

Program

CHROMEBOOK PICK UP + ACCOUNT SET UP

Students should plan to pick up their Chromebooks prior to STA.

INSTRUCTION

Students attend English and Mathematics classes with a focus on grade level reading, writing, critical thinking, and computational skills.

Students will complete several diagnostic assessments during STA, including the Northwest Evaluation Association Measure of Academic Progress (NWEA MAP) online assessments in Mathematics and Reading. Diagnostic data and other factors such as previous course grades, test scores, and teacher recommendation ensure proper placement in Mathematics and English courses.

In addition to Math and English classes, students will have the opportunity to participate in team-building activities that help build a sense of community.

IMPORTANT EVENTS

We encourage you to speak to your student about the events they are participating in daily.

Welcome Assembly – July 2 and 3

New incoming students attend a welcome assembly and are introduced to high school graduation and college entrance requirements before completing a school tour.

Registration – July 8 and 9

Students entering Grade 9 complete Fall Registration. During the registration process, students take a yearbook picture, receive their school ID, locker and Fall courses.

Wellness Assembly – July 10

Students participate in a student wellness assembly which focuses on the elimination of school violence and helps establish a school culture of kindness and compassion.

Parent Meeting – July 10

Families will receive information regarding school policies, student accounts, Home Access Center, and the Canvas learning management system. **This will be an in-person event Wednesday July 10 from 5:30 to 7:30 p.m.**

College/ SCOIR presentation – July 11 and 12

Emergency Drill – July 17

For more information, contact the Office of Instruction or your student's counselor.
