

Section 504 is the section of the federal Rehabilitation Act of 1973 which applies to persons with disabilities. Basically, it is a civil rights act which protects the civil and constitutional rights of persons with disabilities. For a student to qualify for Section 504 services, they must have a physical or mental impairment which substantially limits one or more major life activities, have a record of such an impairment, or are regarded as having such an impairment. Major life activities include such things as walking, seeing, hearing, speaking, breathing, learning, working, caring for oneself, and performing manual tasks. If a student meets the criteria, a Section 504 is created and implemented by parents and school staff. Please reach out to your building principal for concerns regarding your child and possible Section 504 planning.

Amy Kendall, Director of Special Education, also serves as the Spring Lake district 504 coordinator.
