

GET READY FOR PRESCHOOL

MATH

This year, your student will use Eureka Squared as the curriculum. This curriculum will build knowledge & skills to laid the foundation of their math careers.

Here are some things you can begin practicing to get your student ready for math in Preschool:

- Practice recognizing numbers 0-10
- Compare sizes of objects
- Identifying shapes

ENGLISH LANGUAGE ARTS

Next year, your student will use Focus on PreK as their reading curriculum. Students will use Foundations and Heggerty to develop early reading skills.

Here are some things you can begin practicing to get your students ready for ELA in Preschool:

- Identifying letters of their first name
- Writing their first name
- Reading to your child and asking questions

SOCIAL EMOTIONAL LEARNING

Practice naming feelings and knowing how to ask for help
