Serving Rogue River, OR
— Since 1912 —

Our Community:

The Rogue River School District is located in Southwestern Oregon. Students come from the City of Rogue River and the outlying areas of Wimer, Grants Pass, and Gold Hill. Surrounded by the foothills of the Cascades, the Siskiyou, and Coastal Mountains, the area is a gateway to unlimited outdoor recreation opportunities. Nearby larger cities include Medford and Grants Pass.

In 2017, the Rogue River community passed a \$3.35 million bond allowing us to be the only district in the region with air conditioning in every class. That bond also helped with the removal of asbestos throughout the district. When the COVID-19 Pandemic hit, having upgraded HVAC units throughout the district helped us provide better air quality for students and staff.
