

INSPIRATION

from County Superintendent, Ted Alejandre

Now that the school year is in full swing, students are immersed in incredible learning opportunities offered throughout San Bernardino County.

During October, students experimented with STEM, rallied around their love for reading and celebrated their linguistic accomplishments. It's truly uplifting to witness students actively engage in new, innovative and exciting studies.

Seeing our students eager to learn galvanizes our motivation to continue transforming lives through education.

In partnership,

Ted Alejandre
County Superintendent

THE NEWSROOM

Stepping into the World of STEM

Hundreds of students from both San Bernardino and Riverside Counties adventured into the world of STEM at the annual Science and Technology Education Partnership Conference, or STEPCon 2023.

Students were excited to explore interactive exhibits, talk with real scientists and science educators, and experience the incredible wonders of STEM.

SBCSS Harvest Luncheon

SBCSS staff rang in the fall season with the Employee Connection Harvest Luncheon. Staff from all administrative and school sites were invited to join the festivities which included an early Thanksgiving themed lunch and an exhilarating raffle giveaway.

In addition to connecting with colleagues, this event provided an opportunity to highlight and honor employees who have dedicated 20, 25 or 30 service years to SBCSS.

Of the nearly four dozen employees who celebrated their years of service, we were able to recognize 21 incredible individuals who attended the annual luncheon.

Congratulations to all our honorees! We couldn't transform lives through education without each and every one of you.

Amplifying Expanded Learning Opportunities

This month SBCSS sponsored the Expanded Learning In-Person Resource Fair, providing school leaders from San Bernardino, Riverside and Los Angeles access to various educational vendors and nonprofit organizations.

School leaders were able to connect with over 55 vendors that focus on developing the academic, social-emotional, physical needs and interests of students through hands-on, engaging learning experiences.

This resource fair provides school leaders the opportunity to learn which afterschool programs can most benefit their student population.

Calling all student artists!

SBCSS is calling for artwork submissions for our annual holiday cards and festive multimedia presentation.

We encourage drawings to be submitted by SBCSS staff members with school-age children (5-18), grandchildren, nieces, nephews, or close family friends and SBCSS students from our Student Services programs.

The deadline for submissions is November 27, 2023.

"Healing Agent," a new free-to-play mobile game allows users to get a pulse check on what a career in health care could look like.

Users are able to personalize their own avatar that will take them through 22 game levels where they can practice soft skills that are critical for health care professionals, identify key terminology and learn the basics of topics like biology, hygiene, anatomy, and nutrition.

The app is now available to download from the Apple App Store or Google Play Store.
