Student Success and Wellness and Disadvantaged Pupil Impact Aid Funds 23-24 & 24-25

The state in the biennium budget has allocated the funding for Student Success and Wellness and Disadvantage Impact Aid. DPIA is $150,404.93. Student Success and Wellness is $486,841.71

We have four local partners that help with our plan. They are as follows:

- The Lake County ADAMH Board
- The Education Service Center of the Western Reserve
- The Lake County General Health District
- Madison Village and Madison Township Police Departments

Our Core Initiatives focus on the following which align with our One Plan Goals of Graduation, Positive Behavior Intervention Supports, and Post-Secondary Outcomes. Improving these outcomes through increased student achievement is the goal.

The Initiatives are as follows:

- *Building Relationships with Community Supports-School Resource Officers*
    - Community Partners are Madison Village and Madison Township Police Departments
    - Assist with Threat Assessments
    - Building Safety and Security
    - Conduct Training when asked
- *Serving Students with Academic and Behavioral Challenges*
    - Outside placements for students who need more specialized instruction for behavioral and mental health needs
    - Community Partners are ADAMH's Board-Crossroads
- *Crossroads Counseling and Support*
    - Specialized counseling to support students who need assistance to be successful in school while handling challenges in their lives
    - Community Partners are ADAMH's Board-Crossroads
- *Certified Behavioral Specialist*
    - Assists teachers in developing strategies and plans for addressing challenging behaviors
    - Community Partner is the ESC of the Western Reserve
- *Providing Emotional Supports for Students in the General Education Program*
    - We have three full-time guidance counselors who coordinate daily needs of students in the general education program 6-12.
    - They monitor student success and help to stay on target for graduation.
- *Providing Wellness Services*
    - We have one registered nurse and 3 LPNs contracted through the Lake County General Health District to help with our wellness program.
    - They monitor daily medication needs, illnesses within the districts and conduct screenings as required by law.
