Quick Start Guide

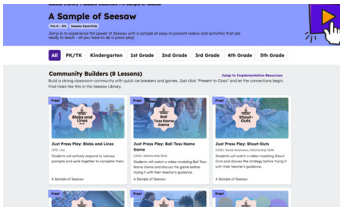

Getting Started with Seesaw for Teachers

Learning begins with ready-to-teach lessons

Let the Learning Begin!

1. Go to **app.seesaw.me** and sign into your account.
   If you are new to Seesaw, check your email and click the activation link.
2. Tap **Library** at the top of your screen.
3. Tap and find **A Sample of Seesaw** under Seesaw Essentials.
4. Choose any lesson and project on your screen.

5. Tap **Present to Class** to engage students in a whole class learning experience.

Teacher Tip!

Build powerful classroom routines with ready-to-go lessons in the Seesaw Library

- Community Builders
- Interactive Read-Alouds
- Checks for Understanding
- Collaborative Protocols
- And More!

Library Tap the Library button to find your next lesson!

Take Seesaw a Step Further

Next, capture learning in student portfolios

Learning is happening in your classroom - capture it in Seesaw!

1. Tap + Add > Selected **Add to Student Journal**
2. Select camera and snap a picture of student learning > Tap ✓
3. Select student(s) > Tap ✓

Invite students to capture their own learning!

Introduce the Seesaw Tools

1. Tap the **Library** icon and open **Seesaw Essentials**
2. Find the **Seesaw Tools 101** collection and open Lesson 1
3. Click Present to Class on the Learn activity
4. Watch the video as a class and model how to use the tool
5. Tap Assign on the Practice activity > Assign Now
6. Invite students to complete the activity on their devices

Ready to take Seesaw to the next level?

- ✓ Find a ready-to-teach, standards-aligned lesson in the **Seesaw Library**.
- ✓ Invite family members to see their child's Journal.
- ✓ Send messages and class announcements to family members.
