staff Collaboration and Professional Learning Communities
- 2.3 New Teacher, Administrator, and Staff Support
- 2.4 Leveraging Online and In-House Professional Development

2.5 Targeted Professional Development for Supporting Unduplicated Students

Goal 3: Positive School Environment

The following is a summary of the key input highlights from our educational partners and how they influence the actions and services for LCAP Goal 3:

- *Provide training in restorative practices to focus on repairing relationships and building community.
- *Rework and implement PBIS strategies to improve school climate and reduce behavioral issues.
- *Incorporate mindfulness strategies into daily activities and use behavior technicians for counseling in extreme cases.
- *Strengthen relationships among students, staff, and parents to create a more supportive atmosphere.
- *Provide additional daily behavioral support to manage student needs effectively.
- *Address minor behaviors directly in the classroom to maintain stability.
- *Send positive emails to parents to involve them in their children's positive experiences.
- *Use activities like the "Dot Activity" to ensure all students engage in meaningful conversations and build peer connections.
- *Allow counselors to lead professional development sessions on student mental health and intervention strategies.
- *Invest in and expand restorative practices focused on repairing harm and restoring relationships to ensure a safe and supportive learning environment.
- *To address their unique behavioral and emotional needs, provide ongoing training and support for all staff, particularly those working with Special Education students.
- *Establish common expectations, practices, and consistent language for behavior using a PBIS passport system.
- *Collaborate with counselors and instructional specialists to deliver targeted SEL lessons.
- *Maintain and expand consulting and behavior support services. Ensure that personnel involved in behavioral and emotional support are highly qualified.
- 3.1 Comprehensive Counseling and Mental Health Support
- 3.2 Counseling Services to Support Students Who Need Reteaching of Core SEL Concepts
- 3.3 Provide More Leadership Opportunities for Students
- 3.4 Enhancing General Education Behavior Support & Sustaining PBIS
- 3.5 Enhancing Student Attendance through A2A Implementation
- 3.6 Create and Maintain a Fammatre Store for Students Tied to PBIS
- 3.7 Enhancing Social-Emotional Learning Through Structured Recess and Lunchtime Activities

Goal 4: Strong Community Engagement

The following is a summary of the key input highlights from our educational partners and how they influence the actions and services for LCAP Goal 4:

- *Conduct parent education workshops to inform and engage parents about challenging educational experiences.
- *Improve communication about technology policies and shift the culture around on-demand tech use in schools.
- *Improve the school website to showcase student work and encourage parental interest.

- *Introduce take-home volunteer activities and regularly update family engagement priorities through clear communication channels, including printed newsletters.
- *Increase involvement through events like Back-To-School Night and ice cream socials.
- *Engage with diverse cultural backgrounds and partner with community leaders. Host community-building events like welcome-back BBQs.
- *Offer incentives for joining parent groups and create a "menu" of volunteer opportunities.
- *Support programs like NAMI and provide tours and informational events to keep parents engaged.
- *Include links on both district and individual school websites.
- *Leaders should present and explain the district's Strategic Plan to the community, enhancing visibility.
- *Link the Strategic plan in the flash news section and homepage, and create a one-page summary highlighting key ideas for quick review.

2024-25 LCAP Goal 4 Actions and Services:

- 4.1 Parent and Community Education and Engagement
- 4.2 Family Engagement & Support Specialist
- 4.3 Supporting English Learners with Language Line Interpreting and Translation Services & Parent Education
- 4.4 Enhancing Engagement Through School Google Surveys and District ThoughtExchanges

The goals, proposed actions, and services in the LCAP were developed based on input from district educational partners and student outcomes. The plan reflects community responses from surveys and meetings, outlining specific supports and budgeted expenditures for unduplicated students, including Foster Youth, English Learners, and Low-Income students. The following pages present detailed programs, services, and aligned expenditures, directly addressing our students' academic needs and data.

Goals and Actions

Goal

Goal #	Description	Type of Goal
	High Academic Achievement: Provide high quality and dynamic instruction for ALL students while	Broad Goal
Name and the second	preparing them for next generation college and career readiness.	

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Fammatre will provide high-quality and dynamic instruction for ALL students while preparing them for college and career readiness, specifically focusing on increasing academic performance for all Hispanic/Latino, Socioeconomically Disadvantaged, English learners, and Students with Disabilities. Every student has the potential for academic excellence and personal growth, and our commitment to this priority underscores our dedication to realizing that potential for each individual within our school.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Supplemental Targeted Instruction	To help students struggling to meet or exceed grade-level academic standards, we will provide additional supplemental instruction, interventions, Extended Day ELD, and support at all school sites. These services will include training, program materials, and personnel costs. The primary focus will be on students identified as English learners, lowincome, Foster/Homeless Youth, and Students with Disabilities. Additionally, any student identified by staff as needing extra support will receive these services.	\$90,000.00	Yes
1.2	General Supplies	Provide basic supplies for instruction.	\$26,000.00	No

Action #	Title	Description	Total Funds	Contributing
1.3	ELA and Math Paraeducators for small group instruction	To allow for increased small group adult led instruction during core curriculum times for early grades.	\$98,000.00	Yes
1.4	Testing Coordinator Stipend	To coordinate testing for Statewide mandated assessment for 3rd-5th grade students.	\$750.00	No
1.5	Substitute Supported Assessment Release	Sub-release to complete progress monitoring assessments	\$3,000.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Educator Excellence: Effective teaching significantly influences student learning outcomes and overall school performance. Educator excellence focuses on attracting, retaining, and developing skilled educators dedicated to meeting the diverse needs of every student.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Our main focus is to provide a place where students feel welcome and supported, and their voices make a difference. It is imperative that our staff continues to learn and grow along with our students. Providing professional development opportunities allows for this growth to happen in our community. Staff members working collaboratively to learn and problem-solve create an innovative community of learners working, sharing, and learning together. Effective teaching significantly influences student learning outcomes and overall school performance. Educator excellence focuses on attracting, retaining, and developing skilled educators dedicated to meeting the diverse needs of every student.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Maintain Staff Training and Professional Development	The district and school sites will provide comprehensive training and professional development for all staff, including teachers, classified staff, support staff, and administrators. This training will focus on areas identified through staff feedback, including high-quality Tier I instruction, Tier I interventions and supports, Common Core State Standards, standards-aligned curriculum and assessment. Training sessions will be conducted during in-service days, early release Wednesdays, and paid voluntary time outside of regular contract hours, including summer and beyond the normal professional workday. (Includes RJ Practices, Equity, EduClimber, NGSS, UPK, UDL, PLTW, other)	, classified staff, on areas identified action, Tier I rds, standards- rill be conducted paid voluntary time beyond the normal	
2.2	Enhancing Staff Collaboration and Professional Learning Communities	The district will provide additional release time for staff to collaborate and learn about implementing Professional Learning Community (PLC) processes. Professional development will focus on supporting student and staff SEL, mental health, and high-quality Tier 1 core instruction to address instructional time loss. The district will use the EduClimber data platform, the Fastbridge Assessment system, and formative and summative assessments by grade level to develop and facilitate effective teacher collaboration on data use. This action primarily targets students identified	\$400.00	No Yes

Action #	Title	Description	Total Funds	Contributing
		as English learners, Low-income, Foster/Homeless Youth, and Students with Disabilities.		
2.3	Equity Walks	Utilizing a walkthrough tool to evaluate our campus for equitable practices throughout. 2023-24 School year walkthroughs began. Practice will continue with a classified staff member, certificated staff member, Instructional specialist, administrative staff, parents, and students.	\$1,850.00	Yes
2.4	New Teacher Support	The district will provide comprehensive support and training for new teachers and administrators, including the Beginning Teacher Support and Assistance (BTSA) program and mentor-teacher support and coaching for special education staff. This action also includes an additional day for new teachers to learn and familiarize themselves with the district-adopted core curriculum, instructional model, and local assessments. In addition, the district will host a Staff Orientation for all new district employees. These additional days are specific for new teachers and staff.	\$0.00	No
2.5	Leveraging Online and In house professional development	The district will continue using the self-paced professional learning platform Alludo to provide asynchronous professional development for teachers. Additionally, the district will support the Technology and Innovation Mentorship Program (TIMS) to develop teacher leaders and build site capacity, offering further support for teachers. This initiative will focus on technology integration and the impact of educational technology on student outcomes.	\$0.00	No
2.6	Targeted Professional Development for supporting Targeted Students.	The district will implement professional development on culturally responsive teaching, differentiated instruction, trauma-informed care, and family engagement. Continuous coaching, PLCs, and resource allocation will support teachers. Progress will be monitored and evaluated. This action is primarily targeted to support differentiated instruction to address the needs of our high-needs students (English learners, foster youth, and low-income).	\$3,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.7	Teacher Learning Labs	Release time to	\$6,000.00	Yes .
2.8	Project Based Learning		\$2,000.00	Yes
2.9	Licensing Agreements		\$8,000.00	Yes
2.10	Supplemental Curriculum Materials		\$4,000.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Fammatre Elementary School will provide a supportive, orderly, and purposeful environment so that students can reach their full potential.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

An enriching learning environment is vital for supporting student success. Physical, social, emotional, and cultural factors shape students' educational experiences. The learning environment supports safe, inclusive, and engaging spaces that motivate and inspire learning. In meetings and surveys, our stakeholders determined that for our students to reach their full potential, they must want to be at school. Our stakeholders determined that if we empower students with leadership experiences and increase opportunities for student recognition, we impact the way students experience school, resulting in students who are more confident, feel a sense of belonging, and want to include others. In the School Climate Survey (March 2024) taken by second, third, fourth, and fifth graders, 85% responded that they always or often like school, 95% reported that they try their best to do well at Farnham, and 67% indicated that good behavior is noticed at school.

This action will facilitate collaboration, planning, and the execution of a PBIS implementation action plan at each site. In addition, the general education behavior specialist will help enhance student engagement, reduce disciplinary incidents, and improve overall academic outcomes by fostering a positive environment and supporting teachers, staff, and students. To support PBIS buy-in from the community, rewards will be purchased for staff and students. Student store will be added.	\$2,000.00	No
3.2	Enhancing Student Attendance through A2A Implementation The district will continue to utilize the Attention2Attendance (A2A) program to improve student attendance and reduce chronic absenteeism. Staff will use the program to track attendance patterns and identify at-risk students. Real-time data will guide targeted interventions, such as personalized outreach to families and support services like counseling and tutoring. Regular communication with parents will stress the importance of attendance and provide updates on policies and resources. The program's effectiveness will be continuously monitored and adjusted to ensure improvement. Expected outcomes are increased attendance rates, reduced chronic absenteeism, and improved academic performance, aligning with LCAP goals for a supportive educational environment.			No

Goal

Goal #	Description	Type of Goal	
4	Community Engagement: Strong connections between schools, families, and the community positively influence student success and improvement. Community engagement cultivates relationships, encourages communication, and utilizes community resources to support student wellbeing.	Broad Goal	

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

This goal underscores the recognition of the integral role that a supportive and interconnected community plays in enhancing the educational experience and outcomes for students. The goal of enhancing community engagement is based on the understanding that education is a collaborative effort that extends beyond the classroom. By drawing on the strengths and resources of the wider community, schools can provide a richer, more supportive, and more effective educational experience for their students.

Measuring and Reporting Results

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	Action: Supplemental Targeted Instruction Need: ELA, Math, and ELD development	We have equity gaps in ELA, Math, and for our new English Language Learners.	Fastbridge scores in early literacy, early math, aReading, aMath, and ELPAC scores.
	Scope: Schoolwide		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.3	Action: ELA and Math ParaEducators for small group instruction Need: Equity gap identified in Hispanic, EL, SED, SWD, and Homeless Foster Youth. Scope: Schoolwide	Meaningful small group instruction that involves pupil collaboration with staff support increases confidence, exposure to higher level thinking, and overall skill development. Having students in Heterogeneous groupings continuously exposes students to higher skills.	Student interviews. Surveys to monitor student engagement and baseline data for number of projects completed.
2.2	Action: Enhancing Staff Collaboration and Professional Learning Communities Need: Scope: Schoolwide		
2.3	Action: Equity Walks Need: Having students feel like they belong is important in creating a safe space for learning. In addition, having educators that understand their students' backgrounds and cultures influences how we present materials and work with families. Scope: Schoolwide	Creates a safe space for students and promotes an understanding and of our students various backgrounds for our staff.	Empathy interviews.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.6	Action: Targeted Professional Development for supporting Targeted Students. Need: Scope: Schoolwide		
2.7	Action: Teacher Learning Labs Need: Focus is on scaffolding and supporting students with greatest needs to close equity gap Scope: Schoolwide	Provides teachers more collaboration time focused on how to meet the needs of all pupils during lg group and small group instruction	Follow up questionnaire and reflection of formative assessments after Learning Lab feedback.
2.8	Action: Project Based Learning Need: Students need to strengthen their understanding of academic language and make connections between their learning and real life. Scope: Schoolwide	Increasing meaningful hands on learning activities to extend the core curriculum.	Completion of projects and ability to explain what they did.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.3	Action: Enhancing SocialEmotional Learning Through Structured Recess and Lunchtime Activities Need: Students need caring adults to connect with in a fun, consistent, and structured activity at school. Scope: Schoolwide	The additional support provides an adult ready to assist who is closely monitoring play and ready to step in to assist in misunderstandings or reiteration of rules. Expectations are given regularly and modeling & visuals are provided for clarity.	We see a decrease in major referrals with this program on our campus during lunch recess.
4.3	Action: Spanish Speaking Parent Liason Need: Parents need a trusted person that is familiar with their community and the difficulties of immigrating to turn to when navigating school needs. Scope: Schoolwide	We have a trusted member of our community that has their third elementary school student finishing at our school now to serve as the liaison. She is able to share her stories with families to ease their worries or offer alternatives.	We were able to have 9 positive meetings with families once the parent agreed to take on the role last year. In years prior, we scrambled to find someone to translate or utilized an online system that was not always accurate. After meeting with families in years prior, we had limited change in behaviors or actions on the parents part. This year we saw significant changes immediately.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.9	Action: Licensing Agreements	Specified program to develop language skills and support small group designated ELD instruction in the classroom	Increase in student ELPAC scores
	Need: Language Development		
	Scope: Limited to Unduplicated Student Group(s)		

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Recommendations and Assurances

approval and assures the board of the following: The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law

relating to material changes in the School Plan for Student Achievement (LCAP) requiring board approval The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Committee or Advisory Group Name

Signature

This LCAP was adopted by the SSC at a public meeting on 4/15/2024 comprehensive, coordinated plan to reach stated school goals to improve student academic performance. The SSC reviewed the content requirements for school plans of programs included in this LCAP and believes all such content requirements have been met, including those found in district governing board policies and in the local Attested: This LCAP is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, educational agency plan. Mellines Muymul SSC Chairperson, Ms. Melissa VonHolle Wuenschel on 4/15/2024 Principal, Ms. Samantha Haley on 4/15/2024 **English Learner Advisory Committee**
