

Student Use of Technology, the Internet and Electronic Communications

(Acceptable Use Agreement)

Student

By my signature below, I acknowledge that I have read, understand the significance of, and will abide by the Pueblo School District No. 60's policy JS*, *Student Use of Technology, the Internet and Electronic Communications*. Should I commit any violation or in any way misuse my access to district technology, as defined in policy JS*, including but not limited to the district's computers or computer systems, the Internet and electronic communications, I understand and agree that my access may be revoked and disciplinary and/or legal action may be taken. I also understand that if I commit any violation of policy JS* regarding my use of personal technology, as defined by Policy JS*, I may be subject to disciplinary and/or legal action.

If I am 18 years or older, I hereby release the district from all costs, claims, damages or losses resulting from my use of district technology, including but not limited to computers and computer systems, the Internet and electronic communications, and to any user fees or charges incurred through the purchase of goods or services.

Your signature on this Acceptable Use Agreement is binding and indicates that you have read the district's policy on Student Use of Technology, the Internet and Electronic Communications and understand its significance.

Student's name (printed)

Date of birth (day/mo/yr)

Parent or Guardian

If the student is under 18 years of age, the student's parent or guardian must also sign this Agreement.

As the parent or guardian of this student, I have read the district's policy JS*, *Student Use of Technology, the Internet and Electronic Communications*. I understand that my child's access to district technology, the Internet and electronic communications is designed for educational purposes and that the district has taken reasonable steps to block or filter material and information that is obscene, child pornography or otherwise harmful to minors, as defined by the Board. I also recognize, however, that it is impossible for the district to prevent access to all materials or information that I might find harmful

or controversial, and I agree not to hold the district responsible for any such materials and information accessed by my child. Further, I accept full responsibility for supervision if and when my child's use of the Internet, electronic communications or district technology is not in a school setting.

I hereby release the district from all costs, claims, damages or losses resulting from my child's use of district technology, as defined in policy JS* including but not limited to computers and computer systems, use of the Internet and electronic communications, and any user fees or charges incurred through the purchase of goods or services.

Google Apps for Education

I have also read the enclosed *Google Apps for Education* Background Information, and am aware that the district utilizes a suite of online applications called *Google Apps for Education* to facilitate collaboration and communication among students and staff when creating, sharing, and storing documents and assignments online.

I understand that when a district user account is created for a student, a corresponding *Google Apps for Education* account will be automatically created, causing information about the student (first name, last name, and username) to be collected and stored electronically. I further understand that a student may store class work or files in *Google Apps for Education*; depending on the sharing options selected by the student, these files may be accessible to someone other than the district or the student, including the student's classmates or the public. I have read the privacy policies associated with the use of *Google Apps for Education* (<http://www.google.com/apps/intl/en/edu/privacy.html>).

Check one:

- ☐ *I give permission for a district user account (including Internet and Google Apps for Education) to be issued to my child.*
- ☐ *I do not give permission for my child to have Internet or Google Apps for Education access. My child will not be issued a district user account, and will only be provided with access while participating in district-adopted computer-based assessments.*

Only complete next box if the student's access has been previously terminated:

- ☐ *I give permission for my child's district user account (including Internet and Google Apps for Education) to be restored.*

I certify that the information contained on this form is true and correct.

Your signature on this Acceptable Use Agreement is binding and indicates that you have read the district's policy on Student Use of Technology, the Internet and Electronic Communications and understand its significance.
