 - **Date requested.** This defaults to the date you clicked. You can change it.
 - **Start time.** Enter your scheduled start time for a full day. Enter the time your leave will begin for a partial day.
 - **Hours.** Enter the number of hours you are requesting leave for. Do not include the ½ hr unpaid lunch break. Example, leave requested from 10:00 AM – 2:00 PM would be recorded as 3:30, not 4:00.
 - **Days.** Will always default to 1 even if it is a request for a partial day. It identifies the “date” of leave. If you are requesting multiple days in a row, example PL for two days, enter a 2. If the leave involves a weekend break you must enter, for example, Wed – Fri as 3 and do a second leave entry for Mon-Tues as 2.
 - **Leave Code.** Select the leave code from the dropdown list.
 - **Description.** Enter a reason for the leave. It can be as simple as Sick Leave. Does not have to be detailed unless requested by your supervisor.
 - **Click on SAVE.** When you click on save the leave request shows as Pending and will be emailed directly to your supervisor for approval. You will receive an email back from your supervisor once the request is approved or denied.
 - **Deleting a leave request.** If the supervisor has not approved your leave request and it still shows as Pending you can right click on the word Pending and click Delete to remove your request. If the request has been approved you will need to ask your supervisor to delete the request.
