

# Meet the TEACHER

## about me

This will be my 18th year of teaching. I graduated from Texas Wesleyan University, with a bachelor's degree in Elementary Education. I taught fourth grade for six years in Arlington ISD, and this will be my twelfth year teaching first grade at ACA.

I am married to my wonderful husband Adrian, and we have a daughter that will be in seventh grade and twins (boy/girl) that will also be in third grade this year at ACA.

This will be a great year with so much to learn, and I am excited you are in my class!
