

# Suggested Summer Reading

## Ramapo Ridge Middle School

Revised June 2024

The following selections are geared for readers at the middle school level, covering reading levels and interests from grades 5 through 9. However, please note that while movies have ratings to help parents and students make decisions about what material may or may not be appropriate, there are no such ratings in the publishing world. We trust that our students, with the help of their parents, can make appropriate choices for themselves.
