Message from the Superintendent

Dear Viking Community,

Last weekend, we proudly graduated the class of 2024. They were sent off with great pomp and circumstance surrounded by the families, friends, and community members who helped them reach this pivotal moment. As I told them at the ceremony, I am confident they will go into the world and make our Viking community proud.

This week marks the last week of school and the start of summer. I am so proud of the growth, determination, leadership, kindness, and integrity I have seen in our students throughout the year. It's been an honor to serve as your superintendent. Have a wonderful and restorative summer. I look forward to welcoming you back in August.

Sincerely,

Dr. Kristine Michael, Superintendent

The Class of 2024!

Northridge Vikings
