Building Budget for this school: \$24,253

2022-23 District Expenditures

Where does the money go?

School Description

Stella Schola ("Star School" in Latin) is a Choice middle school in Lake Washington School District. Stella Schola offers sixth, seventh, and eighth graders a comprehensive, consistent, and challenging learning environment with high academic and behavioral standards and solid teacher support. The school encourages parents and community members to assist students in developing skills to become independent and self-sufficient adults who will succeed and contribute responsibly in a global community. The rich, comprehensive learning environment is based on historical themes with an emphasis on mastery learning for all students. By integrating as many subjects as possible into year-long historical themes, students learn from the past to make better choices and decisions in the future. Students have the same teacher for most of the school day, which enhances opportunities for integration of subject matter, helps promote curricular continuity, and increases the students' sense of belonging during early adolescence. Teachers work collaboratively to provide a challenging, stimulating, and hands-on curriculum for students. In-depth studies of the core subjects are emphasized. Students participate in a student-to-student mentoring program. Stella Schola's unique schedule allows teachers to create a highly personalized environment for students. Students get individual academic assistance after school as necessary to ensure mastery of content. Students recognize the benefits of their hard work and focus on learning by experiencing personal and academic success.

2022-23 School Goals

Grades 6-8 English Language Arts (ELA) Goal:

Focus Area: Citing evidence in support of claims and answers - All students will improve by 1 performance level by the spring assessment (on a four-point scale). Students will be able to demonstrate the skill of effectively citing evidence across content areas.

Grades 6-8 Science Goal:

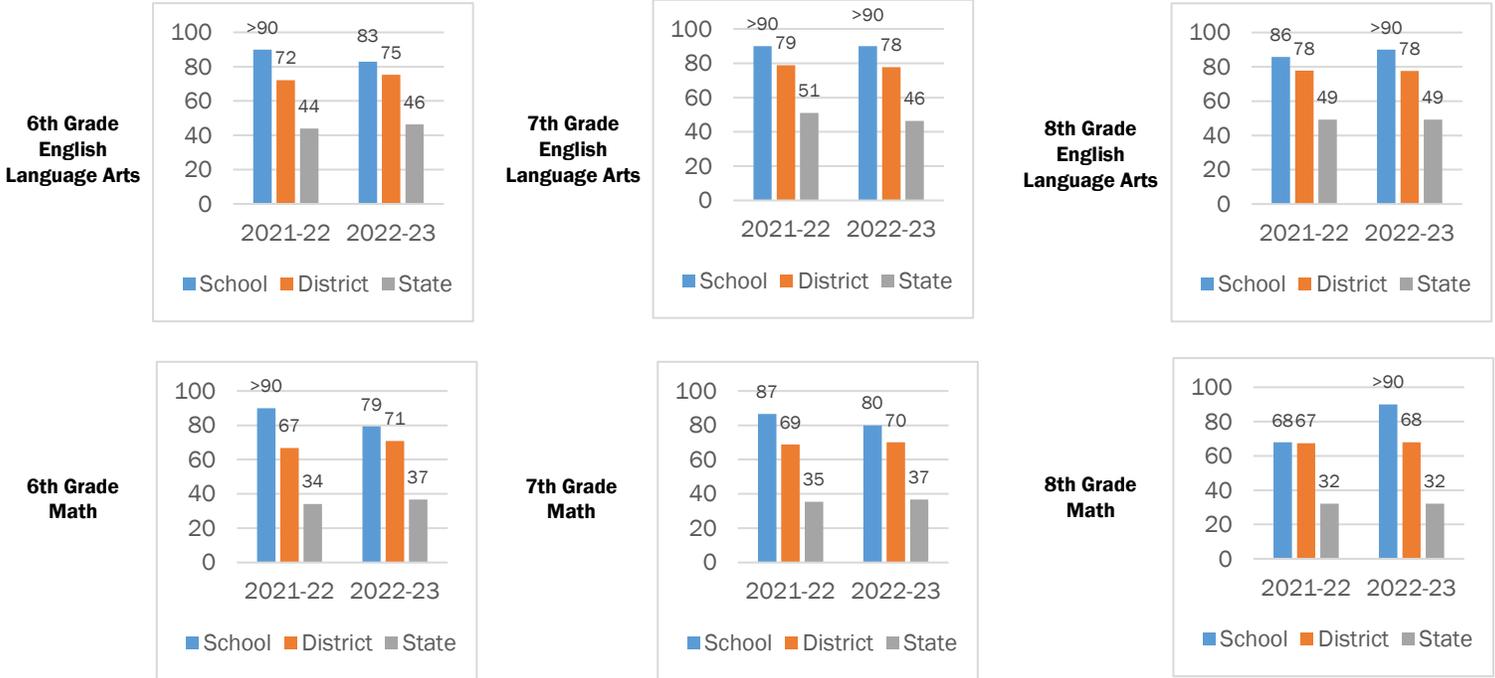

Focus Area: Phenomenon-based instruction - Science curriculum is updated to include phenomenon-based instruction and to be more closely aligned to the NGSS. Each year, each grade will update one grade-level unit to meet this outcome over three years. By Spring 2024, each grade will have three updated phenomenon-based instructional units in Science.

Grades 6-8 Social Emotional:

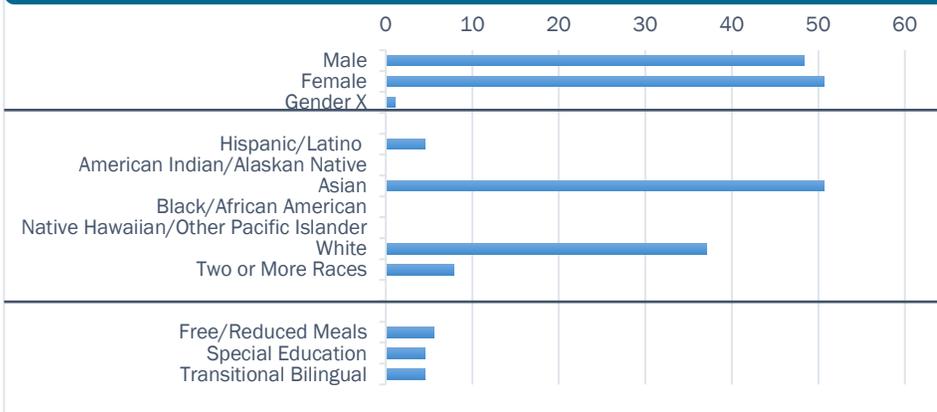

Focus Area: Social Awareness - Data from the Spring 2022 Panorama survey will reflect a 2% increase from the Fall 2021 survey in the area of Social Awareness.
