

## **LEGAL NOTICE**

This is to notify the patrons of Rogue River School District No. 35 of the District's intent to continue to be in full compliance with the Rules and Regulations in regards to the asbestos containing materials in our schools.

A full inspection of the asbestos is performed every six months and will continue until all asbestos containing materials are removed from the District's buildings.

A management plan has been developed for each school, located in each school office with a complete set of all schools in the Maintenance Office.

If you have any questions, contact Scott Hanson, Asbestos Coordinator at Rogue River School District – 541-582-2875.
