INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Peak to Peak Charter Schools, Inc., component unit of Boulder Valley School District RE-2, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the basic financial statements of Peak to Peak Charter Schools, Inc., as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Peak to Peak Charter Schools, Inc., as of June 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 9 to the financial statements, in the year ended June 30, 2013, Peak to Peak Charter Schools, Inc., adopted new accounting guidance as required by Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters (Required Supplementary Information)

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis

Fiscal Year Ended June 30, 2013

As management of Peak to Peak Charter Schools, Inc. ("Peak to Peak"), we offer readers of Peak to Peak's financial statements this narrative and analysis of the financial activities of Peak to Peak for the year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information provided in the financial statements.

Financial Highlights

The year ended June 30, 2013 is the thirteenth year of operations for Peak to Peak. The General Fund fund balance increased by \$84,003 to \$3,108,717 at year-end.

The operations of Peak to Peak are funded primarily by tax revenue received under the Colorado School Finance Act. Tax revenue for the year from Per Pupil Revenue, Special Education, ELPA, and District Mill Levy Overrides was \$12,360,057 in the 2012-13 fiscal year, up \$134,371 from the previous year.

Overview of Financial Statements

This discussion and analysis are intended to serve as an introduction to Peak to Peak's basic financial statements. The basic statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

1) Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of Peak to Peak's finances in a manner similar to a private-sector business.

The statement of net position presents information on all Peak to Peak's assets and liabilities, with the difference between the two being reported as net position. Capital assets are shown net of depreciation.

The statement of activities presents information showing how Peak to Peak's net position changed during the year. Changes in net position are reported as soon as the underlying event occurs, giving rise to the change, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future periods (for example, salaries and benefits earned but unpaid as of year-end).

According to the new standards of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, debt issuance costs will only be recognized as a one-time expense instead of being capitalized and amortized over the life of the debt. As a result, net position of governmental activities at June 30, 2012, was restated to remove debt issuance costs capitalized in previous years (see Note 9).

2) Fund Financial Statements

Fund financial statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

3) Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

Government-Wide Financial Analysis

As noted previously, net position may serve over time as a useful indicator of Peak to Peak's financial position. For the year ended June 30, 2013, Peak to Peak's assets and deferred outflows of resources exceeded liabilities by \$5,649,717. Of these funds, \$432,879 is restricted to comply with Article X, Section 20 of the Colorado Constitution, known as the TABOR Amendment, \$9,955 is a nonexpendable restricted donation, and \$2,310,394 is restricted for debt service and building maintenance. Therefore, \$2,660,134 is unrestricted and available to meet Peak to Peak's ongoing financial obligations.

The change in net position in fiscal year 2012-13 from the previous year was lower by \$458,272. While our local programs generated higher revenues than the previous year; this was offset by higher expenses in staff salaries and local programs, as well as the classroom and hallway renovations in the north and south buildings.

Financial Analysis of the School's Funds

The focus of Peak to Peak's governmental funds is to provide information on near-term inflows, outflows, and balances of resources. Such information is useful in assessing Peak to Peak's financing requirements.

As of the end of the current fiscal year, Peak to Peak's governmental funds reported a combined ending fund balance of \$5,845,726, an increase of \$85,688. The General Fund increased \$84,003 to \$3,108,717. The Prairie View Fund decreased \$11,375 to \$2,696,017. The Friends of Peak to Peak Fund increased \$13,060 to \$40,992, after the transfer of donated funds to Peak to Peak for operating expenditures.

Revenues in fiscal year 2012-13 were higher than the previous year due to an increase in mill levy revenue, higher than expected fundraising, increased fees for athletics and activities, additional contracts through the Center for Professional Development, and higher participation in the before and after school care (BAASC) program. Expenses were also higher than the previous year due to an increase in staff salaries, the purchase of a new digital telephone system, and a major renovation project involving all classrooms and hallways in the north and south buildings.

General Fund Budgetary Highlights

Peak to Peak's budgeted General Fund revenue for 2012-13 was \$14,157,579, while actual revenue was \$13,974,830, resulting in a shortfall of \$182,749. Peak to Peak's 2012-13 budget for General Fund expenditures was \$13,132,308, while actual expenditures were \$12,656,824, resulting in a surplus of \$475,484. The net of transfers in and out from other fund sources resulted in net increase in fund balance of \$84,003, with a final fund balance of \$3,108,717 for the year ended June 30, 2013.

The preliminary budget was approved in May, 2012; and the final revised budget was approved in November, 2012 by the Peak to Peak board of directors. The revenue variance of \$142,697 between the preliminary and final budgets was attributable to increased Center for Professional Development revenue and instructional and athletics fees. The expense variance of \$380,775 was due to the classroom and hallway renovations in the north and south buildings, instructional technology expenses and athletics and activities program costs.

Capital Asset and Debt Administration

Capital Assets. Peak to Peak's capital assets as of June 30, 2013, amounted to \$16,584,866, net of accumulated depreciation. Peak to Peak's capital assets include the land (~35 acres) and buildings (~138,000 square feet) located at 800 Merlin Drive, Lafayette, Colorado. In the 2012-13 fiscal year, Peak to Peak completed a renovation of classrooms and hallways, and installed a new telephone system. This work was finished without incurring additional debt.

Long-Term Debt. As of June 30, 2013, Peak to Peak had outstanding debt of \$19,815,000. The debt was incurred in April of 2004, when CECFA issued the Revenue and Refunding Bonds to advance refund the Series 2001 Bonds (Peak to Peak Charter School Project). Long-term debt is detailed in Note 4 to the financial statements. The school currently holds a "BBB+" credit rating with Standard and Poor's.

Economic Factors and Next Year's Budget

The primary factor driving the budget for Peak to Peak is student enrollment. Enrollment for the 2012-13 school year was 1,413.6 full-time equivalent (FTE) students. The enrollment projected for the 2013-14 school year is 1,414.6 FTE, which will meet the maximum enrollment allowed by Peak to Peak's contract with Boulder Valley School District.

State funding for public schools has been unstable over the past four years, attributed to the weak economic conditions that the country has been facing. The State economy appears to be improving at this point in time, which combined with Peak to Peak's conservative financial management, and the availability of reserved funds; Peak to Peak expects to be able to continue to deliver exceptional education without reducing staff or services to students.

Requests for Information

The financial report is designed to provide a general overview of Peak to Peak's finances for all those with an interest in Peak to Peak. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

Year Ended June 30, 2013

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Net Change in Fund Balances of Governmental Funds	\$	85,688
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$434,497) exceeded capital outlay \$44,396 in the current year.		(390,101)
Repayments of debt principal are expenditures in governmental funds, but they reduce long-term liabilities in the statement of net position and do not affect the statement of activities.		490,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This amount includes amortization of premium \$17,740, amortization of loss on refunding (\$184,132), change in accrued compensated absences (\$46,741), and change in accrued interest payable \$7,535.		<u>(205,598)</u>
Change in Net Position of Governmental Activities	\$	<u><u>(20,011)</u></u>

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Peak to Peak Charter Schools, Inc. (“Peak to Peak”) was formed on May 12, 1998, and operates a charter school in the Boulder Valley School District RE-2 (the “District”). Peak to Peak began operations in the Fall of 2000.

The accounting policies of Peak to Peak conform to generally accepted accounting principles as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant policies.

Reporting Entity

The financial reporting entity consists of Peak to Peak, organizations for which Peak to Peak is financially accountable, and organizations that raise and hold economic resources for the direct benefit of Peak to Peak. All funds, organizations, institutions, agencies, departments and offices that are not legally separate are part of Peak to Peak. Legally separate organizations for which Peak to Peak is financially accountable are considered part of the reporting entity. Financial accountability exists if Peak to Peak appoints a voting majority of the organization’s governing board and is able to impose its will on the organization, or if the organization provides benefits to, or imposes financial burdens, on Peak to Peak.

Based upon the application of this criteria, Peak to Peak includes two non-profit organizations within its reporting entity. These organizations have separate governing boards but provide services exclusively to Peak to Peak and are reported as blended component units in the financial statements. Separate financial statements are not issued for these organizations.

Prairie View, Inc., was organized for the sole purpose of financing and constructing Peak to Peak’s facilities.

Friends of Peak to Peak, Inc., was established to aid in the development of Peak to Peak and is responsible for raising funds to be used for the expansion of Peak to Peak and its educational objectives.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of Peak to Peak. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges for interfund services that are reasonably equivalent to the services provided. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported in a single column.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to students or others who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other revenues not properly included among program revenues are reported instead as general revenues.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide and Fund Financial Statements (Continued)

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current year or soon enough thereafter to pay liabilities of the current year, not to exceed 60 days. Intergovernmental revenues, grants, and interest associated with the current year are considered to be susceptible to accrual and have been recognized as revenues of the current year. All other revenues are considered to be measurable and available only when cash is received by Peak to Peak. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is Peak to Peak's policy to use restricted resources first, and the unrestricted resources as they are needed.

Peak to Peak reports the following major governmental funds:

General Fund - This fund is the general operating fund of Peak to Peak. It is used to account for all financial resources except those required to be accounted for in another fund.

Prairie View, Inc. - This blended component unit accounts for the construction and related debt service of Peak to Peak's facilities.

Assets, Liabilities and Net Position/Fund Balances

Cash and Investments - Investments are reported at fair value.

Receivables - All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Prepaid Expenses - Certain payments to vendors reflect costs applicable to future years and are reported as prepaid expenses.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Assets, Liabilities and Net Position/Fund Balances** (Continued)

Capital Assets - Capital assets, which include land, buildings and equipment, are reported in the government-wide financial statements. Capital assets are defined by Peak to Peak as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives.

Land Improvements	10 to 25 years
Buildings and Improvements	10 to 50 years
Equipment	10 years

Accrued Salaries and Benefits - Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve month period from August to July, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, are reported as a liability of the General Fund.

Unearned Revenues - Unearned revenues represent resources received by Peak to Peak before it has a legal claim to them, including tuition and fees.

Compensated Absences - Peak to Peak's policy allows employees to accumulate unused leave time. Upon termination of employment, unused leave time will be paid, up to a maximum of 20 days, at the lesser of the substitute teacher rate of \$108 per day or the employee's daily rate. A liability has been reported in the government-wide financial statements for these accrued compensated absences.

Long-Term Debt - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Debt premiums and discounts are deferred and amortized over the life of the debt using the straight-line method. In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses.

Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current expenses or expenditures.

Net Position/Fund Balances - In the government-wide and fund financial statements, net position and fund balances are restricted when constraints placed on the use of resources are externally imposed. In the fund financial statements, blended component units report fund balances assigned to the purposes for which they are expected to be used on behalf of Peak to Peak. Peak to Peak has not established a formal policy for its use of restricted and unrestricted fund balances. However, if both restricted and unrestricted fund balances are available, Peak to Peak uses restricted fund balance first, followed by committed, assigned, and unassigned balances.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Risk Management**

Peak to Peak is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. Peak to Peak purchases commercial insurance for these risks of loss.

NOTE 2: CASH AND INVESTMENTS

At June 30, 2013, Peak to Peak had the following cash and investments:

Deposits	\$ 5,524,432
Investments	<u>1,166,506</u>
Total	<u>\$ 6,690,938</u>

Cash and investments are reported in the financial statements as follows:

Cash and Investments	\$ 3,994,921
Restricted Cash and Investments	<u>2,696,017</u>
Total	<u>\$ 6,690,938</u>

Deposits

The Colorado Public Deposit Protection Act (PDPA) requires all local government entities to deposit cash in eligible public depositories. Eligibility is determined by State regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At June 30, 2013, Peak to Peak had bank deposits of \$3,461,898 collateralized with securities held by the financial institutions' agents but not in Peak to Peak's name.

Investments

Peak to Peak is required to comply with State statutes which specify investment instruments meeting defined rating, maturity, and concentration risk criteria in which local governments may invest, which include the following. State statutes do not address custodial risk.

NOTE 2: CASH AND INVESTMENTS (Continued)

Investments (Continued)

- Obligations of the United States and certain U.S. Agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

Interest Rate Risk - State statutes generally limit investment securities to a maturity of five years from the date of purchase unless the governing board authorizes the investment for a period in excess of five years.

Credit Risk - State statutes limit certain investments to those with specified ratings provided by nationally recognized statistical rating organizations. At June 30, 2013, Friends of Peak to Peak, Inc., had \$10,496 invested in money market and mutual funds that were not rated.

Concentration of Credit Risk - State statutes do not limit the amount Peak to Peak may invest in one issuer, except for corporate securities.

Local Government Investment Pool - At June 30, 2013, Prairie View, Inc., had \$1,156,010 invested in the Colorado Surplus Asset Fund Trust (CSAFE), an investment vehicle established for local government entities in Colorado to pool surplus funds. The Colorado Division of Securities administers and enforces the requirements of creating and operating CSAFE. CSAFE operates in conformity with the Securities and Exchange Commission's Rule 2a-7 as promulgated under the Investment Company Act of 1940, as amended. CSAFE is rated AAAM by Standard and Poor's. Investments of CSAFE are limited to those allowed by State statutes. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. The custodian's internal records identify the investments owned by the participating governments.

Restricted Cash and Investments

At June 30, 2013, Prairie View, Inc., had cash and investments totaling \$2,696,017 restricted for future debt service and building repairs and replacements.

NOTE 4: LONG-TERM DEBT (Continued)

In April, 2004, the Colorado Educational and Cultural Facilities Authority (CECFA) issued \$23,300,000 Charter School Revenue and Refunding Bonds, Series 2004. Proceeds of the bonds were used to advance refund CECFA's outstanding Charter School Revenue Bonds, Series 2001. Proceeds of the Series 2001 bonds were used to construct Peak to Peak's educational facilities. Peak to Peak is obligated under a lease agreement to make monthly lease payments to Prairie View, Inc., for use of the facilities. Prairie View, Inc., is required to make equal loan payments to the Trustee, for payment of the bonds. Interest accrues at rates ranging from 3% to 5.25% per annum. The bonds mature in August, 2034.

Future debt service payments are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 510,000	\$ 1,017,873	\$ 1,527,873

Total	<u>\$ 19,815,000</u>	<u>\$ 13,517,044</u>	<u>\$ 33,332,044</u>

NOTE 5: INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2013, consisted of the following:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Prairie View, Inc.	\$ 30,228
General Fund	Friends of Peak to Peak, Inc.	274,104
Prairie View, Inc.	General Fund	1,538,335
Total		<u>\$ 1,842,667</u>

Prairie View, Inc., routinely transfers excess earnings to the General Fund, and Friends of Peak to Peak, Inc., subsidizes the programs of the General Fund. The General Fund transferred the required debt service payments of \$1,538,335 to Prairie View, Inc.

NOTE 6: DEFINED BENEFIT PENSION PLAN

Plan Description - Peak to Peak contributes to the School Division Trust Fund (SDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). The SDTF provides retirement and disability, annual increases, and death benefits for members or their beneficiaries. All employees of Peak to Peak are members of the SDTF. Title 24, Article 51 of the Colorado Revised Statutes (CRS), as amended, assigns the authority to establish benefit provisions to the State Legislature. PERA issues a publicly available annual financial report that includes financial statements and required supplementary information for the SDTF. That report may be obtained by writing to Colorado PERA, 1301 Pennsylvania Street, Denver, Colorado 80203 or by calling PERA at 303-832-9550 or 1-800-759-PERA (7372).

Funding Policy - The contribution requirements of members and Peak to Peak are established under Title 24, Article 51, Part 4 of the CRS, as amended. The contribution rate for members was 8% of covered payroll. Peak to Peak's contribution rate for calendar years 2011, 2012 and 2013 was 14.75%, 15.65% and 16.55% of covered payroll, respectively. A portion of Peak to Peak's contribution (1.02% of covered payroll) was allocated for the Health Care Trust Fund (See Note 7). Peak to Peak's contributions to the SDTF for the years ended June 30, 2013, 2012 and 2011 were \$986,961, \$894,664 and \$828,647, respectively, equal to the required contributions for each year.

NOTE 7: POSTEMPLOYMENT HEALTHCARE BENEFITS

Plan Description - Peak to Peak contributes to the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer postemployment healthcare plan administered by the PERA. The HCTF provides a health care premium subsidy to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the CRS, as amended, assigns the authority to establish the HCTF benefit provisions to the State Legislature. PERA issues a publicly available annual financial report that includes financial statements and required supplementary information for the HCTF. That report may be obtained as described previously.

Funding Policy - Peak to Peak is required to contribute at the rate of 1.02% of covered payroll for all PERA members as set by statute. No member contributions are required. The contribution requirements for Peak to Peak are established under Title 24, Article 51, Part 4 of the CRS, as amended. The apportionment of the contributions of the HCTF is established under Title 24, Article 51, Section 208 of the CRS, as amended. Peak to Peak's apportionment to the HCTF for the years ended June 30, 2013, 2012 and 2011 was \$62,979, \$60,026 and \$59,106, respectively, equal to the required amounts for each year.

NOTE 8: COMMITMENTS AND CONTINGENCIES**Claims and Judgments**

Peak to Peak participates in a number of federal and state programs that are fully or partially funded by revenues received from other governmental entities. Expenditures financed by these revenues are subject to audit by the appropriate government. If expenditures are disallowed due to noncompliance with program regulations, Peak to Peak may be required to reimburse the other government. At June 30, 2013, significant amounts of related expenditures have not been audited but Peak to Peak believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of Peak to Peak.

Tabor Amendment

In November 1992, Colorado voters passed the Tabor Amendment to the State Constitution which limits state and local government taxing powers and imposes spending limitations. The Amendment is subject to many interpretations, but Peak to Peak believes it is in substantial compliance with the Amendment. In accordance with the Amendment, Peak to Peak has established an emergency reserve representing 3% of qualifying expenditures. At June 30, 2013, the reserve of \$432,879 was reported as restricted fund balance in the General Fund.

NOTE 9: CHANGE IN ACCOUNTING PRINCIPLE

For the year ended June 30, 2013, Peak to Peak adopted the standards of Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and Statement No. 65, *Items Previously Reported as Assets and Liabilities*. As a result, net position of the governmental activities at June 30, 2012, was restated to remove debt issuance costs capitalized in previous years, as follows.

	<u>Governmental Activities</u>
Net Position, June 30, 2012, as Originally Stated	\$ 6,173,691
Deferred Charges, Net of Accumulated Amortization	<u>(503,963)</u>

NOTE 1: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Budgets are legally adopted for all funds of Peak to Peak on a basis consistent with generally accepted accounting principles.

Peak to Peak adheres to the following procedures in establishing the budgetary data reflected in the financial statements.

- Management submits to the Board of Directors a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
- Prior to June 30, the budget is adopted by the Board of Directors.
- Expenditures may not legally exceed budget appropriations at the fund level. Revisions that alter the total expenditures of any fund must be approved by the Board of Directors.
- All appropriations lapse at fiscal year end.
