

Chemistry A-Level Year 11 Transition
Project

Head Start to Chemistry

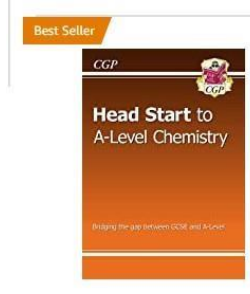

- In your first Chemistry lesson, you will be asked to complete a test based on the CGP Head Start to A Level Chemistry book.

- You can purchase this book from school via parentpay

- You can order this book directly from CGP here:

<https://www.cgpbooks.co.uk/secondarybooks/asand-a-level/science/chemistry/cbr71head-start-to-a-level-chemistry>

- It's also available from Amazon

- Your summer project is to complete the tasks in the book and learn the information ready for your test.

- You will need a pass mark of 60%. This is to prove you have completed the summer project and identify if you require extra support.
