

Dear Parents:

This letter is to let you know funding is available through the LIHEAP program, (Low Income Home Energy Assistance Program) to help with your heating costs through the winter months. It does not matter if you own or rent your home, if the utilities are included in your rent, or if the bill is not in your name; LIHEAP eligibility is based on your income and resources.

If your household receives free lunch and / or breakfast benefits for your children, you may qualify for this program. If your family receives SNAP, you automatically qualify for LIHEAP. You only need to fill out a LIHEAP Application and return it along with a copy of your heating bill.

If you are interested in receiving a LIHEAP application, please complete the form below and
