# 2024 – 2025 Final Budget Adoption

## Board of Education April 16, 2024

## **Agenda**

- Current and Projected Enrollment
- Revenue
- Proposed Budget (Proposition #1)
  - □ 2024-2025 Budget Request
  - □ 2024-2025 Proposed Tax Increase
  - □ 2024-2025 Final Proposed Budget
- Bus/Vehicle Purchase (Proposition #2)
  - □ 2024-2025 Bus/Vehicle Purchase Plan
- Fund Balance
- Budget Calendar

## 2024-2025 Final Budget Adoption

Program Maintenance Budget

## Governor's Executive Budget Recap

• Foundation Aid: \$507 Million (2.1%) increase

This increase is driven largely by the formula's inflation factor, which the Executive Budget sets at 2.4 percent, representing the average annual change in the Consumer Price Index (CPI) over the last 10 calendar years (2014-2023), excluding the highest and lowest years.

• Expense Driven Aides: \$318 Million (3.2%) increase

Fully funding expense-based aids (BOCES, textbook, software, library, computer hardware and technology, supplemental public excess cost, transportation aid, public high cost excess cost and private excess cost)

Preschool and Summer School Special Education Programs- \$36.5 Million (10%) increase

The Executive Budget fully funds the State share of costs for both programs, continuing \$1.0 billion to reimburse counties for the cost of preschool special education services and providing \$404 million, a \$36.5 million (10 percent) year-to-year increase, to reimburse school districts for the cost of summer school services.

Special Education Tuition Rate-Setting Reform

Funding for preschool and school-age special education providers is determined through a ratesetting methodology administered by SED. These providers serve approximately 80,000 preschool children year-round, 50,000 school-age students during the summer, and 14,000 school-age students during the school year. As requested by SED, the Executive Budget provides an additional \$1.4 million for SED to study and design a new special education tuition rate-setting methodology in order to streamline and improve the timeliness of tuition rates for providers, bringing total available project funding to \$3.9 million. The Executive Budget also extends the deadline for SED to present its recommendations from July 1, 2025 to July 1, 2027.

School Food Programs \$11 Million (5.8%) increase

Approximately 5,000 New York State schools currently participate in the national school lunch and breakfast programs, serving approximately 2.8 million public and nonpublic school students statewide. The Executive Budget provides over \$200 million in State funding for these programs, an \$11 million (5.8 percent) year-to-year increase. The Budget continues the FY 2024 State-funded initiative to incentivize qualifying public and nonpublic schools with significant proportions of low-income students to participate in the Federal Community Eligibility Provision program, allowing all students in those schools to eat breakfast and lunch at no charge regardless of their families' income. This initiative will enable up to 90 percent of New York State's students to eat for free.
