Making Students Competent Builders of a Globally Competitive Future

July 1, 2024

Greetings Warrior Nation!

It is with profound gratitude and a deep sense of commitment that I begin the role of Superintendent of Wilkinson County Schools. Having dedicated 30 years to this community as an educator and administrator, I am both humbled and honored to continue serving you in this new capacity.

Our district is built on a foundation of strong values, dedicated staff, and supportive families. My own journey began here, where I grew up, went to school, and chose to dedicate my career to the very district that shaped me. I am committed to ensuring that our schools continue to be a beacon of excellence and a source of pride for everyone.

As we embark on this journey together, my focus will be on three key areas:

1. **Expanding Opportunities:** We will strive to provide our students with a wide range of academic and extracurricular opportunities that will prepare them for future success. This includes enhancing our curriculum, integrating technology, and fostering creativity and critical thinking skills.
2. **Empowering Our Community:** Collaboration and open communication are at the heart of a thriving school district. I am committed to building strong partnerships with our families, staff, and community members to ensure that we are all working together toward common goals. Your voices are vital in shaping the future of our schools.
3. **Excelling in Education:** I am dedicated to upholding and advancing the standard of academic excellence in all of our schools. We will focus on innovative teaching practices, professional development for our staff, and creating a supportive and inclusive environment for all students to thrive.

I am excited about the future and confident that, together, we can achieve great things. I look forward to working closely with all of you to ensure that our schools remain places of learning, growth, and inspiration. Please feel free to reach out to me with any questions, ideas, or concerns. Your input is invaluable, and I am here to listen and support you.

Thank you for your continued dedication to our students and our schools. Let's make this a year of exceptional growth and achievement.

Warm regards,

Dr. Angela James
