**#08-24**     **55 Arnoldale Road** - Petition of Vanessa Justice (R.O.) requesting a Special Exception renewal in order to establish a customary home occupation to operate an Alexander Technique, an alternate therapy type, business as an accessory use to the residence for a period of three (3)-years per section 177-49 (C) of the zoning ordinances and per plans on file. **R-6 Zone**

To address a procedural issue with the posting of the public hearing sign on the property this public hearing was opened and immediately continued to the Zoning Board of Appeals Regular Meeting on July 24, 2024. **Motion: Harris; Second: Thompson; Vote 5-0.**

---

**#09-24**     **2 Boswell Road** - Petition of Kasey LaFlam & Evan Wilner (R.O.), requesting three variances to Section 177-20 Obstructions in yards. Requesting a +/- 7.7-foot variance to the required rear yard setback from the North property line and a +/- 1 foot variance to the required side yard setback off of the East property line. Request is to construct a 2 story addition with a first floor garage and second floor finished area off of the North-East corner of the house. Separately requesting a +/- 1 foot variance to install a heat pump at the Northwest corner of the house, per plans on file     **R-10 Zone**

The application was represented by Kasey LaFlam (R.O.). The third variance request for the heat pump was removed from the application. At the public hearing no public comment in support or opposition was made and no written letters of support or opposition were received.

By motion of Commissioner Harris and seconded by Commissioner Thompson, **Public Hearing Closed; Vote 5-0**

At the regular meeting of the Zoning Board of Appeals, immediately following the public hearing, the following action was taken:

Commissioner Thompson made a motion to approve the variance; Second by Commissioner Kalvaitis. During its discussions and deliberations on this matter, the board made the following findings:

1. Granting of the variance is in harmony with the purpose and intent of the West Hartford Code of Ordinances.

2. The variance request will not adversely impact neighboring properties. The side yard encroachment is very minor in nature and the rear yard encroachment is in character with the house and neighborhood.
3. This property demonstrates unique hardship as it is more heavily restricted by setbacks as a corner lot and also faces challenging topography. Attempting to move the existing legal non-conforming garage forward on the property would create access issues for cars entering the driveway. Additionally, the house is very close to both building line setbacks off of each road and so the buildable area of the lot is restricted.

**Voting in favor:** Commissioners D’Amato, DiMatteo, Harris, Thompson, and Kalvaitis

**Opposed:** None.

**VOTE: 5-0; Petition granted.**

**#10-24**     **3115 Albany Avenue** – Petition of Deercliff Land Preservation Trust, Inc. (R.O.), requesting two variances to Section 177-6D, Standards for the One-Family Residence District. Requesting a variance to create an additional story on top of an existing two and a half story building to expand and create habitable space in an existing observatory. Additionally building previously received a variance to have a height of 42.17’, above the 35’ height requirement, however due to the proposed expansion a new variance is required as the building height will increase to 42.34’, per plans on file. **R-80 Zone**

The application was represented by Attorney Lewis Wise and Arnold Chase principle of Deercliff Land Preservation Trust, Inc. R.O. Additional photos were provided to include as part of the record. At the public hearing no public comment in support or opposition was made and no written letters of support or opposition were received.

By motion of Commissioner Thompson and seconded by Commissioner Harris, **Public Hearing Closed; Vote 5-0**

At the regular meeting of the Zoning Board of Appeals, immediately following the public hearing, the following action was taken:

Commissioner DiMatteo made a motion to approve the variance; Second by Commissioner Thompson. During its discussions and deliberations on this matter, the board made the following findings:

1. Granting of the variance is in harmony with the purpose and intent of the West Hartford Code of Ordinances.
2. The variance request will not adversely impact neighboring properties as the request is minor in nature. Additionally, and as demonstrate, the addition would not be visible by directly neighboring properties.
3. The applicant was able to demonstrate hardship. The residence itself is uniquely constructed compared to others in town and due to the unique elevation of the property, it faces atypical weather conditions. Additionally, the property is substantially unique in terms of its large size.

**Voting in favor:** Commissioners D’Amato, DiMatteo, Harris, and Thompson.

**Opposed:** Commissioner Kalvaitis

**VOTE: 4-1; Petition Granted.**
