Addendum No. 2 to the  
Waste Management Services

**MOUNT VERNON CITY SCHOOL DISTRICT  
165 NORTH COLUMBUS AVENUE  
MOUNT VERNON, NEW YORK 10553**

**ADDENDUM NO. 2**

This Addendum contains clarifications and/or changes to the requirements of the contract and/or bid specifications. Such clarifications/changes shall be incorporated into the contract/bid documents and shall apply with the same meaning and force as if they had been included in the original documents. Whenever this Addendum modifies a portion of a paragraph of the contract or any portion of the bid documents, the remainder of the paragraph affected shall remain in full force and effect.

*The following modifications are made to the bid specifications:*

- **Technical Specifications:** The third paragraph of page 19 of the Technical Specifications is hereby deleted and replaced with the following: *“The School District currently has the containers set forth in these bid specifications. The successful bidder is responsible for providing and placing the containers and compactors set forth in the bid specifications at each of the locations listed therein. The School District reserves the right to request that the successful bidder add, move, relocate or remove containers or compactors as necessary during the term of the contract. Moves or relocations shall be at no additional cost to the School District. In the event that the School District requests that a container or compactor be added or removed, pricing shall be based upon the unit prices set forth in the bid proposal form and pro-rated.”*
- **Bid Proposal Form:** The Bid Proposal Form is hereby deleted and replaced with the enclosed Bid Proposal Form. Bidders shall prepare their bids using the enclosed Bid Proposal Form.

*The Mount Vernon City School District received several inquiries from prospective bidders. The questions received and the District's responses are as follows:*

**Question No. 1:** What is the average weight per pickup of trash compactors?

**Answer No. 1:** The average weight varies based upon the size of the compactor and the collection schedule.

**Question No. 2:** What is the average weight per pickup of the recycle compactor?

**Answer No. 2:** The average weight varies based upon the size of the compactor and the collection schedule.

**Question No. 3:** Does the school own the compactors or do they need to be supplied by the contractor?

**Answer No. 3:** The School District does not own the containers or compactors. The successful bidder is responsible for supplying the containers and compactors to the School District as more fully described in the bid specifications as part of the Contract.

**Question No. 4:** Most locations do not show trash service, for sites that only have recycle service, how is the trash handled?

**Answer No. 4:** Trash pickup is handled by the city DPW.
