

SIA data analysis

12/10/19

Class Size
Full-day kindergarten IA's for all classes Smaller class sizes More space Students with IEP's should have a special class to get everything caught up IA in every room/assistant teacher for every classroom Alt ed. w/behavioral specialist IA's work all day
Well-Rounded Education
PE teacher for RRES each campus Theater program needs their own space RRES – Art, Music, extra library More paid coaches Athletic trainer IA's trained to specific subjects Technology support More field trips Art class new kiln (the one in there is outdated and broken) Math and social studies need new books, inventory them New PE equipment – basketballs Small gym needs to be worked on Art/Music programs to have money to go on "tours" to perform or explore opportunities Woodshop, metal shop, culinary arts electives Teach appropriate use of technology SVA needs more opportunity for movement More equipment Orchestra Stuff to do out by the stadium More rooms for more activities: cooking, swimming pool Bigger library Cushioned chairs Yoga ball chairs Different teachers for different levels and different subjects PE teacher, math teacher, content-area teachers Science teacher More technology – better computers Language classes Art room and Art teacher Coding room Hands-on learning Need a science lab - with engineering (STEAM) Change social studies curriculum Bigger library with more books Engineering room for the little ones

Flash cards for all kids
Better equipment (smart board)
Better textbooks
Different equipment for calming down
Money for teachers for class projects
New PE equipment
More book genres, more books in general, more modern books
Art teacher
Expanding the library
Supplies to make elephant toothpaste (science equipment)
Full-time woodworking teacher
Refurbish the science room
New equipment/instruments for music
Ingredient books for science (home ec., cooking, etc.)
Full-on cooking class
Group assignments/activities
More hands-on opportunities
More time to work on assignments
More books in the library
ROTC program
Better electives
Better ways to teach math
Classes need materials for hands-on classes (science, metals, etc.)
Interesting classes sound good but once getting into them there is no funding to complete cool activities
Different option than Chromebooks or upgrade our Chromebooks
Group work shouldn't be weighed as heavily
Edgenuity should be open for students who want to get ahead
Equestrian team – needs funding – this is a barrier
After-school clubs and activities
Music program needs more funding – needs instruments
Metal, ag, etc. needs more equipment
Art needs more supplies/equipment
Hands-on science classes aren't really hands-on due to lack of supplies – need science materials
Choir – specific chairs to help with posture
Track can't host our own meets – not enough hurdles
Sandpit for shotput is in need of repair
Animals at school – stricter rules about what they do with these animals when at school
Swim team and horse-riding team
Learn more about animal parts, a little harder math, less writing
Help younger students know how to type
Teach karate to other students
Offer self-defense classes
More art
More horses
Soccer

Equestrian activities and uniforms
 Fencing masks and fencing activities
 New computers in tech class
 Woodshop that parallels industry standards
 Animal science facilities for high school that parallels industry trends
 Elementary school PE, art, music teachers
 New computers in tech class, more tech classes
 sports facilities
 Paid coaches
 Alternative ed program
 Careers in education class – not a replacement for an IA
 Acting class
 Practical skills (life skills)
 Typing class
 Public speaking skills starting in K
 Toastmasters
 Mentor partnerships – HS kids with elementary kids - “Buddy Readers”
 Classroom funds/out of pocket for teachers – have a committee to reimburse
 Internships in the community/reach out to outside agencies/businesses
 Vocational-based programs, back off of college focus
 Internships with local business/technical programs: autoshop
 “Adulting class” – vacuuming, washing machine, sweeping, checking oil
 Welding vs. certified welding – what do we offer?
 Business in Jackson County – we should have them share successful stories with the students... to our local business
 Transportation to courses, internships, etc.
 CTE programs country-wide classes at RCC, take students to them...create a pathway
 Keyboard skills
 Personal finance
 Home economics
 Shop -wood/metal
 Public speaking
 Forestry
 Firefighting
 Carpentry
 Plumbing
 Pre-school run by the district

Instructional Time

Transportation for after-school programs
 After-school clubs
 More tutoring for more classes
 Have extra tutoring to get homework done before you leave school
 Start more clubs – how to do that and how is it funded, could it be funded?
 Allowing teachers and staff to have sufficient time to collaborate, review data, and develop strategies to support students to stay on track to graduate
 After-school tutoring (optional) – nice to have after-school tutoring for K-12, good for athletes to complete homework before practice

Shorter school days (like Grants Pass School District)

No homework

Less rush and more time to get your work done

School day should start later

Too little class time

Too much work to fit into 7 hours of school

Not enough time for projects

Students with IEP's should have a special class to get everything caught up and be taught how they understand it

More freedom for lunch

Longer passing period

Being here 8-9 hours (in response to what's hard)

Start time (8:03-8:10) is a lot different and the break is too early in the day, too long, and is it really necessary? Add it to our lunch

Longer passing periods

Shorter school days

School starting at 9

Time to differentiate instruction

Differentiation training and tools

More teacher prep and collaboration time

Team meetings

6th grade reading

More help for SPED teachers (elementary and Jr. Sr. High)

Assistant teacher for every classroom

District run pre-school

Health and Safety

Community liaison

School psychologists

Parenting classes for adult education

Behavior support that is effective

Behavior classroom for training for inclusion

Snacks

Have more help in class

Better food

Different room to relax in/reset instead of the start room

Gender neutral bathroom (jr hall bathroom unlocked?)

Fix the locks in the boys' bathroom

Better locks in the bathroom

Police officers

Metal detectors

Security and dogs

Drug dogs every two weeks or at least once a month

Curtains in girls' locker room

Dividers in boys' locker room

Back of Debolt's room a chill-out room

Girls' locker room and bathroom needs more doors/stalls

Manners, basic behavior skills not being taught at home

Behavioral intake

Teach more health-related topics – nutrition and mental health

Accessibility to health care

More campus monitors

Basic skills

Students' input – have anxiety so smaller classes would be great

New ceiling

Two-story school

Nap time

Heaters

Remodel the small gym

Need more than one school counselor

Teachers that are understanding and don't sugar coat things

Security guards

Bullet-proof windows

Thumbprint ID lockers

Fence (nice fence)

Fix the lights in Belfield's room and Debolt

Fix Kelleher's sink

Clothing store

Colorful – school looks like a run-down factory

More vegetarian options for lunch

Learn better if we had more water fountains

A place to go when you need to calm down – a calm-down space

A push open gate on the fences – better gates on the east side

A nurse

Fix locks on the fence on the back of the west side

Finish off the fencing

Health care

More equipment for the lockdowns

Block the glass

Cast iron steel and putting it all around the school

Electrical fence around the school

Fireproof walls

Security gates

Put noodles on top of the fence

More enclosed playground

More policies about guns/weapons around schools

More cafeteria staff for lunchroom

More security cameras

Cleaner hallways

One or two therapists

Psychological test on substitutes

Stricter consequences for ALL students (same rules for everyone)

Someone trained, SRO on campus

More critical reprimanding

More drills on school shooting, ALICE, etc.

Better A/C for spring
Change water filters
Stricter rules for jr. high
Maybe if there were like separate times for recess for older and younger students
Assigned seating on the busses by grade level
Higher fences around the school
More food for the needy
Seatbelts on the bus
Instead of rocks on the playground, padding
One psychologist per school
FT mental health counselor at each school
Adult-size changing table with adjustable height
Water fountain for youngest kids and as needed
New surround sound for announcements/intercom system

Other (non-SIA funded suggestions)

Security system blocks sites that shouldn't be blocked and others that should be blocked
5 picnic tables with seats connected for outside class at each campus
Use Evans Valley as middle school
District data manager
Maintenance/custodial support
More water fountains – fix the ones we have
Longer passing periods
Tardy rules are really weird
Electric sharpeners
Better mouse pads for technology class
New PE uniforms – smaller size shorts for girls
Hall lockers need to be replaced
Students should be allowed to switch lockers during the year
Longer breaks
Longer lunch
Off campus for lunch
Seconds for lunch
Late start Thursday instead of Friday
Late start Monday instead of Friday
Yogurt
Snack machine
Laser tag
Ice cream machine
Food truck
Movie theater
Fashion rooms
Decorate our own rooms
Dutch Bros here
Vending machines
Food place
Aquarium
Longer hallway – less crowded

Water fountain with different flavored waters
Ice machine
More variety of drinks in the vending machine
Everyone should get a Hydroflask
Sports uniforms – new, no hand-me-downs
PE uniforms – not enough small sizes
Jerseys should be our school colors, not gray
Paintings on the walls/murals
We need to clean the old science room
Bigger playground for the 2nd and 3rd
Building a farmer area to have fresh food on the roof
More colors in the breezeway
Give the teachers a raise
Bigger desks
Update the gym – new floor
Bigger library
Bigger gym
Fidget tools
More basketballs outside – more balls in general
Hula hoops
Wax the gym floor
Sit-on scooters like in the gym
More playground structures
Better dances
New lockers, locks – actual lockers – cleaned
Need more Chromebook chargers
Fix the bathrooms/locker rooms – soap dispensers
Softball fields need to be revamped; field is messed up and bleachers are rickety and falling apart
Clocks should all work
Better gym equipment
Trash bins on the field
Buy some goalposts for soccer
Buy some snacks for school
Recycling can
More sports equipment
Bigger desks
Bigger chairs
Dean of students
Paid coaches
School pet
Parents have a chance to explain their child – where can they tell the story when they register?
