Allow the parents the opportunity to be a part of the campus decision-making and education process of their child.

Parental Involvement Policy

Cedar Ridge Elementary School parents, staff, and administration will jointly work on improving the academic quality of the school served under Title I, Part A; including identifying greater participation by parents in activities endorsed by this section (with consideration to parents who are economically disadvantaged, disabled, have limited English proficiency and literacy, or are of any racial or ethnic minority), and propose strategies for more effective parental involvement.

Cedar Ridge Elementary School will continue enhancing our parent resource center providing support for parents in the current and future education of their children.

Cedar Ridge Elementary School will involve parents in the activities of Title I, Part A schools. Timely communication and an inviting family-friendly atmosphere will enhance parent involvement in the activities of the Title I, Part A. Parents will receive information in a language they can understand that will detail the activities of the school and will be asked to participate.

We will use communication strategies such as personal contact, newsletters, notes sent home with the students, and email to invite parents to participate in the school's activities. Childcare and language interpreters will be provided to enable parent attendance for campus visits when necessary.

Parents and community members are always welcome on our campus. By working together and making suggestions to improve our school, we can prepare all students to become successful learners.
