 - Need to make sure it has been completed by all teachers every week

- Technology Update
 - Good transition on the teachers' part from academic bags to online resources
 - IXL activity has been good – 21883534 questions answered this year
 - Per Ms. Dunn- IXL has been helpful – if a student struggles on a concept, they will turn to IXL to help them level themselves up and take accountability
 - Per Ms. Randazzo- good practice, better than paper practice. Easy to match to TEKS. Like that the kids that need the most practice get the most practice.
