Reports were given. Student council members gave a presentation on their leadership conference and were very grateful for the opportunity to attend. A speaker from the conference was asked to come to Culbertson in March. Many positive ideas were presented to improve and re-energize the school. Other student council ideas are broadcasting CNN student news on the screen in the lunchroom during breakfast, developing student council bylaws, organizing the Christmas Extravaganza and Community Christmas with babysitting, new student orientation, and addressing students in need such as food backpacks for the weekends and school food bank.

Hannah Bawden, in conjunction with Larry Grondahl, Dakota Fence, presented a proposal for new playground equipment. The proposal would replace the main structure and the merry-go-round for a cost of around \$100,000, including installation. Ms. Bawden gathered input from students in Grades 2-6 and teachers in Grades K-1 to see what equipment the students would like best. Projected installation would be next summer; however, a decision to purchase would need to be made by December 15<sup>th</sup> in order to receive current pricing.

The teachers appreciated the day after the semester end for records day. The JH and HS Science Olympiad teams, with 30 students, are going to Bozeman for competitions. The AR program is progressing nicely with more than a third of the goal reached to date. Most of the field work for the 2013-14 audit was completed. Mr. Crowder will be developing action plans for board goals for the board to review in December.

Ron Larsen made motion to approve the boundary request from Bainville Schools with the split sections going to the Bainville School for elementary and to the Culbertson School for high

Technology Report

School Board Meeting

December 16, 2014

The second drive cage for the server has been installed but we are waiting for one more part before it can be used. This will add roughly 3 TB of memory to our system.

Gaffaney's came in on 12-5-14 and installed new switches, worked on server and replaced switch in Elementary. We are still in need of 2 10 port POE switches, one for the elementary and one for the north addition. We will also need to replace wireless access points in the elementary.

We received 5 used computers from the State of Montana. These will be useful computers for our school but will need an operating system put on them.

I have designed a map of all network point in the school to assist in problem solving. I have found that we are missing some network connections and will be looking under and throughout the school for them.

Once the wireless network is fully operational I will get Ipads to elementary teachers.

 November School Board Meeting  
 December 16, 2014

The Cat/Griz food drive went well this year with the Griz winning. The total points for this year were 2295 with most food items being worth one point. Twelve turkeys and 2 hams were the big point scorers. All food collected was donated to the Culbertson food bank.

The Culbertson Science Olympiad team competed in Bozeman on November 24-25. The teams both earned the small school trophy and represent the school proudly. High school placed 4<sup>th</sup> overall and JH placed 8<sup>th</sup>.

The JH/HS band and choir held a concert on December 4. The students did a great job and showcased their musical talents.

On a personal note, I have completed my University of Montana Internship and will be receiving my Montana Class 3 Administrative License and M.Ed. in Educational Leadership.
