

Two Rivers Elementary (TK-5): Making a SPLASH 2023 -2024

Everyone Takes Responsibility for Learning and Growing Together

WHY TWO RIVERS ELEMENTARY SCHOOL?

The community of Two Rivers Elementary is committed to excellence by supporting student growth in all areas; academic, social-emotional, and physical development. Through AVID, we provide all students with the necessary strategies for success as their path to college and career begins.

The Otter community cares for each other and aspires to the highest levels of achievement. All students in NUSD are offered a Chromebook at no cost if they need one for learning. This provides a 1:1 ratio across the district. Everyone is expected to learn and grow at Two Rivers Elementary. Teachers and staff participate in professional development to increase student achievement and meet learning needs at all levels.

IS TWO RIVERS RIGHT FOR MY STUDENT?

At Two Rivers, our Otters make a **SPLASH**, they: **S**olve Problems, **P**actice Safety, **L**earn for Life, **A**lways Make Good Decisions, **S**how Respect, and **H**elp Others.

Through our Positive Behavioral Interventions and Supports (PBIS) system, students are supported to make good decisions. We assist students academically through intervention and extension within the classroom, as well as after school. Two Rivers has a robust Extended Day program run by our parent and staff volunteers. Students receive academic intervention and enrichment opportunities, such as music, cooking, dance, art, technology, and language programs.

HOW DOES MY STUDENT BECOME AN OTTER?
