Superintendent's Report

August 14, 2023

I want to begin each report with a staff shout out section to celebrate the great things staff are doing in the school! August's staff shout outs go to Courtney, Paula, and our summer custodial crew! Courtney has provided important support to Janessa, Paula, and I during the end of July and beginning of August! Her knowledge of Infinite Campus (our student information system) is spectacular! She is always ready and willing to jump in and help in any situation with any task—what an incredible asset to our team! Paula started work immediately after we hired her at our July board meeting and has embraced multiple tasks in her first several weeks. She is willing to learn all things we send her way and I am so grateful to have her on our team! The compliments continue to flow regarding how clean our building is, how great it smells, and how fantastic it looks—this is all thanks to our incredible summer crew!

A. Events that I plan to attend for August and September.

September 21 st	VB vs. Nashua
September 23 rd	VB vs. Fairview & FB vs. Plentywood
September 29 th	VB vs. Froid/Lake

B. Other items for your review and consideration:

1. The Federal Title I Grant application and the Federal IDEA (special education) Grant application have been completed and will be submitted next week.

2. The new playground was completed just in time for school to start. The installation finished up on Sunday, August 6th. Guy Melby will be here soon to install the curbing.
3. Gary Brekke from Medicine Lake was also able to get the cement on the west side of the new elementary addition poured—he is aiming for the week of August 14-18th pending harvest. This will alleviate our drainage issues in that section and get the water running away from the building. In the spring we are hoping that Gary can pour the concrete on the north side of our building as well.
4. Attached you will find our PIR schedule for August 15th & 16th.
5. **Please join us for the photograph and “Grand Opening” of our playground on Wednesday, August 16th @ 4PM.** Bill Vander Wheel from the newspaper will be here to get the story and photo. Josh Johnson from Sheridan Electric, Larry Grondahl from Grondahl Recreation, & previous board members Luke & Eric will be here. This would not have been possible without board members, so please come help us celebrate!
6. Bus #2 that was being serviced in Williston returned home the week of August 1-4. The cruiser finally got to enter the shop at Sarpy’s in Billings on August 4th, so we expect to have the cruiser home before our first away football game. August 23rd is still the delivery date of our new 15 passenger bus.
7. -Roughrider Mud jacking (Minot/Bismarck) reviewed pictures and blueprints of the sinking sped. Corner. After review he believes we may need a helical pier underneath our footer to raise the sinking portion. He shared that he can raise a slab of concrete, but not a footer.
-Beartooth Construction (Billings) is working to give us an estimate for inserting a pier. I will have that to share with you in September. At this point this project will most likely begin in spring.
8. MCEL—Montana Conference of Education Leadership will be held in Billings on October 18-20, 2023. The district will pay for your room, mileage, meals, and registration fee. It is a great opportunity to network with school board members from across the state of Montana and learn more about the board member role. Please let me know if you are interested in this opportunity. Last year this was held in Missoula, so it is nice to have it closer to home.
9. Guest Bleachers—Andy has the lumber and paint to repair our guest bleachers at the football field.
10. The teachers’ lounge recently underwent a rejuvenation project! The new flooring and paint have really brightened up the room. Most of the items that were on the perimeter of the room have been moved to a workroom—this room is where the custodial office used to be located.
11. Our new kitchen staff has a week under their belt and is off to a great start! Last week they worked on cleaning and organizing the kitchen, completing the required ServSafe course, and going over the menu for August.

12. This year we will only have 1 section of 1st grade, 3rd grade, and 4th grade. These classes are double what we are accustomed to having since we typically have 2 teachers per grade level. If first grade gets 22 kids (right now they have 20) we will have to provide a full-time aid to Wendy. For this reason, I am not accepting anymore out of district 1st graders. In the meantime, we will assist Wendy with an aid whenever she needs. 3rd and 4th grade can go up to 28 before requiring a full time aid. Both of those classes are currently at 22 as of Thursday, August 10, 2023. 4th grade has a student teacher this year (Jennifer Lambert), so this will assist Mrs. Wilson with the larger class. We will assist Mrs. McDonald as needed with an aid as she requests. I am monitoring any out of district requests for 3rd and 4th grade extremely close as well.

13. Here are a few items that might be part of the regular September Board meeting agenda:
- Possible EMT course for seniors in Trimester 2 & 3
 - Any Remaining Extra-Curricular Contracts for 2023-2024
 - Student Council, Indian Club, New Gym Cleaning

If you have any questions, comments, or concerns about any item in this report or on the agenda, please feel free to contact me at any time. I can be reached at 787-6246 (school), 787-5211 (home), 404-774-4088 (cell), or by email at simonsenn@culbertson.k12.mt.us at any time. I also believe in an open door, so please feel free to drop in my office anytime to visit.

The following are long- or short-term projects that Mr. Crowder previously listed on August 2022 agenda in no particular order of importance:

- Old Armory: Renovation or Demolition
- Replacement of the cinder track with an all-weather track.
- Building or purchasing teacher housing.
- Building an auditorium for music performances and plays
- Re-establishment of the Family Consumer Science classroom and the corresponding student organization FCCLA (Family, Career and Community Leaders of America).

I noticed the above goals have been on the superintendent's report for a year. This may look different after our meeting when we establish our 2023-2024 board goals.

Mr. Olson
Principal Report
School Board Meeting
August 14, 2023

The first day of school will be August 17th. Teacher PIR days will be 15-16. I have begun working with teachers and administration on plans for the school year.

Enrollment as of now is at 275 which is about normal for the beginning of the school year.

Looking forward to a great 2023-2024 school year!

Technology Report

August 14, 2023

Over the summer we completed Wireless access points through the school.

Schoolhouse IT has done a great job transitioning into our school. They have worked out many issues so far. Moving forward we will be working on domain issues and logins.

BOARD AGENDA FACT SHEET**

MEETING DATE: 8-14-2023

AGENDA ITEM #: 23

AGENDA TITLE: Board Goal Setting for 2023-2024

SUMMARY: Below is a list of goals submitted from 3 board members and myself in no particular order:

Coaching evals

Trimester rework

4 day school week

Add FCCLA

Facilities improvements (Track, armory, roof, bathrooms at C-C and more)

Beef to schools

Top ten academically in the state

Blue ribbon school

New ELA curriculum in K-8

Fix sinking corner of the sped room

Figure out if it is possible to operate a PreK in our building with a certified teacher

Figure out ways to get more engagement from teachers and students at the school board meetings.

- a. In my tenure there has never been a student report at meetings and often the teacher reports are just "oh, everything is fine." Which, does not help the board actually make decisions, trying to figure out some way to help get more conversations going from those reports would help the board overall get more information and make better decisions I think.

Revisit some potential improvements to safety of the students in the building and at the end of the school day.

- b. At one point one of the teachers brought up potential hazards to having doors that have large windows in the event of active shooters. The other issue is at the end of the school day the school yard and bus loading can become rather chaotic and there have been kids who were supposed to get on buses who did not due to the chaotic nature of the time, trying to work with teachers and staff to organize that time period more effectively would be great.

1. Finding new ways to engage our families and the community with the school to continue building positive relationships
2. New ELA curriculum in K-8--they pushed pause on this until Janessa and I could come here
3. Fix sinking corner of the sped room

4. Figure out if it is possible to operate a PreK in our building with a certified teacher
5. Improve cinder track -- there are lots of great things at C-C complex, but I would love to find a way to do something to improve the cinder track without committing to a million \$ or more complex from scratch
6. Dig into trimester scheduling to educate myself and ensure that it is still what's best for our students in grades 6-12

Review Trimester scheduling
Including JH in BPA and FFA
