About us

For almost 70 years, Miriam has provided an excellent education for students who learn differently. Today, Miriam School and Learning Center serves unique learners and their families through two programs:

The K-12 private school supports children with learning, speech/ language, sensory/motor, and attention challenges through a team approach, integrated therapies, small class sizes and specialized instruction. At the high school level, services also include preparation for the transition after high school to college, hands-on learning, vocational training, work, or other programs.

Each year, more than 1,600 children, ages 2-18, from 120 different private, public, parochial or home schools, turn to the Learning Center for specialized support services to meet their potential.

Why become a Miriam Sponsor?

Your generosity helps us to teach, advocate for, and empower students with learning challenges throughout the St. Louis Metro area in a way that offers them a hope-filled future. Your sponsorship provides an opportunity for you to:

- **Support the mission of Miriam**
- **Gain prominent exposure for your business/organization**
- **Take part in a convenient, one-time sponsorship process**

Sponsorship packages can be customized to meet your needs by contacting Alexis Warshaw at 314.962.6059 or awarshaw@miriamstl.org.
