County Superintendent's Message

Ted Alejandre

County Superintendent
San Bernardino County
Superintendent of Schools

As your County Superintendent, I am honored to celebrate the amazing accomplishments made by our students who are candidates to receive the California State Seal of Biliteracy.

Achieving multiliteracy is no small feat. Your candidacy demonstrates that you have attained a high level of proficiency in speaking, reading and writing in one or more languages, in addition to English.

This achievement can lead to future successes such as academic credit or increased earning potential.

As you continue your journey, consider this thought by Frank Smith, "One language sets you in a corridor for life. Two languages open every door along the way."

Best wishes to all of our students being recognized this evening. May you always have the courage to achieve your dreams and create a better tomorrow.

A handwritten signature in cursive script that reads "Ted Alejandre".

Ted Alejandre
County Superintendent

California State Seal of Biliteracy

The State Seal of Biliteracy (SSB), established in California in 2012, recognizes high school graduates who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English. Some of the purposes of the SSB are to encourage students to study world languages, to recognize and promote foreign language instruction in public schools, and strengthen intergroup relationships, affirm the value of diversity, and honor the multiple cultures and languages of a community.

The SSB is one way to recognize the linguistic diversity in California and encourage students who speak another language to continue to build and develop their multilingual skills. Being biliterate or multiliterate has cognitive, educational, sociocultural, and economic benefits for students. However, the SSB not only benefits the students who earn it, but also our schools and surrounding communities.

The SSB is a way to celebrate multiliteracy, recognize the asset of the home language and measure growth in achieving the state's goal of a multiliterate future.

"The State Seal of Biliteracy, marked by a gold seal on the diploma or transcript, recognizes high school graduates who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English."

Benefits of Multilingualism

There are multiple benefits to being multilingual, multiliterate, and multicultural in today's global society. Knowing more than one language from birth, acquiring a new language through school, or learning languages later in life, can provide tangible advantages in many areas.

From delaying cognitive signs of aging, to earning college credits, and getting a better job offer, multilingualism is an asset that can benefit

English learners as well as native English speakers in a variety of ways.
