School Description

The Environmental & Adventure School (EAS) is a LWS Choice School. Founded in 1999, we are celebrating our twenty-fourth year of successfully providing middle-level learners with a challenging program based on an environmentally focused, thematic, integrated curriculum infused with outdoor adventure-learning and community stewardship. Located on the Finn Hill Middle School campus, EAS draws students from all areas of the district.

EAS students apply skills and concepts from all subjects to investigating local watershed and global issues. They conduct extensive research and experience hands-on learning through community stewardship projects. EAS students develop confidence and skills to work effectively as leaders, mentors and team members through a wide variety of outdoor activities and projects.
