Administrators'

Professional Learning Community for High Quality Mathematics Instruction

Join our **Administrative Professional Learning Community** focused on Supporting High-Quality Mathematics through a transformative approach based on the California Mathematics Framework's three dimensions for systematic change! The three dimensions are an assets-based approach to instruction, active engagement through investigation and connection and cultural and personal relevance. Don't miss out on this chance to be part of a supportive network of education leaders committed to advancing mathematics education for all students. Register now and embark on a journey towards excellence in math instruction!

Audience

Administrators who supervise mathematics instruction
