Includes overview, history, and biographies of key players for the last big battle that won independence for the United States of America.</li></ul>
Science	<p><b>Activity</b></p> <ul style="list-style-type: none"><li><a href="#"><u>Hands-On Clocks</u></a></li></ul> <p><b>Description</b></p> <ul style="list-style-type: none"><li><i>Keeping track of time has always been something man has strived to do. From using the moon or the position of the sun in the sky to the building of machines to keep track of the passage of time, time has always intrigued us. The activities that are presented below are intended to be hands-on. The videos posted in each activity show you the supplies and steps necessary to build many</i></li></ul>

*different types of clocks. Make sure you have parental permission before making any of the clocks. Most of all have fun getting your hands dirty!*

**Activity One:** Water Clocks: In this activity you have the opportunity to make a water clock. The Water clock is one that I have actually made and have had great success with. I used cocktail straws because they have a smaller hole. The video shows using wire casing to make the straw holes smaller, but I did not have to do this. I also used small Gatorade bottles because they have nice big lids, but that is not necessary. If you are going to try making the second clock, get parents to give permission. There is a cordless drill and hot glue gun used to make the clock. Have Fun!

**Links:** [Water Clock](#)

**Activity Two:** Building a Sundial: In this activity you get to build a Sundial to keep track of time using the sun and shadows. Remember to face North when using. An extension to building the Sundial in the video is to go outside with a blank one. Take your phone and mark where the shadow cast on the Sundial by the Gnomon is at different hours throughout the day.

**Link:** [Sundial](#) Use in next lesson

**Activity Three:** The Hourglass: In this activity you see how sand can be used to keep track of time. This build requires some tools. Make sure you get parent permission before trying it.
