Tell your coach and consult your health care provider if these conditions are present in your student athlete:

Potential indicators that SCA may occur:

- Fainting or seizure, especially during or right after exercise;
- Fainting repeatedly or with excitement or startle;
- Excessive shortness of breath during exercise;
- Racing or fluttering heart palpitations or irregular heartbeat;
- Repeated dizziness or lightheadedness;
- Chest pain or discomfort with exercise;
- Excessive, unexpected fatigue during or after exercise.

Factors that increase the Risk of SCA:

- Known structural heart abnormality, repaired or unrepaired;
- Family members with unexplained fainting, seizures, drowning or near drowning, or car accidents;
- Family history of known heart abnormalities or sudden death before age 50;
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD);
- Use of drugs, such as cocaine, inhalants, "recreational" drugs, excessive energy drinks or performance-enhancing supplements.

**How Common is Sudden Cardiac Arrest in the United States?**

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

### **Who is at Risk for Sudden Cardiac Arrest?**

SCA is more likely to occur during exercise or physical activity, so student athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they are out of shape and need to train harder, or they simply ignore the symptoms, assuming they will “just go away.” Additionally, some health history factors increase the risk of SCA.

### **What Should You do if your Student Athlete is Experiencing any of these Symptoms?**

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor’s feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

### **Return to Play (RTP)**

The California Interscholastic Federation (CIF) amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting. A student athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider (medical doctor or doctor of osteopathy). Parents, guardians and caregivers are urged to dialogue with student athletes about their heart health.

### **Acknowledgment**

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student’s sports program

### Una ficha informativa acerca del Paro Cardíaco Repentino

El Paro Cardíaco Repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El PCR es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla.

Reconozca los factores de riesgo y los signos de advertencia del Paro Cardíaco Repentino.

Dígale al entrenador y consulte a su médico si su atleta adolescente padece estos síntomas:

Posibles indicadores de que podría suceder un PCR:

- Colapso o convulsiones, especialmente justo después de ejercitarse;
- Colapso frecuente, o por emoción o susto;
- Falta excesiva de aliento durante el ejercicio;
- Taquicardia o palpitaciones, o ritmo cardíaco irregular;
- Mareo o aturdimiento frecuente;
- Dolor o malestar en el pecho al ejercitarse;
- Fatiga excesiva e inesperada durante o después del ejercicio.

Factores que incrementan el riesgo de que suceda un PCR:

- La presencia de una anomalía estructural del corazón, reparada o no reparada;
- Familiares que han sufrido sin explicación, colapsos, convulsiones, un accidente automovilístico, que se han ahogado o han estado a punto de ahogarse;
- Un historial clínico familiar de anomalías cardíacas conocidas o muerte repentina antes de los 50 años;
- Un historial clínico familiar específico con casos del síndrome del QT largo, síndrome Brugada, miocardiopatía hipertrófica o displasia arritmogénica del ventrículo derecho (DAVD);
- El consumo de enervantes tales como cocaína, inhalantes, drogas “recreativas,” bebidas de energía en exceso, y sustancias o suplementos para mejorar el rendimiento.

#### **¿Qué tan común es el PCR en los Estados Unidos?**

Por ser la principal causa de muerte en los EE. UU. cada año suceden más de 300,000 paros cardíacos lejos de los hospitales, de los que nueve de cada diez son mortales. Miles de jóvenes son víctimas de los paros cardíacos repentinos por ser la segunda causa de muerte en menores de 25 años y la principal razón por la que mueren los atletas adolescentes durante el ejercicio.

### **¿Quién corre el riesgo de sufrir un paro cardíaco repentino?**

Los atletas adolescentes corren más riesgo de sufrir un paro cardíaco repentino debido a que tiende a suceder durante el ejercicio o la actividad física. Aunque una enfermedad cardíaca no siempre demuestra signos de advertencia, los estudios demuestran que muchos jóvenes sí tienen síntomas pero no se lo dicen a un adulto. Esto puede ser porque les da pena, no quieren que los saquen de un partido, creen erróneamente que les falta condición física y solamente necesitan entrenar más, o simplemente ignoran los síntomas y suponen que “desaparecerán.” Algunos factores de antecedentes clínicos también aumentan el riesgo de que suceda un PCR.

### **¿Qué debe hacer si su atleta adolescente padece alguno de estos síntomas?**

Debemos informarles a los atletas adolescentes que si padecen cualquier síntoma del PCR, es de suma importancia avisarle a un adulto y consultar con un médico de cabecera lo antes posible. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un PCR, deberá consultar a un médico para ver la posibilidad de que se le hagan más pruebas. Espere la respuesta del médico antes de que su adolescente vuelva a jugar y además, avise a su entrenador y a la enfermera escolar de cualquier afección diagnosticada.

### **Volver a Jugar**

Federación Interescolar de California (CIF) enmendó sus estatutos para poder incluir lenguaje que incluye capacitación acerca del PCR como requisito en la certificación de entrenadores deportivos. Además, esto ayuda a incluirla en el protocolo de entrenamiento y juego para que los entrenadores tengan la autoridad de sacar del juego a un atleta adolescente que se colapse. El atleta adolescente que haya sido suspendido de un juego después de mostrar signos o síntomas asociados con un PCR, no puede volver a jugar hasta que un médico certificado le haya evaluado y aprobado (medical doctor or doctor of osteopathy). Se les insta a los padres, tutores y cuidadores a que hablen con sus atletas adolescentes acerca de la salud del corazón. Igualmente.

He leído y entendido los síntomas y los signos de advertencia del PCR y el nuevo protocolo de la CIF para incluir medidas para prevenir que suceda un PCR dentro del programa deportivo de mi estudiante

In this Agreement, District and Service Provider are sometimes individually referred to as “Party” and collectively referred to as the “Parties.”

Service Provider: \_\_\_\_\_  
Address: \_\_\_\_\_  
Authorized Representative: \_\_\_\_\_  
Representative’s Email: \_\_\_\_\_  
Type of Service: \_\_\_\_\_ Lead Agency  
                                  \_\_\_\_\_ Enrichment Agency

**RECITALS**

A. District is a California public school district that serves preschool to eighth grade students in the City of Oxnard, County of Ventura, State of California at one preschool, ten TK-5 schools, four TK-8 schools, three K-8 schools, and three 6-8 schools. District offers after-school programs to its grade level students for the 180 school days and 30 non-school days within each fiscal year (July 1 to June 30).

B. For District’s after-school program, the “Lead Agency” is responsible for providing daily after-school programming for the 180 school days and 30 non-school days within each fiscal year as required by funding; works with the program from school dismissal until closing time; and provides management, oversight, and coordination of all afterschool programs, including recruitment, enrollment, and programming provided by Enrichment Agencies.

C. For District’s after school program, an “Enrichment Agency” is responsible for providing specific types of enrichment programs (*e.g.*, arts, robotics, or sports) in accordance with its area of expertise, and may provide such enrichment activities for a limited period of time (such as Tuesday and Thursday afternoons, or on non-school days during winter, spring, or summer breaks, during the full fiscal year). Further, each and every Enrichment Agency shall adhere to the management, oversight, and coordination rules and regulations of the Lead Agency.

D. District has sought the performance of the Services (defined below) for Lead Agency and Enrichment Agencies, as defined and described particularly on Exhibit A-0, Exhibit A-1, Exhibit A-2, and Exhibit A-3.

E. Following submission of a proposal for the performance of the Services, Service Provider was selected by District to perform the Services as a Lead Agency or Enrichment Agency, as indicated above.

F. The California Department of Education has awarded District a grant through the Expanded Learning Opportunities (“ELOP”) Program, After School Education and Safety (“ASES”) Program, and/or the 21<sup>st</sup> Century Community Learning Centers (“21<sup>st</sup> CCLC”) Program for academic school year \_\_\_\_\_ commencing \_\_\_\_\_ and ending \_\_\_\_\_ (collectively, the “Grant”). The Grant may also apply to additional academic school years.

G. The purpose of the Grant is to fund local after school education and enrichment programs. The District intends to use the Grant, in part, to retain Service Provider to perform the Services.

H. The Parties desire to memorialize the selection of Service Provider for performance of the Services and desire that the terms of that performance be as particularly defined and described herein.

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

### **OPERATIVE PROVISIONS**

**1. Incorporation of Recitals and Exhibits.** The Recitals set forth above and all Exhibits attached to this Agreement, as hereafter amended, are incorporated by this reference as if fully set forth herein. This Agreement, all exhibits, and the RFP, including all RFP forms and all contract forms, are collectively referred to as the “Contract.”

**2. Term of Agreement.** Subject to earlier termination as provided below, this Agreement shall remain in effect from \_\_\_\_\_ to and including \_\_\_\_\_ (the “Term”). This Agreement may be extended for two additional one (1)-year terms only by a written amendment, signed by the Parties, prior to the expiration of the Term.

**3. Performance of the Services; Time for Performance.** Service Provider shall provide the services set forth in Service Provider’s proposal (as accepted by District and attached to the Contract), Exhibit A-0 (as applicable to Service Provider as a Lead Agency or Enrichment Agency as indicated in the preamble above), Exhibit A-1, and Exhibit A-3 during the Term pursuant to the schedule specified Exhibit A-0 (the “Primary Services”). Service Provider may also agree to provide additional services, at District’s request and only with District’s prior written authorization (the “Additional Services”). Any such Additional Services shall be completed in accordance with Exhibit A-2 during the Term pursuant to the schedule specified in Exhibit A-0. For purposes of this Agreement, the Primary Services and Additional Services shall collectively be referred to as the “Services.” If Service Provider fails to complete the Services pursuant to the schedule specified in Exhibit A-0 or such other schedule that the Parties memorialize in a writing signed by duly authorized representatives of each Party, then Service Provider shall be deemed to be in Default

as provided below. Notwithstanding anything to the contrary in this Agreement or the Contract, Service Provider expressly understands and agrees that this Agreement and the Contract are subject to the Grant and that if the Grant is reduced or revoked, then the District shall have the right to terminate this Agreement and the Contract with no further liability to Service Provider.

**4. Compensation and Method of Payment.**

a. Subject to any limitations set forth below or elsewhere in this Agreement, District agrees to pay Service Provider the amounts specified below for the Services.

i. The total compensation for the Primary Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

ii. The total compensation for the Additional Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

Notwithstanding the generality of the foregoing, if Service Provider renders any Additional Services without District's prior written authorization, District shall not be obligated to pay for such services.

iii. Unless the District Superintendent or designee provides advance written authorization of a higher amount, the hourly rate for any subcontractor of Service Provider shall not exceed the following amount:

Dollars \$ per hour

iv. If the amount of the Grant is modified in a manner that will affect Service Provider's provision of the Services, in District's sole discretion, then the Parties agree to amend the costs accordingly through written amendment.

b. Each month by \_\_\_\_\_, Service Provider shall furnish to District an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontracts. Subcontractor charges, if any, shall be detailed by the following categories: labor, travel, materials, equipment, and supplies. All invoices must comply with the requirements set forth in Exhibit B. District shall independently review each invoice submitted by the Service Provider to determine whether the work performed and expenses incurred comply with the provisions of this Agreement, inclusive of Exhibit B. In the event that no charges

or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection c. In the event any charges or expenses are disputed by District, then District shall return the original invoice to Service Provider for correction and resubmission.

c. Except as to any charges for work performed or expenses incurred by Service Provider which are disputed by District, District will use its best efforts to cause Service Provider to be paid within forty-five (45) calendar days of receipt of Service Provider's correct and undisputed invoice.

d. Payment to Service Provider for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Service Provider.

**5. Quarterly Review and Adjustment of Scope of Work.** District may, in its sole and absolute discretion, (a) conduct a quarterly performance review of the Services, including, but not limited to, enrollment numbers, alignment with District goals and priorities, compliance with assurances, and other reasonable evaluation indicators, and (b) based on such assessment, require Service Provider to adjust and/or decrease the frequency of its services by a specified amount within thirty (30) calendar days or another timeframe established by District in its sole discretion, in which event District will simultaneously reduce Service Provider's compensation *pro rata* with no liability to Service Provider for such reduction.

**6. Termination.** This Agreement may be terminated as follows.

a. **Mutual Agreement.** The Parties may, at any time, mutually agree in writing to terminate this Agreement.

b. **Termination by Service Provider for Cause.** Service Provider may, upon thirty (30) calendar days written notice to District, (i) terminate this Agreement or suspend work under this Agreement for a reasonable period of time, and (ii) recover from District payment for all work executed if: (A) Service Provider's work under this Agreement is stopped for a period of six (6) months or more pursuant to an order of any court of competent jurisdiction or any public authority (but not for a school closure event as set forth in paragraph 7 of this Agreement), and through no act or fault of Service Provider or of anyone employed by Service Provider or acting on Service Provider's behalf, (B) District fails to pay Service Provider within sixty (60) calendar days after its maturity and presentation any sum awarded by final arbitration or a court of competent jurisdiction, or (C) Service Provider delivers District written notice of any alleged material breach of this Agreement by District and District fails to cure such alleged breach within sixty (60) calendar days, provided, however, that the timeline for cure shall be extended for an additional period if District is diligently pursuing such cure in good faith and an additional time period for the cure is reasonably warranted.

c. **Termination by District for Non-Appropriation of Funds.** District shall have the right to terminate this Agreement at any time due to non-appropriation of funds.

d. **Termination by District for Convenience.** District shall have the right to terminate this Agreement for convenience by giving Service Provider at least ninety (90) calendar days written notice.

e. **Termination by District for Cause.** District may terminate this Agreement for cause upon thirty (30) calendar days' written notice to Service Provider. For the purposes of this subparagraph, "cause" shall include, but not be limited to, (i) Service Provider filing for bankruptcy, being adjudged bankrupt, or being subject to involuntary bankruptcy proceedings; (ii) Service Provider making a general assignment for the benefit of Service Provider's creditors; (iii) the appointment of a receiver due to Service Provider's insolvency; (iv) the levy of an attachment of execution upon Service Provider's property; (v) the persistent or repeated failure or refusal of Service Provider to properly staff the after-school programs or otherwise violate any provisions of Exhibits A-0 to A-3; (vi) the material violation of any applicable law or District regulation or policy; (vii) any act or omission by any Service Provider or its subcontractor personnel that constitutes gross negligence or willful misconduct, endangers or is likely to endanger the safety, health, or wellbeing of any District student or staff, or represents a repeated default by Service Provider personnel (*e.g.*, repeated late arrivals to school sites or repeated violations of the Standards for Performance); and (viii) any other material breach of the Contract by Service Provider, Service Provider's employees, Service Provider's subcontractors or anyone acting on Service Provider's behalf, including, but not limited to, the breach of any covenant, representation or warranty in this Agreement, and the violation of any provision of the RFP (including continuing disclosure obligations). Any failure on the part of District to give notice of the Service Provider's default shall not be deemed to result in a waiver of District's legal rights or any rights arising out of any provision of this Agreement. District may, but is not obligated to, provide Service Provider an opportunity to cure any default. Notwithstanding the thirty (30) calendar days' advance written notice specified herein, District reserves the right to *immediately* suspend the Services of Service Provider if the circumstances reasonably warrant (*e.g.*, due to imminent safety and health issues). Moreover, Service Provider shall be liable to District for any excess cost occasioned to District by termination for cause. The foregoing provisions for termination of this Agreement are in addition to, and not in limitation of, the rights of District under any other provisions of the Contract. Service Provider shall not be deemed to be in default if its failure to perform any Services or comply with any provisions of this Agreement results solely from the gross negligence or willful misconduct of District.

f. **Effect of Termination or Expiration of Agreement.** Upon termination or expiration of the Term, this Agreement, and the entire Contract, shall terminate; Service Provider shall cease providing the Services; Service Provider shall vacate the District premises, leaving them in a neat and orderly condition; and Service Provider and District shall comply with any remaining obligations under the Contract, as applicable (*e.g.*, payment of any sums still due and owing,). Service Provider acknowledges and agrees that certain obligations shall survive the termination or expiration of the Contract, including, but not limited to, Service Provider's indemnity obligations, confidentiality obligations, and obligations regarding delivery and maintenance of reports and records.

7. **School Closures.** If District, or any one or more schools within District, are closed due to any lawful reason including in response to governmental orders or advisories, or to protect the

health, safety and welfare of students and employees, or by reason of any emergency (including, but not limited to, a wildfire, mudslide, or earthquake), and District notifies Service Provider that it does not need to provide the Services or any portion of the Services, then District shall not be charged or required to pay for the Services, staffing, overhead, or any other related costs for the closed school site(s) during the applicable closure period. Additionally, if any school site is required to rely on remote learning in lieu of or in addition to student attendance at the time of commencement of classes or any time during the school year, then District shall have the right to notify Service Provider of the revised service needs, and the Service Provider shall, to the maximum extent reasonably practicable, provide the Services via remote learning or via a hybrid of in-person and remote learning, in which event District shall not be charged or required to pay for any additional costs of the remote or hybrid learning and, if the Services are reduced, then District shall only be billed for the Services provided and adjusted actual costs for reduced services received. District shall also furnish Service Provider written notice of school reopening plans, including phases and any interruptions in reopening schedules, and Service Provider agrees to furnish the Services as needed by District with cost reductions as reasonably warranted. Service Provider agrees to cooperate with District in cost reduction and utilization changes, including, but not limited to, working with Service Provider on partial, phased, or full reopening plans to provide such services as District shall need under those plans. Notwithstanding the generality of the foregoing clauses within this section, District may, in its sole and absolute discretion, elect to continue to pay for the Services despite the closure of one or more school sites if, for example, District receives emergency funds from the State or other sources for such purposes.

**8. Service Provider's Representations and Warranties.** In addition to any other representations and warranties set forth elsewhere in the Contract, Service Provider hereby represents and warrants to District that:

d. This Agreement constitutes the legal, valid, and binding obligation of Service Provider enforceable against Service Provider in accordance with its terms, except to the extent that such enforcement may be limited by applicable bankruptcy, insolvency, moratorium, and other principles relating to or limiting the rights of contracting parties generally. This Agreement does not violate any provision of any material agreement or document to which Service Provider is a party or by which Service Provider is bound.

e. There are no lawsuits, claims, suits, proceedings, or investigations pending or, to Service Provider's knowledge, threatened against Service Provider arising out of or concerning Contractor's performance under this Agreement. There are no suits, actions, or proceedings pending, or to Service Provider's knowledge, threatened against Service Provider which question the legality or propriety of the transactions contemplated hereunder.

Upon completion, expiration or termination of this Agreement, Service Provider shall turn over to District all such Documents. a. The personnel performing the Services under this Agreement on behalf of Service Provider shall at all times be under Service Provider's exclusive direction and control. Service Provider, its agents or employees shall not at any time or in any manner represent that Service Provider or any of Service Provider's officers, employees, or agents are in any manner officials, officers, employees, or agents of District. a. In relation to the performance of the Services, Service Provider may receive or obtain access to confidential student data (“Confidential Student Data”) that is governed by privacy laws under federal or state law, including, but not limited to, the Health Insurance Portability and Accountability Act of 1996 (Pub. Sections 1101, et seq., as amended, and in connection therewith, shall not employ undocumented workers, defined herein the same as in 8 U.S.C.A. Section 1324a(h)(3). Should Service Provider so employ such individuals for the performance of work and/or Services covered by this Agreement, and should any liability or sanctions be imposed against District for such employment, Service Provider hereby agrees to and shall reimburse District for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys’ fees, incurred by District.

**19. Non-Discrimination.** Service Provider shall abide by the applicable provisions of the United States Civil Rights Act of 1964 and other provisions of law prohibiting discrimination and

shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

**20. Assignment.** The expertise and experience of Service Provider are material considerations for this Agreement. District has an interest in the qualifications of and capability of the persons and entities that will fulfill the duties and obligations imposed upon Service Provider under this Agreement. In recognition of that interest, Service Provider shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Service Provider's duties or obligations under this Agreement without the prior written consent of the Board of Trustees of District. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling District to any and all remedies at law or in equity, including summary termination of this Agreement.

**21. Subcontracting.** Notwithstanding the above, Service Provider may utilize subcontractors in the performance of its duties pursuant to this Agreement, but only with the prior written consent of District. Service Provider shall be as fully responsible to District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by Service Provider, as if Service Provider performed the acts and omissions directly.

**22. Continuity of Personnel.** Service Provider shall make every reasonable effort to maintain the stability and continuity of Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement.

a. Service Provider shall ensure that District has a current list of all personnel and subcontractors providing Services under this Agreement.

The list notice shall include the following information: (i) all full or part-time staff positions by title, including volunteer positions whose direct services are required to provide the Services described herein; (ii) a brief description of the functions of each such position and the hours each position works each week or, for part-time positions, each day or month, as appropriate; (iii) the professional degree, if applicable, and experience required for each position; and (iv) the name of the person responsible for fulfilling the terms of this Agreement.

c. Service Provider shall maintain a database of prospective employees in order to avoid a gap in filling intended positions.

d. Notwithstanding the generality of the foregoing, all Service Provider personnel assigned to perform under the Contract shall be subject to the continuous approval of District. District may refuse to accept any Service Provider personnel assigned to the Contract in the event that such persons fail to meet the necessary performance standards or for any other reasonable basis. Upon the request of District, Service Provider shall immediately terminate the assignment of any Service Provider personnel to the District's after-school program.

**23. Assumption of Responsibility.** In accordance with Service Provider’s obligations under paragraphs 11, 13, 21, and 22 herein, Service Provider assumes all responsibility for the care, custody, and control of students participating in any activity, whether on-site or off-site, offered in connection with the Services.

**24. Service Provider’s Indemnification of District.**

a. To the fullest extent permitted by California law, Service Provider, on behalf of itself and its officers, agents, employees, board members, owners, shareholders, subcontractors, volunteers and agents (collectively, “Indemnifying Party”), shall at its sole expense indemnify, protect, defend and hold harmless District, its officers, agents, employees, elected board members, and volunteers (collectively, “Indemnified Party”) from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys’ fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, which arise out of or relate to any one or more of the following (each a “Claim” and collectively the “Claims”): (i) Indemnifying Party’s breach of any representation or warranty in the Contract; (ii) Indemnifying Party’s breach of any material provision of the Contract; (iii) Indemnifying Party’s violation of any applicable law; (iv) employment and labor claims concerning Indemnifying Party’s employees, agents, and/or subcontractors; (v) intentional misrepresentation or fraud by Indemnifying Party; (vi) bodily injury, including, but not limited to, illness, communicable disease, virus, or pandemic in connection with Indemnifying Party’s provision of the Services; (v) personal injury (including, but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation, and any claims or allegations of wrongful death) in connection with Indemnifying Party’s provision of the Services, (vi) any damage to and destruction of real property in connection with Indemnifying Party’s provision of the Services; (vii) any damage to and destruction of personal property in connection with Indemnifying Party’s provision of the Services, (viii) Service Provider’s furnishing to District of any copyrighted or patented material under the Contract and claims that such materials infringe upon a third party’s intellectual property rights. For avoidance of doubt, Service Provider’s liability under this paragraph includes any and all liability arising out of or in any way attributable to the performance of this Agreement by Service Provider or by any individual or entity for which Service Provider is legally liable, including, but not limited to, its officers, agents, employees, and subcontractors.

b. Indemnifying Party’s indemnity, defense, protection and hold harmless obligations under this paragraph 24 shall apply whether or not the applicable Claim: (i) is a third party claim or a direct claim; (ii) has any merit; (iii) arises from an act or omission authorized under the Contract; or (iv) is caused or alleged to have been caused by the negligence of the Indemnified Party, provided, however, that Indemnifying Party shall not be liable for damages or losses caused by sole gross negligence or sole willful misconduct of the Indemnified Party.

c. Indemnifying Party’s obligations under this paragraph 24 shall not be limited by Service Provider’s insurance requirements under the Contract.

d. The Indemnified Party shall promptly notify the Indemnifying Party of any Claim for which indemnification is sought, following actual knowledge of such Claim. However, the failure to give such notice shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that Indemnifying Party is materially and irrevocably prejudiced by such failure. In the event that any third party Claim is brought, the Indemnifying Party shall have the right and option to undertake and control the defense of such action with counsel of its choice, except that (i) the Indemnified Party at its own expense may participate and appear on an equal footing with the Indemnifying Party in the defense of any such Claim; (ii) the Indemnified Party, at Indemnifying Party's expense, may undertake and control of such defense in the event of the material failure of the Indemnifying Party to undertake and control the same; and (iii) the Indemnified Party may control with counsel of its choice the defense of any third party Claim when an adverse judgment would establish a precedent that would be materially damaging to the continuing business interests of Indemnified Party as a public agency (e.g., a Claim involving public contracting rules). A Party shall not consent to judgment or concede or settle or compromise any Claim without the prior written approval of the other Party (which approval shall not be unreasonably withheld, delayed, or conditioned).

e. No Party shall be entitled to any form of implied or equitable indemnification at any time, whether based upon a theory of contract, torts, strict liability or otherwise, and each Party expressly disclaims any right to implied or equitable indemnification.

f. Service Provider agrees to obtain executed indemnity Agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Service Provider in the performance of this Agreement. In the event Service Provider fails to obtain such indemnity obligations from others as required here, Service Provider agrees to be fully responsible according to the terms of this section. Failure of District to monitor compliance with these requirements imposes no additional obligations on District and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend District as set forth here is binding on the successors, assigns or heirs of Service Provider and shall survive the termination of this Agreement.

g. The provisions of this paragraph 24 shall survive the termination or expiration of the Contract and remain in full force and effect.

*On behalf of Service Provider, I certify that I have read and understood the foregoing indemnity, defense, and hold harmless obligations under this paragraph 24 and that Service Provider agrees to be bound by such obligations.*

The Parties further agree to act in good faith to identify a

mutually acceptable mediator. If a mediator cannot be agreed upon by the Parties, each Party shall designate a mediator and those mediators shall select a third mediator who shall act as the neutral mediator of the Parties' dispute. If the dispute or claim is resolved successfully through the mediation, the resolution shall be documented by a written agreement executed by the Parties. If the mediation does not successfully resolve the dispute or claim, the mediator shall provide written notice to the Parties reflecting the same, and the Parties may then proceed to seek an alternative form of resolution of the dispute or claim, in accordance with the remaining terms of the Contract and other rights and remedies afforded to them by law. Notwithstanding the foregoing, nothing set forth in this paragraph shall require mediation prior to commencing an action in equity seeking injunctive relief or prior to District taking action to protect the health or safety of its students or staff. All applicable statutes of limitation shall be tolled while the mediation procedures specified herein are pending, and the Parties agree to take all action, including the execution of stipulations or tolling agreements, necessary to effectuate the intent of this provision.

I authorize my son/daughter, named above, to participate in the indicated voluntary extracurricular event or activity. I understand and acknowledge that voluntary extracurricular activities, by their very nature, pose the potential risk of serious injury and/or illness to the individuals who participate in such voluntary extracurricular events or activities.

This voluntary extracurricular event or activity, by its very nature, may pose some inherent risk of a participant being seriously injured, before, during, and/or after the activity or event, including transportation whether provided by the local educational agency (LEA) or not. These injuries may include, but are not limited to, the following:

- |  |                                     |
|--|-------------------------------------|
| 1. Sprains and strains                   | 7. Loss of eyesight                 |

| 6. Disfigurement                         | 12. Exposure to infectious diseases |

I understand and acknowledge that participation in voluntary extracurricular events or activities is completely elective and voluntary and is not required by the LEA/School for completion of promotion or graduation requirements. I also understand that, if I do not consent to my son's/daughter's participation in the voluntary extracurricular event or activity, he/she may be offered an alternative event or activity and possible credit for promotion or graduation may or may not be offered.

I understand that all participants are to abide by and accept all rules and requirements governing conduct and safety in the voluntary extracurricular event or activity. I understand and acknowledge that in order to participate in these activities, I and my son/daughter agree to assume liability and responsibility for any and all potential risks that may be associated with participation in voluntary extracurricular events or activities.

I also understand that the LEA/School, due to the COVID-19 virus or other potential infectious diseases, has undertaken a plan to facilitate a safe environment for educational programs in addition to extracurricular, co-curricular and sport/athletic events or activities. In doing so, I further understand that the LEA/School has adopted plans designed to meet the requirements and recommendations of state agencies, health advisors and other responsible bodies. However, I also understand and acknowledge that despite the LEA's and School's efforts, the risk of infection from the COVID-19 virus, or others, cannot be eliminated at this time, and that my son/daughter may be exposed as a result. I also understand and acknowledge that in participating in this voluntary extracurricular event or activity, my son/daughter will increase his/her interaction with students and staff, and the corresponding risk of contact and infection, and that this may include functions involving other people and/or facilities other than the LEA's. These other students, instructors, assistants, and facilities are potentially operating under a different COVID-19 safety plan, further increasing the risk of exposure of my son/daughter. Finally, I understand, acknowledge, and agree that despite reasonable care and steps by the LEA/School, that the virus presents serious challenges to prevention and control, and reasonable efforts by the LEA/School does not assure that my son/daughter may not be infected, and that the infection may not be brought home. Despite all the above I am freely and voluntarily signing this "Extracurricular Event or Activity, Assumption of Risk Form" to enable and authorize my son/daughter to participate and releasing and discharging the LEA/School and its/their governing board, officers, agents, employees and/or volunteers from any liability for my son/daughter becoming infected in his/her participation in the event or activity.

I agree to, and do hereby release and hold the LEA/School and its governing board, officers, agents, employees and/or volunteers harmless for any and all claims; demands; causes of action; liability; damages; expenses; or loss of any sort, including bodily injury or death; because of or arising out of acts or omissions with respect to the voluntary extracurricular event or activity, including programs or procedures of the LEA/School for students and participation in such events or activities

## Oxnard School District Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

**Symptoms may include one or more of the following:**

- Loses consciousness

**What can happen if my child keeps on playing with a concussion or returns to soon?**

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

**If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. California Education Code section 49475 and CIF Bylaw 313 now require implementation of long and well-established return to play concussion guidelines that have been recommended for several years.

You should also inform your child’s coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

**Return to Play (RTP)**

Concussion symptoms should be completely gone before returning to full practice or competition. A RTP progression involves a gradual, step-wise increase in physical effort, sports-specific activities and the risk for contact. If symptoms occur with activity, the progression should be stopped. If there are no symptoms the next day, exercise can be restarted at the previous stage.

RTP after concussion should occur only with medical clearance from a medical doctor trained in the evaluation and management of concussions, and a step-wise progression program monitored by an athletic trainer, coach, or other identified school administrator. Please see [cifstate.org](http://cifstate.org) for a graduated return to play plan. Return to play (i.e., full practice and competition) must be no sooner than 7 days after the concussion diagnosis has been made by a physician.

### Información acerca de las concusiones cerebrales

Una concusión es una herida cerebral y todas las heridas cerebrales son graves. Dichas heridas son causadas por un golpe ligero, un golpe fuerte a la cabeza, un movimiento repentino de la cabeza o por un golpe fuerte a otra parte del cuerpo con fuerza que se trasmite a la cabeza. Las heridas varían entre ligeras o graves y pueden interrumpir la manera en la que el cerebro funciona. Aunque la mayoría de las concusiones cerebrales son ligeras, **todas las concusiones cerebrales tienen el potencial de ser graves y si no se reconocen y tratan correctamente podrían tener como resultado complicaciones incluyendo daño cerebral prolongado o la muerte.** Eso quiere decir que cualquier “golpecito” a la cabeza podría ser grave. Las concusiones cerebrales no son visibles y en su mayoría las concusiones cerebrales que ocurren durante los deportes no ocasionan la pérdida de conciencia. Las señales y síntomas de una concusión cerebral podrían aparecer inmediatamente después de una herida o después de horas o días. Si su hijo(a) reporta cualquier síntoma de una concusión cerebral, o si se da cuenta de los síntomas de una concusión cerebral, por favor consiga atención médica sin demora.

#### Los siguientes son algunos de los síntomas de una concusión:

- |   |  |
|---|--|
| <ul style="list-style-type: none"> <li>• Dolor de cabeza</li> <li>• “Presión en la cabeza”</li> <li>• Náusea o vómito</li> <li>• Dolor de cuello</li> <li>• Problemas de equilibrio o mareos</li> <li>• Visión borrosa o visión doble</li> <li>• Sensibilidad a la luz o ruido</li> <li>• Decaído</li> <li>• Adormecido</li> <li>• Mareado</li> <li>• Cambios en los hábitos de dormir</li> </ul> | <ul style="list-style-type: none"> <li>• Amnesia</li> <li>• “No se siente bien”</li> <li>• Fatiga o energía baja</li> <li>• Tristeza</li> <li>• Nervios o ansiedad</li> <li>• Irritabilidad</li> <li>• Más sensible</li> <li>• Confundido</li> <li>• Problemas con concentración o memoria (por ejemplo: olvidar las jugadas)</li> <li>• Repetir la misma pregunta o comentario</li> </ul> |
|---|--|

#### Los siguientes síntomas son observados por compañeros, padres y entrenadores:

- Parece desorientado
- Tiene una expresión facial vacía
- Está confundido acerca de la tarea o actividad
- Se olvida de las jugadas
- Está confundido sobre el juego, los puntos o el oponente
- Se mueve torpemente o muestra una falta de coordinación
- Contesta las preguntas lentamente
- Arrastra las palabras
- Muestra cambios de comportamiento o personalidad
- No puede recordar los eventos que sucedieron antes de la colisión
- No puede recordar los eventos que sucedieron después de la colisión
- Ataques o convulsiones
- Cualquier cambio en el comportamiento típico o personalidad
- Pérdida de la conciencia

**¿Qué puede pasar si mi hijo(a) sigue jugando con una concusión cerebral o regresa a jugar antes de que este recuperado?**

Los deportistas con señales o síntomas de una concusión cerebral deben dejar de jugar inmediatamente. Continuar jugando con las señales o síntomas de una concusión pone al deportista en riesgo de sufrir una herida más grave. La probabilidad de que se sufra daño significativo de una concusión aumenta cuando ha pasado un periodo de tiempo largo después de que sucedió la concusión, sobre todo si el deportista sufre otra concusión antes de recuperarse completamente de la primera. Eso puede traer como consecuencia una recuperación más prolongada o incluso una hinchazón cerebral (síndrome de segundo impacto) con consecuencias devastadoras o fatales. Es bien conocido que los deportistas adolescentes no reportan mucho los síntomas de sus heridas. Eso es el caso también con las concusiones cerebrales. Por lo mismo es importante que los administradores, entrenadores, padres y estudiantes estén bien informados, el cual es clave para la seguridad de los estudiantes deportistas.

**Si cree que su hijo(a) ha sufrido una concusión**

En cualquier situación donde se sospecha que un deportista tiene una concusión, es importante sacar a este estudiante del juego o entrenamiento inmediatamente. Ningún deportista puede volver a participar en la actividad después de sufrir una herida de cabeza o concusión cerebral sin el permiso de un doctor, no importa si la herida parece ser ligera o los síntomas desaparecen rápidamente. Se debe de observar cuidadosamente el mejoramiento del deportista por varias horas. Código Educativo de California sección 49475 y estatuto 313 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de las siguientes normas para regresar a jugar un deporte después de sufrir una concusión, las cuales se han recomendado por muchos años.

También debe informar al entrenador(a) de su hijo(a) si piensa que ha sufrido una concusión cerebral. Recuerde que es mejor faltar un partido que faltar toda la temporada. Si existe alguna duda de que el deportista sufrió una concusión cerebral o no, se tomará precauciones y no podrá jugar.

**Volver a Jugar**

Síntomas de concusión cerebral deben ser desaparecido por completo antes de volver a la práctica completa o la competencia. Un volver a jugar la progresión implica un aumento gradual, paso a paso en el esfuerzo físico, las actividades de los deportes específicos y el riesgo para el contacto. Si se presentan síntomas con la actividad, la progresión se debe parar. Si no hay síntomas al día siguiente, el ejercicio puede iniciarse de nuevo en la etapa anterior.

Volver a jugar después de la concusión cerebral debe ocurrir sólo con autorización médica de un médico entrenado en la evaluación y la gestión de las concusiones cerebrales. Volver a jugar debe ser supervisado por un entrenador, entrenador atlético o administrador identificado por la escuela. Por favor, consulte [cifstate.org](http://www.cifstate.org) para un retorno gradual a jugar el plan. Retorno a la práctica completa y la competencia debe ser no antes de 7 días después del diagnóstico concusión ha sido hecha por un médico.

# Parent/Student CIF Heat Illness Information Sheet

### Why am I getting this information sheet?

You are receiving this information sheet about Heat Illness because of California state law AB 2800 (effective January 1, 2019), now Education Code § 35179 and CIF Bylaws 22.B.(9) and 503.K (Approved Federated Council January 31, 2019):

1. The law requires a student athlete who has been removed from practice or play after displaying signs and symptoms associated with heat illness must receive a written note from a licensed health care provider before returning to practice.
2. Before an athlete can start the season and begin practice in a sport, a Heat Illness information sheet must be signed and returned to the school by the athlete and the parent or guardian.

Every 2 years all coaches are required to receive training about concussions (AB 1451), heat illness (AB 2800) as well as certification in First Aid training, CPR, and AEDs (life-saving electrical devices that can be used during CPR).

### What is Heat Illness and how would I recognize it?

Exercise produces heat within the body and can increase the player's body temperature. Add to this a hot or humid day and any barriers to heat loss such as padding and equipment, and the temperature of the individual can become dangerously high.

Heat Illness occurs when metabolically produced heat combines with that gained from the environment to exceed the heat and large sweat losses. Young athletes should be pre-screened at their pre-participation physical exam form education/supplement use, cardiac disease, history of sickle cell trait, and previous heat injury. Athletes with any of these factors should be supervised closely during strenuous activities in a hot climate. Fatal heat stroke occurs most frequently among obese high school middle lineman.

Much of one's body heat is eliminated by sweat. Once this water leaves the body, it must be replaced. Along with water loss, many other minerals are lost in the sweat. Most of the commercial drinks now available contain these minerals, such as Gatorade, etc., but just plain water is all that is really required because the athlete will replace the lost minerals with his/her normal diet.

**PREVENTION:** There are several steps which can be taken to prevent heat illness from occurring:

**ADEQUATE HYDRATION:** The athlete should arrive at practice well-hydrated to reduce the risk of dehydration. The color of the urine can provide a quick guess at how hydrated the athlete. If the urine is dark like apple juice means the athlete is dehydrated. If the urine is light like lemonade in color means the athlete seems adequately hydrated.

Water or sports drinks should be readily available to athletes during practice and should be served ideally chilled in containers that allow adequate volumes of fluid to be ingested.

Water breaks should be given at least every 30-45 minutes and should be long enough to allow athletes to ingest adequate volumes of fluid.

Athletes should be instructed to continue fluid replacement in between practice sessions.

**GRADUAL ACCLIMATIZATION:** Intensity and duration of exercise should be gradually increased over a period of 7-14 days to give athletes' time to build fitness levels and become accustomed to practicing in the heat. Protective equipment should be introduced in phases (start with helmet, progress to helmet and shoulder pads, and finally fully uniform).

**HEAT EXHAUSTION:** Inability to continue exercise due to heat-induced symptoms. Occurs with an elevated body-core temperature between 97- and 104-degrees Fahrenheit.

<ul style="list-style-type: none"> <li>• Dizziness, lightheadedness, weakness</li> </ul>	<ul style="list-style-type: none"> <li>• Profuse sweating</li> </ul>
<ul style="list-style-type: none"> <li>• Headache</li> </ul>	<ul style="list-style-type: none"> <li>• Cool, clammy skin</li> </ul>
<ul style="list-style-type: none"> <li>• Nausea</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Diarrhea, urge to defecate</li> </ul>	<ul style="list-style-type: none"> <li>• Decreased urine output</li> </ul>
<ul style="list-style-type: none"> <li>• Pallor, chills</li> </ul>	

**TREATMENT:** Stop exercise, move player to a cool place, remove excess clothing, give fluids if conscious, COOL BODY: fans, cold water, ice towels, or ice packs. Fluid replacement should occur as soon as possible. The athlete should be referred to a hospital emergency if recovery is not rapid. When in doubt, CALL 911. Athletes with heat exhaustion should be assessed by a physician as soon as possible in all cases.

**HEAT STROKE:** Dysfunction or shutdown of body systems due to elevated body temperature which cannot be controlled. This occurs with a body-core temperature greater than 107 degrees Fahrenheit.

**WARNING SYMPTOMS:**

**This is a MEDICAL EMERGENCY. Death may result if not treated properly and rapidly.**

Treatment: Stop exercise, Call 911, remove from heat, remove clothing, immerse athlete in cold water for aggressive, rapid cooling (if immersion is not possible, cool the athlete as described for heat exhaustion), monitor vital signs until paramedics arrive.

<b>Signs observed by teammates, parents and coaches include:</b>	
<ul style="list-style-type: none"> <li>• Dizziness</li> </ul>	<ul style="list-style-type: none"> <li>• Weakness</li> </ul>
<ul style="list-style-type: none"> <li>• Drowsiness, loss of consciousness</li> </ul>	<ul style="list-style-type: none"> <li>• Hot and wet or dry skin</li> </ul>
<ul style="list-style-type: none"> <li>• Seizures</li> </ul>	<ul style="list-style-type: none"> <li>• Rapid heartbeat, low blood pressure</li> </ul>
<ul style="list-style-type: none"> <li>• Staggering, disorientation</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Behavioral/cognitive changes (confusion, irritability, aggressiveness, hysteria, emotional instability)</li> </ul>	<ul style="list-style-type: none"> <li>• Vomiting, diarrhea</li> </ul>

**Final Thoughts for Parents and Guardians:**

Heat stress should be considered when planning and preparing for any sports activity. Summer and fall sports are conducted in very hot and humid weather in many parts of the California. Many of the heat problems have been associated with football, due to added equipment which acts as a barrier to heat dissipation. Several heatstroke deaths continue to occur each season in the United States. There is no excuse for heatstroke deaths if the proper precautions are taken.

You should also feel comfortable talking to the coaches or athletic trainer about possible heat illness signs and symptoms that you may be seeing in your child.

I acknowledge that I have received and read the CIF Heat Illness Information Sheet.

## Hoja de información CIF para padres/estudiantes referente a la insolación

### ¿Por qué me han enviado esta información?

Usted ha recibido esta hoja informativa referente a la insolación debido a lo indicado por la Ley AB 2800 de California (efectiva el 1° de enero del 2019), el cual ahora es parte del Código de Educación § 35179 y de los reglamentos CIF 22.B.(9) y 503.K (aprobados por el Concilio Federal el 31 de enero del 2019):

1. La ley requiere que cualquier atleta estudiante que haya sido excluido de las prácticas o de algún partido debido a que ha mostrado señales y síntomas relacionados con la insolación (infarto de calor), debe recibir una nota escrita de un proveedor acreditado de cuidados médicos antes de regresar a las prácticas de atletismo.
2. Antes que un atleta pueda comenzar la temporada y comience las prácticas deportivas, los padres o tutores legales deben firmar y entregar a la escuela una Hoja de información sobre la insolación.

Cada dos años todos los entrenadores tienen el requisito de recibir entrenamiento sobre las contusiones cerebrales (AB 1451), la insolación (AB 2800) al igual que una certificación de entrenamiento sobre primeros auxilios, resucitación cardiopulmonar (CPR, en inglés) y los instrumentos eléctricos (AEDs, en inglés) que se pueden utilizar para salvar la vida durante una resucitación cardiopulmonar (CPR).

### ¿Qué es la insolación y como puedo identificar los síntomas?

El ejercicio produce calor dentro del cuerpo y puede incrementar la temperatura del cuerpo del atleta. Si a esto se agregan un día caluroso o húmedo, más las barreras que impiden la disipación del calor como el equipo de amortiguación en el uniforme deportivo, la temperatura corporal del individuo puede aumentar peligrosamente.

La insolación ocurre cuando el calor producido por el metabolismo corporal se combina con el calor que proviene del medioambiente, lo que ocasiona calor excesivo y grandes pérdidas de sudor. Previo a su participación, los atletas jóvenes deben ser evaluados durante su examen médico para diagnosticar enfermedades cardíacas, historial de células falciformes (sickle cell trait, en inglés) y traumas previos debido al calor. Los atletas que presenten cualquiera de estos casos deben ser supervisados cuidadosamente durante las actividades estrenuas realizadas en climas calientes. El infarto fatal debido al calor ocurre más frecuentemente entre los atletas obesos de preparatoria que juegan la posición de defensas medios.

La mayoría del calor corporal es eliminado por medio del sudor. El líquido debe ser reemplazado después que ha salido del cuerpo. Junto con la pérdida de agua, el cuerpo pierde muchos otros minerales por medio del sudor. La mayoría de las bebidas comerciales disponibles, tales como Gatorade, etc., contienen estos minerales; sin embargo, lo que realmente se necesita es solamente agua debido a que el atleta recuperará los minerales perdidos por medio de su dieta regular.

**PREVENCIÓN:** Existen varios pasos que deben seguirse para prevenir un infarto debido al calor:

**LA HIDRATACIÓN APROPIADA:** El atleta debe llegar a sus prácticas deportivas bien hidratado para reducir el riesgo de deshidratación. El color de la orina puede mostrar fácilmente el nivel de hidratación del atleta. Si la orina es oscura parecido al jugo de manzana, eso significa el atleta está deshidratado. Si la orina es clara como el color de la limonada, eso significa que el atleta está propiamente hidratado.

En las prácticas debe haber agua y bebidas deportivas fácilmente disponibles para los atletas y de preferencia deben servirse frías y en envases que permitan la ingestión de líquidos en volúmenes apropiados.

También debe haber recesos para beber agua por lo menos cada 30 o 45 minutos y los recesos deben ser suficientemente largos para ingerir volúmenes apropiados de líquidos.

A los atletas se les debe instruir que deben continuar reemplazando los líquidos antes y después de las sesiones de práctica.

**LA ACLIMATACIÓN GRADUAL:** La intensidad y la duración del ejercicio debe incrementarse gradualmente durante un periodo de 7 a 14 días para que el atleta pueda alcanzar niveles apropiados de aptitud física y su cuerpo se acostumbre a practicar en el calor. El equipo protector debe introducirse de manera gradual (comenzando con el casco, después el casco y las hombreras, y finalmente el uniforme completo).

**EL AGOTAMIENTO DEBIDO AL CALOR:** Es la inhabilidad de continuar ejercitando debido a los síntomas producidos por el calor. Esto ocurre cuando la temperatura básica del cuerpo se encuentra entre los 97 y los 104 grados Fahrenheit.

• Vértigo, mareo, debilidad	• Sudor abundante
• Dolor de cabeza	• Piel viscosa y fría
• Náusea	• Hiperventilación
• Diarrea, urgencia para defecar	• Reducción en la producción de orina
• Palidez, escalofríos	

**TRATAMIENTO:** Dejar de ejercitar, acudir a un lugar frío, quitar la ropa excesiva, beber líquidos si la persona está consiente, ENFRIAR EL CUERPO: con ventiladores, agua fría, toallas heladas, o esponjas húmedas congeladas (ice packs). Debe comenzar la recuperación de líquidos tan pronto como sea posible. Si su recuperación no es rápida, el atleta debe ser llevado a la sala de emergencias del hospital. Si existen dudas, LLAME AL 911. En todos los casos, los atletas que sufren agotamiento debido al calor deben ser evaluados por un médico tan pronto como sea posible.

**INFARTO DEBIDO AL CALOR:** Es el mal funcionamiento o paralización de los sistemas corporales debido a la alta temperatura del cuerpo la cual está fuera de control. Esto ocurre cuando la temperatura básica del cuerpo es mayor a los 107 grados Fahrenheit.

**SÍNTOMAS DE ALARMA:**

Los siguientes síntomas representan una EMERGENCIA MÉDICA. Podría ocasionar la muerte si no se ofrece tratamiento médico inmediato y apropiado.

Tratamiento: dejar de ejercitar, llamar al 911, alejar del calor, desvestirse, sumergir al atleta en agua fría para un enfriamiento rápido y eficaz (si no es posible sumergir al atleta, enfriar al atleta siguiendo el tratamiento para el agotamiento debido al calor), vigilando los signos vitales hasta que lleguen los paramédicos.

<b>Los síntomas que han sido observados por los jugadores, padres y entrenadores incluyen:</b>	
• Mareos (vértigo)	• Debilidad
• Letargo (adormecimiento), quedar inconsciente	• Piel caliente, húmeda o seca
• Convulsiones (ataques epilépticos)	• Pulso rápido, baja presión sanguínea
• Tambaleo, tropiezos, desorientación	• Hiperventilación
• Cambios cognitivos y de comportamiento (confusión, irritabilidad, agresividad, histeria, inestabilidad emocional)	• Vómito, diarrea

**Consejos finales para los padres y tutores legales:**

Cada vez que planea y prepare cualquier actividad deportiva usted debe tomar en cuenta el estrés que será producido por el calor. En varias regiones de California, los deportes de verano y otoño a menudo se realizan en climas muy calientes y húmedos. Muchos de los problemas ocasionados por el calor se relacionan con el fútbol Americano, debido al equipo adicional que los atletas deben vestir y el cual actúa como una barrera que impide la disipación del calor. Durante cada temporada deportiva en los Estados Unidos continúan sucediendo varias muertes debido a los infartos por el calor. Si se toman las precauciones apropiadas, no existe ninguna excusa para permitir que suceda una muerte debido a un infarto por el calor.

Usted debe tener la confianza de hablar con los entrenadores o manejadores de atletismo referente a los posibles síntomas de insolación y sobre los síntomas que tal vez usted observa en su hijo.

Yo confirmo que he recibido y leído La Hoja de información CIF referente a la insolación.

## OXNARD SCHOOL DISTRICT Prescription Opioids: What You Need to Know

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed.

### **Side effects may include one or more of the following:**

- Tolerance - meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

### **Risks are greater with the following:**

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

### **Unless specifically advised by your health care provider, medications to avoid include:**

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids
- In addition, avoid alcohol while taking prescription opioids.

**KNOW YOUR OPTIONS**

**Talk to your health care provider about ways to manage your pain that do not involve prescription opioids. Some of these options may actually work better and have fewer risks and side effects. Options may include:**

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

**IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:**

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within.
  - Work together to create a plan on how to manage your pain.
  - Talk about ways to help manage your pain that don't involve prescription opioids.
  - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
  - Never sell or share prescription opioids.
  - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).

### Opioides recetados: lo que necesita saber

Los opioides recetados son medicamentos que sirven para aliviar el dolor moderado a intenso y suelen ser recetados luego de una cirugía o de sufrir una lesión, o ante ciertos problemas de salud. Estos medicamentos pueden ser una parte importante del tratamiento, aunque también implican riesgos graves. Es importante comunicarse con su proveedor de atención médica para asegurarse que está obteniendo la atención más segura y eficaz.

Los riesgos más graves de los opioides recetados son la adicción y la sobredosis, especialmente con el uso prolongado. Una sobredosis con opioides puede reducir la frecuencia respiratoria y provocar la muerte repentina. Los opioides recetados pueden tener efectos secundarios, incluso si se toman según las indicaciones.

#### **Los efectos secundarios pueden incluir uno o más de los siguientes:**

- Tolerancia: la necesidad de tomar más medicamentos para lograr la misma reducción del dolor
- Dependencia física: aparición de síntomas de abstinencia al interrumpir el consumo
- Mayor sensibilidad al dolor
- Estreñimiento: es el efecto secundario más común
- Náuseas, vómitos y sequedad de boca
- Somnolencia y mareo
- Confusión
- Depresión
- Bajos niveles de testosterona, que pueden resultar en un menor impulso sexual, energía y fuerza
- Comezón y sudor

#### **Los riesgos son mayores con lo siguiente:**

- Tiene antecedentes de abuso de drogas, trastorno de consumo de sustancias o sobredosis
- Tiene una condición de salud mental, (como depresión o ansiedad)
- Tiene apnea del sueño
- Tiene 65 años o más
- Está embarazada

#### **A menos que su proveedor de atención médica lo indique específicamente, los medicamentos que debe evitar incluyen:**

- Benzodicepinas (como Xanax o Valium)
- Relajantes musculares (como Soma o Flexeril)
- Pastillas para dormir (como Ambien o Lunesta)
- Otros opioides recetados
- Adicionalmente, evite el consumo de alcohol mientras esté tomando opioides recetados.

**SEPA CUÁLES SON SUS OPCIONES**

**Hable con su proveedor de atención médica acerca de las maneras de controlar el dolor sin tener que usar opioides. Algunas de esas opciones podrían dar mejores resultados y presentar menores riesgos y efectos secundarios. Las opciones podrían ser las siguientes:**

- Otros analgésicos, como acetaminofeno (Tylenol), ibuprofeno (Advil, Motrin) o naproxeno
- Algunos medicamentos que también se emplean contra la depresión y las convulsiones.
- Fisioterapia y ejercicios
- Terapia cognitiva conductual, un enfoque psicológico dirigido por objetivos donde los pacientes aprenden a modificar las causas físicas, conductuales y emocionales del dolor y el estrés.

**SI LE RECETAN OPIOIDES PARA EL DOLOR:**

- Nunca tome opioides en más cantidades o más seguido que lo indicado.
- Haga un seguimiento con su proveedor de atención médica.
  - Establezcan juntos un plan para tratar el dolor.
  - Analicen posibilidades para tratar el dolor, las cuales no incluyan opioides recetados.
  - Hable de sus inquietudes y de los efectos secundarios.
- Ayude a evitar el mal uso y el abuso.
  - Nunca venda ni comparta opioides recetados.
  - Nunca use los opioides recetados de otra persona.
- Guarde los opioides recetados en un lugar seguro y lejos del alcance de otras personas. (Esto puede incluir visitas, niños, amigos y familiares).
- Deshágase de manera segura de los opioides recetados que le sobren. Encuentre el programa de devolución de medicamentos de su comunidad o el programa de devolución de medicamentos de su farmacia o tírelos en el inodoro, siguiendo las instrucciones de la Administración de Alimentos y Medicamentos: [www.fda.gov/Drugs/ResourcesForYou](http://www.fda.gov/Drugs/ResourcesForYou).
- Visite [www.cdc.gov/drugoverdose](http://www.cdc.gov/drugoverdose) para conocer los riesgos del abuso y la sobredosis de opioides
- Si cree que puede estar luchando contra la adicción, infórmeselo a su proveedor de atención médica y solicite orientación o llame a la línea de ayuda nacional de SAMHSA al 1-800-662-HELP.

### Hoja CIF de información y compromiso de los padres y estudiantes sobre los esteroides

“Como condición de membresía en el CIF, todas las escuelas que son miembros deberán adoptar normas que prohíban el uso y abuso de los esteroides androgénicos/anabólicos. Todas estas escuelas deberán confirmar que los estudiantes atletas participantes y sus padres, el tutor legal/cuidador están de acuerdo que el atleta no usará esteroides anabólicos sin la receta prescrita por medio de un examen físico con licencia plena (como lo reconoce la Asociación Médica Americana, AMA) para tratar una condición médica”. (Estatuto CIF 503.I)

#### Nuestra norma del distrito escolar (BP 5131.63):

La Mesa Directiva Gobernante reconoce que el uso de esteroides y otros suplementos para mejorar el rendimiento físico representa un grave peligro para la salud y la seguridad. Como parte de los esfuerzos distritales de prevención e intervención del uso de drogas, el superintendente o la persona designada y el personal deberán hacer todos los esfuerzos razonables para evitar que los estudiantes usen esteroides u otros suplementos para mejorar el rendimiento físico.

Como parte de sus programas de salud, educación física o educación sobre las drogas, los estudiantes en los grados 7 al 12 recibirán una lección sobre los efectos de los esteroides.

Los estudiantes que participan en el atletismo escolar tienen prohibido el uso de esteroides y suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia sinefrina (synephrine, en inglés). (Código de Educación 49030).

Antes de participar en el atletismo escolar, un estudiante atleta y su padre/madre/tutor legal deberán firmar una declaración donde el estudiante atleta se compromete a no usar esteroides androgénicos/anabólicos y/o suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia Sinefrina (Synephrine, en inglés), a menos que el estudiante haya recibido una receta médica escrita por un profesional de la salud que posea autorización para tratar condiciones médicas.

Cualquier estudiante que haya violado el acuerdo o esta norma no podrá participar en el atletismo escolar y estará sujeto a los procedimientos disciplinarios los cuales incluyen, entre otros, la suspensión o expulsión de acuerdo con la ley, las normas de la Mesa Directiva y los reglamentos administrativos.

Los entrenadores deben educar a los estudiantes sobre las prohibiciones del distrito y los peligros del uso de esteroides y otros suplementos para mejorar el rendimiento físico.

El Superintendente o la persona designada se asegurarán que las escuelas del distrito no acepten patrocinios o donaciones de fabricantes de suplementos que ofrezcan suplementos de desarrollo muscular a los estudiantes.

#### Compromiso

Al firmar este documento, el estudiante atleta participante junto con sus padres, tutores legales/cuidadores están de acuerdo que el estudiante atleta mencionado en este documento no utilizará esteroides androgénicos/anabólicos sin una prescripción escrita por un médico que posea autorización plena para tratar condiciones médicas (tal como lo reconoce la Asociación Médica Americana, AMA). También reconocemos que según el reglamento CIF 202, podrían existir penalidades por el uso de información falsa o fraudulenta. Además comprendemos que la escuela [insert name of school] seguirá las normas referentes al uso ilegal de drogas en caso de que ocurran violaciones a estos reglamentos.

Yo confirmo que he recibido y leído la Hoja de información CIF referente a los esteroides.

**Sudden Cardiac Arrest Information Sheet**

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure.

Recognize the Warning Signs and Risk Factors of Sudden Cardiac Arrest.

Tell your coach and consult your health care provider if these conditions are present in your student athlete:

Potential indicators that SCA may occur:

- Fainting or seizure, especially during or right after exercise;
- Fainting repeatedly or with excitement or startle;
- Excessive shortness of breath during exercise;
- Racing or fluttering heart palpitations or irregular heartbeat;
- Repeated dizziness or lightheadedness;
- Chest pain or discomfort with exercise;
- Excessive, unexpected fatigue during or after exercise.

Factors that increase the Risk of SCA:

- Known structural heart abnormality, repaired or unrepaired;
- Family members with unexplained fainting, seizures, drowning or near drowning, or car accidents;
- Family history of known heart abnormalities or sudden death before age 50;
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD);
- Use of drugs, such as cocaine, inhalants, "recreational" drugs, excessive energy drinks or performance-enhancing supplements.

**How Common is Sudden Cardiac Arrest in the United States?**

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

### **Who is at Risk for Sudden Cardiac Arrest?**

SCA is more likely to occur during exercise or physical activity, so student athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they are out of shape and need to train harder, or they simply ignore the symptoms, assuming they will “just go away.” Additionally, some health history factors increase the risk of SCA.

### **What Should You do if your Student Athlete is Experiencing any of these Symptoms?**

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor’s feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

### **Return to Play (RTP)**

The California Interscholastic Federation (CIF) amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting. A student athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider (medical doctor or doctor of osteopathy). Parents, guardians and caregivers are urged to dialogue with student athletes about their heart health.

### **Acknowledgment**

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student’s sports program

### Una ficha informativa acerca del Paro Cardíaco Repentino

El Paro Cardíaco Repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El PCR es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla.

Reconozca los factores de riesgo y los signos de advertencia del Paro Cardíaco Repentino.

Dígale al entrenador y consulte a su médico si su atleta adolescente padece estos síntomas:

Posibles indicadores de que podría suceder un PCR:

- Colapso o convulsiones, especialmente justo después de ejercitarse;
- Colapso frecuente, o por emoción o susto;
- Falta excesiva de aliento durante el ejercicio;
- Taquicardia o palpitaciones, o ritmo cardíaco irregular;
- Mareo o aturdimiento frecuente;
- Dolor o malestar en el pecho al ejercitarse;
- Fatiga excesiva e inesperada durante o después del ejercicio.

Factores que incrementan el riesgo de que suceda un PCR:

- La presencia de una anomalía estructural del corazón, reparada o no reparada;
- Familiares que han sufrido sin explicación, colapsos, convulsiones, un accidente automovilístico, que se han ahogado o han estado a punto de ahogarse;
- Un historial clínico familiar de anomalías cardíacas conocidas o muerte repentina antes de los 50 años;
- Un historial clínico familiar específico con casos del síndrome del QT largo, síndrome Brugada, miocardiopatía hipertrófica o displasia arritmogénica del ventrículo derecho (DAVD);
- El consumo de enervantes tales como cocaína, inhalantes, drogas “recreativas,” bebidas de energía en exceso, y sustancias o suplementos para mejorar el rendimiento.

#### **¿Qué tan común es el PCR en los Estados Unidos?**

Por ser la principal causa de muerte en los EE. UU. cada año suceden más de 300,000 paros cardíacos lejos de los hospitales, de los que nueve de cada diez son mortales. Miles de jóvenes son víctimas de los paros cardíacos repentinos por ser la segunda causa de muerte en menores de 25 años y la principal razón por la que mueren los atletas adolescentes durante el ejercicio.

**¿Quién corre el riesgo de sufrir un paro cardíaco repentino?**

Los atletas adolescentes corren más riesgo de sufrir un paro cardíaco repentino debido a que tiende a suceder durante el ejercicio o la actividad física. Aunque una enfermedad cardíaca no siempre demuestra signos de advertencia, los estudios demuestran que muchos jóvenes sí tienen síntomas pero no se lo dicen a un adulto. Esto puede ser porque les da pena, no quieren que los saquen de un partido, creen erróneamente que les falta condición física y solamente necesitan entrenar más, o simplemente ignoran los síntomas y suponen que “desaparecerán.” Algunos factores de antecedentes clínicos también aumentan el riesgo de que suceda un PCR.

**¿Qué debe hacer si su atleta adolescente padece alguno de estos síntomas?**

Debemos informarles a los atletas adolescentes que si padecen cualquier síntoma del PCR, es de suma importancia avisarle a un adulto y consultar con un médico de cabecera lo antes posible. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un PCR, deberá consultar a un médico para ver la posibilidad de que se le hagan más pruebas. Espere la respuesta del médico antes de que su adolescente vuelva a jugar y además, avise a su entrenador y a la enfermera escolar de cualquier afección diagnosticada.

**Volver a Jugar**

Federación Interescolar de California (CIF) enmendó sus estatutos para poder incluir lenguaje que incluye capacitación acerca del PCR como requisito en la certificación de entrenadores deportivos. Además, esto ayuda a incluirla en el protocolo de entrenamiento y juego para que los entrenadores tengan la autoridad de sacar del juego a un atleta adolescente que se colapse. El atleta adolescente que haya sido suspendido de un juego después de mostrar signos o síntomas asociados con un PCR, no puede volver a jugar hasta que un médico certificado le haya evaluado y aprobado (medical doctor or doctor of osteopathy). Se les insta a los padres, tutores y cuidadores a que hablen con sus atletas adolescentes acerca de la salud del corazón. Igualmente.

He leído y entendido los síntomas y los signos de advertencia del PCR y el nuevo protocolo de la CIF para incluir medidas para prevenir que suceda un PCR dentro del programa deportivo de mi estudiante

### **Schedule:**

For the school year after hours enrichment program - DM will provide 2 courses a day, 5 days a week, at 20 school sites. Specific schedule details will be mutually established by OSD and Consultant. Consultant agrees to be flexible on the number of hours instructors are assigned to school sites to serve the needs of the program.

For Summer School - DM will provide courses for up to 10 schools for as many hours needed.

DM is willing to provide additional staff (when able) to assist other vendors in times of need.

The total program cost to be paid by the OSD.

Total cost of the program entails:

- 20 schools for the school year
- ~~10 schools for summer~~
- Course offerings to 20 schools including Spring and Summer
- Minimum of 24 weeks/4-5 days per week/3-4 hours (or longer as needed) per day
- School choice of programs
- ~~Spring break program as needed-~~
- Flexible scheduling
- Adjustable course selections
- Willingness to accommodate program as other needs or demands present
- ~~All-inclusive cost with discount (previously \$2,704,671 for 2023-24)~~

If, in good faith, OSD advertises, promotes and registers students in a timely manner and enrollment is exceptionally low, the Consultant will be given an opportunity to provide a lunchtime recruiting session. After that session or series of sessions, if enrollment does not increase, the class may be canceled. If the class is canceled, the Consultant will provide an equivalent class in its place at a location determined by OSD.

If OSD determines that courses beyond this contract are desired for the 2024-25 school year, Consultant will accommodate this request with current contract standing.

Dance Masters has a substitute pool of staff that will cover in the event an instructor needs to be absent for any reason. If for some reason the Dance Masters substitute pool is not adequate to cover the needs for all the schools, Dance Masters will credit back to the OSD the current daily cost of an OSD-approved floating substitute for each occurrence.

If Dance Masters is unable to fully staff all schools for all or any part of the school year, Dance Masters will prorate the balance due for those schools to reflect the time covered using the following per school cost for a full program:

**Summer School Program: \$8,600 x 10 schools = \$86,000**

**Summer School Program: \$8,600 x 10 schools = \$86,000**

**School Year Program: \$118,200 x 20 schools = \$2,364,000**

Representative’s Email: \_\_\_\_\_  
Type of Service: \_\_\_\_\_ Lead Agency

**RECITALS**

A. District is a California public school district that serves preschool to eighth grade students in the City of Oxnard, County of Ventura, State of California at one preschool, ten TK-5 schools, four TK-8 schools, three K-8 schools, and three 6-8 schools. District offers after-school programs to its grade level students for the 180 school days and 30 non-school days within each fiscal year (July 1 to June 30).

B. For District’s after-school program, the “Lead Agency” is responsible for providing daily after-school programming for the 180 school days and 30 non-school days within each fiscal year as required by funding; works with the program from school dismissal until closing time; and provides management, oversight, and coordination of all afterschool programs, including recruitment, enrollment, and programming provided by Enrichment Agencies.

C. For District’s after school program, an “Enrichment Agency” is responsible for providing specific types of enrichment programs (e.g., arts, robotics, or sports) in accordance with its area of expertise, and may provide such enrichment activities for a limited period of time (such as Tuesday and Thursday afternoons, or on non-school days during winter, spring, or summer breaks, during the full fiscal year). Further, each and every Enrichment Agency shall adhere to the management, oversight, and coordination rules and regulations of the Lead Agency.

D. District has sought the performance of the Services (defined below) for Lead Agency and Enrichment Agencies, as defined and described particularly on Exhibit A-0, Exhibit A-1, Exhibit A-2, and Exhibit A-3.

E. Following submission of a proposal for the performance of the Services, Service Provider was selected by District to perform the Services as a Lead Agency or Enrichment Agency, as indicated above.

F. The California Department of Education has awarded District a grant through the Expanded Learning Opportunities (“ELOP”) Program, After School Education and Safety (“ASES”) Program, and/or the 21<sup>st</sup> Century Community Learning Centers (“21<sup>st</sup> CCLC”) Program for academic school year \_\_\_\_\_ commencing \_\_\_\_\_ and ending \_\_\_\_\_ (collectively, the “Grant”). The Grant may also apply to additional academic school years.

G. The purpose of the Grant is to fund local after school education and enrichment programs. The District intends to use the Grant, in part, to retain Service Provider to perform the Services.

H. The Parties desire to memorialize the selection of Service Provider for performance of the Services and desire that the terms of that performance be as particularly defined and described herein.

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

### **OPERATIVE PROVISIONS**

**1. Incorporation of Recitals and Exhibits.** The Recitals set forth above and all Exhibits attached to this Agreement, as hereafter amended, are incorporated by this reference as if fully set forth herein. This Agreement, all exhibits, and the RFP, including all RFP forms and all contract forms, are collectively referred to as the “Contract.”

**2. Term of Agreement.** Subject to earlier termination as provided below, this Agreement shall remain in effect from \_\_\_\_\_ to and including \_\_\_\_\_ (the “Term”). This Agreement may be extended for two additional one (1)-year terms only by a written amendment, signed by the Parties, prior to the expiration of the Term.

**3. Performance of the Services; Time for Performance.** Service Provider shall provide the services set forth in Service Provider’s proposal (as accepted by District and attached to the Contract), Exhibit A-0 (as applicable to Service Provider as a Lead Agency or Enrichment Agency as indicated in the preamble above), Exhibit A-1, and Exhibit A-3 during the Term pursuant to the schedule specified Exhibit A-0 (the “Primary Services”). Service Provider may also agree to provide additional services, at District’s request and only with District’s prior written authorization (the “Additional Services”). Any such Additional Services shall be completed in accordance with Exhibit A-2 during the Term pursuant to the schedule specified in Exhibit A-0. For purposes of this Agreement, the Primary Services and Additional Services shall collectively be referred to as the “Services.” If Service Provider fails to complete the Services pursuant to the schedule specified in Exhibit A-0 or such other schedule that the Parties memorialize in a writing signed by duly authorized representatives of each Party, then Service Provider shall be deemed to be in Default

as provided below. Notwithstanding anything to the contrary in this Agreement or the Contract, Service Provider expressly understands and agrees that this Agreement and the Contract are subject to the Grant and that if the Grant is reduced or revoked, then the District shall have the right to terminate this Agreement and the Contract with no further liability to Service Provider.

**4. Compensation and Method of Payment.**

a. Subject to any limitations set forth below or elsewhere in this Agreement, District agrees to pay Service Provider the amounts specified below for the Services.

i. The total compensation for the Primary Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

ii. The total compensation for the Additional Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

Notwithstanding the generality of the foregoing, if Service Provider renders any Additional Services without District's prior written authorization, District shall not be obligated to pay for such services.

iii. Unless the District Superintendent or designee provides advance written authorization of a higher amount, the hourly rate for any subcontractor of Service Provider shall not exceed the following amount:

Dollars \$ per hour

iv. If the amount of the Grant is modified in a manner that will affect Service Provider's provision of the Services, in District's sole discretion, then the Parties agree to amend the costs accordingly through written amendment.

b. Each month by \_\_\_\_\_, Service Provider shall furnish to District an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontracts. Subcontractor charges, if any, shall be detailed by the following categories: labor, travel, materials, equipment, and supplies. All invoices must comply with the requirements set forth in Exhibit B. District shall independently review each invoice submitted by the Service Provider to determine whether the work performed and expenses incurred comply with the provisions of this Agreement, inclusive of Exhibit B. In the event that no charges

or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection c. In the event any charges or expenses are disputed by District, then District shall return the original invoice to Service Provider for correction and resubmission.

c. Except as to any charges for work performed or expenses incurred by Service Provider which are disputed by District, District will use its best efforts to cause Service Provider to be paid within forty-five (45) calendar days of receipt of Service Provider's correct and undisputed invoice.

d. Payment to Service Provider for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Service Provider.

**5. Quarterly Review and Adjustment of Scope of Work.** District may, in its sole and absolute discretion, (a) conduct a quarterly performance review of the Services, including, but not limited to, enrollment numbers, alignment with District goals and priorities, compliance with assurances, and other reasonable evaluation indicators, and (b) based on such assessment, require Service Provider to adjust and/or decrease the frequency of its services by a specified amount within thirty (30) calendar days or another timeframe established by District in its sole discretion, in which event District will simultaneously reduce Service Provider's compensation *pro rata* with no liability to Service Provider for such reduction.

**6. Termination.** This Agreement may be terminated as follows.

a. **Mutual Agreement.** The Parties may, at any time, mutually agree in writing to terminate this Agreement.

b. **Termination by Service Provider for Cause.** Service Provider may, upon thirty (30) calendar days written notice to District, (i) terminate this Agreement or suspend work under this Agreement for a reasonable period of time, and (ii) recover from District payment for all work executed if: (A) Service Provider's work under this Agreement is stopped for a period of six (6) months or more pursuant to an order of any court of competent jurisdiction or any public authority (but not for a school closure event as set forth in paragraph 7 of this Agreement), and through no act or fault of Service Provider or of anyone employed by Service Provider or acting on Service Provider's behalf, (B) District fails to pay Service Provider within sixty (60) calendar days after its maturity and presentation any sum awarded by final arbitration or a court of competent jurisdiction, or (C) Service Provider delivers District written notice of any alleged material breach of this Agreement by District and District fails to cure such alleged breach within sixty (60) calendar days, provided, however, that the timeline for cure shall be extended for an additional period if District is diligently pursuing such cure in good faith and an additional time period for the cure is reasonably warranted.

c. **Termination by District for Non-Appropriation of Funds.** District shall have the right to terminate this Agreement at any time due to non-appropriation of funds.

d. **Termination by District for Convenience.** District shall have the right to terminate this Agreement for convenience by giving Service Provider at least ninety (90) calendar days written notice.

e. **Termination by District for Cause.** District may terminate this Agreement for cause upon thirty (30) calendar days' written notice to Service Provider. For the purposes of this subparagraph, "cause" shall include, but not be limited to, (i) Service Provider filing for bankruptcy, being adjudged bankrupt, or being subject to involuntary bankruptcy proceedings; (ii) Service Provider making a general assignment for the benefit of Service Provider's creditors; (iii) the appointment of a receiver due to Service Provider's insolvency; (iv) the levy of an attachment of execution upon Service Provider's property; (v) the persistent or repeated failure or refusal of Service Provider to properly staff the after-school programs or otherwise violate any provisions of Exhibits A-0 to A-3; (vi) the material violation of any applicable law or District regulation or policy; (vii) any act or omission by any Service Provider or its subcontractor personnel that constitutes gross negligence or willful misconduct, endangers or is likely to endanger the safety, health, or wellbeing of any District student or staff, or represents a repeated default by Service Provider personnel (*e.g.*, repeated late arrivals to school sites or repeated violations of the Standards for Performance); and (viii) any other material breach of the Contract by Service Provider, Service Provider's employees, Service Provider's subcontractors or anyone acting on Service Provider's behalf, including, but not limited to, the breach of any covenant, representation or warranty in this Agreement, and the violation of any provision of the RFP (including continuing disclosure obligations). Any failure on the part of District to give notice of the Service Provider's default shall not be deemed to result in a waiver of District's legal rights or any rights arising out of any provision of this Agreement. District may, but is not obligated to, provide Service Provider an opportunity to cure any default. Notwithstanding the thirty (30) calendar days' advance written notice specified herein, District reserves the right to *immediately* suspend the Services of Service Provider if the circumstances reasonably warrant (*e.g.*, due to imminent safety and health issues). Moreover, Service Provider shall be liable to District for any excess cost occasioned to District by termination for cause. The foregoing provisions for termination of this Agreement are in addition to, and not in limitation of, the rights of District under any other provisions of the Contract. Service Provider shall not be deemed to be in default if its failure to perform any Services or comply with any provisions of this Agreement results solely from the gross negligence or willful misconduct of District.

f. **Effect of Termination or Expiration of Agreement.** Upon termination or expiration of the Term, this Agreement, and the entire Contract, shall terminate; Service Provider shall cease providing the Services; Service Provider shall vacate the District premises, leaving them in a neat and orderly condition; and Service Provider and District shall comply with any remaining obligations under the Contract, as applicable (*e.g.*, payment of any sums still due and owing,). Service Provider acknowledges and agrees that certain obligations shall survive the termination or expiration of the Contract, including, but not limited to, Service Provider's indemnity obligations, confidentiality obligations, and obligations regarding delivery and maintenance of reports and records.

7. **School Closures.** If District, or any one or more schools within District, are closed due to any lawful reason including in response to governmental orders or advisories, or to protect the

health, safety and welfare of students and employees, or by reason of any emergency (including, but not limited to, a wildfire, mudslide, or earthquake), and District notifies Service Provider that it does not need to provide the Services or any portion of the Services, then District shall not be charged or required to pay for the Services, staffing, overhead, or any other related costs for the closed school site(s) during the applicable closure period. Additionally, if any school site is required to rely on remote learning in lieu of or in addition to student attendance at the time of commencement of classes or any time during the school year, then District shall have the right to notify Service Provider of the revised service needs, and the Service Provider shall, to the maximum extent reasonably practicable, provide the Services via remote learning or via a hybrid of in-person and remote learning, in which event District shall not be charged or required to pay for any additional costs of the remote or hybrid learning and, if the Services are reduced, then District shall only be billed for the Services provided and adjusted actual costs for reduced services received. District shall also furnish Service Provider written notice of school reopening plans, including phases and any interruptions in reopening schedules, and Service Provider agrees to furnish the Services as needed by District with cost reductions as reasonably warranted. Service Provider agrees to cooperate with District in cost reduction and utilization changes, including, but not limited to, working with Service Provider on partial, phased, or full reopening plans to provide such services as District shall need under those plans. Notwithstanding the generality of the foregoing clauses within this section, District may, in its sole and absolute discretion, elect to continue to pay for the Services despite the closure of one or more school sites if, for example, District receives emergency funds from the State or other sources for such purposes.

**8. Service Provider's Representations and Warranties.** In addition to any other representations and warranties set forth elsewhere in the Contract, Service Provider hereby represents and warrants to District that:

a. Service Provider is currently authorized and qualified to conduct business in the State and the County, and Service Provider will remain in good standing in the State, the County and, as applicable, the Internal Revenue Service, Franchise Tax Board, and Attorney General, for the entire term of the Contract.

b. Service Provider has carefully examined the Contract; is familiar with the Services; and has the expertise, personnel, and resources to timely and properly conduct the Services.

c. Service Provider has the right, power, and authority to enter into the Contract, including this Agreement and all contract documents, and to perform its obligations hereunder and under the Contract.

d. This Agreement constitutes the legal, valid, and binding obligation of Service Provider enforceable against Service Provider in accordance with its terms, except to the extent that such enforcement may be limited by applicable bankruptcy, insolvency, moratorium, and other principles relating to or limiting the rights of contracting parties generally. This Agreement does not violate any provision of any material agreement or document to which Service Provider is a party or by which Service Provider is bound.

e. There are no lawsuits, claims, suits, proceedings, or investigations pending or, to Service Provider's knowledge, threatened against Service Provider arising out of or concerning Contractor's performance under this Agreement. There are no suits, actions, or proceedings pending, or to Service Provider's knowledge, threatened against Service Provider which question the legality or propriety of the transactions contemplated hereunder.

All representations and warranties of Service Provider are made as of the Effective Date and shall survive the term of the Contract for a period of three (3) years. Service Provider shall be in material default if Service Provider is unable to make the representations and warranties hereunder as of the Effective Date.

**9. Ownership of Documents; Use of Documents by District.** All curriculum, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files, fliers, and other documents prepared, developed or discovered by Service Provider in the course of providing any of the Services pursuant to this Agreement (collectively and individually, the "Documents") shall become the sole property of District and may be used, reused or otherwise disposed of by District without the permission of the Service Provider. Upon completion, expiration or termination of this Agreement, Service Provider shall turn over to District all such Documents. If and to the extent that District utilizes for any purpose not related to this Agreement any Documents, Service Provider's guarantees and warrants related to Standards of Performance as set forth in paragraph 13 of this Agreement shall not extend to such use of the Documents.

**10. Service Provider's Books and Records.**

a. For purposes of this Agreement, the term "Records" means any and all books and records relating to Service Provider's performance of Services at each and every school site within the District, including, but not limited to, all:

i. student outreach materials (such as flyers and other promotional materials); student enrollment records; daily student attendance records; daily sign in and sign out sheets; early release policy, early release requests, and other early release records; physician notes for student absences, activity restrictions, *etc.*;

ii. employee records for Service Provider personnel working in the Program, including proof of TB clearance, first aid and CPR certification, and satisfaction of all training requirements, evidence that the staff person meets the minimum qualification for providing services to District (*e.g.*, proof of meeting qualifications as a paraeducator as defined by District), hiring date and (if applicable) termination date, job description, school site assignment, dates of service at District school sites, payroll records, and employment files (including disciplinary records);

iii. food service reimbursable snack logs and Q meal summary electronic reports for nutrition provided to students attending the programs;

iv. ledgers, books of account, invoices, vouchers, canceled checks, and other records evidencing or relating to work, services, expenditures, and disbursements charged to District under this Agreement (which Service Provider shall maintain in accordance with generally accepted accounting principles and

**19. Non-Discrimination.** Service Provider shall abide by the applicable provisions of the United States Civil Rights Act of 1964 and other provisions of law prohibiting discrimination and

shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

**20. Assignment.** The expertise and experience of Service Provider are material considerations for this Agreement. District has an interest in the qualifications of and capability of the persons and entities that will fulfill the duties and obligations imposed upon Service Provider under this Agreement. In recognition of that interest, Service Provider shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Service Provider's duties or obligations under this Agreement without the prior written consent of the Board of Trustees of District. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling District to any and all remedies at law or in equity, including summary termination of this Agreement.

**21. Subcontracting.** Notwithstanding the above, Service Provider may utilize subcontractors in the performance of its duties pursuant to this Agreement, but only with the prior written consent of District. Service Provider shall be as fully responsible to District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by Service Provider, as if Service Provider performed the acts and omissions directly.

**22. Continuity of Personnel.** Service Provider shall make every reasonable effort to maintain the stability and continuity of Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement.

a. Service Provider shall ensure that District has a current list of all personnel and subcontractors providing Services under this Agreement.

The list notice shall include the following information: (i) all full or part-time staff positions by title, including volunteer positions whose direct services are required to provide the Services described herein; (ii) a brief description of the functions of each such position and the hours each position works each week or, for part-time positions, each day or month, as appropriate; (iii) the professional degree, if applicable, and experience required for each position; and (iv) the name of the person responsible for fulfilling the terms of this Agreement.

c. Service Provider shall maintain a database of prospective employees in order to avoid a gap in filling intended positions.

d. Notwithstanding the generality of the foregoing, all Service Provider personnel assigned to perform under the Contract shall be subject to the continuous approval of District. District may refuse to accept any Service Provider personnel assigned to the Contract in the event that such persons fail to meet the necessary performance standards or for any other reasonable basis. Upon the request of District, Service Provider shall immediately terminate the assignment of any Service Provider personnel to the District's after-school program.

**23. Assumption of Responsibility.** In accordance with Service Provider’s obligations under paragraphs 11, 13, 21, and 22 herein, Service Provider assumes all responsibility for the care, custody, and control of students participating in any activity, whether on-site or off-site, offered in connection with the Services.

**24. Service Provider’s Indemnification of District.**

a. To the fullest extent permitted by California law, Service Provider, on behalf of itself and its officers, agents, employees, board members, owners, shareholders, subcontractors, volunteers and agents (collectively, “Indemnifying Party”), shall at its sole expense indemnify, protect, defend and hold harmless District, its officers, agents, employees, elected board members, and volunteers (collectively, “Indemnified Party”) from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys’ fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, which arise out of or relate to any one or more of the following (each a “Claim” and collectively the “Claims”): (i) Indemnifying Party’s breach of any representation or warranty in the Contract; (ii) Indemnifying Party’s breach of any material provision of the Contract; (iii) Indemnifying Party’s violation of any applicable law; (iv) employment and labor claims concerning Indemnifying Party’s employees, agents, and/or subcontractors; (v) intentional misrepresentation or fraud by Indemnifying Party; (vi) bodily injury, including, but not limited to, illness, communicable disease, virus, or pandemic in connection with Indemnifying Party’s provision of the Services; (v) personal injury (including, but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation, and any claims or allegations of wrongful death) in connection with Indemnifying Party’s provision of the Services, (vi) any damage to and destruction of real property in connection with Indemnifying Party’s provision of the Services; (vii) any damage to and destruction of personal property in connection with Indemnifying Party’s provision of the Services, (viii) Service Provider’s furnishing to District of any copyrighted or patented material under the Contract and claims that such materials infringe upon a third party’s intellectual property rights. For avoidance of doubt, Service Provider’s liability under this paragraph includes any and all liability arising out of or in any way attributable to the performance of this Agreement by Service Provider or by any individual or entity for which Service Provider is legally liable, including, but not limited to, its officers, agents, employees, and subcontractors.

b. Indemnifying Party’s indemnity, defense, protection and hold harmless obligations under this paragraph 24 shall apply whether or not the applicable Claim: (i) is a third party claim or a direct claim; (ii) has any merit; (iii) arises from an act or omission authorized under the Contract; or (iv) is caused or alleged to have been caused by the negligence of the Indemnified Party, provided, however, that Indemnifying Party shall not be liable for damages or losses caused by sole gross negligence or sole willful misconduct of the Indemnified Party.

c. Indemnifying Party’s obligations under this paragraph 24 shall not be limited by Service Provider’s insurance requirements under the Contract.

d. The Indemnified Party shall promptly notify the Indemnifying Party of any Claim for which indemnification is sought, following actual knowledge of such Claim. However, the failure to give such notice shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that Indemnifying Party is materially and irrevocably prejudiced by such failure. In the event that any third party Claim is brought, the Indemnifying Party shall have the right and option to undertake and control the defense of such action with counsel of its choice, except that (i) the Indemnified Party at its own expense may participate and appear on an equal footing with the Indemnifying Party in the defense of any such Claim; (ii) the Indemnified Party, at Indemnifying Party's expense, may undertake and control of such defense in the event of the material failure of the Indemnifying Party to undertake and control the same; and (iii) the Indemnified Party may control with counsel of its choice the defense of any third party Claim when an adverse judgment would establish a precedent that would be materially damaging to the continuing business interests of Indemnified Party as a public agency (e.g., a Claim involving public contracting rules). A Party shall not consent to judgment or concede or settle or compromise any Claim without the prior written approval of the other Party (which approval shall not be unreasonably withheld, delayed, or conditioned).

e. No Party shall be entitled to any form of implied or equitable indemnification at any time, whether based upon a theory of contract, torts, strict liability or otherwise, and each Party expressly disclaims any right to implied or equitable indemnification.

f. Service Provider agrees to obtain executed indemnity Agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Service Provider in the performance of this Agreement. In the event Service Provider fails to obtain such indemnity obligations from others as required here, Service Provider agrees to be fully responsible according to the terms of this section. Failure of District to monitor compliance with these requirements imposes no additional obligations on District and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend District as set forth here is binding on the successors, assigns or heirs of Service Provider and shall survive the termination of this Agreement.

g. The provisions of this paragraph 24 shall survive the termination or expiration of the Contract and remain in full force and effect.

*On behalf of Service Provider, I certify that I have read and understood the foregoing indemnity, defense, and hold harmless obligations under this paragraph 24 and that Service Provider agrees to be bound by such obligations.*

**38. Governing Law; Jurisdiction.** The Contract, including this Agreement, shall be construed in accordance with the laws of the State for all substantive and procedural matters, without regard to principles of conflicts of law. The Parties further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the venue is improper.

**39. Dispute Resolution.** It is the Parties' intention to avoid the cost of litigation and to attempt to resolve any problems arising out of or related to the Contract amicably. To that end, the Parties agree to attempt to settle any and all disputes arising out of or related to the Contract by neutral, non-binding mediation, as a condition precedent to the commencement of arbitration, litigation, or any other similar proceeding. Either Party may request mediation, provided that the request shall be in writing and delivered to the other Party in accordance with the notice provisions set forth in this Agreement. The Parties agree to act in good faith to attempt to resolve any dispute by mediation. A Party shall not be entitled to attorneys' fees in any lawsuit, arbitration, or other proceeding related to or arising under the Contract if that Party refused or failed to participate in mediation in good faith pursuant to this paragraph. The Parties further agree to act in good faith to identify a

mutually acceptable mediator. If a mediator cannot be agreed upon by the Parties, each Party shall designate a mediator and those mediators shall select a third mediator who shall act as the neutral mediator of the Parties' dispute. If the dispute or claim is resolved successfully through the mediation, the resolution shall be documented by a written agreement executed by the Parties. If the mediation does not successfully resolve the dispute or claim, the mediator shall provide written notice to the Parties reflecting the same, and the Parties may then proceed to seek an alternative form of resolution of the dispute or claim, in accordance with the remaining terms of the Contract and other rights and remedies afforded to them by law. Notwithstanding the foregoing, nothing set forth in this paragraph shall require mediation prior to commencing an action in equity seeking injunctive relief or prior to District taking action to protect the health or safety of its students or staff. All applicable statutes of limitation shall be tolled while the mediation procedures specified herein are pending, and the Parties agree to take all action, including the execution of stipulations or tolling agreements, necessary to effectuate the intent of this provision.

I authorize my son/daughter, named above, to participate in the indicated voluntary extracurricular event or activity. I understand and acknowledge that voluntary extracurricular activities, by their very nature, pose the potential risk of serious injury and/or illness to the individuals who participate in such voluntary extracurricular events or activities.

This voluntary extracurricular event or activity, by its very nature, may pose some inherent risk of a participant being seriously injured, before, during, and/or after the activity or event, including transportation whether provided by the local educational agency (LEA) or not. These injuries may include, but are not limited to, the following:

| 6. Disfigurement                         | 12. Exposure to infectious diseases |

I understand and acknowledge that participation in voluntary extracurricular events or activities is completely elective and voluntary and is not required by the LEA/School for completion of promotion or graduation requirements. I also understand that, if I do not consent to my son's/daughter's participation in the voluntary extracurricular event or activity, he/she may be offered an alternative event or activity and possible credit for promotion or graduation may or may not be offered.

In doing so, I further understand that the LEA/School has adopted plans designed to meet the requirements and recommendations of state agencies, health advisors and other responsible bodies. However, I also understand and acknowledge that despite the LEA's and School's efforts, the risk of infection from the COVID-19 virus, or others, cannot be eliminated at this time, and that my son/daughter may be exposed as a result. Despite all the above I am freely and voluntarily signing this "Extracurricular Event or Activity, Assumption of Risk Form" to enable and authorize my son/daughter to participate and releasing and discharging the LEA/School and its/their governing board, officers, agents, employees and/or volunteers from any liability for my son/daughter becoming infected in his/her participation in the event or activity.

I agree to, and do hereby release and hold the LEA/School and its governing board, officers, agents, employees and/or volunteers harmless for any and all claims; demands; causes of action; liability; damages; expenses; or loss of any sort, including bodily injury or death; because of or arising out of acts or omissions with respect to the voluntary extracurricular event or activity, including programs or procedures of the LEA/School for students and participation in such events or activities

Entiendo y reconozco que para participar en estas actividades, mi hijo(a) y yo aceptamos asumir la responsabilidad por todos y cada uno de los riesgos potenciales que puedan estar asociados con la participación en eventos o actividades.

También entiendo que la LEA/Escuela, debido al virus COVID-19 u otras enfermedades infecciosas potenciales, ha emprendido un plan para facilitar un entorno seguro para los programas educativos, además de eventos o actividades extracurriculares, cocurriculares y deportivos/atléticos. Al hacerlo, entiendo además que la LEA / Escuela ha adoptado planes diseñados para cumplir con los requisitos y recomendaciones de las agencias estatales, asesores de salud y otros organismos responsables. Sin embargo, también entiendo y reconozco que a pesar de los esfuerzos de la LEA y la escuela, el riesgo de infección por el virus COVID-19, u otras infecciones, no se puede eliminar en este momento, y que mi hijo(a) puede estar expuesto como resultado. También entiendo y reconozco que al participar en este evento o actividad extracurricular voluntaria, mi hijo(a) aumentará su interacción con los estudiantes y el personal, y el riesgo correspondiente de contacto e infección, y que esto puede incluir funciones que involucren a otras personas y/o instalaciones que no sean las LEA. Estos otros estudiantes, instructores, asistentes e instalaciones están operando probablemente bajo un plan de seguridad COVID-19 diferente, lo que aumenta aún más el riesgo de exposición de mi hijo(a). Finalmente, entiendo, reconozco y estoy de acuerdo en que, a pesar del cuidado razonable y los pasos de la LEA /Escuela, que el virus presenta serios desafíos para la prevención y el control, y los esfuerzos razonables de la LEA/Escuela no aseguran que mi hijo(a) no esté infectado y que la infección no se pueda llevar a casa. A pesar de todo lo anterior, estoy firmando libre y voluntariamente este formulario para permitir y autorizar a mi hijo(a) a participar y liberar y descargar a la LEA/Escuela y su junta directiva, funcionarios, agentes, empleados y/o voluntarios de cualquier responsabilidad si mi hijo(a) llegara a infectarse por su participación en el evento o actividad.

Acepto, y por la presente libero y eximo de responsabilidad a la LEA/Escuela y su junta directiva, funcionarios, agentes, empleados y/o voluntarios por cualquier reclamo; Demandas; causas de acción; responsabilidad; daños y perjuicios; expensas; o pérdida de cualquier tipo, incluidas lesiones corporales o muerte; debido a o que surjan de actos u omisiones con respecto al evento o actividad, incluidos los programas o procedimientos de la LEA/Escuela para estudiantes y la participación en dichos eventos o actividades

Reconozco que he leído cuidadosamente este formulario y que entiendo y acepto sus términos.

## Oxnard School District Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

### Symptoms may include one or more of the following:

- |  |  |
|--|--|
| <ul style="list-style-type: none"><li>• Headaches</li><li>• “Pressure in head”</li><li>• Nausea or vomiting</li><li>• Neck pain</li><li>• Balance problems or dizziness</li><li>• Blurred, double, or fuzzy vision</li><li>• Sensitivity to light or noise</li><li>• Feeling sluggish or slowed down</li><li>• Feeling foggy or groggy</li><li>• Drowsiness</li><li>• Change in sleep patterns</li></ul> | <ul style="list-style-type: none"><li>• Amnesia</li><li>• “Don’t feel right”</li><li>• Fatigue or low energy</li><li>• Sadness</li><li>• Nervousness or anxiety</li><li>• Irritability</li><li>• More emotional</li><li>• Confusion</li><li>• Concentration or memory problems (forgetting game plays)</li><li>• Repeating the same question/comment</li></ul> |
|--|--|

### Signs observed by teammates, parents and coaches include:

- Appears dazed
- Vacant facial expression
- Confused about assignment
- Forgets plays
- Is unsure of game, score, or opponent
- Moves clumsily or displays incoordination
- Answers questions slowly
- Slurred speech
- Shows behavior or personality changes
- Can’t recall events prior to hit
- Can’t recall events after hit
- Seizures or convulsions
- Any change in typical behavior or personality
- Loses consciousness

**What can happen if my child keeps on playing with a concussion or returns to soon?**

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

**If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. California Education Code section 49475 and CIF Bylaw 313 now require implementation of long and well-established return to play concussion guidelines that have been recommended for several years.

You should also inform your child’s coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

**Return to Play (RTP)**

Concussion symptoms should be completely gone before returning to full practice or competition. A RTP progression involves a gradual, step-wise increase in physical effort, sports-specific activities and the risk for contact. If symptoms occur with activity, the progression should be stopped. If there are no symptoms the next day, exercise can be restarted at the previous stage.

RTP after concussion should occur only with medical clearance from a medical doctor trained in the evaluation and management of concussions, and a step-wise progression program monitored by an athletic trainer, coach, or other identified school administrator. Please see cifstate.org for a graduated return to play plan. Return to play (i.e., full practice and competition) must be no sooner than 7 days after the concussion diagnosis has been made by a physician.

### Información acerca de las concusiones cerebrales

Una concusión es una herida cerebral y todas las heridas cerebrales son graves. Dichas heridas son causadas por un golpe ligero, un golpe fuerte a la cabeza, un movimiento repentino de la cabeza o por un golpe fuerte a otra parte del cuerpo con fuerza que se trasmite a la cabeza. Las heridas varían entre ligeras o graves y pueden interrumpir la manera en la que el cerebro funciona. Aunque la mayoría de las concusiones cerebrales son ligeras, **todas las concusiones cerebrales tienen el potencial de ser graves y si no se reconocen y tratan correctamente podrían tener como resultado complicaciones incluyendo daño cerebral prolongado o la muerte.** Eso quiere decir que cualquier “golpecito” a la cabeza podría ser grave. Las concusiones cerebrales no son visibles y en su mayoría las concusiones cerebrales que ocurren durante los deportes no ocasionan la pérdida de conciencia. Las señales y síntomas de una concusión cerebral podrían aparecer inmediatamente después de una herida o después de horas o días. Si su hijo(a) reporta cualquier síntoma de una concusión cerebral, o si se da cuenta de los síntomas de una concusión cerebral, por favor consiga atención médica sin demora.

#### Los siguientes son algunos de los síntomas de una concusión:

- |   |  |
|---|--|
| <ul style="list-style-type: none"> <li>• Dolor de cabeza</li> <li>• “Presión en la cabeza”</li> <li>• Nausea o vómito</li> <li>• Dolor de cuello</li> <li>• Problemas de equilibrio o mareos</li> <li>• Visión borrosa o visión doble</li> <li>• Sensibilidad a la luz o ruido</li> <li>• Decaído</li> <li>• Adormecido</li> <li>• Mareado</li> <li>• Cambios en los hábitos de dormir</li> </ul> | <ul style="list-style-type: none"> <li>• Amnesia</li> <li>• “No se siente bien”</li> <li>• Fatiga o energía baja</li> <li>• Tristeza</li> <li>• Nervios o ansiedad</li> <li>• Irritabilidad</li> <li>• Más sensible</li> <li>• Confundido</li> <li>• Problemas con concentración o memoria (por ejemplo: olvidar las jugadas)</li> <li>• Repetir la misma pregunta o comentario</li> </ul> |
|---|--|

#### Los siguientes síntomas son observados por compañeros, padres y entrenadores:

- Parece desorientado
- Tiene una expresión facial vacía
- Está confundido acerca de la tarea o actividad
- Se olvida de las jugadas
- Está confundido sobre el juego, los puntos o el oponente
- Se mueve torpemente o muestra una falta de coordinación
- Contesta las preguntas lentamente
- Arrastra las palabras
- Muestra cambios de comportamiento o personalidad
- No puede recordar los eventos que sucedieron antes de la colisión
- No puede recordar los eventos que sucedieron después de la colisión
- Ataques o convulsiones
- Cualquier cambio en el comportamiento típico o personalidad
- Pérdida de la conciencia

**¿Qué puede pasar si mi hijo(a) sigue jugando con una concusión cerebral o regresa a jugar antes de que este recuperado?**

Los deportistas con señales o síntomas de una concusión cerebral deben dejar de jugar inmediatamente. Continuar jugando con las señales o síntomas de una concusión pone al deportista en riesgo de sufrir una herida más grave. La probabilidad de que se sufra daño significativo de una concusión aumenta cuando ha pasado un periodo de tiempo largo después de que sucedió la concusión, sobre todo si el deportista sufre otra concusión antes de recuperarse completamente de la primera. Eso puede traer como consecuencia una recuperación más prolongada o incluso una hinchazón cerebral (síndrome de segundo impacto) con consecuencias devastadoras o fatales. Es bien conocido que los deportistas adolescentes no reportan mucho los síntomas de sus heridas. Eso es el caso también con las concusiones cerebrales. Por lo mismo es importante que los administradores, entrenadores, padres y estudiantes estén bien informados, el cual es clave para la seguridad de los estudiantes deportistas.

**Si cree que su hijo(a) ha sufrido una concusión**

En cualquier situación donde se sospecha que un deportista tiene una concusión, es importante sacar a este estudiante del juego o entrenamiento inmediatamente. Ningún deportista puede volver a participar en la actividad después de sufrir una herida de cabeza o concusión cerebral sin el permiso de un doctor, no importa si la herida parece ser ligera o los síntomas desaparecen rápidamente. Se debe de observar cuidadosamente el mejoramiento del deportista por varias horas. Código Educativo de California sección 49475 y estatuto 313 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de las siguientes normas para regresar a jugar un deporte después de sufrir una concusión, las cuales se han recomendado por muchos años.

También debe informar al entrenador(a) de su hijo(a) si piensa que ha sufrido una concusión cerebral. Recuerde que es mejor faltar un partido que faltar toda la temporada. Si existe alguna duda de que el deportista sufrió una concusión cerebral o no, se tomará precauciones y no podrá jugar.

**Volver a Jugar**

Síntomas de concusión cerebral deben ser desaparecido por completo antes de volver a la práctica completa o la competencia. Un volver a jugar la progresión implica un aumento gradual, paso a paso en el esfuerzo físico, las actividades de los deportes específicos y el riesgo para el contacto. Si se presentan síntomas con la actividad, la progresión se debe parar. Si no hay síntomas al día siguiente, el ejercicio puede iniciarse de nuevo en la etapa anterior.

Volver a jugar después de la concusión cerebral debe ocurrir sólo con autorización médica de un médico entrenado en la evaluación y la gestión de las concusiones cerebrales. Volver a jugar debe ser supervisado por un entrenador, entrenador atlético o administrador identificado por la escuela. Por favor, consulte [cifstate.org](http://www.cifstate.org) para un retorno gradual a jugar el plan. Retorno a la práctica completa y la competencia debe ser no antes de 7 días después del diagnóstico concusión ha sido hecha por un médico.

# Parent/Student CIF Heat Illness Information Sheet

### Why am I getting this information sheet?

You are receiving this information sheet about Heat Illness because of California state law AB 2800 (effective January 1, 2019), now Education Code § 35179 and CIF Bylaws 22.B.(9) and 503.K (Approved Federated Council January 31, 2019):

1. The law requires a student athlete who has been removed from practice or play after displaying signs and symptoms associated with heat illness must receive a written note from a licensed health care provider before returning to practice.
2. Before an athlete can start the season and begin practice in a sport, a Heat Illness information sheet must be signed and returned to the school by the athlete and the parent or guardian.

Every 2 years all coaches are required to receive training about concussions (AB 1451), heat illness (AB 2800) as well as certification in First Aid training, CPR, and AEDs (life-saving electrical devices that can be used during CPR).

### What is Heat Illness and how would I recognize it?

Exercise produces heat within the body and can increase the player's body temperature. Add to this a hot or humid day and any barriers to heat loss such as padding and equipment, and the temperature of the individual can become dangerously high.

Heat Illness occurs when metabolically produced heat combines with that gained from the environment to exceed the heat and large sweat losses. Young athletes should be pre-screened at their pre-participation physical exam form education/supplement use, cardiac disease, history of sickle cell trait, and previous heat injury. Athletes with any of these factors should be supervised closely during strenuous activities in a hot climate. Fatal heat stroke occurs most frequently among obese high school middle lineman.

Much of one's body heat is eliminated by sweat. Once this water leaves the body, it must be replaced. Along with water loss, many other minerals are lost in the sweat. Most of the commercial drinks now available contain these minerals, such as Gatorade, etc., but just plain water is all that is really required because the athlete will replace the lost minerals with his/her normal diet.

**PREVENTION:** There are several steps which can be taken to prevent heat illness from occurring:

**ADEQUATE HYDRATION:** The athlete should arrive at practice well-hydrated to reduce the risk of dehydration. The color of the urine can provide a quick guess at how hydrated the athlete. If the urine is dark like apple juice means the athlete is dehydrated. If the urine is light like lemonade in color means the athlete seems adequately hydrated.

Water or sports drinks should be readily available to athletes during practice and should be served ideally chilled in containers that allow adequate volumes of fluid to be ingested.

Water breaks should be given at least every 30-45 minutes and should be long enough to allow athletes to ingest adequate volumes of fluid.

Athletes should be instructed to continue fluid replacement in between practice sessions.

**GRADUAL ACCLIMATIZATION:** Intensity and duration of exercise should be gradually increased over a period of 7-14 days to give athletes' time to build fitness levels and become accustomed to practicing in the heat. Protective equipment should be introduced in phases (start with helmet, progress to helmet and shoulder pads, and finally fully uniform).

**HEAT EXHAUSTION:** Inability to continue exercise due to heat-induced symptoms. Occurs with an elevated body-core temperature between 97- and 104-degrees Fahrenheit.

<ul style="list-style-type: none"> <li>• Dizziness, lightheadedness, weakness</li> </ul>	<ul style="list-style-type: none"> <li>• Profuse sweating</li> </ul>
<ul style="list-style-type: none"> <li>• Headache</li> </ul>	<ul style="list-style-type: none"> <li>• Cool, clammy skin</li> </ul>
<ul style="list-style-type: none"> <li>• Nausea</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Diarrhea, urge to defecate</li> </ul>	<ul style="list-style-type: none"> <li>• Decreased urine output</li> </ul>
<ul style="list-style-type: none"> <li>• Pallor, chills</li> </ul>	

**TREATMENT:** Stop exercise, move player to a cool place, remove excess clothing, give fluids if conscious, COOL BODY: fans, cold water, ice towels, or ice packs. Fluid replacement should occur as soon as possible. The athlete should be referred to a hospital emergency if recovery is not rapid. When in doubt, CALL 911. Athletes with heat exhaustion should be assessed by a physician as soon as possible in all cases.

**HEAT STROKE:** Dysfunction or shutdown of body systems due to elevated body temperature which cannot be controlled. This occurs with a body-core temperature greater than 107 degrees Fahrenheit.

**WARNING SYMPTOMS:**

**This is a MEDICAL EMERGENCY. Death may result if not treated properly and rapidly.**

Treatment: Stop exercise, Call 911, remove from heat, remove clothing, immerse athlete in cold water for aggressive, rapid cooling (if immersion is not possible, cool the athlete as described for heat exhaustion), monitor vital signs until paramedics arrive.

<b>Signs observed by teammates, parents and coaches include:</b>	
<ul style="list-style-type: none"> <li>• Dizziness</li> </ul>	<ul style="list-style-type: none"> <li>• Weakness</li> </ul>
<ul style="list-style-type: none"> <li>• Drowsiness, loss of consciousness</li> </ul>	<ul style="list-style-type: none"> <li>• Hot and wet or dry skin</li> </ul>
<ul style="list-style-type: none"> <li>• Seizures</li> </ul>	<ul style="list-style-type: none"> <li>• Rapid heartbeat, low blood pressure</li> </ul>
<ul style="list-style-type: none"> <li>• Staggering, disorientation</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Behavioral/cognitive changes (confusion, irritability, aggressiveness, hysteria, emotional instability)</li> </ul>	<ul style="list-style-type: none"> <li>• Vomiting, diarrhea</li> </ul>

**Final Thoughts for Parents and Guardians:**

Heat stress should be considered when planning and preparing for any sports activity. Summer and fall sports are conducted in very hot and humid weather in many parts of the California. Many of the heat problems have been associated with football, due to added equipment which acts as a barrier to heat dissipation. Several heatstroke deaths continue to occur each season in the United States. There is no excuse for heatstroke deaths if the proper precautions are taken.

You should also feel comfortable talking to the coaches or athletic trainer about possible heat illness signs and symptoms that you may be seeing in your child.

I acknowledge that I have received and read the CIF Heat Illness Information Sheet.

## Hoja de información CIF para padres/estudiantes referente a la insolación

### ¿Por qué me han enviado esta información?

Usted ha recibido esta hoja informativa referente a la insolación debido a lo indicado por la Ley AB 2800 de California (efectiva el 1º de enero del 2019), el cual ahora es parte del Código de Educación § 35179 y de los reglamentos CIF 22.B.(9) y 503.K (aprobados por el Concilio Federal el 31 de enero del 2019):

1. La ley requiere que cualquier atleta estudiante que haya sido excluido de las prácticas o de algún partido debido a que ha mostrado señales y síntomas relacionados con la insolación (infarto de calor), debe recibir una nota escrita de un proveedor acreditado de cuidados médicos antes de regresar a las prácticas de atletismo.
2. Antes que un atleta pueda comenzar la temporada y comience las prácticas deportivas, los padres o tutores legales deben firmar y entregar a la escuela una Hoja de información sobre la insolación.

Cada dos años todos los entrenadores tienen el requisito de recibir entrenamiento sobre las contusiones cerebrales (AB 1451), la insolación (AB 2800) al igual que una certificación de entrenamiento sobre primeros auxilios, resucitación cardiopulmonar (CPR, en inglés) y los instrumentos eléctricos (AEDs, en inglés) que se pueden utilizar para salvar la vida durante una resucitación cardiopulmonar (CPR).

### ¿Qué es la insolación y como puedo identificar los síntomas?

El ejercicio produce calor dentro del cuerpo y puede incrementar la temperatura del cuerpo del atleta. Si a esto se agregan un día caluroso o húmedo, más las barreras que impiden la disipación del calor como el equipo de amortiguación en el uniforme deportivo, la temperatura corporal del individuo puede aumentar peligrosamente.

La insolación ocurre cuando el calor producido por el metabolismo corporal se combina con el calor que proviene del medioambiente, lo que ocasiona calor excesivo y grandes pérdidas de sudor. Previo a su participación, los atletas jóvenes deben ser evaluados durante su examen médico para diagnosticar enfermedades cardíacas, historial de células falciformes (sickle cell trait, en inglés) y traumas previos debido al calor. Los atletas que presenten cualquiera de estos casos deben ser supervisados cuidadosamente durante las actividades estrenuas realizadas en climas calientes. El infarto fatal debido al calor ocurre más frecuentemente entre los atletas obesos de preparatoria que juegan la posición de defensas medios.

La mayoría del calor corporal es eliminado por medio del sudor. El líquido debe ser reemplazado después que ha salido del cuerpo. Junto con la pérdida de agua, el cuerpo pierde muchos otros minerales por medio del sudor. La mayoría de las bebidas comerciales disponibles, tales como Gatorade, etc., contienen estos minerales; sin embargo, lo que realmente se necesita es solamente agua debido a que el atleta recuperará los minerales perdidos por medio de su dieta regular.

**PREVENCIÓN:** Existen varios pasos que deben seguirse para prevenir un infarto debido al calor:

**LA HIDRATACIÓN APROPIADA:** El atleta debe llegar a sus prácticas deportivas bien hidratado para reducir el riesgo de deshidratación. El color de la orina puede mostrar fácilmente el nivel de hidratación del atleta. Si la orina es oscura parecido al jugo de manzana, eso significa el atleta está deshidratado. Si la orina es clara como el color de la limonada, eso significa que el atleta está propiamente hidratado.

En las prácticas debe haber agua y bebidas deportivas fácilmente disponibles para los atletas y de preferencia deben servirse frías y en envases que permitan la ingestión de líquidos en volúmenes apropiados.

También debe haber recesos para beber agua por lo menos cada 30 o 45 minutos y los recesos deben ser suficientemente largos para ingerir volúmenes apropiados de líquidos.

A los atletas se les debe instruir que deben continuar reemplazando los líquidos antes y después de las sesiones de práctica.

**LA ACLIMATACIÓN GRADUAL:** La intensidad y la duración del ejercicio debe incrementarse gradualmente durante un periodo de 7 a 14 días para que el atleta pueda alcanzar niveles apropiados de aptitud física y su cuerpo se acostumbre a practicar en el calor. El equipo protector debe introducirse de manera gradual (comenzando con el casco, después el casco y las hombreras, y finalmente el uniforme completo).

**EL AGOTAMIENTO DEBIDO AL CALOR:** Es la inhabilidad de continuar ejercitando debido a los síntomas producidos por el calor. Esto ocurre cuando la temperatura básica del cuerpo se encuentra entre los 97 y los 104 grados Fahrenheit.

• Vértigo, mareo, debilidad	• Sudor abundante
• Dolor de cabeza	• Piel viscosa y fría
• Náusea	• Hiperventilación
• Diarrea, urgencia para defecar	• Reducción en la producción de orina
• Palidez, escalofríos	

**TRATAMIENTO:** Dejar de ejercitar, acudir a un lugar frío, quitar la ropa excesiva, beber líquidos si la persona está consiente, ENFRIAR EL CUERPO: con ventiladores, agua fría, toallas heladas, o esponjas húmedas congeladas (ice packs). Debe comenzar la recuperación de líquidos tan pronto como sea posible. Si su recuperación no es rápida, el atleta debe ser llevado a la sala de emergencias del hospital. Si existen dudas, LLAME AL 911. En todos los casos, los atletas que sufren agotamiento debido al calor deben ser evaluados por un médico tan pronto como sea posible.

**INFARTO DEBIDO AL CALOR:** Es el mal funcionamiento o paralización de los sistemas corporales debido a la alta temperatura del cuerpo la cual está fuera de control. Esto ocurre cuando la temperatura básica del cuerpo es mayor a los 107 grados Fahrenheit.

**SÍNTOMAS DE ALARMA:**

Los siguientes síntomas representan una EMERGENCIA MÉDICA. Podría ocasionar la muerte si no se ofrece tratamiento médico inmediato y apropiado.

Tratamiento: dejar de ejercitar, llamar al 911, alejar del calor, desvestirse, sumergir al atleta en agua fría para un enfriamiento rápido y eficaz (si no es posible sumergir al atleta, enfriar al atleta siguiendo el tratamiento para el agotamiento debido al calor), vigilando los signos vitales hasta que lleguen los paramédicos.

<b>Los síntomas que han sido observados por los jugadores, padres y entrenadores incluyen:</b>	
• Mareos (vértigo)	• Debilidad
• Letargo (adormecimiento), quedar inconsciente	• Piel caliente, húmeda o seca
• Convulsiones (ataques epilépticos)	• Pulso rápido, baja presión sanguínea
• Tambaleo, tropiezos, desorientación	• Hiperventilación
• Cambios cognitivos y de comportamiento (confusión, irritabilidad, agresividad, histeria, inestabilidad emocional)	• Vómito, diarrea

**Consejos finales para los padres y tutores legales:**

Cada vez que planea y prepare cualquier actividad deportiva usted debe tomar en cuenta el estrés que será producido por el calor. En varias regiones de California, los deportes de verano y otoño a menudo se realizan en climas muy calientes y húmedos. Muchos de los problemas ocasionados por el calor se relacionan con el fútbol Americano, debido al equipo adicional que los atletas deben vestir y el cual actúa como una barrera que impide la disipación del calor. Durante cada temporada deportiva en los Estados Unidos continúan sucediendo varias muertes debido a los infartos por el calor. Si se toman las precauciones apropiadas, no existe ninguna excusa para permitir que suceda una muerte debido a un infarto por el calor.

Usted debe tener la confianza de hablar con los entrenadores o manejadores de atletismo referente a los posibles síntomas de insolación y sobre los síntomas que tal vez usted observa en su hijo.

Yo confirmo que he recibido y leído La Hoja de información CIF referente a la insolación.

## OXNARD SCHOOL DISTRICT Prescription Opioids: What You Need to Know

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed.

### **Side effects may include one or more of the following:**

- Tolerance - meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

### **Risks are greater with the following:**

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

### **Unless specifically advised by your health care provider, medications to avoid include:**

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids
- In addition, avoid alcohol while taking prescription opioids.

**KNOW YOUR OPTIONS**

**Talk to your health care provider about ways to manage your pain that do not involve prescription opioids. Some of these options may actually work better and have fewer risks and side effects. Options may include:**

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

**IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:**

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within.
  - Work together to create a plan on how to manage your pain.
  - Talk about ways to help manage your pain that don't involve prescription opioids.
  - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
  - Never sell or share prescription opioids.
  - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration:  
[www.fda.gov/Drugs/ResourcesForYou](http://www.fda.gov/Drugs/ResourcesForYou)
- Visit [www.cdc.gov/drugoverdose](http://www.cdc.gov/drugoverdose) to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

## DISTRITO ESCOLAR DE OXNARD

### Opioides recetados: lo que necesita saber

Los opioides recetados son medicamentos que sirven para aliviar el dolor moderado a intenso y suelen ser recetados luego de una cirugía o de sufrir una lesión, o ante ciertos problemas de salud. Estos medicamentos pueden ser una parte importante del tratamiento, aunque también implican riesgos graves. Es importante comunicarse con su proveedor de atención médica para asegurarse que está obteniendo la atención más segura y eficaz.

Los riesgos más graves de los opioides recetados son la adicción y la sobredosis, especialmente con el uso prolongado. Una sobredosis con opioides puede reducir la frecuencia respiratoria y provocar la muerte repentina. Los opioides recetados pueden tener efectos secundarios, incluso si se toman según las indicaciones.

#### **Los efectos secundarios pueden incluir uno o más de los siguientes:**

- Tolerancia: la necesidad de tomar más medicamentos para lograr la misma reducción del dolor
- Dependencia física: aparición de síntomas de abstinencia al interrumpir el consumo
- Mayor sensibilidad al dolor
- Estreñimiento: es el efecto secundario más común
- Náuseas, vómitos y sequedad de boca
- Somnolencia y mareo
- Confusión
- Depresión
- Bajos niveles de testosterona, que pueden resultar en un menor impulso sexual, energía y fuerza
- Comezón y sudor

#### **Los riesgos son mayores con lo siguiente:**

- Tiene antecedentes de abuso de drogas, trastorno de consumo de sustancias o sobredosis
- Tiene una condición de salud mental, (como depresión o ansiedad)
- Tiene apnea del sueño
- Tiene 65 años o más
- Está embarazada

#### **A menos que su proveedor de atención médica lo indique específicamente, los medicamentos que debe evitar incluyen:**

- Benzodiazepinas (como Xanax o Valium)
- Relajantes musculares (como Soma o Flexeril)
- Pastillas para dormir (como Ambien o Lunesta)
- Otros opioides recetados
- Adicionalmente, evite el consumo de alcohol mientras esté tomando opioides recetados.

**SEPA CUÁLES SON SUS OPCIONES**

**Hable con su proveedor de atención médica acerca de las maneras de controlar el dolor sin tener que usar opioides. Algunas de esas opciones podrían dar mejores resultados y presentar menores riesgos y efectos secundarios. Las opciones podrían ser las siguientes:**

- Otros analgésicos, como acetaminofeno (Tylenol), ibuprofeno (Advil, Motrin) o naproxeno
- Algunos medicamentos que también se emplean contra la depresión y las convulsiones.
- Fisioterapia y ejercicios
- Terapia cognitiva conductual, un enfoque psicológico dirigido por objetivos donde los pacientes aprenden a modificar las causas físicas, conductuales y emocionales del dolor y el estrés.

**SI LE RECETAN OPIOIDES PARA EL DOLOR:**

- Nunca tome opioides en más cantidades o más seguido que lo indicado.
- Haga un seguimiento con su proveedor de atención médica.
  - Establezcan juntos un plan para tratar el dolor.
  - Analicen posibilidades para tratar el dolor, las cuales no incluyan opioides recetados.
  - Hable de sus inquietudes y de los efectos secundarios.
- Ayude a evitar el mal uso y el abuso.
  - Nunca venda ni comparta opioides recetados.
  - Nunca use los opioides recetados de otra persona.
- Guarde los opioides recetados en un lugar seguro y lejos del alcance de otras personas. (Esto puede incluir visitas, niños, amigos y familiares).
- Deshágase de manera segura de los opioides recetados que le sobren. Encuentre el programa de devolución de medicamentos de su comunidad o el programa de devolución de medicamentos de su farmacia o tírelos en el inodoro, siguiendo las instrucciones de la Administración de Alimentos y Medicamentos: [www.fda.gov/Drugs/ResourcesForYou](http://www.fda.gov/Drugs/ResourcesForYou).
- Visite [www.cdc.gov/drugoverdose](http://www.cdc.gov/drugoverdose) para conocer los riesgos del abuso y la sobredosis de opioides
- Si cree que puede estar luchando contra la adicción, infórmeselo a su proveedor de atención médica y solicite orientación o llame a la línea de ayuda nacional de SAMHSA al 1-800-662-HELP.

### Hoja CIF de información y compromiso de los padres y estudiantes sobre los esteroides

“Como condición de membresía en el CIF, todas las escuelas que son miembros deberán adoptar normas que prohíban el uso y abuso de los esteroides androgénicos/anabólicos. Todas estas escuelas deberán confirmar que los estudiantes atletas participantes y sus padres, el tutor legal/cuidador están de acuerdo que el atleta no usará esteroides anabólicos sin la receta prescrita por medio de un examen físico con licencia plena (como lo reconoce la Asociación Médica Americana, AMA) para tratar una condición médica”. (Estatuto CIF 503.I)

#### Nuestra norma del distrito escolar (BP 5131.63):

La Mesa Directiva Gobernante reconoce que el uso de esteroides y otros suplementos para mejorar el rendimiento físico representa un grave peligro para la salud y la seguridad. Como parte de los esfuerzos distritales de prevención e intervención del uso de drogas, el superintendente o la persona designada y el personal deberán hacer todos los esfuerzos razonables para evitar que los estudiantes usen esteroides u otros suplementos para mejorar el rendimiento físico.

Como parte de sus programas de salud, educación física o educación sobre las drogas, los estudiantes en los grados 7 al 12 recibirán una lección sobre los efectos de los esteroides.

Los estudiantes que participan en el atletismo escolar tienen prohibido el uso de esteroides y suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia sinefrina (synephrine, en inglés). (Código de Educación 49030).

Antes de participar en el atletismo escolar, un estudiante atleta y su padre/madre/tutor legal deberán firmar una declaración donde el estudiante atleta se compromete a no usar esteroides androgénicos/anabólicos y/o suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia Sinefrina (Synephrine, en inglés), a menos que el estudiante haya recibido una receta médica escrita por un profesional de la salud que posea autorización para tratar condiciones médicas.

Cualquier estudiante que haya violado el acuerdo o esta norma no podrá participar en el atletismo escolar y estará sujeto a los procedimientos disciplinarios los cuales incluyen, entre otros, la suspensión o expulsión de acuerdo con la ley, las normas de la Mesa Directiva y los reglamentos administrativos.

Los entrenadores deben educar a los estudiantes sobre las prohibiciones del distrito y los peligros del uso de esteroides y otros suplementos para mejorar el rendimiento físico.

El Superintendente o la persona designada se asegurarán que las escuelas del distrito no acepten patrocinios o donaciones de fabricantes de suplementos que ofrezcan suplementos de desarrollo muscular a los estudiantes.

#### Compromiso

Al firmar este documento, el estudiante atleta participante junto con sus padres, tutores legales/cuidadores están de acuerdo que el estudiante atleta mencionado en este documento no utilizará esteroides androgénicos/anabólicos sin una prescripción escrita por un médico que posea autorización plena para tratar condiciones médicas (tal como lo reconoce la Asociación Médica Americana, AMA). También reconocemos que según el reglamento CIF 202, podrían existir penalidades por el uso de información falsa o fraudulenta. Además comprendemos que la escuela [insert name of school] seguirá las normas referentes al uso ilegal de drogas en caso de que ocurran violaciones a estos reglamentos.

Yo confirmo que he recibido y leído la Hoja de información CIF referente a los esteroides.

**Sudden Cardiac Arrest Information Sheet**

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure.

Recognize the Warning Signs and Risk Factors of Sudden Cardiac Arrest.

Tell your coach and consult your health care provider if these conditions are present in your student athlete:

Potential indicators that SCA may occur:

- Fainting or seizure, especially during or right after exercise;
- Fainting repeatedly or with excitement or startle;
- Excessive shortness of breath during exercise;
- Racing or fluttering heart palpitations or irregular heartbeat;
- Repeated dizziness or lightheadedness;
- Chest pain or discomfort with exercise;
- Excessive, unexpected fatigue during or after exercise.

Factors that increase the Risk of SCA:

- Known structural heart abnormality, repaired or unrepaired;
- Family members with unexplained fainting, seizures, drowning or near drowning, or car accidents;
- Family history of known heart abnormalities or sudden death before age 50;
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD);
- Use of drugs, such as cocaine, inhalants, "recreational" drugs, excessive energy drinks or performance-enhancing supplements.

**How Common is Sudden Cardiac Arrest in the United States?**

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

### **Who is at Risk for Sudden Cardiac Arrest?**

SCA is more likely to occur during exercise or physical activity, so student athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they are out of shape and need to train harder, or they simply ignore the symptoms, assuming they will “just go away.” Additionally, some health history factors increase the risk of SCA.

### **What Should You do if your Student Athlete is Experiencing any of these Symptoms?**

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor’s feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

### **Return to Play (RTP)**

The California Interscholastic Federation (CIF) amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting. A student athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider (medical doctor or doctor of osteopathy). Parents, guardians and caregivers are urged to dialogue with student athletes about their heart health.

### **Acknowledgment**

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student’s sports program

Una ficha informativa acerca del Paro Cardíaco Repentino

El Paro Cardíaco Repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El PCR es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla.

Reconozca los factores de riesgo y los signos de advertencia del Paro Cardíaco Repentino.

Dígale al entrenador y consulte a su médico si su atleta adolescente padece estos síntomas:

Posibles indicadores de que podría suceder un PCR:

- Colapso o convulsiones, especialmente justo después de ejercitarse;
- Colapso frecuente, o por emoción o susto;
- Falta excesiva de aliento durante el ejercicio;
- Taquicardia o palpitaciones, o ritmo cardíaco irregular;
- Mareo o aturdimiento frecuente;
- Dolor o malestar en el pecho al ejercitarse;
- Fatiga excesiva e inesperada durante o después del ejercicio.

Factores que incrementan el riesgo de que suceda un PCR:

- La presencia de una anomalía estructural del corazón, reparada o no reparada;
- Familiares que han sufrido sin explicación, colapsos, convulsiones, un accidente automovilístico, que se han ahogado o han estado a punto de ahogarse;
- Un historial clínico familiar de anomalías cardíacas conocidas o muerte repentina antes de los 50 años;
- Un historial clínico familiar específico con casos del síndrome del QT largo, síndrome Brugada, miocardiopatía hipertrófica o displasia arritmogénica del ventrículo derecho (DAVD);
- El consumo de enervantes tales como cocaína, inhalantes, drogas “recreativas,” bebidas de energía en exceso, y sustancias o suplementos para mejorar el rendimiento.

**¿Qué tan común es el PCR en los Estados Unidos?**

Por ser la principal causa de muerte en los EE. UU. cada año suceden más de 300,000 paros cardíacos lejos de los hospitales, de los que nueve de cada diez son mortales. Miles de jóvenes son víctimas de los paros cardíacos repentinos por ser la segunda causa de muerte en menores de 25 años y la principal razón por la que mueren los atletas adolescentes durante el ejercicio.

### **¿Quién corre el riesgo de sufrir un paro cardíaco repentino?**

Los atletas adolescentes corren más riesgo de sufrir un paro cardíaco repentino debido a que tiende a suceder durante el ejercicio o la actividad física. Aunque una enfermedad cardíaca no siempre demuestra signos de advertencia, los estudios demuestran que muchos jóvenes sí tienen síntomas pero no se lo dicen a un adulto. Esto puede ser porque les da pena, no quieren que los saquen de un partido, creen erróneamente que les falta condición física y solamente necesitan entrenar más, o simplemente ignoran los síntomas y suponen que “desaparecerán.” Algunos factores de antecedentes clínicos también aumentan el riesgo de que suceda un PCR.

### **¿Qué debe hacer si su atleta adolescente padece alguno de estos síntomas?**

Debemos informarles a los atletas adolescentes que si padecen cualquier síntoma del PCR, es de suma importancia avisarle a un adulto y consultar con un médico de cabecera lo antes posible. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un PCR, deberá consultar a un médico para ver la posibilidad de que se le hagan más pruebas. Espere la respuesta del médico antes de que su adolescente vuelva a jugar y además, avise a su entrenador y a la enfermera escolar de cualquier afección diagnosticada.

### **Volver a Jugar**

Federación Interescolar de California (CIF) enmendó sus estatutos para poder incluir lenguaje que incluye capacitación acerca del PCR como requisito en la certificación de entrenadores deportivos. Además, esto ayuda a incluirla en el protocolo de entrenamiento y juego para que los entrenadores tengan la autoridad de sacar del juego a un atleta adolescente que se colapse. El atleta adolescente que haya sido suspendido de un juego después de mostrar signos o síntomas asociados con un PCR, no puede volver a jugar hasta que un médico certificado le haya evaluado y aprobado (medical doctor or doctor of osteopathy). Se les insta a los padres, tutores y cuidadores a que hablen con sus atletas adolescentes acerca de la salud del corazón. Igualmente.

He leído y entendido los síntomas y los signos de advertencia del PCR y el nuevo protocolo de la CIF para incluir medidas para prevenir que suceda un PCR dentro del programa deportivo de mi estudiante

## EXHIBIT B

### DISCLOSURES REQUIRED BY THE MUNICIPAL SECURITIES RULEMAKING BOARD RULES G-10 & G-42 FROM MUNICIPAL ADVISORS TO MUNICIPAL ENTITY CLIENTS OR OBLIGATED PERSONS

The Municipal Securities Rulemaking Board (MSRB) requires CFW Advisory Services, LLC. (“CFW Advisory Services”), as a registered municipal advisor, to provide written disclosure to Municipal Entity Clients (“Clients”), or potential Clients, about the actual or potential conflicts of interest that may arise during CFW Advisory Services’ representation of a Client as well as other disclosures described below. To the extent any material conflicts of interest arise after the date of this disclosure, CFW Advisory Services will provide information with respect to such conflicts in the form of a written supplement its Clients. Some of this information may already be included in the written contract between CFW Advisory Services and its Clients for municipal advisory services. The specific disclosures are provided in the sections below:

#### **The Form and Basis of Compensation:**

CFW Advisory Services is typically compensated a fixed fee for the provision of municipal advisory services, as is presented in the written contract to provide these services between CFW Advisory Services and its Clients. No revision to that fee structure is proposed by this disclosure. In some cases, the fee amount for a transaction may be adjusted by mutual agreement between CFW Advisory Services and its Clients. In addition, CFW Advisory Services may occasionally use a different form of compensation to provide services. Alternate forms of compensation present a potential conflict of interest; this information is described below:

**Fixed fee:** Under a fixed fee form of compensation, the municipal advisor is paid a fixed amount established at the outset of the transaction. The amount is usually based upon an analysis by the client and the advisor of, among other things, the expected duration and complexity of the transaction and the agreed-upon scope of work that the advisor will perform. This form of compensation presents a potential conflict of interest because, if the transaction requires more work than originally contemplated, the advisor may suffer a loss. Thus, the advisor may recommend less time-consuming alternatives, or fail to do a thorough analysis of alternatives. There may be additional conflicts of interest if the municipal advisor’s fee is contingent upon the successful completion of a financing, as described below. CFW Advisory Services manages and mitigates this conflict primarily by adherence to the fiduciary duty that it owes to its Clients that requires it to put the interests of a Client above and ahead of CFW Advisory Services’ interests.

**Hourly fee:** Under an hourly fee form of compensation, the municipal advisor is paid an amount equal to the number of hours worked by the advisor times an agreed-upon hourly billing rate. This form of compensation presents a potential conflict of interest if the client and the advisor do not agree on a reasonable maximum amount at the outset of the engagement, because the advisor does not have a financial incentive to recommend alternatives that would result in fewer hours worked. In some cases, an hourly fee may be applied against a retainer (e.g., a retainer payable monthly), in which case it is payable whether or not a financing closes. Alternatively, it may be contingent upon the successful completion of a financing, in which case there may be additional conflicts of interest, as described below. While CFW Advisory Services does not typically provide municipal

advisory services on an hourly fee basis, it may do so from time to time. In such cases, CFW Advisory Services manages and mitigates this conflict primarily by adherence to the fiduciary duty that it owes to its Clients that requires it to put the interests of a Client above and ahead of CFW Advisory Services' interests.

**Fee contingent upon the completion of a financing or other transaction:** Under a contingent fee form of compensation, payment of an advisor's fee is dependent upon the successful completion of a financing or other transaction. Although this form of compensation may be customary, it presents a conflict because the advisor may have an incentive to recommend unnecessary financings or financings that are disadvantageous to the client. For example, when facts or circumstances arise that could cause the financing or other transaction to be delayed or fail to close, an advisor may have an incentive to discourage a full consideration of such facts and circumstances, or to discourage consideration of alternatives that may result in the cancellation of the financing or other transaction. CFW Advisory Services manages and mitigates this conflict primarily by adherence to the fiduciary duty that it owes to its Clients that requires it to put the interests of a Client above and ahead of CFW Advisory Services' interests.

**Fee paid under a retainer agreement:** Under a retainer agreement, fees are paid to a municipal advisor periodically (e.g., monthly) and are not contingent upon the completion of a financing or other transaction. Fees paid under a retainer agreement may be calculated on a fixed fee basis (e.g., a fixed fee per month regardless of the number of hours worked) or an hourly basis (e.g., a minimum monthly payment, with additional amounts payable if a certain number of hours worked is exceeded). A retainer agreement does not present the conflicts associated with a contingent fee arrangement (described above) but may present other issues for client consideration. CFW Advisory Services manages and mitigates this conflict primarily by adherence to the fiduciary duty that it owes to its Clients that requires it to put the interests of a Client above and ahead of CFW Advisory Services' interests.

**Fee based upon principal or notional amount and term of transaction:** Under this form of compensation, the municipal advisor's fee is based upon a percentage of the principal amount of an issue of securities (e.g., bonds) or, in the case of a derivative, the present value of or notional amount and term of the derivative. This form of compensation presents a conflict of interest because the advisor may have an incentive to advise the client to increase the size of the securities issue or modify the derivative for the purpose of increasing the advisor's compensation. CFW Advisory Services manages and mitigates this conflict primarily by adherence to the fiduciary duty that it owes to its Clients that requires it to put the interests of a Client above and ahead of CFW Advisory Services' interests.

Notwithstanding the above disclosure, CFW Advisory Services is a professional municipal advisory firm that, when retained, holds a fiduciary duty to its Clients, as defined by federal law, to its client and its actions are regulated by the United States Securities and Exchange Commission ("SEC") and the rules promulgated by the MSRB. CFW Advisory Services takes its duty and its responsibilities seriously and encourages you to ask questions and seek clarification when a question arises regarding a transaction or the fee associated with that transaction paid to CFW Advisory Services.

In the event that you have a concern or believe that there is a conflict of interest or breach of the fiduciary relationship, CFW Advisory Services encourages an open dialogue with a member of the senior management or the Managing Partner, Emilio A. Flores, to resolve the concern.

## 2023-2024

### **OVERVIEW**

#### **Brick & Mortar Residency/Lab Study**

This on-site residency study is customized to fit your school's vision and needs - and includes a trained Read. Write. Think. with Renee team member who will join you on-campus throughout the year to deliver **timely and responsive** professional study.

Every Brick & Mortar Residency looks a little different, but each includes four main tenets:

1. **Lab Study.** Put on your scientist hat and step into the lab with us. Together, we study, examine, and question our practices
2. **Mini-Institutes.** Take the time to achieve schoolwide alignment on your vision and build the capacity of your team.
3. **Personalized Coaching.** Teachers should have a voice in what they are learning. To facilitate this, we spend time one-on-one with your staff and serve as their thinking partner. This allows us to connect with each teacher and help them reach their personal, professional learning goals.
4. **Curriculum Planning/Pacing.** Time to put pen to paper or fingers to keyboard. Curriculum planning days are spent planning out instruction in a way that includes all voices and incorporates best practices.

---

Our vision for the 2023-2024 year is to help members of the community reimagine *their* learning lives in ways that bring into focus the identity, and the gifts and talents of its members. We aim to reshape professional study so it brings the joy of learning for *all* at **Lemonwood ES**, including teachers, faculty, caregivers, students, and other members of the community.

## Goals

Support teachers in their understanding of teaching literacy through a professional study in content (what they are teaching), teaching structures (how they are teaching it) and reimagining centering student voice, and choice (why they are teaching it), to raise up a generation of students who advocate for themselves and one another.

**Ratification of Allocations of Contractor Contingency #15 as found in Amendment #001 to Construction Services Agreement #17-158 and Guaranteed Maximum Price (GMP) between the Oxnard School District and Balfour Beatty Contractors, LLC to provide Lease-Lease-Back Construction Services for the Rose Ave Elementary School Reconstruction Project (Mitchell/Miller/CFW)**

---

The District's Master Construction Program adopted by the Board in January 2017 identified Rose Avenue elementary School as needing extensive modernization to existing classrooms, the MPR/food services building, electrical and other utilities, playfields, vehicular areas, lunch shelters and play equipment, as well as the need for construction of a library/media center.

The Board approved the negotiated GMP and the Amendment No 001 to the Lease Agreement as executed in the attached Lease Lease-Back Agreements (Lease, Sublease, and Construction Services Agreement) with Balfour Beatty Construction to complete the Work identified in IBI's architectural drawings for the Rose Ave Elementary School Reconstruction Project on September 22, 2021.

The "GMP" for the Project is Forty-one Million Six Hundred Seventy-Eight Thousand Three Hundred Ninety-Three Dollars and No Cents (\$41,678,393.00). The GMP also consists of (1) a Contractor Contingency in the amount of One Million Six Hundred Ninety-five Thousand Forty-Two Dollars and No Cents (\$1,695,042.00), (2) Sublease Payments in the amount of \$173,660 per month for 12 months for a total lease value of Two Million Eighty-Three Thousand Nine Hundred Twenty Dollars and No Cents (\$2,083,920.00) pursuant to terms and payment schedule as amended and set forth in the Sublease. There are also Allowances included in the GMP for specific purposes. The total Contractor Contingency Allowance is in the amount of Seven Hundred Ninety-Seven Thousand Six Hundred Sixty-Seven Dollars and No Cents (\$797,667.00).

We are seeking ratification of draws from the various funds that were set up within the GMP according to contract documents. The contract documents allow funds to be drawn from the accounts with District approval. The Director of Facilities has been designated to provide the initial approval. The accompanying document lists all the account draws approved to date for the Contractor Contingency.

Fund activity is as follows:

Contractor Contingency Allocation Approval: This contingency fund began with a fund balance of Seven Hundred Ninety-Seven Thousand Six Hundred Sixty-Seven Dollars and No Cents (\$797,667.00). # LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Oxnard School District

CDS Code: 56-72538-0000000

School Year: 2024-25

LEA contact information:

Dr. Anabolena DeGenna

Superintendent

adegenna@oxnardsd.org

(805) 385-1501

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Oxnard School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Oxnard School District is \$263,509,639, of which \$194,795,986 is Local Control Funding Formula (LCFF), \$39,438,525 is other state funds, \$18,106,855 is local funds, and \$11,168,273 is federal funds. Of the \$194,795,986 in LCFF Funds, \$58,685,033 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Oxnard School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Oxnard School District plans to spend \$296,077,361 for the 2024-25 school year. Of that amount, \$143,469,541 is tied to actions/services in the LCAP and \$152,607,820 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The 2024-2025 LCAP will include actions funded through various sources, including LCFF, federal, state, and local funding. All actions will be aligned with the district's strategic plan.

As the Oxnard School District implements its adopted strategic plan, Oxnard EMPOWERS, it will align LCAP goals and actions with those outlined in the district's strategic plan. The 2024-2025 LCAP will include goals and actions not funded by LCFF and therefore, those goals will not be considered contributing or measured for the purposes of this plan.

For those goals and actions funded by LCFF and additional funding sources, metrics will be used to monitor implementation, reflecting progress towards Oxnard EMPOWERS and incorporating identified research-based practices. Additionally, the equity study conducted by Orenda will provide insights to assess and identify actions and metrics for inclusion in the Oxnard School District's 2024-2025 Local Control Accountability Plan

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Oxnard School District is projecting it will receive \$58,685,033 based on the enrollment of foster youth, English learner, and low-income students. Oxnard School District must describe how it intends to increase or improve services for high needs students in the LCAP. Oxnard School District plans to spend \$58,685,033 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Oxnard School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Oxnard School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Oxnard School District's LCAP budgeted \$61,249,914 for planned actions to increase or improve services for high needs students. Oxnard School District actually spent \$61,249,914 for actions to increase or improve services for high needs students in 2023-24.

### Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

### Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

### Local Indicators

The local indicators address the following state priority areas:

#### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The LEA is committed to working collaboratively with families to ensure authentic parent and family engagement by making parents an integral part of the decision-making process that impacts student outcomes at school and district levels. This is accomplished through regular ELAC meetings, DELAC meetings, School Site Council, the Superintendent's Parent Advisory Committee, and the African American and Mixteco parent groups/committees. These meetings are virtual, hybrid, and in-person to accommodate the needs of families. These meetings center around student achievement and how the district addresses these needs, and a variety of topics are addressed, such as Mathematical growth mindset, literacy, enhancing communication with teachers and school staff, bullying, culturally responsive teaching and learning, development of LCAP goals, Pathway to Biliteracy, and High School and Beyond nights. High School and Beyond nights occur at every school and are facilitated by the school counselor and principal. During these meetings, student academic achievement is discussed, parents learn how to navigate the high school setting, and connections are made to high school requirements. Both Spanish and Mixteco interpretation is provided to ensure families understand the topics and can give feedback in their native language. Additionally, the LEA supports school administrators in implementing, monitoring and evaluating site-level Parent and Family Engagement Policies that align with the California Family Engagement Framework. Each school collaborates with its advisory groups to commit to specific goals and actions focused on developing true partnerships to impact student outcomes. Lastly, the LEA has strong partnerships with a community-based Wellness Collaborative, California Association for Bilingual Education, Ventura County Behavioral Health, and other local organizations to improve students' academic achievement and social-emotional well-being.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Over the last several years, building relationships with families has been a priority for the Oxnard School District. The Oxnard School district has had tremendous success building collaborative relationships with parents, particularly parents of English Learners who regularly participate in committees at school and district levels. The LEA has also committed to providing parent leadership development opportunities, such as Project 2 Inspire workshops in English and Spanish. Through these leadership workshops, parents acquire the tools and resources to establish and sustain positive communication with their schools and advocate for their student's academic success. The LEA employs a Manager of Equity, Family and Community Engagement to design and lead activities and programs to build relationships with diverse families and engage them as partners in supporting all students' academic and social-emotional wellbeing. Over the last two years, one of the LEA's most significant strengths has been establishing

African American and Mixteco parent focus groups to build positive and trusting relationships with these underrepresented parent groups. Additionally, the LEA employs a Parent Support Liaison that helps coordinate parent and family engagement activities and a Community Liaison to work with families of at-risk students by ensuring they receive the support and services they need. The Parent Support Liaison and the Community Liaison are housed in the Family Center, a space where families are welcomed and connected with district and community resources and programs. Furthermore, every school in the district has an Outreach Resource Specialist (ORC). The ORCs primary roles include establishing trusting relationships between school staff and families, creating opportunities for families and staff to engage in meaningful ways, building on families' funds of knowledge, and connecting families to school and community resources and programs. Lastly, access and equity are at the core of the LEA's efforts to build strong relationships with all families by maintaining effective communication. The LEA contracts with outside interpretation agencies to provide translation and interpretation services to families from diverse linguistic backgrounds. To meet the needs of the LEAs' increasingly Mixteco community, the LEA has employed two Mixteco family liaisons who are key cultural connectors between the schools and the Mixteco community.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

One of the LEA's strengths is empowering families to advocate for their students by actively participating in the decision-making processes at district/school levels to impact student achievement. This is done through parent focus groups that meet regularly throughout the year to provide input about programs and processes impacting student learning and feedback on how funds will be used. Parent and family members are invited and encouraged to attend district-level parent advisory groups such as the District's English Learner Advisory Committee (DELAC), Parent Advisory Council (PAC), and the African American and Mixteco parent groups to engage in the development of the LEA's Parent and Family Engagement Policy, provide feedback on the LCAP goals and other district-led initiatives. Other means to seek feedback are the use of an annual Family Engagement Survey, LCAP surveys for parents and staff, and ESSER Planning surveys to collect ongoing input from our stakeholders. These bilingual surveys are

available on the district’s website and promoted through various venues by Outreach Resource Specialists at every school.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Seeking Input for Decision-Making.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

As the Oxnard School District implements its adopted strategic plan, Oxnard EMPOWERS, it has aligned LCAP goals and actions with those outlined in the district's strategic plan. The 2024-2025 LCAP will include goals and actions not funded by LCFF; therefore, those goals will not be considered contributing or measured for the purposes of this plan. For those goals and actions funded by LCFF and additional funding sources, metrics will be used to monitor implementation, reflecting progress towards Oxnard EMPOWERS and incorporating identified research-based practices.

With the alignment of the 2024-2025 LCAP and the Oxnard School District's strategic plan, the district ensures cohesiveness in all actions and initiatives that support its goals for improving student outcomes and fostering an inclusive learning environment for all students, including unduplicated student groups. These actions are funded through a combination of the Local Control Funding Formula (LCFF) and various state, federal, and local funding sources. By utilizing this diverse array of funding, the district can effectively address the needs of its diverse student population, ensuring targeted support and resources to enhance educational achievement and well-being across all schools.

The Oxnard School District, in the 2023-2024 school year, served over 13,000 students in Transitional Kindergarten (TK) to grade 8. The district feeds into the Oxnard Union High School District, alongside three other elementary school districts. The city of Oxnard is

approximately 60 miles northwest of downtown Los Angeles and 35 miles south of Santa Barbara. Oxnard is currently the largest city in Ventura County with a population of over 200,000, making it the 22nd largest city in California and 124th largest in the United States. The city was founded by prosperous agricultural opportunities, which attracted many immigrant workers and their families. Although the city has evolved, it has a thriving economy that continues to include agriculture, as well as other industries, such as defense, manufacturing, and tourism.

During the 2023-2024 school year, 90% of the student population of the Oxnard School District was considered socioeconomically disadvantaged. The district's demographics for the 2023-2024 school year were as follows: 95% Hispanic/Latino, 2.79% White, 0.76% African American, 0.75% Asian, 0.85% students who identify as having two or more races, 0.04% American Indian, and 0.14% Pacific Islander. Emergent Multilingual Learners (EML) comprise a large percentage of the district. In the 2023-2024 school year, 44.3% of students were considered Emergent Multilingual Learners (EMLs) or English Learners (ELs), most of which reported Spanish as their primary language. Nonetheless, one of the characteristics that makes Oxnard unique is the growing number of Latinx students who have Mixteco and Zapotec as a native language.

The Oxnard School District comprises 21 schools, including San Miguel Preschool offering special education services, 10 TK-5th grade elementary schools, 7 TK-8th grade schools, and 3 comprehensive middle schools for grades 6 to 8. Among these, 2 of the 3 comprehensive middle schools, 6 of the 7 TK-8th grade schools, and 4 elementary schools offer Spanish biliteracy (dual language immersion) programs. Following a 50/50 model, the district's biliteracy programs are aimed at promoting linguistic fluency and academic success in multiple languages. These initiatives align with California Department of Education programs including the EL Roadmap, which seeks to equip students with world language skills to engage with diverse cultures and succeed in the global economy. Biliteracy instruction is guided by the district's standards-based interdisciplinary units, designed in accordance with each grade's language allocation plan and content standards.

The district recognizes the profound responsibility it carries in preparing students for the ever-evolving landscape of a global society. In spring 2020, key areas of focus were identified, laying the foundation for a new strategic plan. A meticulously crafted student profile embodying aspirations for every learner was adopted by the school board, setting a clear trajectory for the district's future. The journey continued in 2022, as the district refined its vision and mission to align with the evolving needs of students. Collaborating with community partners and educational experts the district articulated the strategic plan, branding it with the term "EMPOWERS." This encapsulated the district's commitment to Excellence through Multilingualism, Possibility, Opportunity, Equity, Respect, and Scholarship (EMPOWERS). Oxnard EMPOWERS symbolizes the district's strategy, aimed at significantly enhancing educational outcomes for all students.

Aligned with its strategic plan, the district emphasizes a rigorous curriculum aligned with the CA Common Core State Standards (CCSS) and frameworks. Extensive professional development opportunities and coaching are offered to all teachers to enhance their pedagogy and practice. Weekly collaborative planning time enables teachers to share best practices, develop common assessments, analyze data, and plan instruction to implement standard-aligned, rigorous lessons. Furthermore, teachers participate in grade-level Professional Learning Communities (PLCs) to improve instruction. Teachers on Special Assignment (TOSAs) provide professional development and support in literacy, biliteracy, math, science, social science, inclusive practices, and educational technology. Intervention Service Providers (ISPs) and Literacy Intervention Teachers (LITs) ensure targeted intervention for students, supported by data, at each school site.

Moreover, the Oxnard School District has adopted the Multi-Tiered System of Supports (MTSS) framework. This approach aims to benefit all students while also enhancing tier 2 supports through the RTI and PBIS models, which address both academic and socio-emotional needs.

This strategic initiative ensures that every student, regardless of their individual needs or backgrounds, receives a high-quality education. By paying special attention to tier 1 lesson design through integrating UDL principles into their curriculum and instructional methods, and bolstering targeted support for students in need of tier 2 instruction, the district seeks to accommodate diverse learning styles and offer multiple avenues for students to engage with and demonstrate their learning.

In addition, the Oxnard School District offers a comprehensive range of special education services aimed at supporting students with disabilities. Their mission emphasizes providing inclusive environments and a continuum of programming to meet diverse needs. Services include self-contained classrooms for mild to severe disabilities, specialized programs for autism and social-emotional needs, support for deaf/hard of hearing and visually impaired students, and a team of behavior specialists and paraeducators. Program specialists mentor teachers in curriculum, instruction, and behavior management, while special education managers handle administrative tasks. The district has also introduced a Teacher on Special Assignment to assist General Education Teachers in inclusive practices.

Furthermore, to address the various needs of our students for overall wellness and social-emotional health, the district has resources in place including, but not limited to, a community-based Wellness Collaborative; full-time nurses; extensive wrap-around services to address the needs of the whole child, and additional school level support to provide improved services to families and staff. Additionally, every school site is staffed with at least one full-time school counselor and an Outreach Specialist who acts as a school-community liaison, while offering other support services to the district families. In recent years, the district has increased the number of social workers supporting the district to ensure necessary services to support the district's students and families.

The district's commitment to student enrichment extends far beyond regular school hours. Through programs such as the After School Education Program (ASES) and the Expanded Learning Opportunity Program (ELOP), students from kindergarten through eighth grade are provided with a rich array of opportunities to further their academic and social-emotional growth. The district's after-school programs offer enrichment opportunities inclusive of mathematics, literacy, engineering, science, technology, and the arts. High-interest learning opportunities include Lego creations, dancing, robotics, and culinary education. In addition, there are 3 seasons of sports offered across schools and grades. Furthermore, the district has been successful in offering summer learning opportunities as well as spring camps for all students. Activities in the summer and Spring have included overnight science camps, and day field trips to California's Disneyland Parks to explore theme park engineering.

Recognizing the immense value of its community, the district has dedicated significant effort over the past several years to foster robust family and community engagement. This endeavor has been facilitated through the utilization of the California Family Engagement Network Toolkit. In recognition of the close connection between parent/family engagement and student success, the district has also focused on the expansion of parent advisory groups to include an African American Steering Committee, which includes members of the community and higher education partners; the African American Parent Advisory Group; the Mixteco Steering Committee, which includes members of the community and organizations that support and provide resources to parents; the Mixteco Parent Advisory Group; a newly formed Asian and Pacific Islander Parent Group; and the District English Learner Advisory Committee (DELAC).

Future plans include strengthening project-based learning across the various schools to align with the district's student profile traits and fostering well-rounded and empowered learners. By integrating project-based learning into the curriculum, the district aims to provide students with meaningful learning experiences that connect classroom learning to real-world challenges while integrating language arts, math, content, and technology. This approach empowers students to take ownership of their learning, preparing them for success in college,

careers, and beyond. Through continued collaboration with educators, families, and the community, the Oxnard School District is committed to providing an innovative and student-centered education that prepares students for a rapidly changing world.

The Oxnard School District is committed to providing a comprehensive education that empowers students to excel academically and thrive socially and emotionally. The district's strategic plan is aligned with California's educational vision, including incorporating the pedagogical practices found within content frameworks and the CA Roadmap for English Learners. Through its strategic plan, the district aims to ignite students' passion for learning, transform classroom practices, nurture supportive communities, and embrace effective approaches to translate values into action. By implementing OSD EMPOWERS, the district is committed to preparing students to succeed in a dynamic world, fostering their confidence, compassion, and ability to positively impact society, ensuring Oxnard School District students can become "Inspired, Accomplished, Multilingual Global Citizens – In School and Beyond."

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The English Language Arts (ELA) proficiency data reflected in the CA Dashboard reveals several key insights necessitating focused attention and targeted interventions. Overall, the district's ELA proficiency remains concerning, with 57.2 points below standard, maintaining a consistent trend from the previous year. Notably, English Learners (ELs) or Emergent Multilingual Learners (EML) and students with disabilities face significant challenges, with proficiency levels 77 and 132.7 points below standard, respectively. While there have been slight declines in these gaps, they underscore the urgent need for tailored support services and instructional strategies to address diverse learning needs. Similarly, foster youth exhibit a notable proficiency gap of 116.3 points below standard, necessitating specialized interventions to support their academic and socio-emotional well-being. African American and Hispanic groups also face considerable disparities, indicating the importance of implementing culturally responsive teaching practices and targeted academic support initiatives. Furthermore, the data highlights the impact of socioeconomic factors, with homeless and socioeconomically disadvantaged students exhibiting significant proficiency gaps despite slight fluctuations. The district will continue to bolster wraparound services to address the underlying barriers to learning faced by these student populations. Moreover, disparities within student groups underscore the need for equity-focused initiatives within the district to ensure all students have equitable access to high-quality first instruction and support services. Incorporating these insights into the district's plan will enable the Oxnard School District to strategically address proficiency gaps and advance towards improved outcomes for all students.

In analyzing the math achievement data for the district, several key trends emerge across student demographics. Overall, all students in the district are performing, on average, 90.8 points below the standard, with an 8.7 points from the previous year. However, this improvement is not uniform across all groups. African American students, for instance, are facing significant challenges, with their average performance now 99.7 points below standard, representing a decline of 11.5 points. To address this concerning trend, targeted interventions and support systems will be implemented specifically tailored to address the decline among African American students. English Learners (ELs) or Emergent Multilingual Learners (EML), while still significantly below the standard at 104.5 points, have shown improvement, although slight, with a 4.9-point increase. Foster youth and homeless students are facing even greater challenges, with averages of 125.1 and 105 points below standard, respectively. Despite recent improvements, targeted support services need to be enhanced for these vulnerable populations, addressing both academic and socio-emotional needs. Hispanic students, who make up a significant portion of the district, also show

improvement but still lag significantly below the standard at 94.5 points. Culturally relevant pedagogy and increased family engagement strategies should be prioritized to support this demographic. While White students have improved, their average performance remains below the standard at 49.8 points, indicating the need for continued efforts to ensure equitable access to resources and opportunities. Lastly, Asian students are performing above the standard, with a recent increase of 22.6 points. Leveraging the success of Asian students as a model for best practices, initiatives promoting diversity and inclusivity will be encouraged across the district.

Overall, chronic absenteeism in the district has shown a decline of 1.6%, yet 27.2% of students are still chronically absent. Delving deeper into the subgroup data reveals varied experiences. Notably, Asian students have experienced a concerning increase in absenteeism, rising by 5.5% to a rate of 20.8%. In contrast, absenteeism among African American students has significantly decreased by 8.8%, now at 23.7%. This substantial reduction suggests that targeted interventions can be highly effective. English Learners (ELs) or Emergent Multilingual Learners (EML), encompassing 7,666 students, have seen a reduction in their absenteeism rate by 2.2%, now at 24.8%. Foster youth, although showing a 5.7% decline, still have a high absenteeism rate of 38.7%, indicating the need for continued and specialized interventions. Similarly, the Hispanic population's absenteeism rate stands at 27.4%, with a decrease of 1.6% among a group of 13,611 students, showing slight progress but also room for further action. The socioeconomically disadvantaged group has a chronic absenteeism rate of 27.7%, with a reduction of 2%, showing a similar need for ongoing support. Students with disabilities, presenting one of the highest rates of absenteeism at 37.5%, have only seen a minor decrease of 1.2%. White students have also seen a modest decrease in their absenteeism rate by 1%, now at 26.4%. The homeless student population absentee rates stands at 27.4% but has decreased by 3.8%. This subgroup's decrease is promising but highlights the ongoing challenges faced by homeless students in maintaining regular attendance. The analysis of chronic absenteeism across various student subgroups within our district highlights areas of both progress and ongoing concern. While we celebrate the reductions achieved, the data compels us to intensify our efforts in areas where students continue to struggle with high absenteeism. Moving forward, our district will enhance targeted interventions for subgroups with increasing or persistently high absenteeism rates. Strategies will include increasing community and parental engagement to address underlying factors contributing to absenteeism, improving support services for at-risk students, and ensuring resources are directed effectively, especially towards the most vulnerable groups.

In addition, the California dashboard data for the Oxnard School District reveals several notable trends regarding suspension rates among different demographic groups. Overall, the district's suspension rate stands at 4.9%, with a maintenance rate of 0.2%. While the suspension rate for White students has increased by 2.3% to 5.7%, accounting for 420 students, African American students also experienced a rise in suspension rates, although a smaller increase of 0.9% to also reach 5.7%. English Learners (ELs) or Emergent Multilingual Learners (EML) saw their suspension rate increase by 0.6% to 4.2%, indicating a need for additional support. However, Foster Youth experienced a decline in suspension rates by 5.9% to 11.3%, highlighting progress in supporting this vulnerable demographic. Hispanic students maintained a suspension rate of 4.9%, with a maintenance rate of 0.1%. Socioeconomically disadvantaged students saw a slight increase in suspension rates by 0.3% to 5.2%. Homeless students also experienced a decline in suspension rates by 0.5% to 5.7%. Conversely, students with disabilities saw a decline in suspension rates by 1% to 6%, affecting 2,765 students. Notably, Asian students had 0% suspension incidents, highlighting potential strategies or practices that could be shared and replicated across the district. Strategies to address these disparities include the implementation of restorative practices, cultural competency training for staff, expansion of support services for vulnerable populations, strengthening family and community engagement, and ongoing monitoring and evaluation of interventions to reduce suspension rates and promote an inclusive school environment where all students can thrive. Implementing PBIS frameworks, reviewing and revising discipline policies, providing trauma-informed practices, and continuous monitoring and analysis of suspension data are also crucial steps.

Through these efforts, the Oxnard School District will work towards reducing suspension rates and creating a supportive, inclusive, and equitable learning environment for all students.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Fremont Academy of Environmental Science and Innovative Design

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

The Oxnard School District will support Fremont Academy in developing and implementing its Comprehensive Support and Improvement (CSI) plan. This support will focus on a school reform model aimed at improving student outcomes in areas such as chronic absenteeism, suspension rates, and academic performance in English language arts and mathematics.

To inform the CSI plan, the district will leverage its internal systems, programs, and personnel. Key components of a CSI plan, such as comprehensive needs assessment, educational partner involvement, and addressing resource inequities, are already integrated into the Single Plan for Student Achievement (SPSA) template. Consequently, the Fremont SPSA will serve as the CSI plan. The Leadership Team and School Site Council of Fremont Academy will develop and monitor this plan with guidance and support from the Director of School Performance and Student Outcomes, who will also act as their CSI Coordinator. Continuous data analysis from benchmark assessments will help determine student needs. Teachers will have Professional Learning Community (PLC) time and separate common planning time weekly to plan instruction. Additionally, a robust Multi-Tiered System of Supports (MTSS) will be implemented to ensure student needs are met, with guidance and support provided by the Director of Pupil Services.

The district will support academic intervention programs for Fremont students. Its professional development plan includes training on evidence-based instructional strategies, mathematics and comprehensive literacy, district-mandated academic programs and software, district data systems, Positive Behavioral Interventions and Supports (PBIS), the MTSS process, and social-emotional programs and strategies. Site Administrators will participate in this professional development and receive additional training to enhance their skills as instructional leaders through a consultant. Furthermore, a comprehensive family and community engagement plan will involve various members, such as the District English Learner Advisory Committee (DELAC), English Learner Advisory Committee (ELAC), School Site

Council (SSC), Parent Advisory Committee (PAC), Parent-Teacher Association (PTA), the African-American Parent Group, the Mixteco Parent Group, the Asian-American, Pacific Islander Parent Group, and Project2Inspire.

In addition to the district's internal support systems and services, CSI funds have been allocated to contract with an external provider, Orenda Education, to support Fremont Academy in its CSI plan development and implementation. Orenda Education employs the Teach, Lead, Counsel (TLC) approach, which aims to create equity-based systemic changes in schools, ensuring continuous and sustainable improvement. The TEACH component focuses on building a powerful teaching and learning system by designing grade-level curricula, common assessments, and instructional strategies while enabling educators to reflect on and reassess their methods. The LEAD component enhances the capacity of site and district leaders through a scholarly and technical approach, supporting school conditions that enable staff and students to achieve their targets. The COUNSEL component strengthens the student support services division within the school community, where staff use actionable college readiness indicator data through Orenda's monitoring software to track student progress toward college and career readiness.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To effectively monitor and evaluate the implementation of the CSI plan and support student and school improvement efforts, the Oxnard School District has established a structured framework. The CSI Coordinator, serving as the District Director of School Performance and Student Outcomes, will actively participate in Fremont Academy's School Site Council (SSC) and Leadership Team meetings on a regular basis. Their primary responsibility will be to oversee and assess the progress of the CSI plan using a designated monitoring tool designed specifically to measure advancements toward predetermined metrics. Additionally, to ensure comprehensive oversight and support, a representative from the external technical support provider, Orenda Education, will be invited to these meetings to provide updates and pertinent information.

These meetings will focus on evaluating the effective utilization of CSI funds to achieve the outlined grant objectives. Integral to this evaluation process will be the collection and analysis of key outcome data aimed at informing ongoing decision-making and assessing the efficacy of the school's CSI strategies. This data includes academic achievement metrics such as CAASPP results in English Language Arts (ELA) and Mathematics, disaggregated to include all student subgroups. Furthermore, local benchmark data from STAR Reading and STAR Math assessments will provide insights into student progress and identify areas needing improvement.

To gauge student engagement and behavior trends, metrics such as attendance rates, chronic absenteeism rates, and suspension rates will be closely monitored. Additionally, Panorama survey results will be used to assess student social-emotional learning and well-being, as well as levels of parent engagement and satisfaction with school initiatives. Regular dissemination of these outcomes and findings will occur during SSC, English Learner Advisory Committee (ELAC), Site Leadership, and staff meetings. This collaborative approach ensures that all stakeholders are well-informed about the progress of the CSI plan, facilitating informed decision-making and allowing for adjustments as needed to continuously enhance student outcomes and school effectiveness.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
------------------------	------------------------

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The Oxnard School District believes that educating and supporting our children is a shared responsibility. Therefore, input and engagement from educational partners are crucial to the LCAP development process. The LCAP committee for the 2024-2025 term comprises diverse educational partners, including district administrators representing all district departments, middle school administrators, K-5 administrators, members of the Oxnard Educators Association (OEA), members of the Oxnard Supportive Services Association (OSSA), members of the California School Employees Association (CSEA), and families. To engage this committee, three LCAP meetings were held with the purpose of sharing the LCAP process, presenting district data, gathering input on the district's needs from the perspective of different educational partners, and ultimately sharing the team's recommendations to be addressed in the 2024-2025 LCAP.

Additionally, the LCAP process and draft were shared with various parent and community groups, including the District's English Language Advisory Committee (DELAC), the Parent Advisory Committee (PAC), the African American Advisory Committee, the Mixteco Parent Advisory Committee, the Asian American and Pacific Islander Parent group. Data specific to the needs of each group was collected, with Special Education representatives present at parent group meetings to provide information and gather feedback on special education programs. Furthermore, LCAP Panorama surveys were created for both the community and families in English and Spanish, while a separate survey was designed for staff. These surveys were shared during LCAP meetings, posted on the district website, emailed to staff, and distributed through Parent Square to all families.

Staff input was also gathered through ongoing Curriculum Council meetings, providing teachers with an opportunity to provide feedback and input on instructional needs aligned with State Priorities. Additionally, the Education Services Department hosted three biliteracy teacher focus groups to address concerns and gather feedback related to biliteracy. This resulted in feedback related to professional development aimed at supporting teachers in implementing the district's biliteracy framework.

Student voices and input were solicited through monthly meetings with the Superintendent Fellows, a group comprised of a student representative from every school site. These meetings allowed students to provide input on their experiences, make recommendations for improvement, and offer feedback on district programs. Additionally, data was also gathered through Student Panorama Surveys.

The LCAP was presented to the School Board for approval in June 2024, with no written responses requested between the public hearing and the approval process. The Special Education Local Plan Area (SELPA) was also involved in consulting on activities aligning with the district's LCAP discussions and development. The Special Education results from the Special Education Report, prepared by School Services of California were also used in determining actions that would improve the services we provide our students in need of additional academic and social-emotional support through the Multi-Tiered System of Support.

Feedback from various educational partners highlighted several trends aligned with LCFF State Priorities. These included the need for additional resources to address student learning, suggestions for individualized student support, requests for teacher training on evidence-based practices, the importance of arts education, and the need for increased social and emotional support for students. Additionally, concerns were raised regarding challenging behaviors and the need for a systematic approach to discipline, along with requests for more professional growth opportunities and improved district-wide communication channels.

Throughout the process, efforts were made to ensure comprehensive engagement and collaboration among all educational partners to address the diverse needs of the Oxnard School District community. Educational partners' input greatly influenced the process of developing the 24-25 LCAP.

# Goals and Actions

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

**An explanation of why the LEA has developed this goal.**

This goal has been developed in alignment with the Oxnard EMPOWERS Strategic Plan Goal 1, which focuses on Improving Student Academic Engagement and Achievement. The Oxnard School District recognizes the imperative to significantly accelerate student engagement and achievement across all Oxnard populations through coherent additive approaches, essential pedagogical principles, and high-leverage practices. The district is confident that through evidence-based first instruction relevant to our students' experiences, teachers will deliver the rigorous instruction necessary for student success.

Current student data underscore the urgent need for the Oxnard School District to enhance the academic achievement of all students, including English Learners, Foster Youth, Low-Income students, and student groups experiencing performance gaps. The district's overall growth has been relatively stagnant since 2015, with the percentage of students meeting or exceeding academic standards significantly trailing behind that of the county and state averages. Additionally, the 2023 Local Indicator Self-Reflection Tool identified areas for growth, which will also be addressed within this goal.

To effectively monitor progress toward achieving goal 1, the district will utilize statewide and local assessment metrics that can be disaggregated by student group, ensuring that all student demographics are addressed and held to high standards. Various data sources, including the results of the CA Dashboard, student outcomes measured by the Smarter Balanced Assessment System (SBAC), and data

from local Renaissance/STAR 360 Assessments, will be used to monitor Goal 1. These metrics will enable the district to measure and monitor year-to-year growth for all students, including those with performance gaps.

1.1	Academic Incentives and Recognitions	The Oxnard School District's unduplicated student groups, comprising more than 90 percent of the student body, encompass some of the lowest-performing student populations on state and local assessments. The unduplicated student groups of the district include emergent multilingual learners (English learners), low-income, and foster youth. This action directly addresses this data, aligning with state priorities and addressing resource inequities such as disparities in funding, access to experienced teachers, up-to-date educational materials, extracurricular opportunities, support services, quality of facilities, advanced coursework, parent and community engagement, and mental health services, while benefiting all students within the district. Aligned with the district's strategic plan and reflective of its student profile, this action focuses on implementing incentives tailored for unduplicated student groups. It aims to motivate and encourage students by emphasizing the importance of continuing their career and/or college paths, consistent with the district's strategic goal to foster a college-going culture and promote post-secondary education. This approach underscores the district's commitment to nurturing the holistic development of our unduplicated student groups, in accordance with the student profile traits of the Oxnard School District. This action includes gowns for eighth grade promotion ceremonies, the pathway towards biliteracy as well as other academic incentives and recognitions. Progress will be tracked through state metrics and assessments (SP 1.2.1).	\$56,500.00	Yes

- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 7: Course Access (Conditions of Learning)

**An explanation of why the LEA has developed this goal.**

The Oxnard School District serves a diverse and rich community with abundant assets to build upon. The district is committed to developing programs that are asset-based and that recognize and celebrate the tapestry of traditions, customs, language, and cultural intricacies upon which our district community is built, while still responding to students' academic and social-emotional needs.

Goal 2 was developed to embrace and capitalize on such dynamics while recognizing that a large percentage of the students, approximately 91%, who attend the Oxnard School District, are considered economically disadvantaged by state standards. Additionally, it is important for the district to respond to and support students who have been impacted by trauma due to their social and economic circumstances. The Oxnard School District is committed to building on students' strengths to support them academically, socially, and emotionally, setting them up for academic and social success. This includes providing wrap-around services for them and their families.

Although wrap-around services have always been a priority for the district, the need for social-emotional support has become strikingly evident after students returned to full-time, in-person learning following the COVID-19 pandemic. The Oxnard School District is well aware of the urgency to address the social-emotional needs of all students, particularly students experiencing homelessness, foster youth, English

Learners, and students receiving special education services within the district’s multi-tiered systems of support, which address both academic and social-emotional needs.

Furthermore, as part of the multi-tiered approach, the Oxnard School District has redesigned its academic programs and focus to align with the best practices and guidance of the state of California. The California EL Roadmap, as well as the content frameworks adopted by the state, have served as blueprints to identify frameworks, pedagogy, and practices that will support not only the vision of California but also that of the Oxnard School District as outlined in its Strategic Plan.

Similarly, the district has adopted a Positive Behavioral Interventions and Supports (PBIS) framework that guides the design of tiered programs fostering a climate where all students feel valued, accepted, safe, and engaged in meaningful learning reflective of their unique life experiences and identities. Through the district’s PBIS work, the district aims to increase students’ positive engagement with their school community.

**An explanation of why the LEA has developed this goal.**

It's clear that some schools are bright light “beacons” in the district, with strong and focused principals and teachers. This is part of the overall pattern of stark overall performance differences between schools in both ELA and mathematics. These same patterns of extreme differentiation play out with subgroup populations as well. For example, the range of RFEPs meeting or exceeding standards ranges from 83% at one school, which is powerful evidence of success, to 30% at another school, which is troubling, especially since statewide, RFEPs generally outperform native English-speaking students. These extremes are evident in EML results, with 34% of EMLs at one school meeting or exceeding standards and only 4% at another school. Another area to note is that mathematics needs particular attention at all grade levels, where most of the district’s schools and students are dramatically underperforming.

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

The Oxnard School District has invested significantly in supportive infrastructure in this area with dedicated staff assigned. There are well-established Latino and EML family/community engagement protocols and processes, and there’s an emerging focus on inclusion and growing the leadership of African American and Mixteco families/communities. There are also some community sectors that continue to be under-represented and underserved, and there is room to grow in sustaining environments of trust and respect that honor and value contributions of the district’s diverse communities.

While engagement has been prioritized, it has not consistently or strategically focused on how families and community partners can consistently promote student success tied to the Student Profile, the district’s vision for student success. This could be a powerful vehicle for directly linking family engagement and the various community partners to positively impacting engagement, achievement, and equity across the district.

**State Priorities addressed by this goal.**

Priority 1: Basic (Conditions of Learning)  
 Priority 7: Course Access (Conditions of Learning)

**An explanation of why the LEA has developed this goal.**

The district is focused on the need for establishing district-wide coherence for all previous findings areas noted above. There are certainly clear “bright lights” across the district, and there are opportunities to build on these successes to create more coherent and widespread district success. Currently, these “bright lights” are independent efforts for the most part.

There is a need for well-articulated coherence across schools in the district and across divisions and departments at the district-level. Most importantly, all stakeholders need to clearly know and understand implications of the Student Profile for organizing classroom and school life and informing community initiatives and efforts. Resources could be maximized if there was a clear plan that all understood about how differential resources support the overall district vision.

That Oxnard School District is a TK-8 district brings with it considerable challenges. The journey to success for Oxnard students continues long after they leave the district, yet the district has little say in how its students are supported once they are promoted at the end of 8th grade. There is a pressing need for articulation between the district and the high schools into which Oxnard students matriculate.

Based on our findings regarding the current status of the district and students, we have identified five big buckets of work we need to take on in order to realize our vision. These are our five strategic goals, which form the framework for powerful and sustainable district transformation. The Oxnard Stakeholder Design Team will develop recommended actions for each of these strategic goals.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

**Description**

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

**Type of Goal**

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

**An explanation of why the LEA has developed this goal.**

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

**Description**

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Type of Goal**

Identify the type of goal being implemented as a Maintenance of Progress Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

**Total Projected LCFF Supplemental and/or Concentration Grants**

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

**Projected Additional 15 percent LCFF Concentration Grant**

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year**

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage**

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

June 26, 2024

Members of the Board of Trustees:

Attached for your review and approval, please find the Oxnard School District's 2024-25 Adopted Budget which projects the district's financial condition for the rest of 2023-24 and the upcoming school year, 2024-25, as required by Education Code Section 42127. The Adopted Budget meets these conditions:

- Developed using state-adopted Criteria and Standards, incorporating expenditures for the Local Control and Accountability Plan (LCAP).
- Adopted after a public hearing by the governing board, per Education Code Sections 33129, 42127, 52060, 52061, and 52062.
- Complies with Education Code Section 42127 regarding the ending fund balance.

### **General Fund Revenue Components**

The district receives funding for its general operations from various sources. A breakdown of the major funding sources is illustrated below:

Local Control Funding Formula (LCFF)	\$ 194,795,986
Federal Revenue	\$ 11,168,273
Other State Revenue	\$ 39,438,525
Other Local Revenue	\$ 18,106,855
<b>Total</b>	<b>\$ 263,509,639</b>

### Enrollment & Attendance:

The district's main revenue source depends on student enrollment and attendance in the LCFF. Enrollment dropped from 13,883 in 2022-23 to 13,400 in 2023-24 and is expected to fall by another 886 students by 2026-27. Due to lower attendance over the past three years, our district's Funded ADA has decreased.

The following chart shows past and projected enrollment figures, actual average attendance, and funded ADA.

### Operating Expenditure Components

The General Fund supports the majority of district functions. Salaries and benefits represent about 74% of the General Fund budget, indicating their significant share in expenditures.

### General Fund Projected 2024-25 Ending Fund Balance

Oxnard School District adheres to AB 1200 guidelines, which require a minimum reserve level based on district size. Statutorily, Oxnard's requirement is 3%, equivalent to less than two weeks of payroll. However, under revised board policy 3100, the district aims for a broader range of 6.0% to 10.0% in minimum reserves.

In the new fiscal year ending June 30, 2025, the district will maintain a reserve of 10% for economic uncertainty to ensure flexibility and continuity in serving the Oxnard School Districts students, families, and community.

The 2024-25 General Fund projected ending fund balance is \$85,694,564

<b>2024-25 Components of Ending Fund Balance</b>	
Designated for Economic Uncertainty (10%)	\$ 29,607,736
Revolving Cash	\$ 120,000
Committed:	
Student Transportation Bus Replace	\$ 1,000,000
Technology Device Refresh	\$ 1,000,000
Instructional Materials Adoptions	\$ 1,000,000
Building Maintenance One-time Funds	\$ 768,550
Legally Restricted Funds	\$ 52,198,368
<b>Total: \$ 85,694,654</b>	

### Multi-Year Projections

The multi-year projection fulfills AB 1200 requirements and offers the public a snapshot of our district's financial health at a specific point in time. As new information arises and spending plans adjust, both the budget and the projection are updated accordingly.

The district develops the multi-year projection in accordance with the planning factors recommended by Schools Services of California (SSC) Dartboard, Fiscal Crisis Management Assistance Team (FCMAT), and the Common Message created by California County Superintendents, Business & Administration Services Committee (BASC).

Planning Factors				
Factor		2024-25	2025-26	2026-27
Statutory COLA		1.07%	2.93%	3.08%
California Lottery	Unrestricted per ADA	\$177	\$177	\$177
	Restricted per ADA	\$72	\$72	\$72
Mandated Block Grant	Per ADA	\$38.21	\$39.33	\$40.54
CalSTRS Employer Rate		19.10%	19.10%	19.10%
CalPERS Employer Rate		27.05%	27.60%	28.00%
Minimum Wage		\$16.50	\$17.00	\$17.40

In addition to the above planning factors, the district must consider local factors that impact the budget and future projections. The following local assumptions were used to prepare Oxnard Multi-Year Projections.

Local Assumptions			
Planning Factor	2024-25	2025-26	2026-27
Estimated Enrollment	13,058	12,600	12,172

Step & Column Costs	1.30%	1.30%	1.30%
Reduction in staff to align with decline in enrollment		15 FTE	15 FTE

The Multi-Year Projection (MYP) for the 2024-25 Adopted Budget reflects that the district will be able to maintain 10% in Reserve for Economic Uncertainties through 2025-26.

## Closing

School districts across California are grappling with numerous challenges, including economic uncertainties, declining student enrollment, soaring living costs, and the depletion of one-time state funds. Twelve counties in the state are projected to lose 10,000 or more students between 2022-23 and 2031-32, according to the California Department of Finance and the California Department of Education. Ventura County, in particular, is expected to experience the most significant decline, with a projected 20% decrease in K-12 enrollment by 2030-31, as reported by the Public Policy Institute of California.

As we look ahead to the next fiscal year and beyond, it is imperative that we navigate these obstacles with careful expenditure management and a vigorous pursuit of new revenue streams. This proactive approach is essential to differentiate between planned deficit spending of one-time funds and deficit spending due to mismanaging expenditures, thereby preventing financial imbalances from escalating in the coming years. By adopting strategic financial planning and fostering innovative funding solutions, we can work towards ensuring the long-term financial health and stability of our school districts.

For the Oxnard School District to maintain financial health, it will require a concerted and unified effort from staff at all levels. The collective commitment and innovative solutions from our dedicated team are paramount to ensuring a stable and prosperous future for our district. We must harness the creativity and resourcefulness of our educators, administrators, and support staff to identify and implement cost-effective measures and innovative funding opportunities.

Maintaining financial stability for the Oxnard School District is not merely a task but a shared mission, deeply embedded in the goals and actions of the Oxnard Empowers Strategic Plan. This plan reflects our district's vision, determination, and steadfast commitment to the well-being of our students and the broader community. Together, we can build a robust foundation for the future of education in Oxnard, ensuring that every student has the opportunity to succeed and excel. By working collaboratively, we can create a resilient educational environment that not only withstands economic challenges but also thrives in the face of adversity.

I would like to extend my heartfelt gratitude to Ms. Patricia Nunez, Director of Fiscal Services, and all the dedicated staff in Fiscal Services for their collective hard work and commitment to developing our 2024-25 Adopted Budget. Their expertise and collaborative spirit are truly appreciated, and I am thankful for their invaluable contributions to our fiscal planning process.

Respectfully submitted,

Valerie Mitchell

Assistant Superintendent, Business & Fiscal Services

**Explanation:**  
(required if NOT met)

During the height of the pandemic, FY 21/22 Oxnard School District experienced low attendance rates. Since then, as we recover from the shutdowns, we have seen an improvement in attendance. We are optimistic that this upward trend will continue and return to pre-pandemic levels.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's cost-of-living adjustment (COLA), plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's COLA, plus or minus one percent.

Indicate which standard applies:

- LCFF Revenue
- Basic Aid
- Necessary Small School

The District must select which LCFF revenue standard applies.

In the current year (2023-24), the district's expenditures and subsequent revenues have been impacted by the use of one-time ESSER (Elementary and Secondary School Emergency Relief) funds. These funds, which were designated for specific pandemic-related needs, are not recurring and have therefore been excluded from future budget projections. Additionally, carry over Title I funds are not included in the initial adopted budget because the exact amounts carried over from the previous year are not known at the time of budget adoption

**6D. Comparison of District Total Operating Revenues and Expenditures to the Standard Percentage Range**

DATA ENTRY: Explanations are linked from Section 6B if the status in Section 6C is not met; no entry is allowed below.

- 1a. STANDARD NOT MET - Projected total operating revenues have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 6A above and will also display in the explanation box below.

**Explanation:**  
Federal Revenue  
(linked from 6B  
if NOT met)

In the current year (2023-24), the district's expenditures and subsequent revenues have been impacted by the use of one-time ESSER (Elementary and Secondary School Emergency Relief) funds. These funds, which were designated for specific pandemic-related needs, are not recurring and have therefore been excluded from future budget projections. Additionally, carryover Title I funds are not included in the initial adopted budget because the exact amounts carried over from the previous year are not known at the time of budget adoption.

**Explanation:**  
Other State Revenue  
(linked from 6B  
if NOT met)

In the current year (2023-24), the district's expenditures have been significantly impacted by the use of a large carryover from ELOP (Expanded Learning Opportunities Program) funds. These catch-up expenditures are not recurring and are excluded from future budget projections.

**Explanation:**  
Other Local Revenue  
(linked from 6B  
if NOT met)

Other local revenue year-to-year changes reflect variations in local grant amounts from year to year. These fluctuations are due to the differing availability and amounts of local grants each year. This variability impacts our financial projections and is accounted for in our budgeting process.

1b. STANDARD NOT MET - Projected total operating expenditures have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating expenditures within the standard must be entered in Section 6A above and will also display in the explanation box below.

**Explanation:**  
Books and Supplies  
(linked from 6B  
if NOT met)

Carry over amounts have not yet been fully identified in the budget year and will be posted at the first interim revision. Additionally, one-time expenditures have been removed from the outgoing years as funding sources expire.

**Explanation:**  
Services and Other Exps  
(linked from 6B  
if NOT met)

Carry over amounts have not yet been fully identified in the budget year and will be posted at the first interim revision. Additionally, one-time expenditures have been removed from the outgoing years as funding sources expire.

7. **CRITERION: Facilities Maintenance**

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

**Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)**

**NOTE:** EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year. Statute exclude the following resource codes from the total general fund expenditures calculation: 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, 7027, and 7690.

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Unrestricted deficit spending, if any, has not exceeded the standard percentage level in two or more of the three prior years.

**Explanation:**  
(required if NOT met)

The district has maintained a healthy unrestricted ending fund balance by prioritizing the spending of the most restricted resources first. As we move towards better aligning our expenditures with our revenues, we are utilizing our reserves. The district will continue to monitor the budget closely and ensure that expenditures are consistently aligned with revenues to maintain financial stability

9. **CRITERION: Fund and Cash Balances**

A. Fund Balance STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000

**S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects**

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

**Explanation:**

(required if NOT met)

The district continues to analyze positions that are currently coded to special education goals to determine if they can be reallocated to other areas. As these positions and their account codes are identified, they are being moved out of special education, resulting in lower contributions to the special education resources

1b. MET - Projected transfers in have not changed by more than the standard for the budget and two subsequent fiscal years.

## Legal Requirements of a Countywide Expulsion Plan

On July 1, 1996, California Education Code section 48926 became operational. California Education Code 48926 states, “each county superintendent of schools in counties that operate community schools pursuant to section 1980, in conjunction with superintendents of the school districts within the county shall develop a plan for providing education services to all expelled students in that county. The plan shall be adopted by the governing board of each school district within the county and by the county board of education.” California Education Code section 48926 requires county superintendents to submit a plan to the Superintendent of Public Instruction, no later than June 30, 1997, regarding the provisions of educational services to all expelled students in the county.

Section 48926 further provides that each county superintendent of schools, in conjunction with district superintendents in the county, shall submit to the Superintendent of Public Instruction a triennial update to that plan on June 30 thereafter. A list of the board approval dates for each triennial update is contained in this document (see Appendix II).

Education Code section 48926 provides that, in addressing the needs of all expelled students, the countywide plan shall:

- a. Enumerate existing educational alternatives for expelled students, including behavioral intervention practices and an explanation of how such practices may impact the disproportionate number of minority students being suspended or expelled.
- b. Identify gaps in educational services and strategies for filling them.
- c. Identify alternative placements for those expelled students who have failed to meet the terms and conditions of their rehabilitation plan.

California Education Code section 48916.1 states, “At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an educational program is provided to the pupil who is subject to the expulsion order for the period of the expulsion....” Therefore, every Ventura County School District governing board will refer each expelled student to an appropriate educational placement for the expulsion period. The educational placement will be determined on an individual basis by the school district’s governing board based on:

1. The educational needs of students
2. The seriousness of the offense
3. Available educational alternatives
4. Other related factors

## Factors Impacting District-level Alternatives

District-level alternatives for expelled students will vary from one district to another depending on such factors as:

1. District size
  - a. Larger districts may have more options than smaller districts
  - b. Smaller districts may need to rely on county-operated programs or partner with other small districts to develop viable in-district options
2. District philosophy and approach to student discipline which may include varying degrees of:
  - a. Restorative practices
  - b. Alternative means of correction
  - c. Staffing
3. Individual student academic needs and current skill levels as determined by the student's:
  - a. Grades
  - b. State standardized assessments
  - c. Formative and summative assessments
  - d. Quality of schoolwork
  - e. Other formal and informal assessments that may contribute to a better understanding of the individual student's level of academic skills
  - f. Progress on the student's Individual Education Program
4. Attendance patterns shown by the student's excused and unexcused absences and tardiness
5. Behavior in and out of the classroom
6. Communication: Student's ability to communicate and navigate through the formal and informal curriculum and culture of the school
7. Discipline: Discipline history including patterns of past disciplinary offenses and the severity of those offenses
8. Health and medical status which may include:
  - a. Health limitations
  - b. 504 accommodations if any
  - c. Drug and/or alcohol dependence or abuse
  - d. Physical limitations and/or mobility needs
9. Social/emotional well-being including:
  - a. Level of student engagement with peers
  - b. Pattern of conflicts with other students and staff
  - c. Mental Health resources and access
10. Response to instructional approaches - based on existing evidence

## Ventura County Background and Context

Ventura County covers an area of 1,843 square miles and ranks 26<sup>th</sup> in size and 12<sup>th</sup> in population among California’s 58 counties (about a population of 832,000 per US Census). It is bordered on the north by Kern County, on the west by Santa Barbara County, and on the south and east by Los Angeles County. The Pacific Ocean provides the County’s southwestern border stretching along 42 miles of coastline. There are ten incorporated cities in the County. The five cities with populations of 50,000 or more are Oxnard, Simi Valley, Thousand Oaks, Ventura, and Camarillo. Ventura is the County seat. Nineteen school districts in Ventura County (eleven elementary districts, eight unified, and one high school district) provide services to 126,942 students (2022-23 academic year). School districts range in size from the smallest, with fifty students, to the largest, with an enrollment of over 17,000 students.

Educators in Ventura County recognize the need for a continuum of educational services for all students, including expelled students. It is important to provide support and service to the expelled student while recognizing the rights of others to be safe. Local educators also recognize the seriousness of an expulsion and are committed to applying careful thought, with an emphasis on fairness and consistency, during the decision-making process.

Educational programs in Ventura County provide many opportunities for students in need of traditional and/or alternative educational programs. Individual school districts offer a spectrum of educational alternatives, and the Ventura County Office of Education (VCOE) offers options via court and community school programs. In addition, the county’s public charter schools offer a wide variety of educational options for students in all grades K-12. Together, the local school districts and VCOE attempt to provide the needed range of services for expelled students.

## Legal References

Below are legal references that are aligned with the suspension and expulsion process. An effective plan aimed at better serving expelled students must take these changes into account in addition to relevant sections of the Education Code that are worthy of note and may assist schools and districts in their efforts to better serve students subject to expulsion. Therefore, this section highlights some of the most important legislation that may impact student suspension and expulsion.

## Existing School District Educational Alternatives for Expelled Students

Each school district shall ensure that instructional services are provided for students who have been recommended for expulsion and/or awaiting placement. A student whose behavior has resulted in expulsion, including a stipulated expulsion, shall be given a rehabilitation plan that is designed by the district of residence (see Appendix VI for Model Rehabilitation Plan). Student progress towards meeting the requirements of the rehabilitation plan should be monitored by the district of residence and the school of placement alike. Appropriate documentation should be maintained by the school of placement and presented to the district of residence upon a recommendation to return to the district.

The governing board of each school district will determine which educational alternatives are appropriate and available. Educational alternatives throughout Ventura County for students recommended for expulsion include, but are not limited to, the following options:

- Expulsion, suspended order, with placement on the same campus. EC 48917(a)
- Expulsion, suspended order, with placement on a different school campus within the district. EC 48917(a)
- Expulsion, suspended order, with placement in district independent study, if it is determined that independent study is an appropriate alternative for the student and the parent/guardian consents
- Expulsion, suspended order, with subsequent transfer to another district
- Expulsion with referral to a district community day school, if available
- Expulsion, suspended order, with subsequent transfer to a charter school
- Expulsion, suspended order, with subsequent transfer to private school
- Expulsion with subsequent transfer to another district
- Expulsion with subsequent transfer to a charter school
- Expulsion with subsequent transfer to a private school
- Expulsion with referral to the Ventura County Office of Education Gateway Community School Program (grades 6-12)

Note: Parents/guardians may elect to have the student enroll in a charter or private school. While charter schools are cost-free public schools, any costs associated with private schools are the responsibility of the parent/guardian. School districts will always offer a public school option for expelled students. A list of current charter schools in Ventura County can be found in Appendix III on page 44.

The Ventura County Office of Education (VCOE) is committed to providing educational services for students expelled or referred from Ventura County school districts. Educational services for expelled Ventura County students are provided through Gateway Community School. Also, expelled students in custody while awaiting adjudication or who are wards of the juvenile court serving a commitment in the Ventura County Juvenile Facility are provided educational services through Providence Court School.

## Implementation of Countywide Practices to Address the Disproportionate Number of Minority Students Who Are Suspended or Expelled in Ventura County

Student services representation from LEAs in Ventura County have contributed to the development of this section of the Ventura County Plan for Expelled Students. This section of the plan reflects the countywide practices and behavior intervention approaches used to minimize the number of suspensions and expulsions. These practices have impacted the disproportionate number of minority students being suspended and expelled by allowing students, staff, and families access to resources within the school environment and in the community to address social emotional/mental health needs, equity of resources across all demographics, access to interventions and a collaborative effort to meet the individual needs of students.

Districts throughout the County address equity issues by:

1. Participating in professional learning opportunities focusing on Diversity, Equity, Inclusion, and Belonging such as the annual countywide Equity Conference sponsored by the Ventura County Office of Education
2. Providing support through Student Assistance Programs that support students and their families in accessing countywide educational and behavioral support resources
3. Providing mental health training for counselors to support students in crisis
4. Providing Mental Health/Wellness Spaces on middle school and high school campuses. With on-campus programming and community-based partnerships, this allows students to receive coordinated health/mental health and other support services maximizing engagement and success
5. Making referrals to community agencies for student and families to have access to services such as Evening Reporting Centers operated by Probation and outside of school counseling

Additional practices that Ventura County districts implement and provide staff development are the following:

- A. **Multi-Tiered System of Support and Response to Instruction and Intervention** – Ensuring the success of all students requires meeting the needs of students, academically, behaviorally, and social-emotionally. Ventura County educators remain committed to implementing programs and interventions that will ensure all students can succeed. Resources and additional information provided by the Ventura County Office of Education, including conceptual framework for how best to view Multi-Tiered System of Support (MTSS) and Response to Intervention (RTI2), can be found [here](#). Another resource from the California Department of Education can be found [here](#). Utilizing a multi-tiered system of support and response for students provides equitable access and opportunity to California State standards. This framework provides all students access to core instruction, differentiated learning, student-centered learning, individualized student needs, and the alignment of systems necessary for all students' academic, behavioral, and social success. Change and redesign of services and supports is a focus.

- B. **PBIS** – Positive Behavior Intervention and Support (PBIS) relates to a multi-tiered approach to social emotional and behavior support. The broad purpose of PBIS is to improve the effectiveness, efficiency and equity of schools and other agencies. PBIS improves social-emotional and academic outcomes for all students, including students with disabilities and students from underrepresented groups. This description is provided by, and more information can be found at: [www.pbis.org](http://www.pbis.org). Resources and additional information provided by the Ventura County Office of Education can be found [here](#).
- C. **CHAMPS** – CHAMPS is a research and evidence-based approach to Positive Behavior Intervention and Support (PBIS) designed by [Safe and Civil Schools](#). The “CHAMPS Proactive and Positive Approach to Classroom Management” leads teachers through a process of identifying and maintaining the effective aspects of their current management plan while adding and/or strengthening any missing or less-effective aspects. With an emphasis on preventing misbehavior before it occurs and a tireless focus on respectful interactions with children, CHAMPS is designed to reduce classroom disruptions and office referrals, improve classroom climate, increase student on-task behavior, and establish respectful and civil interactions. Additional information and resources offered by the Ventura County Office of Education can be found [here](#).
- D. **Restorative Practices** – Restorative Justice is an approach to school discipline that moves away from traditional punishment and provides families, schools and communities accountability and repairs the harm caused by someone’s behavior. It requires students to think about themselves and how they deal with others in their community and to work on developing healthy relationships and learning how to manage conflict in a healthy manner. It allows students to develop self-discipline and self-awareness and promote positive behavior in a caring, supportive environment. Restorative Justice is increasingly used in schools throughout Ventura County to promote positive school climates and as an alternative to suspension or expulsion. Resources and more additional information provided by the Ventura County Office of Education can be found [here](#).
- E. **Trauma Informed Care** – Traumatic stress can arise from a variety of sources: bullying at school, dramatic weather events, school shootings, and the day-to-day exposure to events such as divorce or homelessness. Children *and* adults can be affected by traumatic stress. Having the tools to manage traumatic stress empowers the members of the school community. In a trauma-informed school, the adults in the school community are prepared to recognize and respond to those who have been impacted by traumatic stress. Those adults include administrators, teachers, staff, parents, and law enforcement. In addition, students are provided with clear expectations and communication strategies to guide them through stressful situations. The goal is to not only provide tools to cope with extreme situations but to create an underlying culture of respect and support. Opportunities for professional development through VCOE for school staff throughout the year are offered. Resources and additional information provided by the Ventura County Office of Education can be found [here](#).

- F. **Instructional Support Services** – Instructional Support Services, operated through Ventura County Office of Education, provides professional learning to augment and support the learning and teaching in the educational programs and services offered by school districts, schools, and charters for multilingual learners, and families as educational partners, within Ventura County. Our purpose is to serve and support educators across roles with continuous improvement in the building of capacity, knowledge, and skillset via professional development and resources in order to foundationally build equitable and effective instructional systems for all students to thrive in our schools academically and social-emotionally for college and career pathways of their choosing. Resources and additional information provided by Ventura County Office of Education can be found [here](#).
- G. **Career Education** – The State of California has emphasized the importance of career readiness in a variety of ways including substantial funding of career pathways and career and technical education incentive grants. In addition, California’s new Accountability System includes a Career/College Readiness Indicator. Gateway Community School will continue to offer opportunities for expelled students to participate in career pathways and exploratory career education courses. Career Technical Education (CTE) courses are offered as part of the Gateway master schedule, staffed by VCOE’s teachers. CTE programs are based on state CTE Model Curriculum Standards. Students may continue their career education through participating in VCOE’s ROP Career Education Center programs for high school and out-of-school youth. Resources and additional program information provided by the Ventura County Office of Education can be found [here](#).

## Interagency Collaboration

Interagency collaboration takes place on an ongoing basis. Partners work together to ensure that the needs of the students are met. Agencies partner to support students both academically and socially. Collaboration occurs within and between the following entities:

1. [The Ventura County Student Services Collaborative](#) (SSC) consists of student services administrators from all districts in Ventura County. The SSC is designed to collaborate on best practices and programming for the benefit of all students. The SSC meets monthly. This group annually reviews [five-year suspension and expulsion data](#). This review includes the analysis of student subgroups and whether there are disproportionate numbers of minority students suspended and expelled. Members of the SSC then have an opportunity to share the findings with their local stakeholders and devise a plan to address the disproportionality of minority students who are suspended or expelled if needed.
2. [Juvenile Specialty Services](#)
3. [The Juvenile Detention Alternatives Initiative](#)
4. [The VCOE Special Populations Department](#) focuses on serving foster, homeless and migrant youth

## Rehabilitation Plans

When students are expelled, districts complete a plan for rehabilitation. The rehabilitation plan plays a critical role in addressing each student's needs and providing services that help to prepare them to return to their district. The development and implementation of an appropriate and individualized rehabilitation plan is designed to address the student's strengths and needs and works to provide the student with an *attainable* set of goals necessary to achieve in order to return to their district (see Appendix VI for Model Rehabilitation Plan).

### Education Code 48916

The governing board must recommend a plan of rehabilitation for the student at the time of the expulsion order, which may include, but not be limited to, periodic review as well as assessment at the time of review for readmission. The plan may also include recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs.

## Gateway Community School

### Purpose

Gateway Community School was established in 1980 by the Ventura County Office of Education. It is located in Camarillo, CA off Pleasant Valley Road at the Camarillo Airport Campus. Gateway serves students in grades 6-12. Students enrolled at Gateway generally need more intensive support services.

Gateway is committed to preparing students to be respectful, positive, productive, and proud young adults. This is a commitment that Gateway has made to its students, parents/guardians, community, and school districts. Gateway staff works collaboratively with students, parents/guardians, local public-school districts, Ventura County Probation Agency, and other community agencies to provide Gateway students with a renewed sense of educational purpose through high expectations and social emotional support.

The primary goal at Gateway is preparing students for academic success and for eligibility to return to their local public-school districts. Students who do well at Gateway may choose to stay and graduate with their high school diploma from Ventura County Office of Education.

Gateway Community School is a national visitation site recognized by [Safe & Civil Schools](#) for its successful implementation of positive behavior intervention and supports. Gateway is also fully accredited by the Western Association of Schools and Colleges (WASC).

**Table 3. Four-Year Analysis: Attendance, Enrollment, and Suspensions**

2019-2020	70.47%	93	11

### Gateway Community School: Key Characteristics

- Positive Behavior Intervention Support (PBIS):** Gateway Community School is locally and nationally recognized for its implementation of *CHAMPS*.
  - History and Awards:** A schoolwide implementation of the *CHAMPS* through the *Safe and Civil Schools* approach to positive behavior interventions and support (PBIS) is utilized at Gateway. In 2013 and 2017, the founder of *Safe and Civil Schools* designated Gateway as a national visitation school for best practices in PBIS.
  - PBIS Approaches:** Gateway utilizes the TEAM acronym to engage students in ways that are positive, proactive, and instructional. Staff participate in ongoing reflection, analysis,

and professional development to ensure fidelity of implementation. A core principle of these approaches' rests in the belief that all students at Gateway should be treated with dignity and respect.

- **T** – Structure the learning environment. All staff create an array of classroom and schoolwide routines and procedures to provide a foundation for students at Gateway. Treat people and items with respect. All staff have a routine for items used in the classroom and on campus
- **E** – Teaching expectations. Each classroom has different expectations for participation. Allowing a space for all opinions, needs and views to be shared is essential for a positive classroom environment
- **A** – All staff and students deserve to feel safe. We respect the boundaries and personal items of our peers and classroom.
- **M** – Making mistakes helps us improve. We work as a team to figure our challenges.

2. **Community Service Agencies:** Gateway Community School is proud to partner with many agencies that provide essential support to students such as:

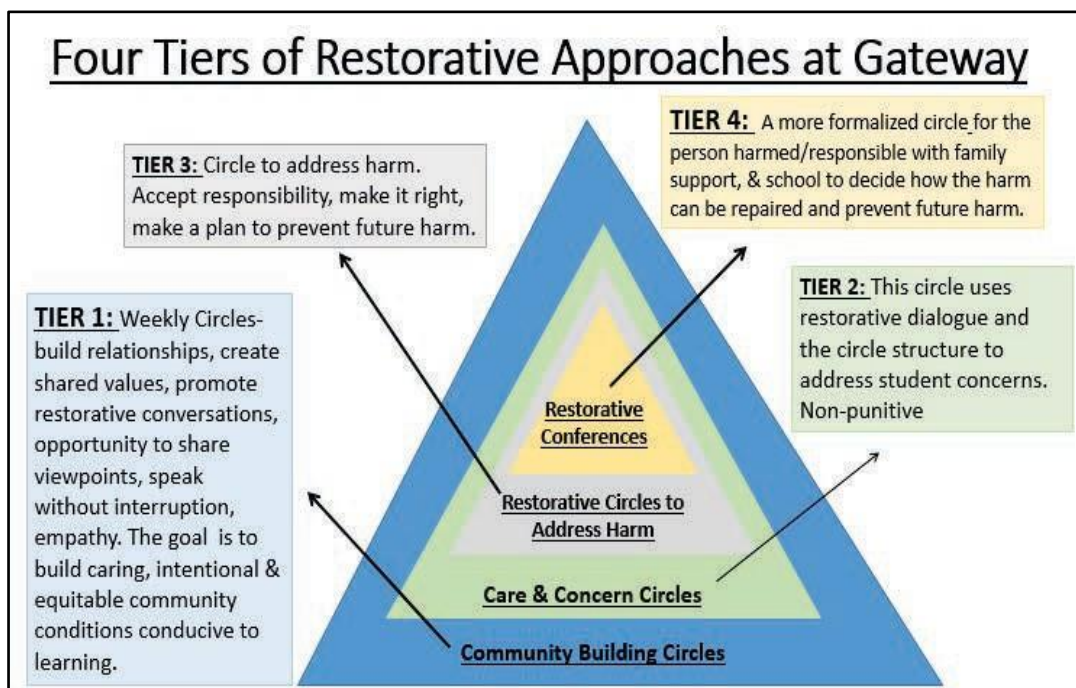

- Ventura County Probation Agency (VCPA) provides support during family engagement opportunities such as open houses and back to school nights. VCPA also provides support to staff with case management and site visits.
- Ventura County SELPA (VC SELPA) provides support for students and families. VC SELPA also provides professional development opportunities to staff and training/workshops for families.
  - Ventura County Behavioral Health (VCBH) provides support to students such as intensive social emotional and mental health support.
  - Ventura County Public Health (VCPH) provides support to protect and improve the health of students and families. Nurses participate in our School Accountability and Review Board providing resources, referrals and case management as needed.

3. **Restorative Justice:** Gateway Community School employs a schoolwide approach to building a strong community that effectively addresses harm to others.
  - Gateway uses Restorative Justice practices to effectively address harm and conflicts that have taken place on the school campus and in the community. Restorative Justice focuses on repairing the harm caused by inappropriate behavior. People who have been harmed have a say in how the person who behaved hurtfully should “make it right”. Individuals who acted wrongfully take responsibility for the hurt they have caused and take steps to repair the harm. This firm but fair approach works with disciplinary action in a more caring, healthy manner.
  - Four separate tiers of Restorative Approaches have been adopted and implemented by Gateway students and staff. The graphic below describes each of the tiers and indicates a progression of need and support offered through a variety of these restorative approaches.

4. **Academics:** Gateway Community School students are offered opportunities with staff support to engage in relevant and meaningful learning.
- Students at Gateway benefit from a small learning environment that provides the support necessary for students to succeed. On average, there are 15 students or less in each classroom. Five full-time paraeducators work inside of the classrooms to provide students with individual and group support.
  - Project-based learning is one approach that Gateway teachers utilize to create more meaningful and relevant instruction related to the California state standards. Teachers receive ongoing professional development to create units of learning that contain the following: public product, challenging question or problem, sustained inquiry, authenticity, student voice and choice, reflection, as well as critique and revision.
  - Gateway offers students essential opportunities and exposure to Career Technical Education. All students have an opportunity to participate in the nearby VCOE Career Education Center (CEC). Students can take CEC classes during the regular school day. Current and previous courses include: Autobody/Auto Paint, Manufacturing, Digital Media, and Medical Terminology. Students can also concurrently enroll in semester-long CEC courses after the Gateway school day or participate in the range of CEC summer camps offered in July.
5. **Pro-Social Activities:** Gateway Community School students participate in many activities throughout the year that bring students closer to their school and local communities.
- Gateway Leadership Class – High school students interview and apply to participate in the Gateway Leadership Class. This group of students plans a variety of pro-social and educational experiences for the entire school, such as Red Ribbon Week. These students also engage in leadership training opportunities and field trips.
  - Intramural sports – Students compete during lunch in 3-on-3 soccer, handball, basketball, and kickball. Each year, Gateway competes with other alternative high school programs in sports activities such as basketball, flag football, and dodgeball.
  - Holidays – Students celebrate the holidays together by participating in a host of activities, including a Thanksgiving Feast, Halloween costume contest, Family Winter Wellness Night, and Valentine’s Day grams.
  - Community service – Students are regularly given opportunities to give back to and learn about their community. In the past, students have facilitated food drives or a collection of items for families during the holiday season. Students have also volunteered at the nearby animal shelter.

6. **Personal Development Course:** First period is a Personal Development course focusing on themes such as kindness, diversity, empathy, positive goal-setting, making positive choices and so forth. Teachers use Social Emotional Learning Curriculum and students have the opportunity to learn about managing their emotions, maintaining positive relationships, and having empathy towards others. This time can also be when social emotional groups are presented by the counseling team.
7. **Reset:** Reset is a dedicated program to address behavioral concerns, transform students and maintain academic integrity within our school community. It is a classroom designed as an alternative to suspension and provides students the opportunity to “reset” what is happening at school or in the community. Students access social emotional support through our counselors and outside agencies, academic support in a smaller setting, and may engage in restorative conversations. Students can be sent by a teacher or administrator for a class period, half of the day, or an entire day depending on the need of the student or situation. The goal is for a student to access what they need with direct support/instruction from the staff.
8. **Transition:** Students participate in a Transition Session staffed with a full-time teacher who acclimates new students to campus. The Transition Session includes academic assessments, campus tours, credit requirement checks, and review of schoolwide expectations. Gateway Community School is focused on providing essential support for students to successfully transition back to their home districts and into the community.
  - A full-time Induction/Transition Specialist at Gateway works to ensure the timely enrollment and return of students to their home districts. This includes working with students detained in the Juvenile Facilities, no matter the reason for their stay. The specialist conducts in-person bilingual orientations for students and families, provides ongoing communication with home districts, and regularly monitors each student’s expulsion rehabilitation.
  - Some districts regularly meet with their students who are enrolled at Gateway. During these visits, the district representative can review the students progress and receive accurate information from the Gateway staff.
  - Gateway students are regularly exposed to experiences that support their career/college readiness. In partnership with the VCOE Career Education Center (CEC), students tour local businesses or industries and participate in job fairs for various career fields. Students also tour local colleges, universities, and trade schools in Ventura and Santa Barbara County. A full-time school counselor supports seniors and their families with one-on-one assistance in applying for financial aid and college enrollment.

**Special Education Students: Academic Provisions**

Gateway has historically served students with mild/moderate disabilities. Gateway continually monitors students' IEPs, and when necessary, convenes an IEP team to discuss students who are not making significant progress on their educational goals.

The middle school is a 100% general education program and provides specialized academic (SAI) in English, Math, Science, and Social Studies via a push in model. Services are delivered by a credentialed Special Education teacher or special education paraeducator under the supervision and guidance of the Special Education teacher.

The high school offers SAI in English, Directed Studies, and Math via a special education classroom. SAI in Science and History are delivered in a general education setting via push in model with support from a credentialed Special Education teacher and/or special education paraeducator under the supervision and guidance of the Special Education teacher.

Speech and occupational therapy services are available in a small group (when applicable and appropriate) or individual sessions during the school day. (These service providers are not "housed" at Gateway and have multiple sites; therefore, they are not available on a daily or "as needed" basis).

Educationally Related Social Emotional Services (ERSES) are available from an Intensive School Based Therapist (ISBT). However, Gateway does not have "in house" ISBTs and the ISBT may not be accessible throughout the school day to the student.

***Independent Study (EC 51744 et seq.)***

The Independent Study program serves as an optional alternative instructional strategy by which students may reach curriculum objectives and fulfill graduation requirements. Independent study offers a means of individualizing the education plan for students whose needs may be best met through study outside of the regular classroom setting.

A student with disabilities, as defined in Education Code 56026, may participate in independent study if the student's individualized education program (IEP) specifically provides for such participation. If a parent/guardian of a student with disabilities requests independent study because the student's health would be put at risk by in-person instruction, the student's IEP team shall make an individualized determination as to whether the student can receive a free appropriate public education (FAPE) in an independent study placement. A student's inability to work independently, need for adult support, or need for special education or related services shall not preclude the IEP team from determining that the student can receive FAPE in an independent study placement. (Education Code 51745)

Independent Study is a voluntary program and entails commitment by the parent/guardian and student.

*Home Instruction (5 CCR section 3051.4)*

States that a student can be placed on home instruction through an IEP team decision. If a student is placed on home instruction, the student will be unenrolled from Gateway and re-enrolled in District of Residence (DOR) during the interim period of home instruction.

## Wellness Centers

### **Mental Health Services Act (MHSA), Mental Health Student Services Act (MHSSA)**

In 2004 California voters passed the Mental Health Services Act. This is designed to expand and transform California's behavioral health system to better serve individuals with, and at risk of serious mental health issues, and their families. In 2020 a report on the Mental Health Student Services Act (MHSSA) was released. It stated that a governmental response was needed to address the growing mental health crisis among California's children using a comprehensive effort and making schools centers of wellness.

### **Wellness Centers/Spaces**

Due to the COVID-19 pandemic, districts and schools developed wellness spaces and centers on campus to address the emotional impact of returning to campus. Wellness Centers are designed to bring together services for students to access while on campus. These services can come from a variety of resources for students to have access to and are centralized right on the school site. With on-campus programming and community-based partnerships, students receive a coordinated effort in social emotional and mental health support to maximize their engagement and success. These services can be a scheduled time to come into spaces like breaks and lunch or popping in to meet with a counselor. Interventions and services can include mental health screening, intervention, counseling, education, and referrals. Interventions can also include crisis intervention and links to mental health resources, treatment, suicide intervention, dropout prevention and outreach to high-risk youth. Coordination with health, educational, and other community services promotes a concerted effort for student health and wellbeing.

The goals of the Wellness Centers include:

- Prevent mental illness from becoming severe and disabling
- Reduce risk factors that negatively affect mental health and academic success
- Improve access to school and community-based mental health services
- Create safe and supportive environments where high school students can discuss concerns and needs in a confidential and nonjudgmental space
- Create a space for peers by peers

Gateway developed a wellness team that included counselors, mental health counselors and behaviorists who revamped spaces on campus. Spaces were painted and outlined with soft and cozy furniture to hold group meetings. Social-emotional specialists have continued to offer mental health services, screening, assessments, and direct service via virtual formats.

## County and District Gaps and Strategies Regarding the Provision of Education Services to Expelled Students

### 2021-2024 Service Gaps Summary

For the 2021-2024 Ventura County Plan for Expelled Students, four gaps in services were identified. The following will discuss these identified gaps.

Identified service gap number one addressed students who refuse to attend, refuse program services, or refuse instruction such that instruction cannot occur (Education Code 48926). This service gap continues to be a challenge. A collaborative effort continues to be made to exhaust all interventions, collaborate with districts of residence, community resources, and parents/guardians.

Identified service gap number two addressed students who were expelled due to a threat. This is no longer an identified gap. In collaboration with local LEAs, the number of students bringing weapons to campus has increased. Thus, this has been deemed as an educational service gap. Education for students and families along with resources in this area have been available.

Identified service gap number three addressed substance use and abuse among Ventura County Youth. Based on collaboration with LEA's, this continues to be a challenge on campuses and continues to be a collaborative effort for districts, community resources, and families.

Identified service gap number four addressed College and Career Readiness for students. This continues to be a gap as information, college/career fairs and FAFSA workshops, are made available to students and families. Local districts continue to strive for students graduating to have a plan, enrollment information, or career path.

### 2018-2021 Service Gaps Summary

For the 2018-2021 Ventura County Plan for Expelled Students, five gaps in services were identified. The following will discuss these identified gaps.

The identified gap in services number one addressed the ability for Ventura County to serve expelled students who refuse to attend, refuse program services, or refuse instruction such that instruction cannot occur (Education Code 48926). This gap continues to be a challenge, and Ventura County schools continue to exhaust all interventions (see pages 23-28 for a list of services provided). This service gap and interventions will continue.

The gap in services number two stated that, although scarce, Ventura County was unable to serve expelled youth from elementary school districts. This is no longer an identified gap. Local LEAs that serve elementary school students have successfully used local services to address the needs of students who have demonstrated behavior difficulties and have committed expellable offenses.

The gap in services number three also addressed elementary school expelled students, specifically students who are in fourth and fifth grades. This gap stated that these students do not have the same educational options available as expelled students in grades six to twelve. This is no longer an identified gap. Elementary districts have effectively used their local alternatives to provide services to these students.

The gap in services number four stated that districts in geographically distant areas could not refer expelled students to Gateway Community School due to transportation limitations. This is no longer a gap. In collaboration with districts, Gateway Community School successfully provides transportation to students who live in geographically distant areas.

The gap in services number five identified the need for districts to ensure that they provide translation services for students and families of the Mixteco community during the expulsion process. This is no longer an identified gap as districts ensure that translation is secured for families of the Mixteco community throughout the expulsion process. In addition, gap number five addressed the need for Gateway Community School to provide translation services for families from Mixteco communities. Gateway Community School has developed an effective system that secures Mixteco translation services as needed.

### 2024-2027 Service Gaps

Per Education Code 48926, “The plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services to expelled pupils, and strategies for filling those service gaps.” The following four gaps have been identified with respect to providing educational services to expelled students. **In collaboration with Local Educational Agencies (LEAs) and Ventura County Office of Education, confirmation that many of the previously identified Gaps and Strategies are still relevant.**

## County and District Agreement on Alternative Placements

### Gateway Community School: Non-Expelled Students

Gateway provides services and programming to Ventura County students in grades 6-12. Students who are expelled from their district take priority in enrollment at Gateway. Referrals of students not expelled are considered, ensuring all interventions and resources within the home district have been exhausted and utilized (See EC 1981(b)(1)(A)).

1. An expelled student's home district is required to provide educational services to the student until a student enrolls at Gateway or another educational alternative.
2. Home district should complete and submit the "Referral Recommendation Form" signed by the parent/guardian and student. This form is located at [www.vcoe.org/Gateway-Community-School/Referral-Process](http://www.vcoe.org/Gateway-Community-School/Referral-Process). In addition to the completed form, the following corresponding documents should also be sent to Gateway:
  - Documentation of prior interventions (see Appendix VII for a sample form)
  - Transcript
  - All testing records (CAASPP, ELPAC, etc.)
  - Immunization records with TDAP
  - Discipline and behavior records
  - School attendance records
  - Expulsion documents (if student is expelled)
  - Return to District Plan (Rehabilitation plan) to return to district (if student is expelled)
  - Most recent annual IEP (if student has IEP)
  - Most recent Psych Report (if student has IEP)
3. Upon receipt of the referral and corresponding documents from the home district, the school site administrator (and psychologist for special education students) will review the information.
4. Upon receipt of the completed packet, the referring school district shall be notified as soon as possible if the Gateway staff does not believe that Gateway is the appropriate setting for the student. A written explanation for the decision will be provided.
5. Upon acceptance to Gateway, the parent/guardian and student are invited to an orientation meeting at Gateway. Gateway staff will notify the district if the parent/guardian misses two enrollment appointments or is not responsive to multiple phone calls. Gateway staff and the district will then determine the next steps.
6. Upon completion of the orientation meeting and enrollment, student begins school on the following day. Student will attend Transition Class during their first week of school.

### For Special Education Students

In addition to the previously listed steps above, home districts shall follow the provisions outlined below when referring a special education student to Gateway Community Schools. These provisions allow for the due process rights of the student and family and ensure that the expelled student is placed in an appropriate environment that can meet the student's educational needs per their IEP.

- **Referral Form: Additional Information Required**
  - The most current IEP and Triennial Review
  - The most recent Multi-Disciplinary Psychoeducational Assessment Report
  - Updated Behavioral Analysis Review Worksheet (BARW), Functional Behavior Assessment (FBA), Comprehensive Behavior Intervention Plan (CBIP) or Positive Behavior Intervention Plan (PBIP)
  - For students with social-emotional needs, social-emotional goal(s) as necessary. Other psychological, medical, educational and behavioral records, including all standardized required Statewide assessments (CAASPP and ELPAC)
  - A summary of any district interventions that have been attempted and why they were not successful
  - The name, phone number and e-mail address of the district's designated special education contact person
- **Transition IEP Meeting**
  - Once the student's referral has been reviewed and deemed appropriate by Gateway's special education team and school administration, Gateway staff contacts the student's home district to arrange an IEP meeting to discuss school placement and services
  - Gateway staff must attend the student's Transition IEP
  - If the student's IEP stipulates services or materials not available on the Gateway campus, it shall be the responsibility of the referring district to provide and or fund the identified services and materials (*e.g.*, Special Circumstances Education Services (SCES), Level 1 transportation)
  - IEP Placement meeting will be held to discuss services and programs. When developing the IEP for new placement, include the Worksheet for Specialized Out of District Program for non-expelled referrals. District of Service will be changed in SIRAS
- **Initial/Annual/Triennial Evaluations**
  - Any Student Study Team (SST) recommendation, or parent/guardian requested special education initial assessment should be completed with final determination as to whether the student is eligible for services *prior* to the student being referred to Gateway
  - If a triennial evaluation is due within 90 days of the student's enrollment in Gateway, the referring district is responsible for completing the assessment

- If a triennial evaluation is due beyond 90 days of the student enrollment in Gateway, VCOE is responsible for completing the assessment.
- For annual IEPs due within 30 days of entering Gateway or returning to district, every effort will be made to hold the annual IEPs within the timeline.

### **Providence Court School School for Incarcerated Youth in Ventura County**

#### *Releases*

- Gateway Community School students who are released from Providence Court School will be directed by the Providence transition/induction specialist to expeditiously re-enroll in Gateway Community School.
- Upon release, students who attend Providence Court School will return to their home school/district of residence. The transition/induction specialist will ensure that a smooth transition takes place. The transition/induction specialist will communicate with the home school/district of residence, parent/guardian, and the student regarding the re-enrollment protocol.
- Per Education Code 48645.5, a student shall not be denied enrollment or readmission to a public school solely on the basis that they have had contact with the juvenile justice system, including, but not limited to: (1) arrest; (2) adjudication by a juvenile court; (3) formal or informal supervision by a probation officer; or (4) detention for any length of time in a juvenile facility or enrollment in a juvenile court school.

#### **Special Education Services at Providence Court School**

- All designated special education students receive special services per their Individualized Education Program (IEP). Providence Court School staff reviews the IEP for all special education students and ensures that they receive the required services.
- The Case Manager from the home school will remain the Case Manager during the period of detention. If the student is adjudicated and receives a commitment for a term of three months or longer, the Providence staff will assume Case Manager duties at that time.

### **Gateway Community School: Appeal Process**

1. The district of residence shall have the option to challenge the denial of enrollment.
2. Within five days of the denial of enrollment the district of residence shall request a review meeting with the Ventura County Office of Education Student Services administration. If the meeting between the representative of the referring district and the Student Services administration does not end in consensus, the referring school district shall have the right to appeal to the Ventura County Office of Education administration.
3. The referring school district representative and the representative of Gateway shall meet with the Ventura County Office of Education to resolve the dispute.
4. The Gateway representative shall present documentation and a rationale as to why Gateway is not the appropriate educational placement option for the student and the referring district shall have the opportunity to present evidence as to why Gateway is the appropriate placement.
5. The Ventura County Superintendent of Schools or Designee shall hear all relevant evidence and render a final decision within seven calendar days.

### **Gateway Community School: Return to District Process**

The district will be provided with a 30-day notice (unless it is an emergency situation) by Gateway staff if the student is being considered for return to district for expelled students or non-expelled students.

#### *Expelled Students* [Education Code 48916](#)

1. The student has met the terms of the expulsion and rehabilitation plan.
2. A student is expelled from the district under Education Code 48915 and after being accepted at Gateway refuses to attend or refuses services and instruction to such a degree that the student cannot benefit from placement in any way. In such cases, a collaborative effort will be made to address the underlying causes and to identify additional services that will serve the student's academic and behavioral needs.

#### *Non-Expelled Students: Involuntary Transfer Students* [Education Code 1981\(b\)\(c\)](#)

1. The student has completed middle school and is transitioning to high school.
2. The student has completed a semester following the semester when the acts leading to the referral occurred.
3. A student is expelled from the district under Education Code 48915 and after being accepted at Gateway refuses to attend or refuses services and instruction to such a degree that the student cannot benefit from placement in any way. In such cases, a collaborative effort will be made to address the underlying causes and to identify additional services that will serve the student's academic and behavioral needs.
4. The student has committed an expellable offense while enrolled at Gateway.

*Non-Expelled Students: Voluntary Referrals* **Education Code 1981(d)(2)**

1. A parent, guardian, or responsible adult of a student enrolled in a county community school pursuant to this subdivision may rescind the request for the placement, and the student shall be immediately re-enrolled in the school that the student attended at the time of the referral, or, with the consent of the parent, guardian, or responsible adult, another appropriate school.

**Special Education Students: Return to District**

When considering returning a Special Education student to a district program, Gateway and the district of residence will agree on an appropriate date and time to convene an IEP meeting. Special Education students may be returned to the district of residence if determined by the IEP team for the following examples:

*Expelled Students:*

- The expelled student has committed an expellable offense while enrolled at Gateway (Education Code 48915(c)). A manifestation determination meeting will be scheduled through the student's district of residence. District of residence will continue with the expulsion procedures/process if the IEP team agrees.
- A student is expelled from the district under Education Code 48915 and after being accepted at Gateway refuses to attend or refuses services and instruction to such a degree that the student cannot benefit from placement in any way. In such cases, a collaborative effort will be made to address the underlying causes and identify additional services which will serve the student's academic and behavioral needs.
- Expelled student has attended Gateway one semester past return to district date and is not showing sufficient progress towards the rehabilitation plan. An IEP meeting will be held with the home district to discuss matters and facilitate the return of student. Student will only be returned to the district at the start of semester if the IEP team is in agreement.

*Involuntary Transfer Students:*

- The student has completed middle school and is transitioning to high school. An IEP meeting will be held to discuss progress and possible placement recommendations.
- The student has completed a full semester at Gateway and is being recommended for possible return to district by Gateway team. This recommendation may be made if the student has passed all classes with a C or above and behavior or attendance issues have been decreased by at least 50%. An IEP meeting will be scheduled to discuss recommendations.
- The student's educational needs as defined in the IEP are not being met. An IEP meeting will be scheduled to discuss areas of need.
- The student has exhibited severe behavioral or attendance issues and Gateway interventions are not working. An IEP meeting will be scheduled to discuss areas of concern.

## Appendix I: Previous Triennial Updates

### **Ninth Triennial Update – June 2024**

Representatives from all twenty local districts in Ventura County participated in the development of the Triennial Update. This update included additional resources on middle and high school campuses such as Wellness Centers that have counselors and wellness peers supporting students. This on-campus programming and community-based partnership provides students with coordinated health/mental health and other support services to maximize student engagement and success. Services include mental health screening, intervention, counseling, education, and referrals; crisis intervention; linkages to a vast network of counseling and mental health treatment; coordination with health, educational, and other community services; suicide prevention; drop-out prevention; and outreach to high-risk youth. This update also addresses behavior intervention practices at the site and district levels and options used to: (a) minimize the number of suspensions leading to expulsions; (b) minimize the number of expulsions ordered; and (c) support students returning to their district after their expulsion has ended.

### **Eighth Triennial Update – June 2021**

The current Triennial Update includes a description of the learning continuity that Gateway Community School students have received during the COVID-19 pandemic. This update also addresses behavior intervention practices, at the site and district levels and options used to: (a) minimize the number of suspensions leading to expulsions; (b) minimize the number of expulsions ordered; and (c) support students returning to their district after their expulsion has ended. Also, a specific section was added to explain how countywide practices address the disproportionate number of minority students suspended or expelled in Ventura County.

### **Seventh Triennial Update – June 2018**

During the Fall of 2017, VCOE, local school districts and community stakeholders began the process of formulating the first major revision of the plan to serve expelled students for the first time in many years. Past revision cycles incorporated minor language changes and updated practices in isolated areas. Revisions of the seventh triennial update were driven by major changes to the law as well as emerging best practices for working with expelled students.

### **Sixth Triennial Update – June 2015**

Representatives from all twenty local school districts in Ventura County participated in the development of the triennial update. The newly formed Ventura County Student Services Collaborative met on February 11, 2015, and March 11, 2015, to revise and update the plan. Updates and revisions were made to the plan regarding the commitment of county school districts to utilize the Ventura County Office of Education Community School for placement of expelled youth as opposed to creating district operated community day schools.

A listing of all educational options currently available to expelled youth in Ventura County is contained in the new plan. District superintendents submitted a signed and dated update to the county plan that indicated either:

1. The program would continue as it has been, or
2. There would be changes to the plan (see enclosed updated forms)

The approval of the Ventura County Board of Education and submission of the plan to the superintendent of Public Instruction prior to June 30, 2015 shall satisfy requirements associated with the “county plans for provision of educational services to expelled students.” In addition, this plan shall be distributed to each district superintendent in Ventura County and uploaded onto the VCOE website.

### **Fifth Triennial Update – June 2012**

Gateway Community School operates from one central campus located at the Camarillo Airport. Gateway recently restructured to include the following programs: Transition, Independent Studies, Recovery Classroom, and Middle School. Special Education programs and specific support for English Language Learners are available at Gateway. Gateway students also have access to Career Technical Education through the VCOE Career Education Center.

### **Fourth Triennial Update – June 2009**

Gateway Community School Moved into one central campus located at the Camarillo Airport. All previously operated satellite sites were merged into the main Camarillo campus to offer a full range of services at one location. Gateway launched a program called Recovery Classroom to serve chemically dependent incarcerated minors willing to work on their recovery and educational goals.

Additional changes contained in the 2009 Triennial County Plan included the Oxnard Union High School District ceasing operations of Pacific View Community Day School in the summer of 2007. Ventura Unified School District established the Ventura Unified Community Day School in November of 2006. The Rio School District opened the Rio Community Day School in September 2008 to serve grades 6-8.

### **Third Triennial Update – June 2006**

Due to NCLB teacher certification and high school graduation requirements, plus the desire to provide a more comprehensive educational program, VCOE closed existing community school satellite sites. Per the 2006 Plan, VCOE operated two clustered campuses, located in Camarillo and Ventura.

Gateway Community School staff members have further refined the referral process guidelines to Gateway (COE-operated community schools). The referral process guidelines are contained in this document. In addition, the Ventura County SELPA, Ventura County Office of Education, and local school districts collaborated on the development of a referral process for special education students to attend Gateway. This referral process was approved by the Superintendents’ Policy Council on January 6, 2006.

Services to expelled students remain unchanged from the 2003 Plan to the 2006 Plan for all other local school districts in Ventura County.

### **Second Triennial Update – June 2003**

Four local school districts (Fillmore, Oak Park, Ocean View, and Santa Paula Elementary) submitted revised sub-plans. In addition, VCOE established four more county community school extension sites since the first Triennial update. County community school extension sites were established in the following three cities; Oxnard, Simi Valley, and Santa Paula. The expanded county community school services in Santa Paula included an additional extension campus and a mobile unit.

In 2003 the Ventura County Board of Education and VCOE took action to adopt “Providence School,” as the name of the educational facility to be housed in the new Justice Steven Z. Perren Juvenile Justice Complex. Providence School opened in March of 2004. The new Providence School encompasses the three former VCOE juvenile court schools: Marguerite McBride School, Frank A Colston School, and Work Education Restitution Competency (WERC). McBride and Colston Schools had been located in Ventura and WERC was located in Camarillo at the Camarillo Airport.

### **First Triennial Update – June 2000**

Two local districts, Oxnard Union High School and Santa Paula Elementary School District, established community day schools to expand their menu of services to expelled students. (The Santa Paula Elementary Community Day School was later closed due to financial reasons). The superintendents from the remaining local school districts indicated that their plan had remained unchanged since the original adoption of the county plan in 1997. The Ventura County Office of Education (VCOE) established three additional county community school extension sites. New community school extension sites were established in Ojai, Santa Paula, and West Ventura. Juvenile Restitution Program (JRP), a VCOE-operated juvenile court school was relocated to a larger facility at the Camarillo Airport in order to better serve a greater number of minors (the JRP was later renamed to WERC). In addition, VCOE established a community school to serve expelled students in grades K-6. However, operation of this program was discontinued in June 1999 due to lack of participation and insufficient ADA.

## Appendix IV: MOU – Student Transition Planning Policy

### MEMORANDUM OF UNDERSTANDING BETWEEN VENTURA COUNTY OFFICE OF EDUCATION AND VENTURA COUNTY PROBATION DEPARTMENT RELATING TO A STUDENT TRANSITION PLANNING POLICY

#### RECITALS

**R1.** The U.S. Department of Education (“US DOE”) and U.S. Department of Justice (“US DOJ”) published “Guiding Principles for Providing High-Quality Education in Juvenile Justice Secure Care Settings” (“Guiding Principles”) in 2014.

The Guiding Principles include the following:

- I. A safe, healthy facility-wide climate that prioritizes education, provides the conditions for learning, and encourages the necessary behavioral and social support services that address the individual needs of all youths, including those with disabilities and English learners.
- II. Necessary funding to support educational opportunities for all youths within long-term secure care facilities, including those with disabilities and English learners, comparable to opportunities for peers who are not system-involved.
- III. Recruitment, employment, and retention of qualified education staff with skills relevant in juvenile justice settings who can positively impact long-term student outcomes through demonstrated abilities to create and sustain effective teaching and learning environments.
- IV. Rigorous and relevant curricula aligned with state academic and career and technical education standards that utilize instructional methods, tools, materials, and practices that promote college-and career-readiness.
- V. Formal processes and procedures – through statutes, memoranda of understanding, and practices – that ensures successful navigation across child-serving systems and smooth reentry into communities.

**R2.** California Assembly Bill 2276 (“AB 2276”) amended certain sections of the Education Code and generally requires that a student who has had contact with the juvenile justice system be immediately enrolled in a public school and that county offices of education and county probation departments have a “joint transition planning policy” that includes collaboration with relevant local educational agencies relating to students who are being released from juvenile court schools. (Legislative Counsel’s Digest)

**R3.** California Senate Bill 1111 (2014) amended and added certain sections of the Education Code relating to “county community schools” (Ch. 6.5, Part 2 of Division 1 of the Education Code, 2014).

**R4.** The Ventura County Office of Education (“VCOE”), in collaboration with the Ventura County Probation Department (“Probation”), and in consultation with all *nineteen* school districts in Ventura County, are committed to ensuring every student involved in the juvenile justice system retains access to the highest quality, personalized instructional support and service in preparation for college, career, and citizenship.

**R5.** This joint Student Transition Planning Policy specifically addresses Guiding Principle Five (V) above and is intended to ensure full compliance with AB 2276 (2014) (California Education Code Sections 48645.5, 48647, 48648, and 49069.5) and SB 1111 (2014), and as permitted by Welfare & Institutions Code section 827.

## Appendix V: Parental Rights and Responsibilities

1. Parental Rights and Responsibilities – [VCOE Annual Notice](#)
2. General Provisions for Parental Involvement – [Education Code 51101](#)
3. Pupil Rights and Responsibilities – [Education Code 48918](#)
  - a. Details the rights and responsibilities of students and the parent/guardian in the expulsion process.
  - b. Foster/Homeless student rights and responsibilities – [Education Code 48918.1](#)
4. Parent/Guardian Request for Waiver of Administrative Hearing

Under the California Education Code, all students recommended for expulsion are entitled to an impartial hearing. The timeline of steps taken to consider a recommendation for expulsion is also governed by the Education Code. The California School District respects and complies with the timeline and fact-finding requirements prescribed in the California Education Code.

In certain expulsion cases, students and their parents/guardians may expedite the expulsion process by waiving their right to the expulsion hearing and the timeline governing the expulsion process. When parents/guardians make such a request, an alternative process that eliminates the need for an expulsion hearing and expedites the timeline may be used. The advantages of this process include:

- Expedited placement of the student in an alternative educational program.
- Elimination of the need for the student and parent/guardian to appear before an administrative hearing panel to review the incident that led to the expulsion recommendation.

A request to waive an administrative hearing and timeline requirements can be considered when:

- The student and parent/guardian do not dispute the charges which led to the recommendation for expulsion.
- The student acknowledges responsibility for their behavior.

A request to waive the expulsion hearing will be approved when it is determined that the alternative process is in the best interest of the student and district.

A “Request for Waiver of Administrative Hearing” form must be completed, signed, and submitted to the appropriate administrator for the parent/guardian to initiate this process.

If a request for a stipulated expulsion is approved by the administrator, it will be submitted to the Local School District Board of Trustees. The parents/guardians make a knowing and voluntary waiver of their right to have an expulsion hearing and therefore:

- Waive the right to all notices and timelines required by statute, rule, or regulations;
- Waive the right to be represented by legal counsel or by a no attorney adviser at such expulsion hearing;
- Waive the right to inspect and obtain copies of documents that would have been used at the hearing;
- Waive the right to confront and question all witnesses who would have testified at the hearing;
- Waive the right to question all written evidence presented;
- Waive the right to present oral and documentary evidence on the student's behalf including witnesses; and
- Waive the right to appeal the expulsion to the county board of education.

## Appendix VI: Model Rehabilitation Plan Provided to Expelled Students

### *Pursuant to Education Code 48916*

Name: Student Name Grade: 10

School: Maple High School

Statutory Offense: Education Code 48900(c)

Expulsion Recommendation: Education Code 48915(b)(1)

Stipulated: Contested X

Date of Administrative Hearing: May 10, 2021

Board Approval Date: June 1, 2021

### **Background**

California Education Code 48916 requires the governing board to recommend a plan of rehabilitation for the student at the time of the expulsion order, which may include, but not be limited to, periodic review as well as assessment at the time of review for readmission. The plan may also include recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs.

In addition, the governing board is required to adopt rules and regulations establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled students for readmission. Upon completion of the readmission process, the governing board shall readmit the student, unless the governing board makes a finding that the student has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety or to other students or employees of the school district. A description of the procedure shall be made available to the student and the student's parent or guardian at the time the expulsion order is entered.

If the governing board denies the readmission of an expelled student, it must make a determination either to continue the placement of the student in the alternative educational program initially selected for the student during the period of the expulsion order or to place the student in another program that may include, but need not be limited to, serving expelled student, including placement in a county community school.

The governing board shall provide written notice to the expelled student and the student's parent or guardian describing the reasons for denying the student readmittance into the regular school district program. The written notice shall also include the determination of the educational program for the expelled student as described above. The expelled student shall enroll in that educational program unless the parent or guardian of the student elects to enroll the student in another school program. (Education Code 48915.1)

It is recognized that rehabilitation plans developed in compliance with these legal requirements, should be designed to promote the academic and social-emotional growth of the expelled student. Goals should:

1. Be tailored to each individual student's needs and strengths;
2. Be specifically related to the reasons for a student's expulsion and/or designed to directly support student success;
3. Be written in a comprehensible manner to families and translated to their preferred language;
4. Be attainable and provide motivation to the student and not present undue barriers to return to district; and,
5. Be monitored for progress by the District of Residence and Gateway Community School.

Now, therefore, the governing board of the **ABC School District** hereby lays out the following rehabilitation plan, which will include requirements for #1 and #2, as well as any and all pertinent requirements #3 through #8.

**1. Student is hereby assigned to attend: Gateway Community School**

Required: Typically, the referral will be Gateway unless the expulsion order is suspended and the governing board places the student at another district school site.

**2. Date of Readmission Hearing: January 25, 2025**

Required: Per Education Code 48916 must be included in the plan.

**3. Academic:**

Recommended: Consider the student's current performance and set a target that shows growth but is still attainable. Goal may include a targeted grade point average (2.0 for example) and/or a limited number of failing grades (no more than 1 F, for example), or an amount of earned academic credits per semester or year for what would be expected if a student were progressing normally towards high school graduation (30 credits per semester or 60 credits per year, for example).

**4. Attendance:**

Recommended: Consider the student's current attendance pattern and set a target that shows growth but is still attainable. Goal may include a targeted percentage (80%, for example) and/or a limited number of unexcused absences (no more than 5 unexcused absences, for example) or a percent of increased attendance for students with a history of very low attendance (20% increase for a student with 50% regular attendance on the year, for example). When using limited numbers of unexcused absences, districts should consider the length of the term of expulsion.

**5. Behavioral Goals and Supports:**

Recommended: Consider the student's current discipline/behavior record and set a target that shows growth but is still attainable. It is also common to limit the number of suspensions and specify offenses (no more than 1 suspension for fighting, drugs, or the possession of a weapon, for example).

**6. Social-Emotional Services & Supports:**

Recommended: Consider the student's current social-emotional needs related to the expellable offense and design a plan tailored to the student's needs that allows the student to show progress but is still attainable. Goal may include a target number of counseling sessions (completion of at least 10 counseling sessions designed to address impulsivity or anger management, and no more than 1 conduct referral for a specific behavior, for example). When requiring specific kinds of counseling, please be sure to incorporate the services provided at Gateway. However, if a district wishes to require students to complete services that are not provided by Gateway, the district will support the requirement.

**7. Substance Abuse Services and Supports:**

Recommended: Consider the student's current substance abuse record related to the expellable offense and design a plan tailored to the student's needs that allows the student to show progress but is still attainable. Goal may include a target number of counseling sessions (completion of at least 10 counseling sessions designed to address substance abuse triggers and patterns, for example). When requiring specific kinds of counseling, please be sure to incorporate the services provided at Gateway. However, if a district wishes to require students to complete services that are not provided by Gateway, the district will support the requirement.

**8. Other****a. Restorative Action:**

Consider the student's expellable offense and design a plan tailored to the needs of the student, the community, and/or those harmed. Goal may include a letter of apology, a restorative meeting with the student and staff involved, or a community service project. This goal should be developed on a case-by-case basis and should be attainable and provide motivation to the student and not present undue barriers to return to district.

**b. Community Service:**

When considering the potential benefit student may gain through community service and design a plan tailored to the student's needs that allows the student to show growth but is still attainable. Community service is not meant to be punitive but to be restorative in nature. Goal may include a target number of hours being careful to consider the length of time of the expulsion order (completion of at least 36 hours of community service for an average of two hours per week during a semester, for example). When requiring community service, please be sure to consider the locations available to the student and the availability of transportation. Age appropriateness and impact on the family should always be considered when selecting community service activities. For a list of recommended community service locations across Ventura County please go to the VCOE Student Services Collaborative webpage.

**c. Parenting:**

When considering the potential benefit, a student may gain through the parent's/guardian's involvement and design a plan tailored to the student's and family's needs that allows the student and family to access important services but is still attainable. Parent/guardian classes or family counseling is not regularly offered at Gateway, and if recommended should be provided by the District. When recommending parent/guardian training such as the Parent Project, please be sure to consider the locations available to the family and the availability of transportation. Age appropriateness and impact on the family should always be considered when recommending family involvement. Per EC 48917(a), *a parent's /guardian's refusal to participate in the rehabilitation program shall not be considered in the governing board's determination as to whether the student has satisfactorily completed the rehabilitation plan.*

**9. Evidence of Readiness for Readmission:**

The student will prepare and present a portfolio of evidence responding to these areas and others that may demonstrate the student's readiness to return to the District. This may be presented to the governing board or district staff pursuant to board policy and/or district practice. The student will be assisted in this process by the staff and administration at Gateway. Student portfolios at Gateway will include documentation of all requirements set forth in the district's rehabilitation plan. In addition, a student letter requesting readmission, student selected work samples, career and interest inventories, as well as any student certificates and awards will be included in this portfolio.

## SITE ADMINISTRATOR COMPENSATION AND BENEFIT PROGRAM 2023-24

(effective 07/01/2023)

The salary schedule indicated below shall serve as the base for the determination of salaries for all identified positions.

**Preamble:** Our policy for the compensation of site administrators is based on a variety of ideas and principles to assist us in making this policy and its impacts on our students and their learning functional. Those principles include:

1. As a function of their heightened responsibility, administrators should be compensated at a higher daily rate than those that they supervise.
2. Salary of site administrators is based on an assumption that there need not be a “salary schedule” as the District will pay for their expertise and competence from the outset. There is no need for additional “steps” as the District’s policy is to pay for experience and competence from the beginning.
3. Administrators can only move to additional compensation alternatives or positions based on their performance in the school, not factors of seniority or longevity. Performance presumes that there is the presence of some evidence to substantiate the performance.
4. It is in the District’s interest to have its site administrators compensation positioned at the same level of the market (i.e., the tri-county area) as the market position of the compensation of other District employee groups, and in no case not below the top half of the market to provide for effective administrative recruitment and retention.

**Annual Salary:** An annual salary is earned during the period beginning July 1 and ending June 30.

**Method of Payment:** The annual salary will be divided into 12 approximately equal installments, with eleven (11) monthly installments and one (1) summer pay installment. The first installment will be paid on the last business day of August, and subsequent installments will be paid on the last business day of each month.

**Implementation of Salary Schedule:** Initial placement of all site administration employees will be to the non- Master level of the appropriate salary schedule for the position, regardless of their prior position or experience. To advance to the Master level, an Assistant Principal must have the written approval of the Superintendent based on the recommendation and performance evidence provided by the School Principal. For a principal to advance to the Master level, the principal must have recorded action of the Board of Trustees, based on the recommendation and performance evidence provided by the Superintendent.

# SITE ADMINISTRATOR COMPENSATION AND BENEFIT PROGRAM 2024-25

*(effective 07/01/2023)*

The salary schedule indicated below shall serve as the base for the determination of salaries for all identified positions.

**Preamble:** Our policy for the compensation of site administrators is based on a variety of ideas and principles to assist us in making this policy and its impacts on our students and their learning functional. Those principles include:

1. As a function of their heightened responsibility, administrators should be compensated at a higher daily rate than those that they supervise.
2. Salary of site administrators is based on an assumption that there need not be a “salary schedule” as the District will pay for their expertise and competence from the outset. There is no need for additional “steps” as the District’s policy is to pay for experience and competence from the beginning.
3. Administrators can only move to additional compensation alternatives or positions based on their performance in the school, not factors of seniority or longevity. Performance presumes that there is the presence of some evidence to substantiate the performance.
4. It is in the District’s interest to have its site administrators compensation positioned at the same level of the market (i.e., the tri-county area) as the market position of the compensation of other District employee groups, and in no case not below the top half of the market to provide for effective administrative recruitment and retention.

**Annual Salary:** An annual salary is earned during the period beginning July 1 and ending June 30.

**Method of Payment:** The annual salary will be divided into 12 approximately equal installments, with eleven (11) monthly installments and one (1) summer pay installment. The first installment will be paid on the last business day of August, and subsequent installments will be paid on the last business day of each month.

**Implementation of Salary Schedule:** Initial placement of all site administration employees will be to the non- Master level of the appropriate salary schedule for the position, regardless of their prior position or experience. To advance to the Master level, an Assistant Principal must have the written approval of the Superintendent based on the recommendation and performance evidence provided by the School Principal. For a principal to advance to the Master level, the principal must have recorded action of the Board of Trustees, based on the recommendation and performance evidence provided by the Superintendent.

This Agreement, all exhibits, and the RFP, including all RFP forms and all contract forms, are collectively referred to as the “Contract.”

**2. Term of Agreement.** Subject to earlier termination as provided below, this Agreement shall remain in effect from \_\_\_\_\_ to and including \_\_\_\_\_ (the “Term”). This Agreement may be extended for two additional one (1)-year terms only by a written amendment, signed by the Parties, prior to the expiration of the Term.

**3. Performance of the Services; Time for Performance.** Service Provider shall provide the services set forth in Service Provider’s proposal (as accepted by District and attached to the Contract), Exhibit A-0 (as applicable to Service Provider as a Lead Agency or Enrichment Agency as indicated in the preamble above), Exhibit A-1, and Exhibit A-3 during the Term pursuant to the schedule specified Exhibit A-0 (the “Primary Services”). Service Provider may also agree to provide additional services, at District’s request and only with District’s prior written authorization (the “Additional Services”). Any such Additional Services shall be completed in accordance with Exhibit A-2 during the Term pursuant to the schedule specified in Exhibit A-0. For purposes of this Agreement, the Primary Services and Additional Services shall collectively be referred to as the “Services.” If Service Provider fails to complete the Services pursuant to the schedule specified in Exhibit A-0 or such other schedule that the Parties memorialize in a writing signed by duly authorized representatives of each Party, then Service Provider shall be deemed to be in Default

as provided below. Notwithstanding anything to the contrary in this Agreement or the Contract, Service Provider expressly understands and agrees that this Agreement and the Contract are subject to the Grant and that if the Grant is reduced or revoked, then the District shall have the right to terminate this Agreement and the Contract with no further liability to Service Provider.

**4. Compensation and Method of Payment.**

a. Subject to any limitations set forth below or elsewhere in this Agreement, District agrees to pay Service Provider the amounts specified below for the Services.

i. The total compensation for the Primary Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

ii. The total compensation for the Additional Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21<sup>st</sup> CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars \$

Notwithstanding the generality of the foregoing, if Service Provider renders any Additional Services without District's prior written authorization, District shall not be obligated to pay for such services.

iii. Unless the District Superintendent or designee provides advance written authorization of a higher amount, the hourly rate for any subcontractor of Service Provider shall not exceed the following amount:

Dollars \$ per hour

iv. If the amount of the Grant is modified in a manner that will affect Service Provider's provision of the Services, in District's sole discretion, then the Parties agree to amend the costs accordingly through written amendment.

b. Each month by \_\_\_\_\_, Service Provider shall furnish to District an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontracts. Subcontractor charges, if any, shall be detailed by the following categories: labor, travel, materials, equipment, and supplies. All invoices must comply with the requirements set forth in Exhibit B. District shall independently review each invoice submitted by the Service Provider to determine whether the work performed and expenses incurred comply with the provisions of this Agreement, inclusive of Exhibit B. In the event that no charges

or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection c. In the event any charges or expenses are disputed by District, then District shall return the original invoice to Service Provider for correction and resubmission.

c. Except as to any charges for work performed or expenses incurred by Service Provider which are disputed by District, District will use its best efforts to cause Service Provider to be paid within forty-five (45) calendar days of receipt of Service Provider's correct and undisputed invoice.

d. Payment to Service Provider for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Service Provider.

**5. Quarterly Review and Adjustment of Scope of Work.** District may, in its sole and absolute discretion, (a) conduct a quarterly performance review of the Services, including, but not limited to, enrollment numbers, alignment with District goals and priorities, compliance with assurances, and other reasonable evaluation indicators, and (b) based on such assessment, require Service Provider to adjust and/or decrease the frequency of its services by a specified amount within thirty (30) calendar days or another timeframe established by District in its sole discretion, in which event District will simultaneously reduce Service Provider's compensation *pro rata* with no liability to Service Provider for such reduction.

**6. Termination.** This Agreement may be terminated as follows.

a. **Mutual Agreement.** The Parties may, at any time, mutually agree in writing to terminate this Agreement.

b. **Termination by Service Provider for Cause.** Service Provider may, upon thirty (30) calendar days written notice to District, (i) terminate this Agreement or suspend work under this Agreement for a reasonable period of time, and (ii) recover from District payment for all work executed if: (A) Service Provider's work under this Agreement is stopped for a period of six (6) months or more pursuant to an order of any court of competent jurisdiction or any public authority (but not for a school closure event as set forth in paragraph 7 of this Agreement), and through no act or fault of Service Provider or of anyone employed by Service Provider or acting on Service Provider's behalf, (B) District fails to pay Service Provider within sixty (60) calendar days after its maturity and presentation any sum awarded by final arbitration or a court of competent jurisdiction, or (C) Service Provider delivers District written notice of any alleged material breach of this Agreement by District and District fails to cure such alleged breach within sixty (60) calendar days, provided, however, that the timeline for cure shall be extended for an additional period if District is diligently pursuing such cure in good faith and an additional time period for the cure is reasonably warranted.

c. **Termination by District for Non-Appropriation of Funds.** District shall have the right to terminate this Agreement at any time due to non-appropriation of funds.

d. **Termination by District for Convenience.** District shall have the right to terminate this Agreement for convenience by giving Service Provider at least ninety (90) calendar days written notice.

e. **Termination by District for Cause.** District may terminate this Agreement for cause upon thirty (30) calendar days' written notice to Service Provider. For the purposes of this subparagraph, "cause" shall include, but not be limited to, (i) Service Provider filing for bankruptcy, being adjudged bankrupt, or being subject to involuntary bankruptcy proceedings; (ii) Service Provider making a general assignment for the benefit of Service Provider's creditors; (iii) the appointment of a receiver due to Service Provider's insolvency; (iv) the levy of an attachment of execution upon Service Provider's property; (v) the persistent or repeated failure or refusal of Service Provider to properly staff the after-school programs or otherwise violate any provisions of Exhibits A-0 to A-3; (vi) the material violation of any applicable law or District regulation or policy; (vii) any act or omission by any Service Provider or its subcontractor personnel that constitutes gross negligence or willful misconduct, endangers or is likely to endanger the safety, health, or wellbeing of any District student or staff, or represents a repeated default by Service Provider personnel (*e.g.*, repeated late arrivals to school sites or repeated violations of the Standards for Performance); and (viii) any other material breach of the Contract by Service Provider, Service Provider's employees, Service Provider's subcontractors or anyone acting on Service Provider's behalf, including, but not limited to, the breach of any covenant, representation or warranty in this Agreement, and the violation of any provision of the RFP (including continuing disclosure obligations). Any failure on the part of District to give notice of the Service Provider's default shall not be deemed to result in a waiver of District's legal rights or any rights arising out of any provision of this Agreement. District may, but is not obligated to, provide Service Provider an opportunity to cure any default. Notwithstanding the thirty (30) calendar days' advance written notice specified herein, District reserves the right to *immediately* suspend the Services of Service Provider if the circumstances reasonably warrant (*e.g.*, due to imminent safety and health issues). Moreover, Service Provider shall be liable to District for any excess cost occasioned to District by termination for cause. The foregoing provisions for termination of this Agreement are in addition to, and not in limitation of, the rights of District under any other provisions of the Contract. Service Provider shall not be deemed to be in default if its failure to perform any Services or comply with any provisions of this Agreement results solely from the gross negligence or willful misconduct of District.

f. **Effect of Termination or Expiration of Agreement.** Upon termination or expiration of the Term, this Agreement, and the entire Contract, shall terminate; Service Provider shall cease providing the Services; Service Provider shall vacate the District premises, leaving them in a neat and orderly condition; and Service Provider and District shall comply with any remaining obligations under the Contract, as applicable (*e.g.*, payment of any sums still due and owing,). Service Provider acknowledges and agrees that certain obligations shall survive the termination or expiration of the Contract, including, but not limited to, Service Provider's indemnity obligations, confidentiality obligations, and obligations regarding delivery and maintenance of reports and records.

7. **School Closures.** If District, or any one or more schools within District, are closed due to any lawful reason including in response to governmental orders or advisories, or to protect the

health, safety and welfare of students and employees, or by reason of any emergency (including, but not limited to, a wildfire, mudslide, or earthquake), and District notifies Service Provider that it does not need to provide the Services or any portion of the Services, then District shall not be charged or required to pay for the Services, staffing, overhead, or any other related costs for the closed school site(s) during the applicable closure period. Additionally, if any school site is required to rely on remote learning in lieu of or in addition to student attendance at the time of commencement of classes or any time during the school year, then District shall have the right to notify Service Provider of the revised service needs, and the Service Provider shall, to the maximum extent reasonably practicable, provide the Services via remote learning or via a hybrid of in-person and remote learning, in which event District shall not be charged or required to pay for any additional costs of the remote or hybrid learning and, if the Services are reduced, then District shall only be billed for the Services provided and adjusted actual costs for reduced services received. District shall also furnish Service Provider written notice of school reopening plans, including phases and any interruptions in reopening schedules, and Service Provider agrees to furnish the Services as needed by District with cost reductions as reasonably warranted. Service Provider agrees to cooperate with District in cost reduction and utilization changes, including, but not limited to, working with Service Provider on partial, phased, or full reopening plans to provide such services as District shall need under those plans. Notwithstanding the generality of the foregoing clauses within this section, District may, in its sole and absolute discretion, elect to continue to pay for the Services despite the closure of one or more school sites if, for example, District receives emergency funds from the State or other sources for such purposes.

**8. Service Provider's Representations and Warranties.** In addition to any other representations and warranties set forth elsewhere in the Contract, Service Provider hereby represents and warrants to District that:

a. Service Provider is currently authorized and qualified to conduct business in the State and the County, and Service Provider will remain in good standing in the State, the County and, as applicable, the Internal Revenue Service, Franchise Tax Board, and Attorney General, for the entire term of the Contract.

b. Service Provider has carefully examined the Contract; is familiar with the Services; and has the expertise, personnel, and resources to timely and properly conduct the Services.

c. Service Provider has the right, power, and authority to enter into the Contract, including this Agreement and all contract documents, and to perform its obligations hereunder and under the Contract.

d. This Agreement constitutes the legal, valid, and binding obligation of Service Provider enforceable against Service Provider in accordance with its terms, except to the extent that such enforcement may be limited by applicable bankruptcy, insolvency, moratorium, and other principles relating to or limiting the rights of contracting parties generally. This Agreement does not violate any provision of any material agreement or document to which Service Provider is a party or by which Service Provider is bound.

e. There are no lawsuits, claims, suits, proceedings, or investigations pending or, to Service Provider's knowledge, threatened against Service Provider arising out of or concerning Contractor's performance under this Agreement. There are no suits, actions, or proceedings pending, or to Service Provider's knowledge, threatened against Service Provider which question the legality or propriety of the transactions contemplated hereunder.

All representations and warranties of Service Provider are made as of the Effective Date and shall survive the term of the Contract for a period of three (3) years. Service Provider shall be in material default if Service Provider is unable to make the representations and warranties hereunder as of the Effective Date.

**9. Ownership of Documents; Use of Documents by District.** All curriculum, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files, fliers, and other documents prepared, developed or discovered by Service Provider in the course of providing any of the Services pursuant to this Agreement (collectively and individually, the "Documents") shall become the sole property of District and may be used, reused or otherwise disposed of by District without the permission of the Service Provider. Upon completion, expiration or termination of this Agreement, Service Provider shall turn over to District all such Documents. If and to the extent that District utilizes for any purpose not related to this Agreement any Documents, Service Provider's guarantees and warrants related to Standards of Performance as set forth in paragraph 13 of this Agreement shall not extend to such use of the Documents.

**10. Service Provider's Books and Records.**

a. For purposes of this Agreement, the term "Records" means any and all books and records relating to Service Provider's performance of Services at each and every school site within the District, including, but not limited to, all:

i. student outreach materials (such as flyers and other promotional materials); student enrollment records; daily student attendance records; daily sign in and sign out sheets; early release policy, early release requests, and other early release records; physician notes for student absences, activity restrictions, *etc.*;

ii. employee records for Service Provider personnel working in the Program, including proof of TB clearance, first aid and CPR certification, and satisfaction of all training requirements, evidence that the staff person meets the minimum qualification for providing services to District (*e.g.*, proof of meeting qualifications as a paraeducator as defined by District), hiring date and (if applicable) termination date, job description, school site assignment, dates of service at District school sites, payroll records, and employment files (including disciplinary records);

iii. food service reimbursable snack logs and Q meal summary electronic reports for nutrition provided to students attending the programs;

iv. ledgers, books of account, invoices, vouchers, canceled checks, and other records evidencing or relating to work, services, expenditures, and disbursements charged to District under this Agreement (which Service Provider shall maintain in accordance with generally accepted accounting principles and

with sufficient detail to permit an accurate evaluation of the Services provided by Service Provider pursuant to this Agreement); and

v. evidence of any grants, matching funds, in-kind donations, or other financial contributions to the Program that were provided through or on account of Service Provider.

b. District's fiscal year is July 1 to June 30. By July 15 of each year, Service Provider shall deliver to District true and correct copies of all Records for the prior fiscal year (e.g., by July provide copies of all Records for ). Service Provider shall upload true and correct electronic copies of the Records to a secure portal as directed by District.

c. Service Provider shall maintain any and all Records for a minimum of five (5) years after termination or expiration of this Agreement, or longer if required by law.

d. Any and all such Records shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by District or its designated representative. Copies of such Records shall be provided directly to District for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such Records shall be made available at Service Provider's address indicated for receipt of notices in this Agreement or via electronic delivery.

e. District has the right to acquire custody of such Records by written request if Service Provider decides to dissolve or terminate its business. Service Provider shall deliver or cause to be delivered all such Records to District within sixty (60) workdays of receipt of the request.

**11. Independent Contractor.** Service Provider is and shall at all times remain a wholly independent contractor and not an officer, employee, or agent of District.

a. The personnel performing the Services under this Agreement on behalf of Service Provider shall at all times be under Service Provider's exclusive direction and control. Service Provider, its agents or employees shall not at any time or in any manner represent that Service Provider or any of Service Provider's officers, employees, or agents are in any manner officials, officers, employees, or agents of District. Neither Service Provider, nor any of Service Provider's officers, employees, or agents, shall, by virtue of Services rendered under this Agreement, obtain any rights to retirement, health care or any other benefits which may otherwise accrue to District's employees. Service Provider will be responsible for payment of all Service Provider's employees' wages, payroll taxes, employee benefits, workers' compensation, and any amounts due for federal and state income taxes and social security taxes since these taxes will not be withheld from payment under this Agreement.

b. Service Provider shall have no authority to bind District in any manner, or to incur any obligation, debt, or liability of any kind on behalf of or against District, whether by contract or otherwise, unless such authority is expressly conferred in writing by District, or under this Agreement.

**12. Penal Code sections 667.5 and 1192.7.** If Service Provider becomes aware that any person employed by or volunteering with Service Provider in connection with the Services has been arrested or convicted of a violent or serious felony listed in Penal Code Section 667.5(c) or 1192.7(c), then Service Provider must immediately remove said employee or volunteer from the performance of the Services, prevent the employee or volunteer from interacting with District students, and notify District. District retains the right to prohibit any such employee from participating in the program or having access to students or the program site.

**13. Standards of Performance.** Service Provider represents and warrants that it has the qualifications, experience, resources, and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent, and professional manner. Service Provider shall at all times faithfully, competently and to the best of its ability, experience, and talent, perform all Services described herein. In meeting its obligations under this Agreement, Service Provider shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to those required of Service Provider under this Agreement.

**14. Confidential Information, Generally.** All information gained during performance of the Services and all Documents or other work product produced by Service Provider in performance of this Agreement shall be considered confidential, but only to the extent such information is not considered a public record for purposes of federal or state law. Service Provider shall not release or disclose any such information, Documents or work product to persons or entities other than District without prior written authorization from the Superintendent of District, except as may be required by law.

a. Service Provider shall promptly notify District if it is served with any summons, complaint, subpoena or other discovery request, court order or other request from any Party regarding this Agreement or the work performed hereunder.

b. District retains the right, but has no obligation, to represent Service Provider or be present at any deposition, hearing, or similar proceeding. Service Provider agrees to cooperate fully with District and to provide District with the opportunity to review any response to discovery requests provided by Service Provider; provided that this does not imply or mean the right by District to control, direct, or rewrite said response.

**15. Student Privacy Laws.**

a. In relation to the performance of the Services, Service Provider may receive or obtain access to confidential student data (“Confidential Student Data”) that is governed by privacy laws under federal or state law, including, but not limited to, the Health Insurance Portability and Accountability Act of 1996 (Pub. L. 104-191) (“HIPAA”); the Family Educational Rights and Privacy Act of 1974 (20 USC § 1232g and 34 CFR Part 99) (“FERPA”); the Protection of Pupil Rights Amendment (20 USC § 1232h) (“PPRA”); the Children’s Online Privacy Protection Act of 1998 (15 USC §§ 6501, *et seq.*) (“COPPA”); California Education Code Section 49073-49079.7; the Student Online Personal Information Privacy Act (Cal. Business and Prof. Code §§ 22584, *et seq.*) (“SOPIPA”); the Early Learning Personal Information Protection Act (Cal. Business and

Prof. Code §§ 22586, *et seq.*) (“ELPIPA”) (collectively, the “Student Privacy Laws”). Service Provider agrees to abide by the Student Privacy Laws in connection with all Confidential Student Data.

b. Service Provider shall strictly comply with the Student Privacy Laws. Without limiting the generality of the foregoing, Service Provider shall perform the following duties in regards to any Confidential Student Data that Service Provider obtains in the performance of the Contract: (i) not disclose the information to any other party without the consent of the parent/guardian or an eligible student; (ii) use the data for no other purpose than the performance of the services contemplated under the Contract; (iii) permit District access to any relevant records for the purpose of completing authorized audits; (iv) require all of Service Provider’s officers, directors, administrators, employees, subcontractors, and agents to comply with all provisions of the Student Privacy Laws; (v) designate in writing a single authorized representative who shall be responsible for requesting, receiving, transmitting and, as permitted under the Contract and applicable law, destroying Confidential Student Data; (vi) maintain all Confidential Student Data in a secure computer and not copying, reproducing or transmitting data except as necessary to perform under the Contract; and (vii) destroy or return all personally identifiable information obtained under the Contract when it is no longer needed for the purpose for which it was obtained no later than thirty (30) calendar days after it is no longer required. Failure to properly destroy or return Confidential Student Data shall preclude Service Provider from accessing personally identifiable student information for at least five (5) years as provided in 34 C.F.R. Section 99.31(a)(6)(iv), which shall be grounds for District to terminate this Agreement for cause and seek any and all remedies available to District at law or in equity.

c. In the event that Service Provider operates a website, online service, mobile application or similar medium, Service Provider shall comply with the requirements of SOPIPA (Cal. Business and Prof. Code §§ 22584, *et seq.*) by (a) not knowingly engaging in advertising targeted to District students or their parents or guardians, creating profiles of students or their parents or guardians, selling information about students or their parents or guardians, or disclosing any personally identifiable information without proper prior consent; (b) storing, processing and protecting District data pursuant to commercial best practices, including encrypting data; (c) promptly deleting District data, including, but not limited to, student, parent and guardian data, upon District’s request; and (d) not storing District data outside of the United States.

**16. Conflict of Interest; Disclosure of Interest.** Service Provider covenants that neither it, nor any of its officers or employees, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of District or which would in any way hinder Service Provider’s performance of Services under this Agreement. Service Provider further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent, or subcontractor without the express written consent of the District.

a. Service Provider agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of District in the performance of this Agreement.

b. Board Bylaws Sections 9270 and 9270-E, as hereinafter amended or renumbered, require that a Service Provider that qualifies as a “designated employee” must disclose certain financial interests by filing financial interest disclosures. By its initials below, Service Provider represents that it has received and reviewed a copy of the Board’s Bylaws Sections 9270 and 9270-E (available on the District’s website at <https://www.oxnardsd.org/domain/12>) and that it does not qualify as a “designated employee.”

**17. Compliance with Applicable Laws.** Service Provider hereby agrees that Service Provider, and its officers, owners, agents, employees, and subcontractors, shall keep themselves informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, and rules in the performance of the Contract, including, but not limited to, minimum wage laws and laws prohibiting discrimination. Service Provider shall be responsible for the safety of its employees and shall comply with all applicable regulations of the California Division of Occupational Safety and Health (Cal OSHA), including, but not limited to, California Code of Regulations Title 8, section 3203, Injury and Illness Prevention Program, and section 3205, COVID-19 Prevention. Service Provider shall ensure that workers in school settings who are on-site supporting school functions are compliant with applicable Public Health Department Orders and Guidance, and other mandates related to COVID-19, so long as such orders and guidance remain in effect. Service Provider and its officers, owners, agents, employees, and subcontractors shall secure and maintain in force for the Term, at their sole cost and expense and at no cost to District, any and all licenses, permits and authorizations necessary to perform the Services. Without limiting the generality of the foregoing, Service Provider shall comply with any applicable fingerprinting requirements as set forth in the Education Code of the State of California.

**18. Undocumented Workers.** Service Provider hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. Sections 1101, et seq., as amended, and in connection therewith, shall not employ undocumented workers, defined herein the same as in 8 U.S.C.A. Section 1324a(h)(3). Should Service Provider so employ such individuals for the performance of work and/or Services covered by this Agreement, and should any liability or sanctions be imposed against District for such employment, Service Provider hereby agrees to and shall reimburse District for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys’ fees, incurred by District.

**19. Non-Discrimination.** Service Provider shall abide by the applicable provisions of the United States Civil Rights Act of 1964 and other provisions of law prohibiting discrimination and

shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

**20. Assignment.** The expertise and experience of Service Provider are material considerations for this Agreement. District has an interest in the qualifications of and capability of the persons and entities that will fulfill the duties and obligations imposed upon Service Provider under this Agreement. In recognition of that interest, Service Provider shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Service Provider's duties or obligations under this Agreement without the prior written consent of the Board of Trustees of District. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling District to any and all remedies at law or in equity, including summary termination of this Agreement.

**21. Subcontracting.** Notwithstanding the above, Service Provider may utilize subcontractors in the performance of its duties pursuant to this Agreement, but only with the prior written consent of District. Service Provider shall be as fully responsible to District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by Service Provider, as if Service Provider performed the acts and omissions directly.

**22. Continuity of Personnel.** Service Provider shall make every reasonable effort to maintain the stability and continuity of Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement.

a. Service Provider shall ensure that District has a current list of all personnel and subcontractors providing Services under this Agreement.

b. Service Provider shall notify District of any changes in Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement, prior to and during any such performance. The list notice shall include the following information: (i) all full or part-time staff positions by title, including volunteer positions whose direct services are required to provide the Services described herein; (ii) a brief description of the functions of each such position and the hours each position works each week or, for part-time positions, each day or month, as appropriate; (iii) the professional degree, if applicable, and experience required for each position; and (iv) the name of the person responsible for fulfilling the terms of this Agreement.

c. Service Provider shall maintain a database of prospective employees in order to avoid a gap in filling intended positions.

d. Notwithstanding the generality of the foregoing, all Service Provider personnel assigned to perform under the Contract shall be subject to the continuous approval of District. District may refuse to accept any Service Provider personnel assigned to the Contract in the event that such persons fail to meet the necessary performance standards or for any other reasonable basis. Upon the request of District, Service Provider shall immediately terminate the assignment of any Service Provider personnel to the District's after-school program.

**23. Assumption of Responsibility.** In accordance with Service Provider’s obligations under paragraphs 11, 13, 21, and 22 herein, Service Provider assumes all responsibility for the care, custody, and control of students participating in any activity, whether on-site or off-site, offered in connection with the Services.

**24. Service Provider’s Indemnification of District.**

a. To the fullest extent permitted by California law, Service Provider, on behalf of itself and its officers, agents, employees, board members, owners, shareholders, subcontractors, volunteers and agents (collectively, “Indemnifying Party”), shall at its sole expense indemnify, protect, defend and hold harmless District, its officers, agents, employees, elected board members, and volunteers (collectively, “Indemnified Party”) from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys’ fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, which arise out of or relate to any one or more of the following (each a “Claim” and collectively the “Claims”): (i) Indemnifying Party’s breach of any representation or warranty in the Contract; (ii) Indemnifying Party’s breach of any material provision of the Contract; (iii) Indemnifying Party’s violation of any applicable law; (iv) employment and labor claims concerning Indemnifying Party’s employees, agents, and/or subcontractors; (v) intentional misrepresentation or fraud by Indemnifying Party; (vi) bodily injury, including, but not limited to, illness, communicable disease, virus, or pandemic in connection with Indemnifying Party’s provision of the Services; (v) personal injury (including, but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation, and any claims or allegations of wrongful death) in connection with Indemnifying Party’s provision of the Services, (vi) any damage to and destruction of real property in connection with Indemnifying Party’s provision of the Services; (vii) any damage to and destruction of personal property in connection with Indemnifying Party’s provision of the Services, (viii) Service Provider’s furnishing to District of any copyrighted or patented material under the Contract and claims that such materials infringe upon a third party’s intellectual property rights. For avoidance of doubt, Service Provider’s liability under this paragraph includes any and all liability arising out of or in any way attributable to the performance of this Agreement by Service Provider or by any individual or entity for which Service Provider is legally liable, including, but not limited to, its officers, agents, employees, and subcontractors.

b. Indemnifying Party’s indemnity, defense, protection and hold harmless obligations under this paragraph 24 shall apply whether or not the applicable Claim: (i) is a third party claim or a direct claim; (ii) has any merit; (iii) arises from an act or omission authorized under the Contract; or (iv) is caused or alleged to have been caused by the negligence of the Indemnified Party, provided, however, that Indemnifying Party shall not be liable for damages or losses caused by sole gross negligence or sole willful misconduct of the Indemnified Party.

c. Indemnifying Party’s obligations under this paragraph 24 shall not be limited by Service Provider’s insurance requirements under the Contract.

d. The Indemnified Party shall promptly notify the Indemnifying Party of any Claim for which indemnification is sought, following actual knowledge of such Claim. However, the failure to give such notice shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that Indemnifying Party is materially and irrevocably prejudiced by such failure. In the event that any third party Claim is brought, the Indemnifying Party shall have the right and option to undertake and control the defense of such action with counsel of its choice, except that (i) the Indemnified Party at its own expense may participate and appear on an equal footing with the Indemnifying Party in the defense of any such Claim; (ii) the Indemnified Party, at Indemnifying Party's expense, may undertake and control of such defense in the event of the material failure of the Indemnifying Party to undertake and control the same; and (iii) the Indemnified Party may control with counsel of its choice the defense of any third party Claim when an adverse judgment would establish a precedent that would be materially damaging to the continuing business interests of Indemnified Party as a public agency (e.g., a Claim involving public contracting rules). A Party shall not consent to judgment or concede or settle or compromise any Claim without the prior written approval of the other Party (which approval shall not be unreasonably withheld, delayed, or conditioned).

e. No Party shall be entitled to any form of implied or equitable indemnification at any time, whether based upon a theory of contract, torts, strict liability or otherwise, and each Party expressly disclaims any right to implied or equitable indemnification.

f. Service Provider agrees to obtain executed indemnity Agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Service Provider in the performance of this Agreement.   2. Primary, Non-Contributory: CG 20 01 04 13
  3. Waiver of Subrogation: CG 24 04 05 09
  4. Automobile Liability: CA 20 48 10 13
- D. If any of the required policies provide coverage on a "claims made" basis:
  1. The retroactive date must be shown on the certificate and must be before the date of the contract or the beginning of the Services.
  2. Insurance must be maintained, and evidence of insurance must be provided for at least five (5) years after completion of the Services.
  3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Provider must purchase "extended reporting" coverage for a minimum of five (5) years after completion of the Services.

- E. Acceptability of Insurers. Insurance is to be placed with insurers authorized to conduct business in the State of California and with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

III. Other Requirements:

- A. Service Provider and any and all subcontractors working for Service Provider shall provide certificates of insurance to the LEA as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under the Contract.
- B. The Provider may use Umbrella or Excess Policies to provide the liability limits as required in the Contract. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, additional insured endorsements, primary and non-contributory, additional insured, deductibles, indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the District, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Service Provider's primary and excess liability policies are exhausted.
- C. If the Service Provider or Service Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Service Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- D. Any self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of the Contract must be declared to and approved by the District. Service Provider shall be responsible to pay that self-insured retention and the District shall not be responsible to pay these costs. In the event that Service Provider's self-insured retentions collectively total more than \$50,000.00, the District reserves the right to request proof of Service Provider's financial solvency in relation to remittance thereof or require Service Provider to post a bond guaranteeing payment of the deductible, or both.
- E. The procuring of any required policy or policies of insurance shall not be construed to limit Service Provider's or subcontractor's liability hereunder nor to fulfill the indemnification provisions and requirements of the Contract.

- F. Failure on the part of the Service Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate the Contract.

- school-related social activities
- School-related community activities
- Other: \_\_\_\_\_

I authorize my son/daughter, named above, to participate in the indicated voluntary extracurricular event or activity. I understand and acknowledge that voluntary extracurricular activities, by their very nature, pose the potential risk of serious injury and/or illness to the individuals who participate in such voluntary extracurricular events or activities.

This voluntary extracurricular event or activity, by its very nature, may pose some inherent risk of a participant being seriously injured, before, during, and/or after the activity or event, including transportation whether provided by the local educational agency (LEA) or not. These injuries may include, but are not limited to, the following:

- |  |                                     |
|--|-------------------------------------|
| 1. Sprains and strains                   | 7. Loss of eyesight                 |
| 2. Fractured bones                       | 8. Head injuries or concussion      |
| 3. Lacerations, abrasions, and avulsions | 9. Heat illness                     |

| 6. Disfigurement                         | 12. Exposure to infectious diseases |

I understand and acknowledge that participation in voluntary extracurricular events or activities is completely elective and voluntary and is not required by the LEA/School for completion of promotion or graduation requirements. I also understand that, if I do not consent to my son's/daughter's participation in the voluntary extracurricular event or activity, he/she may be offered an alternative event or activity and possible credit for promotion or graduation may or may not be offered.

I understand that all participants are to abide by and accept all rules and requirements governing conduct and safety in the voluntary extracurricular event or activity. To the extent permitted by the Education Code or other applicable statutes, regulations, policies and procedures, any participant determined to be in violation of safety requirements, behavior standards or other prohibited conduct may be removed from this voluntary extracurricular event or activity.

I understand and acknowledge that in order to participate in these activities, I and my son/daughter agree to assume liability and responsibility for any and all potential risks that may be associated with participation in voluntary extracurricular events or activities.

I also understand that the LEA/School, due to the COVID-19 virus or other potential infectious diseases, has undertaken a plan to facilitate a safe environment for educational programs in addition to extracurricular, co-curricular and sport/athletic events or activities. In doing so, I further understand that the LEA/School has adopted plans designed to meet the requirements and recommendations of state agencies, health advisors and other responsible bodies. However, I also understand and acknowledge that despite the LEA's and School's efforts, the risk of infection from the COVID-19 virus, or others, cannot be eliminated at this time, and that my son/daughter may be exposed as a result. I also understand and acknowledge that in participating in this voluntary extracurricular event or activity, my son/daughter will increase his/her interaction with students and staff, and the corresponding risk of contact and infection, and that this may include functions involving other people and/or facilities other than the LEA's. These other students, instructors, assistants, and facilities are potentially operating under a different COVID-19 safety plan, further increasing the risk of exposure of my son/daughter. Finally, I understand, acknowledge, and agree that despite reasonable care and steps by the LEA/School, that the virus presents serious challenges to prevention and control, and reasonable efforts by the LEA/School does not assure that my son/daughter may not be infected, and that the infection may not be brought home. Despite all the above I am freely and voluntarily signing this "Extracurricular Event or Activity, Assumption of Risk Form" to enable and authorize my son/daughter to participate and releasing and discharging the LEA/School and its/their governing board, officers, agents, employees and/or volunteers from any liability for my son/daughter becoming infected in his/her participation in the event or activity.

I agree to, and do hereby release and hold the LEA/School and its governing board, officers, agents, employees and/or volunteers harmless for any and all claims; demands; causes of action; liability; damages; expenses; or loss of any sort, including bodily injury or death; because of or arising out of acts or omissions with respect to the voluntary extracurricular event or activity, including programs or procedures of the LEA/School for students and participation in such events or activities

Estas lesiones pueden incluir, pero no se limitan a las siguientes:

1. Esguinces y distensiones

## Oxnard School District Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

### Symptoms may include one or more of the following:

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>• Headaches</li> <li>• “Pressure in head”</li> <li>• Nausea or vomiting</li> <li>• Neck pain</li> <li>• Balance problems or dizziness</li> <li>• Blurred, double, or fuzzy vision</li> <li>• Sensitivity to light or noise</li> <li>• Feeling sluggish or slowed down</li> <li>• Feeling foggy or groggy</li> <li>• Drowsiness</li> <li>• Change in sleep patterns</li> </ul> | <ul style="list-style-type: none"> <li>• Amnesia</li> <li>• “Don’t feel right”</li> <li>• Fatigue or low energy</li> <li>• Sadness</li> <li>• Nervousness or anxiety</li> <li>• Irritability</li> <li>• More emotional</li> <li>• Confusion</li> <li>• Concentration or memory problems (forgetting game plays)</li> <li>• Repeating the same question/comment</li> </ul> |
|--|---|

### Signs observed by teammates, parents and coaches include:

- Appears dazed
- Vacant facial expression
- Confused about assignment
- Forgets plays
- Is unsure of game, score, or opponent
- Moves clumsily or displays incoordination
- Answers questions slowly
- Slurred speech
- Shows behavior or personality changes
- Can’t recall events prior to hit
- Can’t recall events after hit
- Seizures or convulsions
- Any change in typical behavior or personality
- Loses consciousness

**What can happen if my child keeps on playing with a concussion or returns to soon?**

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

**If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. California Education Code section 49475 and CIF Bylaw 313 now require implementation of long and well-established return to play concussion guidelines that have been recommended for several years.

You should also inform your child’s coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

**Return to Play (RTP)**

Concussion symptoms should be completely gone before returning to full practice or competition. A RTP progression involves a gradual, step-wise increase in physical effort, sports-specific activities and the risk for contact. If symptoms occur with activity, the progression should be stopped. If there are no symptoms the next day, exercise can be restarted at the previous stage.

RTP after concussion should occur only with medical clearance from a medical doctor trained in the evaluation and management of concussions, and a step-wise progression program monitored by an athletic trainer, coach, or other identified school administrator. Please see [cifstate.org](http://cifstate.org) for a graduated return to play plan. Return to play (i.e., full practice and competition) must be no sooner than 7 days after the concussion diagnosis has been made by a physician.

### Información acerca de las concusiones cerebrales

Una concusión es una herida cerebral y todas las heridas cerebrales son graves. Dichas heridas son causadas por un golpe ligero, un golpe fuerte a la cabeza, un movimiento repentino de la cabeza o por un golpe fuerte a otra parte del cuerpo con fuerza que se trasmite a la cabeza. Las heridas varían entre ligeras o graves y pueden interrumpir la manera en la que el cerebro funciona. Aunque la mayoría de las concusiones cerebrales son ligeras, **todas las concusiones cerebrales tienen el potencial de ser graves y si no se reconocen y tratan correctamente podrían tener como resultado complicaciones incluyendo daño cerebral prolongado o la muerte.** Eso quiere decir que cualquier “golpecito” a la cabeza podría ser grave. Las concusiones cerebrales no son visibles y en su mayoría las concusiones cerebrales que ocurren durante los deportes no ocasionan la pérdida de conciencia. Las señales y síntomas de una concusión cerebral podrían aparecer inmediatamente después de una herida o después de horas o días. Si su hijo(a) reporta cualquier síntoma de una concusión cerebral, o si se da cuenta de los síntomas de una concusión cerebral, por favor consiga atención médica sin demora.

#### Los siguientes son algunos de los síntomas de una concusión:

- |   |  |
|---|--|
| <ul style="list-style-type: none"> <li>• Dolor de cabeza</li> <li>• “Presión en la cabeza”</li> <li>• Náusea o vómito</li> <li>• Dolor de cuello</li> <li>• Problemas de equilibrio o mareos</li> <li>• Visión borrosa o visión doble</li> <li>• Sensibilidad a la luz o ruido</li> <li>• Decaído</li> <li>• Adormecido</li> <li>• Mareado</li> <li>• Cambios en los hábitos de dormir</li> </ul> | <ul style="list-style-type: none"> <li>• Amnesia</li> <li>• “No se siente bien”</li> <li>• Fatiga o energía baja</li> <li>• Tristeza</li> <li>• Nervios o ansiedad</li> <li>• Irritabilidad</li> <li>• Más sensible</li> <li>• Confundido</li> <li>• Problemas con concentración o memoria (por ejemplo: olvidar las jugadas)</li> <li>• Repetir la misma pregunta o comentario</li> </ul> |
|---|--|

#### Los siguientes síntomas son observados por compañeros, padres y entrenadores:

- Parece desorientado
- Tiene una expresión facial vacía
- Está confundido acerca de la tarea o actividad
- Se olvida de las jugadas
- Está confundido sobre el juego, los puntos o el oponente
- Se mueve torpemente o muestra una falta de coordinación
- Contesta las preguntas lentamente
- Arrastra las palabras
- Muestra cambios de comportamiento o personalidad
- No puede recordar los eventos que sucedieron antes de la colisión
- No puede recordar los eventos que sucedieron después de la colisión
- Ataques o convulsiones
- Cualquier cambio en el comportamiento típico o personalidad
- Pérdida de la conciencia

**¿Qué puede pasar si mi hijo(a) sigue jugando con una concusión cerebral o regresa a jugar antes de que este recuperado?**

Los deportistas con señales o síntomas de una concusión cerebral deben dejar de jugar inmediatamente. Continuar jugando con las señales o síntomas de una concusión pone al deportista en riesgo de sufrir una herida más grave. La probabilidad de que se sufra daño significativo de una concusión aumenta cuando ha pasado un periodo de tiempo largo después de que sucedió la concusión, sobre todo si el deportista sufre otra concusión antes de recuperarse completamente de la primera. Eso puede traer como consecuencia una recuperación más prolongada o incluso una hinchazón cerebral (síndrome de segundo impacto) con consecuencias devastadoras o fatales. Es bien conocido que los deportistas adolescentes no reportan mucho los síntomas de sus heridas. Eso es el caso también con las concusiones cerebrales. Por lo mismo es importante que los administradores, entrenadores, padres y estudiantes estén bien informados, el cual es clave para la seguridad de los estudiantes deportistas.

**Si cree que su hijo(a) ha sufrido una concusión**

En cualquier situación donde se sospecha que un deportista tiene una concusión, es importante sacar a este estudiante del juego o entrenamiento inmediatamente. Ningún deportista puede volver a participar en la actividad después de sufrir una herida de cabeza o concusión cerebral sin el permiso de un doctor, no importa si la herida parece ser ligera o los síntomas desaparecen rápidamente. Se debe de observar cuidadosamente el mejoramiento del deportista por varias horas. Código Educativo de California sección 49475 y estatuto 313 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de las siguientes normas para regresar a jugar un deporte después de sufrir una concusión, las cuales se han recomendado por muchos años.

También debe informar al entrenador(a) de su hijo(a) si piensa que ha sufrido una concusión cerebral. Recuerde que es mejor faltar un partido que faltar toda la temporada. Si existe alguna duda de que el deportista sufrió una concusión cerebral o no, se tomará precauciones y no podrá jugar.

**Volver a Jugar**

Síntomas de concusión cerebral deben ser desaparecido por completo antes de volver a la práctica completa o la competencia. Un volver a jugar la progresión implica un aumento gradual, paso a paso en el esfuerzo físico, las actividades de los deportes específicos y el riesgo para el contacto. Si se presentan síntomas con la actividad, la progresión se debe parar. Si no hay síntomas al día siguiente, el ejercicio puede iniciarse de nuevo en la etapa anterior.

Volver a jugar después de la concusión cerebral debe ocurrir sólo con autorización médica de un médico entrenado en la evaluación y la gestión de las concusiones cerebrales. Volver a jugar debe ser supervisado por un entrenador, entrenador atlético o administrador identificado por la escuela. Por favor, consulte [cifstate.org](http://www.cifstate.org) para un retorno gradual a jugar el plan. Retorno a la práctica completa y la competencia debe ser no antes de 7 días después del diagnóstico concusión ha sido hecha por un médico.

# Parent/Student CIF Heat Illness Information Sheet

### Why am I getting this information sheet?

You are receiving this information sheet about Heat Illness because of California state law AB 2800 (effective January 1, 2019), now Education Code § 35179 and CIF Bylaws 22.B.(9) and 503.K (Approved Federated Council January 31, 2019):

1. The law requires a student athlete who has been removed from practice or play after displaying signs and symptoms associated with heat illness must receive a written note from a licensed health care provider before returning to practice.
2. Before an athlete can start the season and begin practice in a sport, a Heat Illness information sheet must be signed and returned to the school by the athlete and the parent or guardian.

Every 2 years all coaches are required to receive training about concussions (AB 1451), heat illness (AB 2800) as well as certification in First Aid training, CPR, and AEDs (life-saving electrical devices that can be used during CPR).

### What is Heat Illness and how would I recognize it?

Exercise produces heat within the body and can increase the player's body temperature. Add to this a hot or humid day and any barriers to heat loss such as padding and equipment, and the temperature of the individual can become dangerously high.

Heat Illness occurs when metabolically produced heat combines with that gained from the environment to exceed the heat and large sweat losses. Young athletes should be pre-screened at their pre-participation physical exam form education/supplement use, cardiac disease, history of sickle cell trait, and previous heat injury. Athletes with any of these factors should be supervised closely during strenuous activities in a hot climate. Fatal heat stroke occurs most frequently among obese high school middle lineman.

Much of one's body heat is eliminated by sweat. Once this water leaves the body, it must be replaced. Along with water loss, many other minerals are lost in the sweat. Most of the commercial drinks now available contain these minerals, such as Gatorade, etc., but just plain water is all that is really required because the athlete will replace the lost minerals with his/her normal diet.

**PREVENTION:** There are several steps which can be taken to prevent heat illness from occurring:

**ADEQUATE HYDRATION:** The athlete should arrive at practice well-hydrated to reduce the risk of dehydration. The color of the urine can provide a quick guess at how hydrated the athlete. If the urine is dark like apple juice means the athlete is dehydrated. If the urine is light like lemonade in color means the athlete seems adequately hydrated.

Water or sports drinks should be readily available to athletes during practice and should be served ideally chilled in containers that allow adequate volumes of fluid to be ingested.

Water breaks should be given at least every 30-45 minutes and should be long enough to allow athletes to ingest adequate volumes of fluid.

Athletes should be instructed to continue fluid replacement in between practice sessions.

**GRADUAL ACCLIMATIZATION:** Intensity and duration of exercise should be gradually increased over a period of 7-14 days to give athletes' time to build fitness levels and become accustomed to practicing in the heat. Protective equipment should be introduced in phases (start with helmet, progress to helmet and shoulder pads, and finally fully uniform).

**HEAT EXHAUSTION:** Inability to continue exercise due to heat-induced symptoms. Occurs with an elevated body-core temperature between 97- and 104-degrees Fahrenheit.

<ul style="list-style-type: none"> <li>• Dizziness, lightheadedness, weakness</li> </ul>	<ul style="list-style-type: none"> <li>• Profuse sweating</li> </ul>
<ul style="list-style-type: none"> <li>• Headache</li> </ul>	<ul style="list-style-type: none"> <li>• Cool, clammy skin</li> </ul>
<ul style="list-style-type: none"> <li>• Nausea</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Diarrhea, urge to defecate</li> </ul>	<ul style="list-style-type: none"> <li>• Decreased urine output</li> </ul>
<ul style="list-style-type: none"> <li>• Pallor, chills</li> </ul>	

**TREATMENT:** Stop exercise, move player to a cool place, remove excess clothing, give fluids if conscious, COOL BODY: fans, cold water, ice towels, or ice packs. Fluid replacement should occur as soon as possible. The athlete should be referred to a hospital emergency if recovery is not rapid. When in doubt, CALL 911. Athletes with heat exhaustion should be assessed by a physician as soon as possible in all cases.

**HEAT STROKE:** Dysfunction or shutdown of body systems due to elevated body temperature which cannot be controlled. This occurs with a body-core temperature greater than 107 degrees Fahrenheit.

**WARNING SYMPTOMS:**

**This is a MEDICAL EMERGENCY. Death may result if not treated properly and rapidly.**

Treatment: Stop exercise, Call 911, remove from heat, remove clothing, immerse athlete in cold water for aggressive, rapid cooling (if immersion is not possible, cool the athlete as described for heat exhaustion), monitor vital signs until paramedics arrive.

<b>Signs observed by teammates, parents and coaches include:</b>	
<ul style="list-style-type: none"> <li>• Dizziness</li> </ul>	<ul style="list-style-type: none"> <li>• Weakness</li> </ul>
<ul style="list-style-type: none"> <li>• Drowsiness, loss of consciousness</li> </ul>	<ul style="list-style-type: none"> <li>• Hot and wet or dry skin</li> </ul>
<ul style="list-style-type: none"> <li>• Seizures</li> </ul>	<ul style="list-style-type: none"> <li>• Rapid heartbeat, low blood pressure</li> </ul>
<ul style="list-style-type: none"> <li>• Staggering, disorientation</li> </ul>	<ul style="list-style-type: none"> <li>• Hyperventilation</li> </ul>
<ul style="list-style-type: none"> <li>• Behavioral/cognitive changes (confusion, irritability, aggressiveness, hysteria, emotional instability)</li> </ul>	<ul style="list-style-type: none"> <li>• Vomiting, diarrhea</li> </ul>

**Final Thoughts for Parents and Guardians:**

Heat stress should be considered when planning and preparing for any sports activity. Summer and fall sports are conducted in very hot and humid weather in many parts of the California. Many of the heat problems have been associated with football, due to added equipment which acts as a barrier to heat dissipation. Several heatstroke deaths continue to occur each season in the United States. There is no excuse for heatstroke deaths if the proper precautions are taken.

You should also feel comfortable talking to the coaches or athletic trainer about possible heat illness signs and symptoms that you may be seeing in your child.

I acknowledge that I have received and read the CIF Heat Illness Information Sheet.

## Hoja de información CIF para padres/estudiantes referente a la insolación

### ¿Por qué me han enviado esta información?

Usted ha recibido esta hoja informativa referente a la insolación debido a lo indicado por la Ley AB 2800 de California (efectiva el 1º de enero del 2019), el cual ahora es parte del Código de Educación § 35179 y de los reglamentos CIF 22.B.(9) y 503.K (aprobados por el Concilio Federal el 31 de enero del 2019):

1. La ley requiere que cualquier atleta estudiante que haya sido excluido de las prácticas o de algún partido debido a que ha mostrado señales y síntomas relacionados con la insolación (infarto de calor), debe recibir una nota escrita de un proveedor acreditado de cuidados médicos antes de regresar a las prácticas de atletismo.
2. Antes que un atleta pueda comenzar la temporada y comience las prácticas deportivas, los padres o tutores legales deben firmar y entregar a la escuela una Hoja de información sobre la insolación.

Cada dos años todos los entrenadores tienen el requisito de recibir entrenamiento sobre las contusiones cerebrales (AB 1451), la insolación (AB 2800) al igual que una certificación de entrenamiento sobre primeros auxilios, resucitación cardiopulmonar (CPR, en inglés) y los instrumentos eléctricos (AEDs, en inglés) que se pueden utilizar para salvar la vida durante una resucitación cardiopulmonar (CPR).

### ¿Qué es la insolación y como puedo identificar los síntomas?

El ejercicio produce calor dentro del cuerpo y puede incrementar la temperatura del cuerpo del atleta. Si a esto se agregan un día caluroso o húmedo, más las barreras que impiden la disipación del calor como el equipo de amortiguación en el uniforme deportivo, la temperatura corporal del individuo puede aumentar peligrosamente.

La insolación ocurre cuando el calor producido por el metabolismo corporal se combina con el calor que proviene del medioambiente, lo que ocasiona calor excesivo y grandes pérdidas de sudor. Previo a su participación, los atletas jóvenes deben ser evaluados durante su examen médico para diagnosticar enfermedades cardíacas, historial de células falciformes (sickle cell trait, en inglés) y traumas previos debido al calor. Los atletas que presenten cualquiera de estos casos deben ser supervisados cuidadosamente durante las actividades estrenuas realizadas en climas calientes. El infarto fatal debido al calor ocurre más frecuentemente entre los atletas obesos de preparatoria que juegan la posición de defensas medios.

La mayoría del calor corporal es eliminado por medio del sudor. El líquido debe ser reemplazado después que ha salido del cuerpo. Junto con la pérdida de agua, el cuerpo pierde muchos otros minerales por medio del sudor. La mayoría de las bebidas comerciales disponibles, tales como Gatorade, etc., contienen estos minerales; sin embargo, lo que realmente se necesita es solamente agua debido a que el atleta recuperará los minerales perdidos por medio de su dieta regular.

**PREVENCIÓN:** Existen varios pasos que deben seguirse para prevenir un infarto debido al calor:

**LA HIDRATACIÓN APROPIADA:** El atleta debe llegar a sus prácticas deportivas bien hidratado para reducir el riesgo de deshidratación. El color de la orina puede mostrar fácilmente el nivel de hidratación del atleta. Si la orina es oscura parecido al jugo de manzana, eso significa el atleta está deshidratado. Si la orina es clara como el color de la limonada, eso significa que el atleta está propiamente hidratado.

En las prácticas debe haber agua y bebidas deportivas fácilmente disponibles para los atletas y de preferencia deben servirse frías y en envases que permitan la ingestión de líquidos en volúmenes apropiados.

También debe haber recesos para beber agua por lo menos cada 30 o 45 minutos y los recesos deben ser suficientemente largos para ingerir volúmenes apropiados de líquidos.

A los atletas se les debe instruir que deben continuar reemplazando los líquidos antes y después de las sesiones de práctica.

**LA ACLIMATACIÓN GRADUAL:** La intensidad y la duración del ejercicio debe incrementarse gradualmente durante un periodo de 7 a 14 días para que el atleta pueda alcanzar niveles apropiados de aptitud física y su cuerpo se acostumbre a practicar en el calor. El equipo protector debe introducirse de manera gradual (comenzando con el casco, después el casco y las hombreras, y finalmente el uniforme completo).

**EL AGOTAMIENTO DEBIDO AL CALOR:** Es la inhabilidad de continuar ejercitando debido a los síntomas producidos por el calor. Esto ocurre cuando la temperatura básica del cuerpo se encuentra entre los 97 y los 104 grados Fahrenheit.

• Vértigo, mareo, debilidad	• Sudor abundante
• Dolor de cabeza	• Piel viscosa y fría
• Náusea	• Hiperventilación
• Diarrea, urgencia para defecar	• Reducción en la producción de orina
• Palidez, escalofríos	

**TRATAMIENTO:** Dejar de ejercitar, acudir a un lugar frío, quitar la ropa excesiva, beber líquidos si la persona está consiente, ENFRIAR EL CUERPO: con ventiladores, agua fría, toallas heladas, o esponjas húmedas congeladas (ice packs). Debe comenzar la recuperación de líquidos tan pronto como sea posible. Si su recuperación no es rápida, el atleta debe ser llevado a la sala de emergencias del hospital. Si existen dudas, LLAME AL 911. En todos los casos, los atletas que sufren agotamiento debido al calor deben ser evaluados por un médico tan pronto como sea posible.

**INFARTO DEBIDO AL CALOR:** Es el mal funcionamiento o paralización de los sistemas corporales debido a la alta temperatura del cuerpo la cual está fuera de control. Esto ocurre cuando la temperatura básica del cuerpo es mayor a los 107 grados Fahrenheit.

**SÍNTOMAS DE ALARMA:**

Los siguientes síntomas representan una EMERGENCIA MÉDICA. Podría ocasionar la muerte si no se ofrece tratamiento médico inmediato y apropiado.

Tratamiento: dejar de ejercitar, llamar al 911, alejar del calor, desvestirse, sumergir al atleta en agua fría para un enfriamiento rápido y eficaz (si no es posible sumergir al atleta, enfriar al atleta siguiendo el tratamiento para el agotamiento debido al calor), vigilando los signos vitales hasta que lleguen los paramédicos.

<b>Los síntomas que han sido observados por los jugadores, padres y entrenadores incluyen:</b>	
• Mareos (vértigo)	• Debilidad
• Letargo (adormecimiento), quedar inconsciente	• Piel caliente, húmeda o seca
• Convulsiones (ataques epilépticos)	• Pulso rápido, baja presión sanguínea
• Tambaleo, tropiezos, desorientación	• Hiperventilación
• Cambios cognitivos y de comportamiento (confusión, irritabilidad, agresividad, histeria, inestabilidad emocional)	• Vómito, diarrea

**Consejos finales para los padres y tutores legales:**

Cada vez que planea y prepare cualquier actividad deportiva usted debe tomar en cuenta el estrés que será producido por el calor. En varias regiones de California, los deportes de verano y otoño a menudo se realizan en climas muy calientes y húmedos. Muchos de los problemas ocasionados por el calor se relacionan con el fútbol Americano, debido al equipo adicional que los atletas deben vestir y el cual actúa como una barrera que impide la disipación del calor. Durante cada temporada deportiva en los Estados Unidos continúan sucediendo varias muertes debido a los infartos por el calor. Si se toman las precauciones apropiadas, no existe ninguna excusa para permitir que suceda una muerte debido a un infarto por el calor.

Usted debe tener la confianza de hablar con los entrenadores o manejadores de atletismo referente a los posibles síntomas de insolación y sobre los síntomas que tal vez usted observa en su hijo.

Yo confirmo que he recibido y leído La Hoja de información CIF referente a la insolación.

## OXNARD SCHOOL DISTRICT Prescription Opioids: What You Need to Know

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed.

### **Side effects may include one or more of the following:**

- Tolerance - meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

### **Risks are greater with the following:**

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

### **Unless specifically advised by your health care provider, medications to avoid include:**

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids
- In addition, avoid alcohol while taking prescription opioids.

**KNOW YOUR OPTIONS**

**Talk to your health care provider about ways to manage your pain that do not involve prescription opioids. Some of these options may actually work better and have fewer risks and side effects. Options may include:**

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

**IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:**

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within.
  - Work together to create a plan on how to manage your pain.
  - Talk about ways to help manage your pain that don't involve prescription opioids.
  - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
  - Never sell or share prescription opioids.
  - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration:  
[www.fda.gov/Drugs/ResourcesForYou](http://www.fda.gov/Drugs/ResourcesForYou)
- Visit [www.cdc.gov/drugoverdose](http://www.cdc.gov/drugoverdose) to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

### Opioides recetados: lo que necesita saber

Los opioides recetados son medicamentos que sirven para aliviar el dolor moderado a intenso y suelen ser recetados luego de una cirugía o de sufrir una lesión, o ante ciertos problemas de salud. Estos medicamentos pueden ser una parte importante del tratamiento, aunque también implican riesgos graves. Es importante comunicarse con su proveedor de atención médica para asegurarse que está obteniendo la atención más segura y eficaz.

Los riesgos más graves de los opioides recetados son la adicción y la sobredosis, especialmente con el uso prolongado. Una sobredosis con opioides puede reducir la frecuencia respiratoria y provocar la muerte repentina. Los opioides recetados pueden tener efectos secundarios, incluso si se toman según las indicaciones.

#### **Los efectos secundarios pueden incluir uno o más de los siguientes:**

- Tolerancia: la necesidad de tomar más medicamentos para lograr la misma reducción del dolor
- Dependencia física: aparición de síntomas de abstinencia al interrumpir el consumo
- Mayor sensibilidad al dolor
- Estreñimiento: es el efecto secundario más común
- Náuseas, vómitos y sequedad de boca
- Somnolencia y mareo
- Confusión
- Depresión
- Bajos niveles de testosterona, que pueden resultar en un menor impulso sexual, energía y fuerza
- Comezón y sudor

#### **Los riesgos son mayores con lo siguiente:**

- Tiene antecedentes de abuso de drogas, trastorno de consumo de sustancias o sobredosis
- Tiene una condición de salud mental, (como depresión o ansiedad)
- Tiene apnea del sueño
- Tiene 65 años o más
- Está embarazada

#### **A menos que su proveedor de atención médica lo indique específicamente, los medicamentos que debe evitar incluyen:**

- Benzodicepinas (como Xanax o Valium)
- Relajantes musculares (como Soma o Flexeril)
- Pastillas para dormir (como Ambien o Lunesta)
- Otros opioides recetados
- Adicionalmente, evite el consumo de alcohol mientras esté tomando opioides recetados.

**SEPA CUÁLES SON SUS OPCIONES**

**Hable con su proveedor de atención médica acerca de las maneras de controlar el dolor sin tener que usar opioides. Algunas de esas opciones podrían dar mejores resultados y presentar menores riesgos y efectos secundarios. Las opciones podrían ser las siguientes:**

- Otros analgésicos, como acetaminofeno (Tylenol), ibuprofeno (Advil, Motrin) o naproxeno
- Algunos medicamentos que también se emplean contra la depresión y las convulsiones.
- Fisioterapia y ejercicios
- Terapia cognitiva conductual, un enfoque psicológico dirigido por objetivos donde los pacientes aprenden a modificar las causas físicas, conductuales y emocionales del dolor y el estrés.

**SI LE RECETAN OPIOIDES PARA EL DOLOR:**

- Nunca tome opioides en más cantidades o más seguido que lo indicado.
- Haga un seguimiento con su proveedor de atención médica.
  - Establezcan juntos un plan para tratar el dolor.
  - Analicen posibilidades para tratar el dolor, las cuales no incluyan opioides recetados.
  - Hable de sus inquietudes y de los efectos secundarios.
- Ayude a evitar el mal uso y el abuso.
  - Nunca venda ni comparta opioides recetados.
  - Nunca use los opioides recetados de otra persona.
- Guarde los opioides recetados en un lugar seguro y lejos del alcance de otras personas. (Esto puede incluir visitas, niños, amigos y familiares).
- Deshágase de manera segura de los opioides recetados que le sobren. Encuentre el programa de devolución de medicamentos de su comunidad o el programa de devolución de medicamentos de su farmacia o tírelos en el inodoro, siguiendo las instrucciones de la Administración de Alimentos y Medicamentos: [www.fda.gov/Drugs/ResourcesForYou](http://www.fda.gov/Drugs/ResourcesForYou).
- Visite [www.cdc.gov/drugoverdose](http://www.cdc.gov/drugoverdose) para conocer los riesgos del abuso y la sobredosis de opioides
- Si cree que puede estar luchando contra la adicción, infórmeselo a su proveedor de atención médica y solicite orientación o llame a la línea de ayuda nacional de SAMHSA al 1-800-662-HELP.

### Hoja CIF de información y compromiso de los padres y estudiantes sobre los esteroides

“Como condición de membresía en el CIF, todas las escuelas que son miembros deberán adoptar normas que prohíban el uso y abuso de los esteroides androgénicos/anabólicos. Todas estas escuelas deberán confirmar que los estudiantes atletas participantes y sus padres, el tutor legal/cuidador están de acuerdo que el atleta no usará esteroides anabólicos sin la receta prescrita por medio de un examen físico con licencia plena (como lo reconoce la Asociación Médica Americana, AMA) para tratar una condición médica”. (Estatuto CIF 503.I)

#### Nuestra norma del distrito escolar (BP 5131.63):

La Mesa Directiva Gobernante reconoce que el uso de esteroides y otros suplementos para mejorar el rendimiento físico representa un grave peligro para la salud y la seguridad. Como parte de los esfuerzos distritales de prevención e intervención del uso de drogas, el superintendente o la persona designada y el personal deberán hacer todos los esfuerzos razonables para evitar que los estudiantes usen esteroides u otros suplementos para mejorar el rendimiento físico.

Como parte de sus programas de salud, educación física o educación sobre las drogas, los estudiantes en los grados 7 al 12 recibirán una lección sobre los efectos de los esteroides.

Los estudiantes que participan en el atletismo escolar tienen prohibido el uso de esteroides y suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia sinefrina (synephrine, en inglés). (Código de Educación 49030).

Antes de participar en el atletismo escolar, un estudiante atleta y su padre/madre/tutor legal deberán firmar una declaración donde el estudiante atleta se compromete a no usar esteroides androgénicos/anabólicos y/o suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia Sinefrina (Synephrine, en inglés), a menos que el estudiante haya recibido una receta médica escrita por un profesional de la salud que posea autorización para tratar condiciones médicas.

Cualquier estudiante que haya violado el acuerdo o esta norma no podrá participar en el atletismo escolar y estará sujeto a los procedimientos disciplinarios los cuales incluyen, entre otros, la suspensión o expulsión de acuerdo con la ley, las normas de la Mesa Directiva y los reglamentos administrativos.

Los entrenadores deben educar a los estudiantes sobre las prohibiciones del distrito y los peligros del uso de esteroides y otros suplementos para mejorar el rendimiento físico.

El Superintendente o la persona designada se asegurarán que las escuelas del distrito no acepten patrocinios o donaciones de fabricantes de suplementos que ofrezcan suplementos de desarrollo muscular a los estudiantes.

#### Compromiso

Al firmar este documento, el estudiante atleta participante junto con sus padres, tutores legales/cuidadores están de acuerdo que el estudiante atleta mencionado en este documento no utilizará esteroides androgénicos/anabólicos sin una prescripción escrita por un médico que posea autorización plena para tratar condiciones médicas (tal como lo reconoce la Asociación Médica Americana, AMA). También reconocemos que según el reglamento CIF 202, podrían existir penalidades por el uso de información falsa o fraudulenta. Además comprendemos que la escuela [insert name of school] seguirá las normas referentes al uso ilegal de drogas en caso de que ocurran violaciones a estos reglamentos.

Yo confirmo que he recibido y leído la Hoja de información CIF referente a los esteroides.

**Sudden Cardiac Arrest Information Sheet**

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure.

Recognize the Warning Signs and Risk Factors of Sudden Cardiac Arrest.

Tell your coach and consult your health care provider if these conditions are present in your student athlete:

Potential indicators that SCA may occur:

- Fainting or seizure, especially during or right after exercise;
- Fainting repeatedly or with excitement or startle;
- Excessive shortness of breath during exercise;
- Racing or fluttering heart palpitations or irregular heartbeat;
- Repeated dizziness or lightheadedness;
- Chest pain or discomfort with exercise;
- Excessive, unexpected fatigue during or after exercise.

Factors that increase the Risk of SCA:

- Known structural heart abnormality, repaired or unrepaired;
- Family members with unexplained fainting, seizures, drowning or near drowning, or car accidents;
- Family history of known heart abnormalities or sudden death before age 50;
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD);
- Use of drugs, such as cocaine, inhalants, "recreational" drugs, excessive energy drinks or performance-enhancing supplements.

**How Common is Sudden Cardiac Arrest in the United States?**

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

### **Who is at Risk for Sudden Cardiac Arrest?**

SCA is more likely to occur during exercise or physical activity, so student athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they are out of shape and need to train harder, or they simply ignore the symptoms, assuming they will “just go away.” Additionally, some health history factors increase the risk of SCA.

### **What Should You do if your Student Athlete is Experiencing any of these Symptoms?**

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor’s feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

### **Return to Play (RTP)**

The California Interscholastic Federation (CIF) amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting. A student athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider (medical doctor or doctor of osteopathy). Parents, guardians and caregivers are urged to dialogue with student athletes about their heart health.

### **Acknowledgment**

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student’s sports program

### Una ficha informativa acerca del Paro Cardíaco Repentino

El Paro Cardíaco Repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El PCR es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla.

Reconozca los factores de riesgo y los signos de advertencia del Paro Cardíaco Repentino.

Dígale al entrenador y consulte a su médico si su atleta adolescente padece estos síntomas:

Posibles indicadores de que podría suceder un PCR:

- Colapso o convulsiones, especialmente justo después de ejercitarse;
- Colapso frecuente, o por emoción o susto;
- Falta excesiva de aliento durante el ejercicio;
- Taquicardia o palpitaciones, o ritmo cardíaco irregular;
- Mareo o aturdimiento frecuente;
- Dolor o malestar en el pecho al ejercitarse;
- Fatiga excesiva e inesperada durante o después del ejercicio.

Factores que incrementan el riesgo de que suceda un PCR:

- La presencia de una anomalía estructural del corazón, reparada o no reparada;
- Familiares que han sufrido sin explicación, colapsos, convulsiones, un accidente automovilístico, que se han ahogado o han estado a punto de ahogarse;
- Un historial clínico familiar de anomalías cardíacas conocidas o muerte repentina antes de los 50 años;
- Un historial clínico familiar específico con casos del síndrome del QT largo, síndrome Brugada, miocardiopatía hipertrófica o displasia arritmogénica del ventrículo derecho (DAVD);
- El consumo de enervantes tales como cocaína, inhalantes, drogas “recreativas,” bebidas de energía en exceso, y sustancias o suplementos para mejorar el rendimiento.

#### **¿Qué tan común es el PCR en los Estados Unidos?**

Por ser la principal causa de muerte en los EE. UU. cada año suceden más de 300,000 paros cardíacos lejos de los hospitales, de los que nueve de cada diez son mortales. Miles de jóvenes son víctimas de los paros cardíacos repentinos por ser la segunda causa de muerte en menores de 25 años y la principal razón por la que mueren los atletas adolescentes durante el ejercicio.

**¿Quién corre el riesgo de sufrir un paro cardíaco repentino?**

Los atletas adolescentes corren más riesgo de sufrir un paro cardíaco repentino debido a que tiende a suceder durante el ejercicio o la actividad física. Aunque una enfermedad cardíaca no siempre demuestra signos de advertencia, los estudios demuestran que muchos jóvenes sí tienen síntomas pero no se lo dicen a un adulto. Esto puede ser porque les da pena, no quieren que los saquen de un partido, creen erróneamente que les falta condición física y solamente necesitan entrenar más, o simplemente ignoran los síntomas y suponen que “desaparecerán.” Algunos factores de antecedentes clínicos también aumentan el riesgo de que suceda un PCR.

**¿Qué debe hacer si su atleta adolescente padece alguno de estos síntomas?**

Debemos informarles a los atletas adolescentes que si padecen cualquier síntoma del PCR, es de suma importancia avisarle a un adulto y consultar con un médico de cabecera lo antes posible. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un PCR, deberá consultar a un médico para ver la posibilidad de que se le hagan más pruebas. Espere la respuesta del médico antes de que su adolescente vuelva a jugar y además, avise a su entrenador y a la enfermera escolar de cualquier afección diagnosticada.

**Volver a Jugar**

Federación Interescolar de California (CIF) enmendó sus estatutos para poder incluir lenguaje que incluye capacitación acerca del PCR como requisito en la certificación de entrenadores deportivos. Además, esto ayuda a incluirla en el protocolo de entrenamiento y juego para que los entrenadores tengan la autoridad de sacar del juego a un atleta adolescente que se colapse. El atleta adolescente que haya sido suspendido de un juego después de mostrar signos o síntomas asociados con un PCR, no puede volver a jugar hasta que un médico certificado le haya evaluado y aprobado (medical doctor or doctor of osteopathy). Se les insta a los padres, tutores y cuidadores a que hablen con sus atletas adolescentes acerca de la salud del corazón. Igualmente.

He leído y entendido los síntomas y los signos de advertencia del PCR y el nuevo protocolo de la CIF para incluir medidas para prevenir que suceda un PCR dentro del programa deportivo de mi estudiante

Recommendations \_\_\_\_\_

**I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).**
