Health Examination Requirements

New York State law requires a health examination for all students entering the school district for the first time and when entering PreK or K, 1st, 3rd, 5th, 7th, 9th & 11th grade. The examination must be completed by a New York State licensed physician, physician assistant or nurse practitioner.

A dental certificate which states your child has been seen by a dentist or dental hygienist is also asked for at the same time.

- A copy of the health examination must be provided to the school within 30 days from when your child first starts at the school, and when your child starts PreK or K, 1st, 3rd, 5th, 7th, 9th & 11th grade. If a copy is not given to the school within 30 days, the school will contact you.
- If your child has an appointment for an exam during this school year, please notify the Health Office with the date.
- Communication between private and school health staff is important for safe and effective care at school. Your healthcare provider may not share health information with school health staff without your signed permission. Please talk to your provider about signing their consent form for the school at the time of your child's appointment for the examination.

We suggest you make copies of the completed forms for your own records before sending them to the school health office. Forms may also be faxed to the number below.
