VOLUME XXXIX,

No. 1

AUG 2020

From the Administrator's Desk

by Mr. James Delikowski

Greetings Auburndale School District Community, It's been a very, very busy summer here in the District. We are very excited about the start of the new school year, and doing all that we can to make sure we can get our students back in school as safely as possible. District office staff, custodians, teachers, and support staff have all played important roles in getting ourselves and our buildings ready for another successful year of learning and growth in our students and our community.

As you likely already know, the School Board of Education has approved a plan for the schools re-opening to in person education for all students 4K-12, that calls for a lot of adjustments and changes in order to increase safety and health amongst our students and staff. If you have not seen the district plan it is available on our website, www.aubschools.com. We are working very hard to make sure our students and staff can start school in person, and stay that way as much as possible. Of course the protocol in place will require the patience and even sacrifice in some ways of teachers, staff, students and families as we are asked to give up some comforts in order to protect the health of our community both in and out of our school buildings. We all look forward to a time, soon I hope, when we are on the other side of this pandemic, and able to enjoy the full richness of our social experiences again. I and my entire staff are eager to hear the voices and laughter of our students in our buildings again. I want to thank you all for taking the time to fill out the District Survey on facilities planning that we asked you to consider this summer. We have looked carefully at the data collected and will apply your input directly to two referendum questions for the fall ballot concerning facilities improvements and operational support. We will be certain to provide you with a plethora of information on those issues so that you are able to make a most informed decision come November. I also want to remind you that we are eagerly awaiting the

return to school of our talented art students. We will be asking those students to help form and shape the image that will accompany our new label and finalize the mascot process. If you've seen some of the incredibly beautiful work that our Art students create you know that they're going to do a great job with this new task. Go Eagles!

I hope you all are well and like me, making the best out of the challenges that lie in our paths. I know one thing for sure, there is no group of students or staff, and no community, that I would want to go through these challenges with other than the great people who make up this excellent district.

All the Best - Mr. Delikowski

From the Elementary Principals' Desk

by Mr. Andrew Scharenbroch

It's August and as we get ready for another school year at the elementary school it will be quite different from normal. Before we talk about 20-21 we need to thank all students, parents, and staff for their amazing work during the "safer at home" as we finished our school year through virtual learning. Everyone did a great job and the best they could under unusual circumstances. So proud of EVERYONE! Also, a big thank you to all teachers/staff for helping out with the pick up/drop off days and food service. Everyone (as Auburndale often does) came together to help one another during uncertain times. All I can say is THANK YOU!

Now as we look forward to 20-21, we will try to create the best learning environment for the students and staff that is safe and in everyone's best interest. We will continue to challenge students as they grow and learn in the new year. Open House will look different too as we again create a safe environment for everyone. Also, it is very exciting that as we continue to grow in our virtual learning experience every child at Auburndale Elementary will have an electronic device to assist in their learning. All 1-5 grade students will receive a Chromebook and 4K & K will receive a Chrome tablet with stylus. It will be a year unlike any other as we navigate through these uncharted waters, but we will continue to provide an awesome learning experience for each and every student! Stay well and watch for more communication and guidance on schedules, Open House, etc.

Take care everyone and see you soon!

Mr. Scharenbroch (Mr. S)

From the Middle/High School Principal's Desk

by Mr. Steven Van Wyhe, Principal

Greeting Families of the Auburndale School District!

It certainly has been a unique summer. While we have been busy trying to find ways to provide education to our students while keeping families safe, I have been very proud of our teachers as I have seen their dedication. Thank you to all our teachers and staff for serving the students and families of Auburndale!

I was honored to be part of this year's commencement ceremony for the Class of 2020. While the ceremony was postponed until July, it was great to see the students walk across the stage! We wish our seniors the best of luck as they transition to the next stage of their lives. This was an outstanding group of students, and I cannot wait to see the great things they will do in the future!

Congratulations to Mark Cournoyer for being recognized as a Crystal Apple Recipient. It is a tremendous honor to be named a teacher of distinction, but to win the award twice is really incredible. Mr. Cournoyer is a shining example of the teachers who go above and beyond in our district. Keep up the great work!

I am looking forward to a great school year. Go Eagles!

342.62 - LIMITED ENGLISH PROFICIENT STUDENT

(Sections 115.96, 115.97, 118.13, 118.30 Wisconsin Statutes)

The School District of Auburndale will comply with state rules governing limited English proficient (LEP) students, PI 13 of the Wisconsin Administrative Code and all policy requirements. Each school board whose student population includes one or more LEP students is now required to adopt a policy regarding the following:

1. the identification, language assessment, classification and reclassification of LEP students;
2. the design of the educational program and support for LEP students;
3. support services; and
4. academic achievement and assessment of LEP students, including parental notification of testing.

The assessment policy must include all of the following assurances:

1. Test administration decisions regarding LEP students shall be made on an individual basis.
3. Information on both academic and English proficiency data shall be documented.
4. Test results may not be used as the sole criterion in re-classifying an LEP student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for postsecondary education opportunities.
6. Exemption of an LEP student from taking a test may not be used as the sole criterion in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for postsecondary education opportunities.

State law defines an LEP student as a student whose ability to use the English language is limited because of the use of a non-English language in his/her family or in his/her daily, non-school surroundings, and who has difficulty with reading, writing, speaking or comprehending in English within the academic classroom setting.

PROCEDURES FOR TESTING LIMITED-ENGLISH PROFICIENT STUDENTS

The following procedures are based on current state rules relating to the testing of limited-English proficient students (PI 13 of the Wisconsin Administrative Code) and may need to be revised as changes are made to such state rules.

A. Assessing English Proficiency

1. On or before March 1 each year, District staff shall conduct a count of all limited English-proficient students enrolled

in District schools, assess the language proficiency of such students and classify such students by language group, grade level, age and English language proficiency.

2. LEP students shall be assessed to determine their English language proficiency using a Department of Public Instruction-approved English proficiency assessment instrument. The assessment shall be administered by designated school staff. The District may also use information such as the following when assessing a student's English proficiency: prior academic records from within or outside the United States, information on everyday classroom performance, and course grades which, in relation to the student's grade level, indicate that lack of progress is due to limited English language skills.
3. LEP students assessed shall be classified according to their English proficiency level as outlined in state rules and described below.

Level 1 – Beginning Preproduction if the student does not understand or speak English with the exception of a few isolated words or expressions.

Level 2 – Beginning Production if all of the following criteria are met: (a) the student understands and speaks conversational English with hesitancy and difficulty, (b) the student understands parts of lessons and simple directions, and (c) the student is at a pre-emergent or emergent level of reading and writing English, significantly below grade level.

Level 3 – Intermediate if all of the following criteria are met: (a) the student understands and speaks conversational and academic English with decreasing hesitancy and difficulty, (b) the student is post-emergent, developing reading comprehension and writing skills in English, and (c) the student's English literacy skills allow the student to demonstrate academic knowledge in content areas with assistance.

Level 4 – Advanced Intermediate if all of the following are met: (a) the student understands and speaks conversational English without apparent difficulty, but understands and speaks academic English with some hesitancy, and (b) the student continues to acquire reading and writing skills in content areas needed to achieve grade level expectations with assistance.

Level 5 – Advanced if all of the following conditions are met: (a) the student understands and speaks conversational and academic English well, (b) the student is near proficient in reading, writing and content area skills needed to meet grade level expectations, and (c) the student requires occasional support.

Level 6 – Formerly LEP Now Fully English Proficient if all of the following criteria are met: (a) the student was

formerly limited-English proficient and is now fully English proficient, and
(b) the student reads, writes, speaks and comprehends English within the academic classroom setting.

4. Student English proficiency assessment records shall be maintained by the District in accordance with state and federal laws and District student records policies and procedures. Reports regarding LEP students shall be made to the DPI as legally required.

B. Assessing Academic Achievement

1. Decisions regarding academic performance assessment shall be made and documented on an individual basis for each LEP student. Assessment decisions shall be made by (identify position(s) involved in making student testing decisions - e.g., classroom teacher and building principal, English as a second language teacher) and communicated to the student's parent(s)/guardian. All communications to parents/guardians of LEP students shall be given in such manner as to provide understanding of the information. They should be provided in English, the parent/guardian's native language or any other means to convey the required information.
2. An LEP student may not be exempted from academic assessments based on their LEP status. The District shall administer a state-required test to an LEP student unless a determination has been made that the results of the test, with allowable accommodations made for the student as needed, will not be a valid and reliable indicator of the student's academic knowledge and skills. If an LEP student is exempted from taking a state-required test, he/she shall be administered a DPI-approved alternative assessment.
 - a. Except as specified below, students at English proficiency levels 1 or 2 as outlined above shall participate in an alternative assessment even if they participate in a state-required test.
 - (1) Students at English proficiency levels 1 or 2 who have attended school in the first grade or any higher grade in the United States, not including Puerto Rico, for three or more full consecutive school years shall participate in academic assessment of reading or English language arts using tests written in English.
 - (2) The District may continue, for no more than two additional consecutive school years, to assess a student described in (1) above with an alternate assessment, rather than the state-required tests, if the District determines that the student has not reached a level of English language proficiency sufficient for the tests written in English to yield valid and reliable information about what the student knows and can do. This determination shall be made on a case-by-case basis.
 - b. Students at English proficiency levels 3 through 5 as outlined above shall participate in a state-required test but may also participate in an alternative assessment.
 - c. If an LEP student participates in a state-required test, the District shall provide testing accommodations for the student if they are needed. Any accommodations made shall maintain the validity of the test. Testing accommodations may include, but are not limited to

the following: providing the assistance of a qualified translator to translate instructions or read items from tests that do not assess English language competency; providing small group or individual testing opportunities; providing more practice tests or examples before the actual test is administered; allowing LEP students to use dictionaries or other educational aids while taking the test unless this use would invalidate the test; and allowing LEP students as much time as necessary to complete the test.

3. Student test/alternative assessment results shall be communicated to the student's parent/guardian and to the DPI as required by law.
4. LEP student test results shall be used consistent with District policies when making instructional, promotion and graduation decisions. Test results shall not be used as the sole criterion in exiting LEP students from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for postsecondary education opportunities. Exemption of an LEP student from taking a state-required test may also not be used as the sole criterion for making such determinations.

An LEP student will be provided educational program assistance and/or services as appropriate and necessary to help the student improve his/her English language skills and academic performance.

PROGRAMS AND SERVICES FOR ENGLISH LANGUAGE LEARNERS

The Board recognizes that within the district there may be students whose primary language is not English. With that in mind, the Board shall provide appropriate services for district students who possess limited or no command of the English language. The purpose of these services will be to help students acquire English language skills that will enable them to function successfully in an all English classroom and to meet established academic standards.

Limited English proficient (LEP) students shall be identified as part of the school enrollment process. Once LEP students are identified, their English proficiency shall be assessed, they shall be classified according to their English proficiency level and placed in an appropriate educational program.

Specialized instructional materials and techniques designed to teach English to speakers of other languages shall be used in the district. An LEP student or a small group of students may work with a qualified tutor to develop their English language skills. The degree of curricular and instructional modification, type of support services and their duration shall be determined individually and be based on student need. If a sufficient number of the LEP students identified are of the same language group to meet statutory requirements, the Board shall establish and implement a bilingual-bicultural education program as required by state law.

The District shall assess the English proficiency and academic progress of LEP students in accordance with legal requirements and established District procedures. Decisions regarding the administration of state-required tests to LEP students shall be made on a case-by-case basis. Testing accommodations may be made based on student needs, provided the validity of the test is maintained. The District shall administer state-required tests to an LEP student unless a determination has been made that the

results of the test, with allowable accommodations made for the student as needed, will not be a valid and reliable indicator of the student's academic knowledge and skills. Any LEP student exempted from taking a state-required test shall be administered an alternative assessment approved by the Department of Public Instruction. The results of both state-required tests and alternate assessments shall be used consistent with District policies in making instructional, promotion and graduation decisions. Test results may not be used as the sole criterion in re-classifying an LEP student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for participation in postsecondary education opportunities. Exemption of an LEP student from taking a state-required test may also not be used as the sole criterion for making such determinations.

Parents/guardians of LEP students shall be notified of student testing arrangements and of educational programs and services available to help their children improve their English language skills and academic achievement. These notifications shall be made consistent with legal requirements and in such manner as to ensure that the student's parent/guardian understands them.

(Section 146.83, Wisconsin Statutes)

Wisconsin law requires a health care provider to provide each patient with a statement of access rights to patient health care records. The statement must be provided either upon admission to an in-patient health care facility or upon the first provision of services by the health care provider. The law provides that if the patient or other person submits a statement consenting to the disclosure of information from patient health records, the patient or person may:

- after providing reasonable notice, inspect the health care records of a health care provider relating to that patient at any time during regular business hours.
- after payment of reasonable costs, receive a copy of the patient's health care records.
- after payment of reasonable costs, receive a copy of the health care provider's X-ray reports or have the X-rays referred to another health care provider of the patient's choice.

Students shall be identified and referred to these programs in accordance with state regulations and guidelines established by the administration.

Should you expect your child would qualify for and benefit from any of the above modifications, a referral may be made to the building principal, school counselor, or District Special Education Director.

Annual FERPA, Child Find (IDEA and 504) Notices

Student Records Notice (state and federal law): The Federal Family Educational Rights and Privacy Act (FERPA) requires school districts to provide annual notice of student and parents/guardians rights regarding student records; the existence of the Student Records' Policy (347) and where copies can be obtained; and, of the opportunity to file a complaint with the Family Policy and Regulations Office of the Department of Education.

Parents/guardians/adult students have the legal right to request a review and/or copy of the contents of the permanent school records of their children. They may also request the amendment of the student's records if it is believed that the records are inaccurate, misleading, or otherwise in violation of the student's privacy rights. Such a review and/or request for an amendment must be made by scheduling an appointment with the principal. If copies are requested, there will be a charge based on actual cost. If the District decides not to amend the record, the district will notify the parent, guardian or adult student of the decision and the right to a hearing regarding their request. Additional information regarding the hearing procedure will be provided in the event of a hearing request.

Directory Data Notification: If a School Board has designated directory data in accordance with 118.125 of the Wisconsin State Statutes, the School District of Auburndale must notify parents, legal guardians or guardian ad litem of the categories of information, which the Board has designated as directory data, which may be released without the prior consent of the parent, legal guardian or guardian ad litem.

School District defines directory data as a student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and athletics, weight

and height of members of athletic teams, photographs, degrees and awards, and school of most recent attendance.

Upon request, the School District of Auburndale may release a student's name, address, and school grade of attendance to requesting agencies (such as State technical colleges, State colleges and universities, alumni reunion committees, the United States Military Services [seniors and students who drop out of school], photographers for senior pictures, driver's education facilities, publications sponsored by the School District of Auburndale, etc.

Student records shall be made available to School District of Auburndale employees who are required by the state to hold a teacher's license and to other school district officials only if they have a legitimate educational or safety interest in the records. Employees and district officials have a legitimate educational or safety interest in the record if the individual needs to review an education record in order to provide educational service or to fulfill some aspect of his or her professional responsibilities.

Administrators have the discretion to refuse the release of individual student phone numbers and addresses for the safety of the student.

IF PARENTS OR GUARDIANS DO NOT WISH TO HAVE ANY OR ALL OF THE CATEGORIES OF INFORMATION RELEASED, THEY MUST NOTIFY THE SCHOOL IN WRITING WITHIN 14 DAYS OF THIS NOTICE BEING PROVIDED. Directory data shall be considered public information and may be released to appropriate persons and media in accordance with Board of Education policy unless the parent(s) or adult students refuse the release in writing by notifying their respective school principal. Forms for this purpose will be available at each school.

Parents/guardians may file a complaint with the Family Policy and Regulations Office of the Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20201 if they feel their rights have been violated.

Recruiter Access to Students/Records: Districts receiving federal education funds are required to notify parents of secondary school students:

1. that a secondary school student or the parent/guardian of the student may request that the student's name, address and telephone listing not be released to military recruiters or institutions of higher education without prior written parental consent; and
2. that the district must comply with such request. School districts receiving federal education funds are required to provide,

on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings unless access to such information has been restricted by the secondary school student or the student's parents/guardians as outlined above. Federal guidelines issued to implement this requirement state that if a school district does not designate student names, addresses and/or telephone listings as directory data it must still provide all three items to military recruiters and institutions of higher education upon request.

Child Find Obligation and Student Services: Under the state and federal laws governing students "at risk" or with disabilities under IDEA and/or Sec. 504 of the Rehabilitation Act, districts must undertake activities to "find" children with disabilities eligible for federally funded services, and must advise of the alternative educational programming opportunities. The following is an appropriate notice for annual publication in the first class notice section of the district's official newspaper:

CHILD FIND AND STUDENT SERVICES: The School District of Auburndale must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities. The School District has a special education screening program to locate and screen all children with suspected disabilities who are residents of the School District of Auburndale and who have not graduated from high school. Upon request, the School District of Auburndale will screen any resident child who has not graduated from high school to determine whether a special education referral is appropriate. A request may be made by contacting the District's Director of Special Education, or by writing PO Box 139, Auburndale WI 54412-0139.

Children, ages three to twenty-one, suspected of having a disability should be referred to the Director of Pupil Services, who in turn will see that all necessary evaluations are conducted. Evaluations will be completed by the IEP (Individual Education Program) team members after parental permission has been secured. The IEP team will determine if the child has a disability and is in need of special education services. An appropriate placement will be made by the IEP team including parent(s)/guardian(s) and appropriate required school personnel. All procedures followed in the identification and provision of service to children with a disability will be conducted in accordance with state and federal laws and regulations.

Programs have been designed to improve and expand educational opportunities for students including homebound instruction, gifted and talented enhanced opportunities, and children at risk, following compulsory school attendance guidelines as stated in Wis. Stat. §118.15. Parents/guardians may request, in writing, program or curriculum modifications to a child's current academic program, a school work training or work study program, enrollment in an alternative public school or program or in any nonsectarian private school or program located in the School District of Auburndale which complies with certain federal requirements, and enrollment in any public educational program located outside the District pursuant to a contractual agreement between the school districts in accordance with state and federal laws and regulations. Requests shall be directed to the school principal. A written decision of a request will be provided within 90 days, except a decision will be rendered within 30 days if a child has been evaluated and determined to be a child with a disability. A child's parent/guardian may request the school board to review any decision made.

HOW TO APPLY FOR FREE AND REDUCED-PRICE SCHOOL MEALS for 2020-21 School Year

Please use these instructions to help you fill out the application for free or reduced-price school meals. You only need to submit one application per household, even if your children attend more than one school in School District of Auburndale. The application must be filled out completely to certify your children for free or reduced-price school meals. Please follow these instructions in order. If at any time you are not sure what to do next, please contact Lynette Baird at 715-652-2115, ext. 2101 or lbaird@aubschools.com.

PLEASE USE A PEN (NOT A PENCIL) WHEN FILLING OUT THE APPLICATION AND DO YOUR BEST TO PRINT CLEARLY.

STEP 1: LIST ALL HOUSEHOLD MEMBERS WHO ARE INFANTS, CHILDREN, AND STUDENTS UP TO AND INCLUDING GRADE 12

Tell us how many infants, children, and school students live in your household. They do NOT have to be related to you to be a part of your household.

Who should I list here? When filling out this section, please include ALL members in your household who are:

- Children grades 12 or under AND are supported with the household's income; and
- In your care under a foster arrangement, or qualify as homeless, migrant, or runaway youth, or enrolled in a Head Start program.

<p>A) List each child's name. Print each child's name. Use one line of the application for each child. When printing names, write one letter in each box. Stop if you run out of space. If there are more children in household than lines on the application, attach a second piece of paper with all required information for the additional children.</p>	<p>B) Enter the grade and the name of the school the child attends or mark n/a if not in school.</p>	<p>C) Do you have any foster children? If any children listed are foster children, mark the "Foster Child" box next to the children's names. If you are ONLY applying for foster children, after finishing STEP 1, go to STEP 4. Foster children who live with you may count as members of your household and should be listed on your application. If you are applying for both foster and non-foster children, go to step 3.</p>	<p>D) Are any children homeless, migrant, runaway or enrolled in a Head Start program? If you believe any child listed in this section meets this description, mark the "Homeless, Migrant, Runaway or Head Start" box next to the child's name and complete all steps of the application.</p>
---	---	---	---

STEP 2: DO ANY HOUSEHOLD MEMBERS CURRENTLY PARTICIPATE IN FoodShare, W-2 Cash Benefits OR FDPPIR?

If anyone in your household (including you) currently participates in one or more of the assistance programs listed below, your children are eligible for free school meals:

- The Supplemental Nutrition Assistance Program (SNAP) or FoodShare.
- Temporary Assistance for Needy Families (TANF) or W-2 Cash Benefits.
- The Food Distribution Program on Indian Reservations (FDPIR).

<p>A) If no one in your household participates in any of the above listed programs:</p> <ul style="list-style-type: none"> • Leave STEP 2 blank or check "No" and go to STEP 3. 	<p>B) If anyone in your household participates in any of the above assistance programs:</p> <ul style="list-style-type: none"> • Write a case number and <u>name of the assistance program</u> you or any member of the household participates in for FoodShare, W-2 Cash Benefits, or FDPPIR. You only need to provide one case number. If you participate in one of these programs and do not know your case number, contact your case worker. Medicaid and BadgerCare case numbers do NOT qualify for free or reduced-price meals. • Go to STEP 4.
---	---

STEP 3: REPORT INCOME FOR ALL HOUSEHOLD MEMBERS

How do I report my income?

- Use the charts titled "Sources of Income for Children" and "Sources of Income for Adults," printed on the back side of the application form, to determine if your household has income to report.
- Report all amounts in GROSS INCOME ONLY. Report all income in whole dollars. Do not include cents. Gross income is the total income received before taxes. Many people think of income as the amount they "take home" (listed as "net pay" on paycheck stub) and not the total, "gross" amount. Make sure that the income you report on this application has NOT been reduced to pay for taxes, insurance premiums, or any other amounts taken from your pay.

STEP 3: REPORT INCOME FOR ALL HOUSEHOLD MEMBERS

- Write a "0" in any fields where there is no income to report. Any income fields left empty or blank will also be counted as a zero. If you write '0' or leave any fields blank, you are certifying (promising) that there is no income to report. If local officials suspect that your household income was reported incorrectly, your application will be investigated.
- Mark how often each type of income is received using the boxes to the right of each field.

3.A. REPORT INCOME EARNED BY CHILDREN

A) Report all income earned or received by children. Report the combined gross income for ALL children listed in STEP 1 in your household in the box marked "Child Income." Only count foster children's personal income if you are applying for them together with the rest of your household.

What is Child Income? Child income is money received from outside your household that is paid DIRECTLY to your children. Many households do not have any child income.

3.B. REPORT INCOME EARNED BY ADULTS

List adult household members' names.

- Print the name of each household member in the boxes marked "Name of Adult Household Members (First and Last)." When filling out this section, please include ALL adult members in your household who are living with you and share income and expenses, even if they are not related and even if they do not receive income of their own.
- Do NOT include:**
 - People who live with you but are not supported by your household's income AND do not contribute income to your household.
 - Infants, children and students already listed in **STEP 1.**

C) Report earnings from work. Report all total gross income (before taxes) from work in the "Earnings from Work" field on the application. This is usually the money received from working at jobs. If you are a self-employed business or farm owner, you will report your net income.

What if I am self-employed? Report income from that work as a net amount. This is calculated by subtracting the total operating expenses of your business from its gross receipts or revenue.

F) Fluctuating Income. For seasonal workers and others whose income fluctuates and usually earn more money in some months than others. In these situations, project the annual rate of income and report that. This includes workers with annual employment contracts but may choose to have salaries paid over a shorter period of time; for example, school employees.

D) Report income from public assistance/child support/alimony/SSI/VA benefits. Report all income that applies in the "Public Assistance/Child Support/Alimony" field on the application. Do not report the cash value of any public assistance benefits NOT listed on the chart. If income is received from child support or alimony, only report court-ordered payments. Informal but regular payments should be reported as "other" income in the next part.

E) Report income from pensions/retirement/all other income. Report all income that applies in the "Pensions/Retirement/Social Security/All Other Income" field on the application.

G) Report total household size. Enter the total number of household members in the field "Total Household Members (Children and Adults)." This number MUST be equal to the number of household members listed in **STEP 1** and **STEP 3**. If there are any members of your household that you have not listed on the application, go back and add them. It is very important to list all household members, as the size of your household affects your eligibility for free and reduced-price meals.

H) Provide the last four digits of your Social Security Number (SSN). An adult household member must enter the last four digits of their SSN in the space provided. You are eligible to apply for benefits even if you do not have a SSN. If no adult household members have a SSN, leave this space blank and mark the box to the right labeled "Check box if no SSN."

STEP 4: CONTACT INFORMATION AND ADULT SIGNATURE

An adult member of the household must sign the application. By signing the application, that household member is promising that all information has been truthfully and completely reported. Before completing this section, please also make sure you have read the privacy and civil rights statements on the back of the application.

A) Provide your contact information. Write your current address in the fields provided if this information is available. If you have no permanent address, this does not make your children ineligible for free or reduced-price school meals. Sharing a phone number, email address, or both is optional, but helps us reach you quickly if we need to contact you.

B) Print or sign your name. The adult filling out the application must print or sign their name in the signature box.

C) Return completed form to:
Auburdale School District
Attn: F/R Lunch Application
PO Box 139
Auburdale WI 54412

D) Share children's racial and ethnic identities (optional). On the back of the application, we ask you to share information about your children's race and ethnicity. This field is optional and does not affect your children's eligibility for free or reduced-price school meals.

Bullying – 443.92

The intent of this anti-bullying policy is to ensure that pupils learn in a supportive, caring, and safe environment without fear of being bullied at school or school related activities. Bullying is anti-social behavior and affects everyone; it is unacceptable and will not be tolerated. Bullying behavior is prohibited in all schools, buildings, property and educational environments, including any property or vehicle owned, leased, contracted or used by the school district. Educational environments include, but are not limited to, every activity under school supervision.

Bullying is defined as unwanted, aggressive behavior among school-age children that involves a real or perceived power imbalance. The behavior is repeated or has the potential to be repeated over time.

The three main types of bullying are:

- Physical - Physical bullying involves harmful actions against a person's body. Some examples are hitting, pinching, kicking, tripping, spitting, touching inappropriately. It also involves interfering with another person's property and stealing
- Verbal - Verbal bullying is speaking to a person or about a person in a way that is unkind and hurtful to that person e.g. teasing, name calling, insulting, threatening, spreading rumors, and making racist remarks
- Non verbal - Non verbal bullying refers to the types of behaviors that upset, exclude or embarrass another person e.g. leaving a person out of a game or activity on purpose, making rude gestures such as poking out tongue, writing hate notes about a person that will be upsetting to that person, using technology in a hurtful manner, cyber bullying, etc.

Cyber bullying is the use of any electronic communication device to convey a message in any form (text, image, audio or video) that defames, intimidates, harasses or is otherwise intended to harm, insult or humiliate in a deliberate, repeated or hostile and unwanted manner under a person's true or false identity. 2020-2021 School Year Asbestos Notification

As a result of federal legislation (Asbestos Hazard Emergency Response Act - AHERA), each primary and secondary school in the nation is required to complete a stringent new inspection for asbestos and to develop a plan of management for all asbestos-containing building materials. Auburndale School District has a goal to be in full compliance with this law and is following the spirit, as well as, the letter of the law. As a matter of policy, Auburndale School District shall continue to maintain a safe and healthful environment for our community's youth and employees.

In keeping with this legislation, all buildings (including portables and support buildings) owned or leased by the school district were inspected by EPA accredited inspectors and samples were analyzed by an independent laboratory. Based on the inspection, the school prepared and the state approved a comprehensive management plan for handling asbestos located within its buildings safely and responsibly.

Furthermore, Auburndale School District has completed its 3-Year Reinspection required by AHERA. Auburndale School District buildings, where asbestos-containing materials were found, is under repair, removal and Operations and Maintenance.

Federal law requires a periodic walk-through (called "surveillance") every six months of each area containing asbestos. Also the law requires for all buildings to be re-inspected three years after a management plan is in effect. This will be accomplished under contract by MacNeil Environmental, Inc.

Short-term workers (outside contractors - i.e., telephone repair workers, electricians and exterminators) must be provided information regarding the location of asbestos in which they may come into contact. All short-term workers shall contact the lead maintenance person before commencing work to be given this information.

Auburndale School District has a list of the location(s), type(s) of asbestos-containing materials found in that school building and a description and time table for their proper management. A copy of the Asbestos Management Plan is available for review in the school office. Copies are available at 20 cents per page. Questions related to the plan should be directed to your Account Manager under contract with MacNeil Environmental, Inc. Grand Rapids, MN, at 800-642-6730.

443.2 Student Dress Code

The fundamental purpose of the School District of Auburndale is to provide a safe, orderly school, which minimizes distractions and maximizes the learning environment. Therefore, the development of a policy on dress code is for the protection of the health and safety of the students and to remove any disruptions from the daily educational process. District students should always be neat and clean in their dress and appearance. If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents a risk to themselves or others, the student will be required to change or cover up inappropriate clothing before returning to class. The administration has the final authority on all matters relating to the dress code.

All students (elementary and high school), male and female, will be required to observe student dress code guidelines as approved by the Board of Education. Staff and administrators are instructed to equally apply and enforce this policy in all grades and with all students regardless of gender. Acceptable guidelines are defined as follows:

1. Responsibility for the personal appearance of students enrolled in the District shall normally rest with the students themselves and their parents/guardians. Student dress and grooming should be in good taste and appropriate for the occasion and not: (a) affecting the health or safety of students, or (b) disrupting the learning process within the classroom or school. The main torso (stomach, side, front, shoulders, or back) of the body should not be visible. Tank tops or tops with spaghetti straps in inappropriate. Waistbands shall be worn at or above the hips. Undergarments shall not be visible. Pants must be appropriately sized for width and hemmed to a safe length, not hindering a student's ability to move about easily and safely. Pants should be free of holes above a three-inch inseam.

2. No student shall be permitted to wear, possess or display any gang insignia or identifiers that are normally associated with a gang or gang-related activities such as, for example, gang-related colors, clothing, accessories, headwear, tattoos, medallions, and jewelry.

3. No student shall be permitted to wear clothing or accessories that contain pictures and/or writing referring to alcoholic beverages, tobacco products, sexual references or symbols, profanity and/or illegal drugs.

4. Hats, coats and headwear (other than headbands) are to be placed in lockers before school and taken out only when leaving the building. Hats are to be removed when school is in session. The wearing of outer garments and headwear will be permitted in school vehicles and school activities when appropriate.

5. Any article of clothing or accessories that display profanity, violence, discriminatory messages, or sexually suggestive phrases are not to be worn at school activities. Accessories such as jewelry with spikes, dog collars, wallet chains, chains worn as belts, that may cause injury to another student may not be worn to school or school functions.

6. Shoes must be worn at all times. Shoes with laces should be laced and tied at all times. Safety standards will dictate

the type of footwear/clothing/accessories to be worn in the classroom. Students in Tech. Ed. and Phy. Ed. are reminded that the personal safety of all students demands that appropriate footwear be worn.

7. Purses, handbags, and backpacks should be left in lockers and not brought into classrooms.

This policy is in force during the school day, in school vehicles, and at all school activities.

While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion that disrupts the educational process or presents a safety risk cannot be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

- Does my clothing expose too much?
- Does my clothing advertise something that is prohibited to minors?
- Does my clothing contain obscene, profane, drug-related, or inflammatory messages?
- Is my clothing appropriate for the weather?

If there is a disagreement between students and/or parents/guardians and the staff regarding the appropriateness of clothing, the principal or other school administrator will use his/her discretion to make the appropriate decision regarding the student's dress.

Breakfast/Lunch Program

Both the Elementary School and the Middle/High School will use the Infinite Campus computerized meal system for the upcoming school year. Each student has an individual meal account. Parents/guardians will need to send money or a check for each individual child at their school or send directions as to how your check should be split for your students at a particular school. Infinite Campus allows parents/guardians to access their child's account through the Internet to check balances and purchases.

Each student is assigned a student identification barcode number. As students pass through the lunch line, their ID number is scanned or entered to record purchases of breakfast, lunch or milk.

Students will be reminded of low account balances as they go through the daily lunch line. Notices will be sent when your account is very low or at a negative balance. The school breakfast/lunch program will be managed in a manner to remain financially stable. Students and families owing money to the program will be notified by the school.

When the new school year begins on September 1, 2020, your students will need money placed in their account if they intend to utilize the breakfast and/or lunch program.

You may either pay by the day, by the week, by the month, by multiple months, or for the whole year (171 student days). Checks should be made out to Auburndale School District.

Payments can be sent with elementary students to school or mailed to: AUBURNDALE ELEMENTARY SCHOOL, LUNCH PROGRAM, PO BOX 139, AUBURNDALE, WI 54412.

Payments can be sent with middle/high school students to school or mailed to: AUBURNDALE HIGH SCHOOL, LUNCH PROGRAM, PO BOX 139, AUBURNDALE, WI 54412.

All additional milk purchases, such as for cold lunch or an extra carton with a meal, are recorded and deducted from your child's meal account as well as any entrees purchased at the Middle/High School.

If you have any questions, please feel free to call the school offices.

From the Nurse's Desk

Dear Parents/Guardians,

To ensure that your child has a healthy and safe start to next school year, there may be a few things we'll need from you. If your child has been prescribed any emergency medications such as an Epi-Pen (allergies), Rescue Inhaler (asthma), or Diastat (seizures), the following will be needed at their school:

- Emergency medication with the pharmacy label attached
- Medication consent form signed by parent and prescribing doctor
- Applicable "Action Plan" completed and signed by parent and doctor

For GRADES 6-12:

The Health Office will provide Tylenol and Ibuprofen for your child. You will still need to sign a medication form with the dosage that your child takes. Your child will not be given this medication unless all parts are filled out. If your child is needing Tylenol or Ibuprofen more than an as needed basis, you will be asked to supply the medication.

****Medication Consent forms may be found on the School District of Auburndale Website under the "Health Tab," Over the counter medicines only need parental signature on consent****

If your child has Diabetes, please make sure you send in a current "Diabetes Medical Management Plan" for 2020-2021 school year. This is necessary even if your child self manages. We will be in contact with you to make sure your child has all the necessary supplies needed here at school.

Any medicine brought into the schools whether it be prescribed or over the counter, needs to have a signed consent form on file with their school. All medication must be in the original containers.

If your child has another health condition that may need to be addressed at school, please let us know and we will be in contact with you to see what is needed.

School is only a few weeks away and we want to give you enough time to get the appropriate paperwork for the first day of school. Emergency situations arise when least expected, and we want to be as prepared as possible to keep your child safe.

Updated Immunization forms are also needed. Please feel free to email us with any concerns. You may call 715-652-2812 after August 27, 2020. We look forward to hearing from you.
