WELCOME BACK TO SCHOOL!!

My name is Bobbie Moore, and I am the English Learner (EL) Coordinator for the Clarksdale Municipal School District. I am excited to be a part of such an energetic district that is "accelerating the WIN". I look forward to meeting and working with you to ensure success for all our students.

As our EL program continues to develop, we want our students to challenge themselves daily as they interact with their peers, teachers, and school staff. Additionally, we look forward to interacting with our families, gaining insight into their diverse perspectives and needs so that we can create a program that is engaging for all of you. In doing so, we want to encourage our English learners to proudly share their stories, advocate for themselves in the classroom, build academic confidence, and feel safe in their learning environments.

As your EL Coordinator, I will support you and your students in all your academic and social endeavors. I will keep you informed about your child's academic progress and language proficiency, and I will be available to solve problems and partner with you on anything you may need

As in previous years, the "English Learner Program" page of the CMSD website will be updated regularly with any forms or documents students receive. It will also be home to a monthly EL newsletter, which I encourage you to check out for exciting developments in our EL program resources

Please take a few minutes to complete the survey below and return it to the school. Although you can complete the English, Spanish, or Arabic version of the form (available in print only), please limit your answers to English so that I can understand them and use them to address your interests and needs. If you need help with this, let me know!

Please feel free to reach out if you have any questions or concerns.

August 2022 Sincerely,

Bobbie Moore, EL Coordinator
