SECTION I ATTENDANCE AND ABSENCES

Attendance Procedures

Inconsistent attendance and chronic absenteeism can negatively impact student learning as students miss valuable instructional time. The parent/guardian is charged by law with the responsibility for ensuring that students attend school regularly. The District's policies and procedures regarding attendance take into account the variables that affect children and families and emphasize the prevention and correction of the root causes of absenteeism. (Board Policy JE)

Absence

The regular school attendance of a child of school age is required by state law. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include illness, doctor appointment, mental or behavioral health, homelessness, bereavement, family emergencies, time necessary to process for the armed forces, out of school suspensions, and observance of major religious holidays of the family's faith. (Board Policy JH)

Whenever possible and appropriate, parents are requested to schedule non-emergency medical and dental appointments as well as family vacations outside of school hours or during breaks to allow students to benefit from valuable instructional time. (Board Policy JH)

Chronic Health Conditions

In order to identify a student with a chronic health condition the parent shall submit a written medical certification to the school health office, to include:

- Medical diagnosis
- Medical prognosis
- Physical limitations affecting physical education activities and requirements.
- Anticipated surgeries, treatment, or hospitalizations that, although not expected to cause sufficient absences to require homebound services, may interfere with regular school attendance
- Physician's signature and date signed
- Forms are available in the front office or health office. (Board Policy JHD-R)

Reporting an Absence

In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is caused by emergency, such as illness, the parent is expected to telephone the school office. When a student returns to school following any absence, a note of explanation from the parent is required.

When Absent from School

State law mandates that the school record reasons for all student absences. Therefore, when a student is absent, it will be necessary for the parent to call the school on or before the day of the absence in order to

advise the school as to the reason for the absence. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student's first class. All absences not verified by parental or administrative authorization will remain unexcused.

If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes.

For absences greater than one (1) day in length, the school should be notified on or before each day of the absence. If a student is absent for more than 10 or more consecutive days due to illness a doctor's note is required in order to excuse the absence.

All personnel will solicit cooperation from parents in the matter of school attendance and punctuality, particularly in regard to the following:

- A. The scheduling of medical and dental appointments after school hours except in cases of emergency.
- B. The scheduling of family vacations during school vacation and recess periods.

The school may require an appointment card or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature.

School administrators are authorized to excuse students from school for necessary and justifiable reasons. (Board Policy JH)

Tardies

The parent/guardian and the student share in the responsibility of the student arriving to class on time and being prepared to learn. Students arriving after the final morning bell are considered tardy and must report to the office for a pass to class. Tardies will be "excused" only when accompanied by written/verbal notification from the parent/guardian. All other tardies will be recorded as "unexcused" tardies.

Truancy

An unexcused absence will count as a "truant" day as defined by law. A student is "habitually truant" if the student has five or more unexcused absences from school. A student that is absent more than 10% (18 days) of the required number of school days per year is considered to have "excessive absences" whether or not the absence is "excused" or "unexcused." Students who are "habitually truant" or who are considered to have "excessive absences" may be adjudicated as an incorrigible child as defined by A.R.S. §8-201.

Parents/guardians will be notified daily when a student is not present at school. Written notification of absences will be sent home after 5 absences. A police citation may be issued after 10 unexcused absences. (Board Policy JHB)

SECTION II GENERAL INFORMATION

Alternative Education Placement

Students who refuse to comply with rules, refuse to pursue a required course of study or refuse to submit to authority of teachers, administrators or the Governing Board may be reassigned to an alternative educational setting by the principal or by the District. A student who has been placed in an alternative setting may not return to the regular school program without the approval of the administration.

Under certain circumstances, school administrators, in consultation with District officials, may assign a student to an alternative education program when the Range of Actions for behavior(s) identifies an action of long-term suspension or expulsion. (Board Policy JK)

Arizona Tax Credit

Arizona tax law (ARS 43-1089.01) allows taxpayers a credit for contributions made or fees paid to a public school for support of extracurricular activities. The credit is a dollar for dollar credit that is equal to the amount contributed or the amount of fees paid. However, the credit cannot exceed \$200 for single taxpayers or heads of household. For married taxpayers who file a joint return, the credit cannot exceed \$400. The tax credit can be claimed on personal income tax returns only. Contributions from businesses are welcome and are deductible, but cannot be used to claim a tax credit. Contributions made between January 1st and April 15th may be used as a tax credit on the current year or the previous year Arizona income tax return. Please consult your tax advisor. Now accepting tax credit donations online at <https://az-buckeye.intouchreceipting.com/>.

Athletics

BESD Athletics Sports Programs provide 6th-8th grade students, regardless of race, gender or ethnicity, opportunities to develop physically, mentally and emotionally in controlled, safe activities outside of the traditional classroom. Our sports programs enlighten students with a sense of belonging, self-worth, direction and confidence. Studies have shown that student participation in athletics has positive effects on school performance and adolescent development, fostering success later in life while promoting physical development and fitness. Parents/Guardians must sign a "Parent Consent for Participation" form in addition; provide proof of insurance as well as a physical exam before students can participate in interscholastic athletics.

Athletic Eligibility

All student athletes must abide by all regular school policies outlined in the student handbook, including dress code. No student athlete may participate in practice or compete until in school suspension, or out of school suspension are completed.

- A student must be in attendance at least 4.5 hours during their regular school day between 8:00/8:30 a.m. and 2:45/3:15 p.m. in order to participate in a practice or game. If extenuating circumstances arise, permission to play or practice may be given by the Athletic Director.

- All student athletes need a grade of C or better in each class, in order to remain eligible for athletics. Grade sheets will be signed by teachers every Monday or filed electronically, and will determine a player's eligibility for that entire week.
 - Ineligible players may practice with the team, but cannot participate in games.
 - Ineligible players may not travel with the team.
 - If a player is ineligible for three consecutive weeks, they may be dropped from the team.
 - Eligibility rules start the 2nd week of the season.

Behavior Supports

PBIS - Positive Behavior Interventions and Support

Improving student academic and behavior outcomes is about ensuring all students have access to the most effective and accurately implemented instructional and behavioral practices and interventions possible. All district staff receive training in Positive Behavior Intervention and Support (PBIS) that is a research-based, data-driven behavioral program. PBIS provides a systematic approach to teaching and recognizing appropriate behavior in schools. PBIS creates a more effective learning environment by making schools predictable, consistent, positive and safe. Goals for PBIS are:

1. To reduce behavioral incidents through teaching appropriate behavior
2. To eliminate lost instructional time due to the need to intervene in students' negative behavioral incidents
3. Creating a positive school climate through explicit instruction of positive behavior

Teaching and reinforcing expectations is achieved by establishing clear rules and routines throughout the school and using reinforcement procedures to recognize students with appropriate behavior. Buckeye Elementary School District has adopted four simple rules district-wide. They are: Be safe, Be respectful, Be responsible and Be kind!

Well-Managed Schools: Boys Town

The Well-Managed: Boys Town Education Model, a school-based intervention strategy emphasizes behavior management practices, relationship-building techniques, and social skills instruction. It offers the structures and strategies needed to reduce disruptive behaviors and empower students with self-management skills. The Well-Managed Schools Model has been implemented in hundreds of schools and school districts nationwide. Research shows that in classrooms where the Model is implemented with high fidelity, more students comply with teacher correction and stay academically engaged.

- Building Relationships
- Planned Teaching of Social Skills
- Preventative Prompts
- Guided Self-Correction
- Corrective Teaching (Re-Teaching)
- De-escalation Strategies
- Specific/Effective Praise

The Well-Managed: Boys Town Education Model coupled with PBIS would be a Tier one structure for student management. This Model gives students, teachers, staff members, and families the language to use when communicating expectations, procedures, and behavior.

Buckeye Family Resource Center

The Buckeye Family Resource Center is a partnership between First Things First and Buckeye Elementary School District and is located at 210 S. 6th St. directly behind Buckeye Elementary School. The Center serves the Buckeye community and its surrounding areas. The focus is on early childhood literacy, nutrition, health, and child-centered activities. Programs, resources and referrals are provided for family members of all ages and the community. To contact the Family Resource Center, call 623-925-3911.

Cell Phone (Wireless Communication Devices) Use By Students

****Wireless communication devices include but are not limited to, cell phones and/or auxiliary/ancillary devices such as watches and ear buds.***

Students may not use wireless communication devices during the school day. Wireless communication devices must be turned off and in a student's backpack or classroom cell phone locker during the school day. If a student needs to use a phone, they may use the phone in the main office or may use a classroom phone with a teacher's permission.

If a wireless communication device is audible, causes a disruption to the learning environment, or is used in manner deemed as inappropriate by a staff member, consequences may include but are not limited to one or more of the following:

- Detention.
- The item will be confiscated and returned to student and/or parent/guardian at the end of the day.
- The student will be required to check the item in at the front office at the start of the day and may pick up the item at the end of the school day.
- The student will be prohibited from bringing the item to school.

Depending upon the nature and severity of the violation, additional consequences may be imposed consistent with the Student Code of Conduct.

Student cell phones may be held as evidence by police in the investigation of a criminal matter.

Parents/guardians and students are required to sign the District's Wireless Communication Device Agreement if a student will be bringing a wireless communication device to school.

Child Abuse Mandatory Reporting

By state law, school employees must report suspected cases of child abuse to the Department of Child Safety and/or local law enforcement agencies.

Individuals required to report suspected abuse are protected by state law from civil or criminal liability.

Child Find and 45 Day Enrollment Student Screener

All Kindergarten and other new students transferring into the Buckeye Elementary School District will be screened within 45 days of the date of enrollment. The screening will be conducted to identify possible problems in the areas of vision, hearing, academic skills, cognitive development, psychomotor skills, communication, and social-emotional development. If screening results indicate areas of concern, the student will begin to go through the school's MTSS (Multi-Tiered Systems Supports) process, our Response to Intervention (RTI), which will determine if a comprehensive evaluation is needed.

Child Nutrition and Cafeteria Procedures

We are committed to providing every student in our school community all the tools they need to succeed, including nutritious meals. Families will need to complete a free/reduced lunch application each year in order to determine eligibility for free or reduced lunch. Application links will be shared with the community at the start of each year to ensure applications are completed. If you have questions for Child Nutrition, please contact our Child Nutrition Director at 623-925-3421.

All students will eat lunch in the school cafeteria, even if they bring their lunch from home. Students will consume all food and drink items in designated areas. Menus are distributed monthly and can also be viewed on the District website.

Communications

Our goal is to communicate with parents in a timely manner. Each school's telephone system functions from one incoming line. During non-school hours, please leave a detailed message and you will receive a call back as soon as possible.

Custody

In cases where custody or visitation affects the school, the school shall follow the most recent court order on file with the school. It is the responsibility of the custodial parent or parents having joint custody to provide the school with the most recent court order. Restraining orders, court orders and injunctions can only be modified or rescinded by a court. It is recommended that custody agreements, approved by a court outside of Arizona, be registered with the local court system.

Dances

The Middle School dances are for 6th through 8th graders ONLY. Students must be currently enrolled at the school site to attend the dance.

Dress Code

The District encourages students to take pride in their attire as it relates to the school setting. Students should dress in a manner that, in addition to the following guidelines, takes into consideration the educational environment, safety, health, and welfare of self and others. Students arriving at school improperly dressed will

be sent to the office, and if possible, parents will be notified to bring a change of clothing. If a parent/guardian is unable to provide a change of clothes, the school may provide alternative clothing to borrow.

- Students must wear a shirt with pants or skirt or the equivalent (dress, leggings, or shorts).
- No oversized, bagging, or sagging pants, shorts, or shirts are allowed. Students must wear clothing that fits.
- Clothing must not be see-through and must cover a student's undergarments, chest and torso, when standing or sitting. Students must wear shirts that cover the back, stomach, and shoulders. Bare backs, stomachs, or shoulders are not permitted on campus or at any school activity. Strapless or backless dresses or blouses, halter tops, tank tops, or garments that reveal bare shoulders are not permitted on campus or at any school activity.
- Shoes must be worn at all times. Closed shoes are to be worn for any type of physical activity, such as physical education, etc. Wheeled shoes are not permitted.

- No item of attire shall carry any racial or ethnic statements in picture or by printed word.
- Students may wear clothing, accessories and jewelry that display religious messages or religious symbols in the same manner and to the same extent that other types of clothing, accessories and jewelry that display messages or symbols are permitted.
- Subject to the above, no hats, bandannas, other head coverings, or sunglasses may be worn in a classroom or school building, except for properly approved occupational safety headgear required for special classes or if authorized by a school administrator or authorized/prescribed by a medical professional.
- Students may not wear clothing, accessories and/or jewelry with images, symbols, slogans, words or phrases that are profane, discriminatory or defamatory or that is worn with the intent to convey affiliation with a criminal street gang as defined in A.R.S. 13-105.

- Obscene language or symbols of drugs, sex, alcohol, or weapons on clothing are prohibited. Items of clothing or other personal items will not carry the inference or logos of, or suggest the use of any controlled substance. This shall include, but is not limited to, tobacco products, alcohol, marijuana, drug items, or related products such as paraphernalia. Clothing or accessories with messages referring to death, violence, Satanism, racism, or sex may not be worn on campus or at any school activity. Clothing or accessories that create an atmosphere of threat, intimidation, or undue pressure may not be worn on campus or at any school activity.
- Clothing or accessories that cause a material and substantial disruption or interference with teaching or the orderly operation and discipline of the school or school activities are not allowed.

Please note: It may become necessary to modify the dress code or personal property code to include additional items at the judgment of the administrator. Students who volunteer for extra-curricular activities, such as athletics, band, chorus, etc. are subject to the standards of dress as defined by the sponsors of such activities.

Leadership Clubs

Every school campus has extra-curricular organizations for students to learn leadership and strategic planning skills. Student Councils and Leadership Clubs provide the opportunity to foster civic leadership and develop student-created action plans to have a positive impact on the school community.

Extra-Curricular Activities

All students must abide by all regular school policies outlined in the student handbook, including dress code. No students may participate in any extra-curricular activity until an in-school suspension or out of school suspension are completed. Students must be in attendance for at least 4.5 hours on the day of any extra-curricular activity to participate in the activity that day.

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

Notice of Directory Information to Parents

The Family Educational Rights and Privacy Act requires that the Buckeye Elementary School District (BESD), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, BESD may disclose appropriately designated "directory information" without written consent, unless you have advised the school district to the contrary in accordance with BESD procedures. The primary purpose of directory information is to allow the District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings, or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESSA), to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want BESD to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify your school's principal in writing by September 10th. The Buckeye Elementary School District has designated the following

information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Date and place of birth
- Major field of study
- Dates of attendance
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Awards received

Parents are encouraged to contact their school with any questions or concerns about FERPA. Parents also have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202.

Field Trips

Parents are encouraged to make payments for field trip fees online at <https://az-buckeye.intouchrecepting.com/>. Alternatively, the fees can be collected at the participating student's school. All field trip fees should be paid and received by the District on or before the due date to ensure the student can participate in the event. The District will make every effort to honor requests for refunds; however, refunds may not always be possible if the expenditures for the field trip have already been incurred on behalf of the participating student or if paid by a tax credit. Tax Credits are nonrefundable.

Gifted

The Buckeye Elementary School District is committed to meeting the academic and social needs of its gifted and talented students. The District is charged with supporting these unique learners, and is dedicated to assuring differentiation, enrichment, and acceleration whenever appropriate, as well as continuing to shape a program that evolves in response to need. We encourage you to contact your building principal about supports in place at your school or the BESD Gifted Coordinator regarding Learning Unlimited, a 6-8 grade self contained District program for qualifying students.

Grading/Assessment System

Teachers will confer with parents when necessary concerning academic progress and discipline of students. A variance of more than one (1) letter grade from the student's normal performance (e.g., A to C, B to D) will trigger a parental contact. Teachers will report to parents on students' conduct, scholarship, attendance, or excessive tardiness. (Board Policy IKA)

Gum

For public health and building maintenance, absolutely no gum/gum-chewing will be allowed on campus. Help us to respect our environment by keeping gum off our campuses.

In compliance with Arizona Revised Statute §15-341 regarding victim rights, all Buckeye Elementary School District students have the right to attend school without the fear of being harassed, intimidated or bullied. Harassment, intimidation or bullying is generally defined as making someone worry, feel tormented or troubled. Forms of bullying include verbal or physical harassment; sexual, ethnic, racial or religious harassment; and hazing of other students. Harassment, intimidation or bullying of any kind will not be tolerated in district schools. Retaliation in any form for the filing of a harassment, intimidation or bullying complaint is expressly prohibited.

The Governing Board believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Board further believes a school environment inclusive of these traits maximizes student achievement, fosters student personal growth, and helps students build a sense of community that promotes positive participation as members of society.

The District, in partnership with parents, guardians, and students, shall establish and maintain a school environment based on these beliefs. The District shall identify and implement age-appropriate programs designed to instill in students the values of positive interpersonal relationships, mutual respect, and appropriate conflict resolution.

To assist in achieving a school environment based on the beliefs of the Governing Board, bullying, harassment or intimidation as defined by this policy will not be tolerated.

SEC.1032;, Education for homeless children and Youths. Subtitle B of Title VII, McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).

1. Each State educational agency shall ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youths.
2. In any State that has a compulsory residency requirement as a component of the State's compulsory school attendance laws or other laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youths, the State will review and undertake steps to revise such laws, regulations, practices, or policies to ensure that homeless children and youths are afforded the same free, appropriate public education as provided to other children and youths.
3. Homelessness alone is not sufficient reason to separate students from the mainstream school environment.
4. Homeless children and youths should have access to the education and other services that such children and youths need to ensure that such children and youths have an opportunity to meet the same challenging state student academic achievement standards to which all students are held.

The term "homeless youth" means individuals who lack a fixed, regular and adequate nighttime residence due to economic hardship. Homeless status is determined in cooperation with parents or, in the case of unaccompanied youth, the local educational agency liaison. Additional information regarding the

Preschool Program

Our mission is to lay the foundation for our preschoolers to be passionate about learning, ready for kindergarten, and set them up for success in receiving a world class education. Students are provided opportunities to problem solve, interact with peers, identify emotions and learn to self-regulate and become more independent thinkers. Students grow cognitively through developmentally appropriate practices based on the Early Learning Standards. Growth and development are measured through Teaching Strategies Gold. Students gain these skills through intentional play, vocabulary enrichment, consistent schedules, circle time, developmentally appropriate centers, and individualized lessons with their teacher and various staff. Through intentional play our students learn to follow instructions, practice active listening, sharing, taking turns, negotiating and cooperating skills. We make learning fun! If you have any questions about our preschool program, please contact the preschool at 623-925-3333 or the district website, www.besd33.org.

Promotion Standard (8th grade)

The teacher shall base the decision to promote an 8th grade student achievement of at least five (5) of the following seven (7) criteria (Board Policy IKE-RC):

- Achievement of class assignments, projects, and tests
- Attendance
- State Standards
- Achievement on state mandated tests
- Teacher recommendation
- Consistent effort/below-grade-level performance
- Successful completion of summer school

Participation in 8th grade promotion activities is a privilege, not a right. Students unable to meet academic or behavioral expectations may lose the ability to participate in promotion activities.

Report Cards and Progress Reports

Each school will report students' progress to the students and to their parents or guardians as appropriate. The reports will be clear, concise, and accurate, and will provide a basis of understanding among teachers, parents, and students for the benefit of the individual students (Board Policy IKAB). The following specific requirements are established:

- Parents will be informed regularly, and at least eight (8) times a year, as to the progress their children are making in school.
- Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration.

Retention

- Promotion from year to year will be based upon standards for each basic subject area as identified in the course of study.
- The District standards that students must achieve shall include accomplishment of the standards in reading, written communication, mathematics, science, and social studies adopted by the State Board of Education.
- In addition to these standards, test scores, grades, teacher-principal recommendations, and other pertinent data will be used to determine promotion.
- Retention of students is a process that is followed when the professional staff, in consultation with the parent, determines it to be in the best interest of the student. Though primary grades are suggested as the most appropriate time, retention may be considered at any grade level.
- When circumstances indicate that retention may be in the best interest of the student, the teacher will notify their administrator and start the retention data collection process no later than December. Parents will be notified in writing no later than January that the teacher is considering retention.
- The student's academic achievement level and mental ability are important, but physical and social characteristics are also important factors. A decision should be based on sufficient data collected over a period of time and motivated by a desire to place students in school programs where they will be successful.

A.R.S. 15-521.10 states that every teacher shall make the decision for promotion or retention of students. Parents do not have the authority to overturn the decision of the teacher. If a parent or guardian chooses not to accept a decision of the teacher as provided in A.R.S. 15-521.10, the parent or legal guardian may request, in writing, that the Governing Board review the teacher's decision. Parent requests for review of student promotion or retention shall be forwarded, in writing, to the principal's office within ten (10) weekdays from the last day of the school calendar year. The principal will request review at the next regular Board meeting. The principal shall notify the parents of the decision of the Governing Board within five (5) weekdays thereafter (Board Policy IKE).

- Is an English Learner (EL) who has received less than three years of English language instruction.
- Is in the process of a special education referral or evaluation for placement in special education, or has been diagnosed with a significant reading impairment, including dyslexia, or is a child with a disability and the IEP team agrees promotion is appropriate.
- Demonstrates sufficient reading skills or adequate progress toward sufficient reading skills through a collection of reading assessments.
- Receives intervention and remedial services during the summer or subsequent year and demonstrates sufficient reading progress.

School Council

School councils (formerly called site councils) were enacted in 1994 by the Arizona legislature to "ensure that individuals who are affected by the outcome of a decision at the school site share in the decision making process" (ARS 15-351(A)). School councils are comprised of school administrators, staff, parents, students, and community members. School council members work together to provide input regarding decisions that are implemented and effective for the site. These decisions focus on helping students and the organization as a whole. Reaching consensus means that all members of the council give general agreement or approval on an issue. If consensus cannot be reached, the principal is responsible for making the final decision.

School Emergency Response Procedures

Each school in the Buckeye Elementary School District has an emergency plan to respond to unforeseeable events. The plans include responses to a variety of scenarios including lockdown, shelter-in-place, and evacuation procedures. In addition, each plan is updated annually by the school emergency response team and followed up with training for staff members.

The following information is requested of all parents and students to enhance communication in the event of an emergency or crisis situation: home, work, and parent/student cell phone numbers, as well as home and work (when permissible) email addresses.

Search and Seizure

Order, safety and security are essential to a productive learning environment. When the learning environment is threatened by the presence of contraband, school officials have a responsibility and the authority to search for and obtain the contraband from students or non-students if there is reasonable suspicion that the student or non-student possesses such contraband.

Sex Offender Notification

A.R.S §13-3825, §13-3826 Sex Offender Community Notification

Arizona statutes require law enforcement agencies notify school districts regarding certain registered sex offenders and juveniles adjudicated delinquent for "dangerous offenses" or certain sex offenses. School offices will maintain and provide access by request to all records received from the local law enforcement agency to staff members, parents, students, guardians, or custodians when the District has been notified that a registered offender has moved into the community. Contact your school office for more information.

Special Programs/Education

Americans with Disabilities Act (ADA) and Section 504

Section 504 is civil rights legislation that prohibits discrimination against persons with a disability in any program receiving federal financial assistance. This legislation defines a person with a disability as anyone who has a mental or physical impairment that substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment. The District has specific responsibilities under this legislation that include identifying, evaluating, and if the child is determined to be eligible under Section 504, affording access to a free and appropriate public education. For further information, please contact the Director of Special Programs, Buckeye Elementary ADA and 504 District Compliance Officer, (623)925-3405.

Federal and state law requires school districts, charter schools and other public education agencies to provide a free, appropriate public education to eligible children with disabilities. This free, appropriate public education refers to special education and related services described in an Individualized Education Program and provided to the child in the least restrictive environment. Children with disabilities, and their parents, are guaranteed certain educational rights, known as procedural safeguards, from birth to age 22. The law and its implementing regulations also provide methods to help you assure that your input is considered. For a copy of the procedural safeguards call the District's Special Education Department at (623)925-3405.

If your child is having difficulty in school, please check with the teacher to determine what interventions have been tried to help your child succeed. If the interventions are unsuccessful, a referral for special education evaluation may be necessary. You may contact the school administrator or school psychologist if you wish to make a referral personally.

If special education disabilities are suspected, we are required to evaluate your child to identify and document whether your child has a disability that affects his or her learning and, if so, to determine what special

education and related services are required, if any. The evaluation will be done only after a team has explained what they plan to do during the evaluation. The team will use tests and procedures selected specifically for your child.

This evaluation will be conducted according to federal and state requirements and will include information you provide. Following the evaluation, we will provide you the complete results within 60 calendar days of your informed written consent.

If your child is found to be eligible for special education services, we request that you serve as part of a team to help us develop an Individualized Education Program and identify the special education and related services your child needs. You may ask others to be present at the IEP meeting if you wish.

Parent Rights and Responsibilities:

Student education records. Parents have the right to inspect and review all educational records, which is guaranteed by the Family Educational Rights and Privacy Act.

Destruction of education records. The District destroys all psychological and special education records on students three years after those students have been removed from special education, have been withdrawn from the District, or have been promoted.

Student Arrival and Dismissal

In order to maintain a safe, orderly school, everyone is expected to follow safety guidelines for dropping off and picking up students. Please use the designated areas for drop-off and pick-up of students. Teachers will supervise students for a few minutes after dismissal time; however, it is important that students be picked up promptly at their dismissal time. Please do not drop students off in the bus pick-up and drop-off zone. Students are expected to cross the street, in the crosswalk, or with a crossing guard. Please do not leave your car unattended if it is not in a parking space.

Student Concerns, Complaints, and Grievances

The Superintendent is directed to establish procedures whereby students with sufficient concern may present a complaint or grievance regarding a violation of their constitutional rights, equal access to programs, discrimination, or personal safety provided that:

- A. The topic is not the subject of disciplinary or other proceedings under other policies and regulations of the District, and
- B. The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

A complaint or grievance may be raised regarding one (1) or more of the following:

- A. Violation of the student's constitutional rights.

- B. Denial of an equal opportunity to participate in any program or activity for which the student qualifies not related to the student's individual capabilities.
- C. Discriminatory treatment on the basis of race, color, religion, sex, age, national origin, or disability.
- D. Concern for the student's personal safety.

Refer to Board Policy JICK for procedures applying to a complaint or grievance that alleges incidences of student violence, harassment, intimidation, or bullying.

The accusation must be made within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint or grievance. The initial complaint or grievance should be made using form JII-EA; however, a verbal complaint or grievance may be made to any school staff member. The receiving staff member shall immediately inform an administrator of the complaint or grievance.

When the initial complaint or grievance is submitted in a manner other than on the prescribed form, the administrator shall obtain from the student the particulars of the accusation and complete form JII-EA immediately thereafter. The administrator shall especially note all student-provided particulars determined by the Superintendent to be necessary for the complaint or grievance to be investigated. Any question concerning whether a complaint or grievance falls within this policy shall be determined by the Superintendent.

If the receiving school administrator is included in the allegation, the complaint or grievance shall be transmitted to the next higher administrative supervisor. Failure by the staff member to timely inform a school administrator or next higher administrative supervisor of a student's allegation may subject the staff member to disciplinary action. The staff member shall preserve the confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

A student or student's parent or guardian may initiate the complaint process by completing Exhibit JII-EA.

A complaint or grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint.

To assure that students and staff are aware of its content and intent, a notice of this policy and procedure shall be posted conspicuously in each school building and shall be made a part of the

rights and responsibilities section of the student handbook. Forms for submitting complaints are to be available to students, staff and parents or guardians in the school offices.

Disposition of all complaints or grievances shall be reported to the Superintendent and the compliance officer for discrimination if other than the Superintendent. The Superintendent will determine if the policies of the District have been appropriately implemented and will make such reports and/or referrals to the Board as may be necessary.

The Superintendent shall develop procedures for the maintenance and confidentiality of documentation related to the receipt of a student's complaint or grievance, findings of the investigation, and disposition of the matter. The documentation shall not be used to impose disciplinary action unless the appropriate school official has investigated and determined there was an actual occurrence of the alleged incident.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

When District officials have a reasonable belief or an investigation reveals that a reported incident may constitute an unlawful act, law enforcement authorities will be informed.

Student Information, Message, and Phone Usage

When students are injured or sick, every effort will be made to contact parents. It is the parent's responsibility to keep the school office and your child's teacher informed of any changes in home, emergency, or work phone numbers. Students may only use the designated phone in the office for emergencies. Reasons for denial of student use of school phones include but are not limited to: going to a friend's house, having a friend come over, calling another friend, etc.

Student Records

FERPA gives a parent the right to inspect, review and seek correction to their child's educational records. Copies of this policy are on file in each school office and at the Buckeye Elementary School District Office. If you wish to review your child's record, you may ask the school principal to set up a convenient time for such a review. If your child is enrolled in a special education program, contact the Director of Special Education to arrange the review. If, after reviewing the records, you feel the information on your child's records is inaccurate, misleading or otherwise in violation of the privacy rights of your child, you may request the deletion or modification of the records or enter into the records your own statements of clarification or explanation.

Upon reaching the age of 18, a student has all the legal rights and responsibilities previously given to a parent or legal guardian. Parents who claim a student 18 years or older as a dependent may still have access to records.

Student records may be released to authorized district personnel or another school that the student wishes to attend. Student records will be released to others only with the signed and dated request of the person legally responsible for the student.

Student Sign Out and Sign In During School Hours

Sign Out: Only adults listed on your student's registration with permission to release will be allowed to sign a student out of school. All adults will be required to provide photo ID before your student can be released.

Please refrain from picking up your student within 15 minutes of their school's regular dismissal time.

Sign In: Students must be signed in through the office during school hours.

Technology

Use of the electronic information services (EIS) requires that the use of the resources be in accordance with the following guidelines and support the education, research, and educational goals of the District.

- Agree not to submit, publish, display, or retrieve any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material.

- Understand that electronic mail or direct electronic communication is not private and may be read and monitored by school employed persons.
- Not use the network in any way that would disrupt the use of the network by others.
- Not use the EIS for commercial purposes.
- Follow the District's code of conduct.
- Not attempt to harm, modify, add, or destroy software or hardware nor interfere with system security.
- Understand that inappropriate use may result in cancellation of permission to use the electronic information services (EIS) and appropriate disciplinary action up to and including expulsion for students.
- Accessing or downloading VPNs or other proxy-avoiding extensions with the intent of bypassing district security features and filtering is prohibited.

To support the educational program, students may be assigned access and responsibility for electronic devices including laptops. The device is only being loaned to the student and it remains the property of the District. The device must be returned to the District in working order with all accessories upon the earlier of: (i) withdrawal from the District or transfer to another district school, (ii) a request from the school, or (iii) the end of the school year. The student must use the device in compliance with the rules in Governing Board Policy IJNDB – Student Technology Use (and its regulation) and the Student/Parent Handbook. The student and parent acknowledge that violation of the rules may result in a loss of use of the device and further disciplinary action.

It is expected that the student will properly care for and use the device. Student/Parent/Legal Guardian are responsible for the cost to repair any intentional damage, vandalism, or inappropriate handling as determined by the school administrator.

Accidental damage (as determined by the school administrator) will follow the protocol listed below.

1st repair - Cost covered by District

2nd repair - Cost shared 50-50 between District and Student/Parent or Legal Guardian

3rd repair - Cost covered by Students/Parent or Legal Guardian

The student or parent must notify the school immediately if the device is lost, damaged, destroyed or stolen. If the device is stolen, the theft must be reported to a law enforcement agency and a copy of the police report must be delivered to the school.

Each year paperwork will be signed by parents and students indicating an understanding of the responsibilities associated with student use of technology.

Textbooks, Agendas, and School Resource Responsibility

All textbooks, student agendas, and student resource materials are loaned to students for their use during the school year. Students will be asked to pay for any books lost or unnecessarily damaged. Student agendas are to be brought to school daily. The agenda is a communication tool between the student, parent, and teacher.

Tobacco Free District

Under federal law since 1994, smoking is prohibited in any kindergarten through 12th grade (K-12) school serving children under the age of 18 years if federal funds are used. Many states also have laws that restrict the commercial use of tobacco products, including electronic smoking devices, in public K-12 schools. As the commercial use or promotion of tobacco products on district property and at off campus school- or district-sponsored events or meetings is detrimental to the health and safety of students, staff and visitors, it is critical that the Buckeye Elementary School District properly regulate such products. In addition, given the addictive nature of these products (many of which contain nicotine), the district supports students and staff who are addicted to tobacco products and address violations of this policy with a focus on recovery and reduction of tobacco product addiction and dependence as well as avoiding lost instructional time for students. The Buckeye Elementary School District has an obligation to protect the health and safety of students, staff and visitors and is acutely aware of the serious health risks associated with the commercial use of tobacco products to users and non-users. We believe that prohibiting the commercial use and promotion of tobacco products on Buckeye Elementary School District property, at any off-campus school- or district-sponsored event or meeting and in District vehicles protects the community from the harms of secondhand smoke and aerosol exposure, as well as promotes tobacco product-free norms.

Transportation

Bus stop location, pick-up time, drop-off time and bus rules are available upon request at the school office. Students are expected to be safe, respectful, responsible and kind while riding the bus. For example, students Keeping hands, feet, and objects to themselves, keeping voices low, sitting while on the bus, and staying in their seat while the bus is moving are all expectations of safety for students who ride. Food and drinks are not allowed on the bus in order to maintain a clean environment for all who ride the bus. Student transportation services are a privilege and not a right and the Buckeye Elementary School District may withdraw bus privileges from any student who fails to follow the bus rules or directions given by the bus driver or other adult supervisor. If you have any questions or concerns in regards to transportation, please contact your school office or the Transportation Coordinator at 623-925-3440.

Volunteering in our District

Buckeye Elementary School District #33 encourages our parents/guardians and community members to volunteer in our schools. Involvement can include assisting in the classroom with students, joining PTA, helping PTA with an event or activity, chaperoning a field trip, and/or assisting our schools where needed.

All volunteers must have a **valid** Arizona fingerprint clearance card. We appreciate your understanding as we take measures to ensure the safety of our students and schools. Volunteer Fingerprinting is scheduled quarterly; and is held at the District Office. It is by *appointment only*; plan accordingly. Please visit our district website to view and sign-up for our quarterly fingerprinting dates on our Volunteer Fingerprinting SignUp Genius page. The fingerprinting service is provided at no cost to you. Photo Identification will need to be provided when fingerprinted. Please note, the process for receiving information from Arizona Department of Public Safety (AZ DPS) does take time. It can take them upwards to 6-8 weeks to process and clear fingerprinting applications. Volunteering *cannot* begin before your AZ fingerprint clearance card is received. Once you receive your AZ fingerprint clearance card in the mail, please notify the school site you want to volunteer at. The school front office will then direct you to follow the process below.

To volunteer: (with a valid AZ fingerprint clearance card)

1. Please arrive at your school with a Photo ID, and valid AZ fingerprint clearance card. Your school front office will make copies of your cards, in order to add you to our main BESD #33 Volunteer roster.
2. Volunteer applications and Orientation forms are available at the front office of our schools.
3. For the safety of our students, volunteers must be over 18 years of age.

Additional questions on volunteering in the Buckeye Elementary School District #33, please email: volunteer@besd33.org. Thank you for your time and commitment to our students, staff, and our district.

Visitors to Campus or Classroom/Student Observations

The Buckeye Elementary School District recognizes the importance of parent involvement. As a result, parent observations of the classroom are welcome. Classroom observations must be non-impacting to the academic calendar and student learning and must be scheduled at least 2 academic days in advance and be a mutually agreed upon date and time unless the teacher's schedule permits an earlier visit. Visitors are not permitted to tour or observe classrooms during designated blackout dates (e.g., during state assessment testing). All visitors and observers are expected to be respectful of the learning environment and shall avoid interacting

with students or staff during classroom observations. In visiting a classroom, parents must realize that the teacher's first responsibility is to the class as a whole, and the teacher will be unable to converse at any length with the visitor. If a conference is desired, arrangements will be made by the teacher for an appointment with the parent either before or after school hours.

The procedure for a parent to participate in observing in their child's classroom is as follows:

All visitors are required to:

1. Sign in at the front office;
2. Present a photo ID;
3. Be listed as an parent or guardian, or be accompanied by a listed parent or guardian, as listed in the school's Student Information System (SIS) (for currently enrolled students) or be an approved visitor with a scheduled tour (for prospective students);
4. A staff member will accompany the visitor for the duration of their visit or observation as deemed appropriate by the campus principal;
5. Visitors are prohibited from assisting students with their work;
6. Visitors are not permitted to take pictures, record video, or record audio during the visit or observation;
7. Sign out when leaving the campus.

While BESD supports parental observations, we have also established this procedure to ensure that observations are coordinated and do not negatively impact the integrity of the academic schedule or the teacher's ability to provide meaningful instruction to students. Outside agencies and service providers must be accompanied by a parent or guardian and follow the above procedures for observing a student in a classroom.

Visitors and volunteers will be authorized at the discretion of the campus principal and may be limited in accordance with mitigation measures addressing any current public health needs. BESD requests that visitors and volunteers feeling ill refrain from coming to campus and follow the illness policy in this handbook.

SECTION III STUDENT CODE OF CONDUCT

Buckeye Elementary School District Discipline Philosophy

The Buckeye Elementary School District is committed to a positive, respectful, inclusive climate in every school that promotes academic achievement, ensures safe and drug-free learning communities, provides positive behavior support, ensures equitable outcomes in discipline, and maximizes the time students spend in school.

Recognizing that student discipline practices are closely related to student achievement, the District supports school practices that:

- Are well researched and result in safer schools focused on improved student achievement, improved student attendance, and increased student accountability;
- Provide consistency, fairness, interventions, and consequences across all schools in the district;
- Eliminate disparities in applying discipline by assuring equitable interventions and consequences across all racial and ethnic groups, by gender, among those with disabilities and other protected classes;
- Define, communicate, and teach expectations for student behavior;
- Define and communicate expectations for staff responsibilities related to student conduct and discipline;
- Balance the needs of the student, the needs of those directly affected by a student's behavior, and the needs of the overall school community;
- Engage parents/guardians early in the disciplinary process; and
- Facilitate students, staff, parents/guardians and the community working together to provide both academic and non-academic support to students.

Student Conduct Guiding Principles

Proper student conduct, reinforced by an effective discipline program based on best practices and cultural responsiveness, is essential to creating and maintaining a positive, respectful, and inclusive school climate. A positive, respectful, and inclusive school climate is the mutual responsibility of:

- District staff, who are expected to create an environment for student success using principles of positive behavior support/effective discipline practices and cultural competency in managing student conduct;
- Students, who are expected to learn to function effectively in a school environment, learn the consequences of behavior, develop self-discipline and take responsibility for their actions;
- Parents/Guardians, who are expected to take an active role in school efforts to implement positive behavior supports and to work with schools to address their students' needs; and
- The community, whose partnerships are encouraged and welcomed in supporting appropriate student behavior.

Students are expected to comply with the authority of District staff as granted by law and with District standards of conduct including the school-based Student Conduct and Discipline Plan. Students are expected to conduct themselves in an orderly manner at school during the school day and during school-sponsored activities.

Discipline Guiding Principles

- Discipline should be timely, fair, developmentally appropriate, and match the severity of the student's misbehavior.
- Discipline should teach students to behave in ways that contribute to academic and behavioral success, and to support a school environment where students and staff are positive, respectful and inclusive.
- Discipline should prevent misbehavior before it occurs, and use effective interventions after it occurs.
- Discipline should be used to support students in learning the skills necessary to enhance a positive school climate and avoid negative behavior. School discipline that is paired with meaningful instruction and guidance offers students the opportunity to learn from their mistakes and contribute to the school community, and is more likely to result in getting the student re-engaged in learning.

- The District and schools shall make every reasonable effort to first correct student misbehavior through family and school-based resources. These efforts involve analyzing individual student needs and adult responses, developing preventive and responsive interventions for students and providing disciplinary and educational alternatives when appropriate.
- Discipline should start at the lowest possible level reasonably calculated to change the student's behavior and to minimize the loss of instructional time; involving reteaching expectations to students and providing consequences when needed. District administrators are authorized to expel students from schools pursuant to District policies and administrative directives. However, unless there is extreme disruption of the educational process or behavior that poses a danger to persons or property, exclusionary discipline practices (i.e. suspensions) should be the action of last resort.
- Discipline in Buckeye Elementary School District maintains an approach that is both aligned with Arizona Revised Statute and Board policy. Therefore, discipline of students in grades K-4 aligns with the expectation that students must be afforded behavioral interventions that support, teach, and model expected behaviors prior to implementation of an out-of-school suspension. School Principals are aware that this is the case and will follow specific steps to ensure that students receive documented, appropriate levels of support prior to use of out-of-school suspension as behavior management strategy. Incidents involving possession of weapons, sale/use of dangerous drugs or which endanger the health/safety of others may result in immediate suspension prior to implementation of behavior supports.

Monitoring and Accountability

Ongoing monitoring of student data shall be used to ensure that equitable school-based practices are implemented in a fair, non-discriminatory, and culturally responsive manner. Data monitoring shall be presented in a manner that is transparent and accessible to administrators, teachers, and the general public.

Implementation

The District will provide to staff, students and parents rules that outline student rights and responsibilities, behavioral expectations, and possible disciplinary actions. The implementation of the District's discipline procedures will be consistent with related Federal and State law, and District policies. Buckeye Elementary School District promotes a peaceful school atmosphere where every student should be safe from any kind of violence. Students must be held accountable for their actions and be given appropriate consequences for their behavior. Per Governing Board JKD, there is no appeal available concerning a short- term suspension.

- A teacher may remove a student from the classroom who is unruly, disruptive or abusive. (ARS §15-841.A.2)
- A school may reassign a student to an alternative program if the student refuses to comply with rules or refuses to submit to authority. (ARS §15-841.F)
- A student may be expelled for continued open defiance of authority, continued disruptive or disorderly behavior, violent behavior that includes use or display of a dangerous instrument or a deadly weapon as defined in section §ARS13-105.12, use or possession of a gun, or excessive absenteeism. (ARS §15-841.B)
- A school may refuse to admit any student who has been expelled from another educational institution or who is in the process of being expelled from another educational institution. (ARS §15-841.C)

Due Process

Students involved in any type of disciplinary problem must enter the process at the preliminary investigative point where either guilt or innocence of charges is determined. Dependent upon the seriousness of the offense, the student must be accorded the following basic rights.

- Notice of the charges, nature of the evidence supporting the charges and the consequences if the charges are proven true.
- Notice of a right to a hearing at which time he or she may respond to the charges.
- A fair hearing, including the right to present witnesses and evidence.
- A fair and impartial decision.

Jurisdiction During After School Hours/Off Campus Misconduct

We believe in supporting safe, responsible, and respectful behavior of our students in our community. According to Arizona law (ARS §15-341), the Governing Board also has the authority to discipline students for disorderly conduct on their way to and from school. The Governing Board gives this responsibility to the local school administration. The Governing Board also gives the school administration authority to discipline students for disorderly conduct and other offenses at school-sponsored activities.

The Student Disciplinary Code and all penalties may apply to conduct off campus that may endanger the health or safety of students within the school setting or substantially interfere with the educational process. Examples of off campus misconduct which may be subject to discipline include, but are not limited to: illegal activity, threats of violence, alcohol possession/use, fighting, hazing, drug possession/use or sales, firearm possession, violent offenses, robbery, burglary, arson and sexual assaults. Students may be subject to the full range of disciplinary penalties for off campus misconduct, including, but not limited to: suspensions, expulsions, alternative placement, detentions, reassignment of class schedule, as well as removal from participation in extracurricular activities, such as sports teams, club sports, student council positions, class trips, class, 8th grade promotion activities and promotion ceremonies.

The Buckeye Elementary School District may pursue disciplinary action against students for trespassing violations and acts of vandalism to district/school facilities and property when occurring during after school hours, weekends, holiday breaks and summer recess. Restitution will be sought for property damage and loss.

Student Consequences for Misconduct

The Buckeye Elementary School District utilizes a progressive discipline approach, i.e., consequences for first offenses are less than that for any subsequent offense. In response to student violation of the Behavioral Standards and Expectations, the School may take actions that include, but are not limited to, the following:

No Action

No Action Taken	No action was taken by the LEA in response to the incident.
-----------------	---

Actions Taken with Due Process

The right to due process in disciplinary proceedings is applicable in all instances where the behavior of the student is being evaluated for possible suspension or expulsion. The student must always be treated with fundamental fairness, has a right to be fully informed about his/her alleged breach of behavior and must be provided with an opportunity to respond to such charges.

Appeal Review	<p>When an appeal under Sec 615(k)(3) has been requested by either the parent or the LEA , the state or LEA shall arrange for an expedited hearing, which shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.</p> <p>IDEA 2004 [615(k)(4)(B)]</p>
Discipline Hearing	<p>An official meeting that is held to gather facts about a disciplinary action imposed on a student. This hearing is often done with a designated disciplinary hearing committee, one or more hearing officers, or school board.</p>
Individualized Education Program (IEP) Team Meeting	<p>The IDEA federal regulations mandate that certain disciplinary actions by schools trigger the need for an IEP team meeting when:</p> <ul style="list-style-type: none"> ● A student is suspended for ten consecutive days in a school year ● A student is considered for expulsion <p>The IDEA regulations are not fully included here, but in brief, they require that, IEP team meetings held to address disciplinary issues must perform these tasks:</p> <ul style="list-style-type: none"> ● Review the child's IEP to determine if it contains all of the required parts. ● Determine if the IEP is appropriate, given the child's behavioral needs. ● If the IEP is not appropriate, the team must develop appropriate goals, objectives, a behavior intervention plan, and support services such as counseling, referral to area mental health services, or other appropriate service to address any deficient areas on the plan. ● Determine if the educational setting is appropriate for the child. <p>Does the child need a more structured environment, an alternative program, day treatment, or other program? If the setting is not appropriate, the team must provide an appropriate placement.</p> <ul style="list-style-type: none"> ● Determine if the child's behavior is related to his disability. If the child's behavior is related to his disability, schools are not to continue suspending or expelling the student without providing special education services that are required by the IEP. Instead, they must

	<p>focus on providing an appropriate program to accommodate the disability. Schools are required to provide a full continuum of educational placements to meet a broad range of needs. (About.com: Learning Disabilities)</p> <p>Schools must ensure that regardless of suspensions or expulsions:</p> <ul style="list-style-type: none"> ● Special education students receive the same services that regular education students receive during suspension or expulsion; ● Special education services receive services required by the IEP; and ● Services are provided in appropriate settings. ● Special circumstances exist when students are disciplined for weapons, assault with serious bodily injury, or drugs and different rules will apply.
<p>Manifestation Determination</p>	<p>Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child's IEP team (as determined by the parent and the LEA) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:</p> <ul style="list-style-type: none"> ● If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability; or ● If the conduct in question was the direct result of the LEA's failure to implement the IEP. (OSEP)
<p>Placement Review Committee</p>	<p>A.R.S. §15-841. Responsibilities of pupils; expulsion; alternative education programs; community service; placement review Committee</p> <p>J. Each school shall establish a placement review committee to determine the placement of a pupil if a teacher refuses to readmit the pupil to the teacher's class and to make recommendations to the governing board regarding the readmission of expelled pupils. The process for determining the placement of a pupil in a new class or replacement in the existing class shall not exceed three business days from the date the pupil was first removed from the existing class. The principal shall not return a pupil to the classroom from which the pupil was removed without the teacher's consent unless the committee determines that the return of the pupil to that classroom is the best or only practicable alternative. The committee shall be composed of two teachers who are employed at the school and who are selected by the faculty members of the school and one administrator who is employed by the school and who is selected by the principal. The faculty members of the school shall select a third teacher to serve as an alternate member of the committee. If the teacher who refuses to readmit the pupil is a member of the committee, that teacher shall be excused from participating in the determination of the pupil's readmission and the alternate teacher member shall replace that teacher on the committee until the conclusion of all matters relating to that pupil's readmission.</p>

Board Review	School boards have the right to review student disciplinary actions imposed by a disciplinary hearing committee.

Removals

The conflicts that lend themselves to peer mediation include interpersonal disputes like friendship issues, verbal harassment, spreading rumors, physical aggression, or other bullying behaviors. Assault or other criminal activities are not referred for peer mediation. Peer mediators are trained students who are taught communication and mediation skills. Trained mediators reportedly exhibit increased self-control, self-confidence, and problem-solving skills which they use not only at school, but at home and with friends outside of school. Cell Phone (Wireless Communication Devices) Agreement

The Buckeye Elementary School District recognizes that some parents desire to be able to keep in contact with their children while away from home. In keeping with the fact, the school has developed the following guidelines for students to bring personal cellular phones/wireless communication devices (watches, earbuds, etc.) to school. These guidelines are to help ensure that there will not be any disruption to the educational process at school, while permitting students to carry “communication devices” for after school use.

1. All parents must complete the following PRIOR to the student bringing the phone on campus.
2. The cell phone number must be recorded below.
3. The cell phone must remain in the students backpack or in a classroom cell phone locker at all times while on campus.
4. The cell phone must remain OFF while on campus.
5. The school accepts no responsibility for the recovery of lost or stolen electronic equipment.
6. There are phones on campus and the student use of school telephones is limited.
Emergencies/Urgencies will be handled by the School Front Office.
7. **If a wireless communication device is audible, causes a disruption to the learning environment, or is used in manner deemed as inappropriate by a staff member, consequences may include but are not limited to one or more of the following:**
 - **Detention.**
 - **The item will be confiscated and returned to student and/or parent/guardian at the end of the day.**
 - **The student will be required to check the item in at the front office at the start of the day and may pick up the item at the end of the school day.**
 - **The student will be prohibited from bringing the item to school.**

*Please note that parents may contact the school in order to leave a message of importance for students.

1:1 Learning Device Agreement - Chromebook

Buckeye Elementary School District (BESD) may provide and assign students a device for use both at school and at home as a means to promote achievement and provide flexible learning opportunities. This policy provides guidelines and information about district expectations for students and families who are being issued these one-to-one (1:1) computing devices. Additional rules may be added as necessary and will become a part of this policy.

Our expectation and belief is that students will responsibly use district technology and that they understand the appropriate and acceptable use of both the technology and district network resources. We also expect that students will make a good faith effort to keep their district-issued devices safe, secure and in good working order. Our policies and procedures include the following specific responsibilities and restrictions. This agreement is made effective between the Buckeye Elementary School District ("BESD"), the student receiving the device ("Student"), and his/her parent(s) or legal guardian ("Parent").

1. One Chromebook and one power adapter/plug are being loaned to the Student and are in good working order. It is the Student's responsibility to care for the equipment and ensure that it is retained in a safe environment.
2. The equipment loaned is, and at all times remains the property of BESD and is loaned to the student for educational purposes only. The Student may not deface or destroy this property in any way. Inappropriate use of the device or its accessories may result in the student losing the opportunity to use the device. The equipment will be returned when requested by BESD, or sooner if the student withdraws from BESD prior to the requested return.
3. **Charge their 1:1 device at home nightly, bringing it to school each day with a full charge.**
4. The equipment may be used by the students only for non-commercial purposes, in accordance with BESD policy as well as federal, local and state statutes.
5. One user profile with specific privileges and capabilities has been set up for the exclusive use of the student whom it has been assigned. The Student agrees to make no attempt to change the privileges or capabilities of this user account. 6. The Student may not make any attempt to add, delete, access, or modify other users' accounts on the Chromebook or any school-owned device.
7. Make available for inspection by an administrator or teacher any messages or files sent or received to or from any Internet location using district technology. Files stored and information accessed, downloaded or transferred on district-owned technology are not private insofar as they may be viewed, monitored, or archived by the district at any time.
8. The BESD network and infrastructure is provided for academic use. The Student agrees to take no action that would interfere with the efficient, academic use of the network.
9. Use appropriate language in all communications refraining from use of profanity, obscenity and offensive or inflammatory speech. Cyberbullying, including personal attacks or threats toward anyone made while using either the district owned or personally owned technology, is to be reported to responsible school personnel. Communication should be conducted in a responsible and ethical manner.
10. An identification label has been placed on the device and power adapter. This label is not to be removed or altered. If the label is missing or becomes damaged, the Student will contact the teacher immediately for replacement. Unauthorized stickers, labels, tags, or markings of any kind are not to be added to the device.
11. Transport computer in sleep mode and with the screen closed, without any papers/foreign objects between the screen and keyboard.
12. The Student agrees to use best efforts to practice proper Digital Citizenship and assure that the District property is not damaged or rendered inoperable by the introduction of an electronic virus, malware, or by other means while in the Student's possession. 13. The Student acknowledges and agrees that the use of BESD equipment is a privilege and that by agreement to these terms herein, the Student and Parent/Guardian acknowledges the responsibility to safeguard BESD equipment and to return the same in good condition upon the request of BESD.
14. Return the device and power adapter/plug upon transferring out of school or at the end of the year.

Computer Damages

If a computer is damaged, the school must be notified immediately. If a student damages a computer, the student/student's family is subject to responsibility for paying repair costs according to the repair costs determined by BESD up to the full cost of a replacement device. BESD reserves the right to charge the Student and Guardian the full cost for repair or replacement when damage occurs as determined by the administration. Examples of negligence include, but are not limited to:

1. Leaving equipment unattended and unsecured. This includes damage or loss resulting from an unattended and unsecured device at school.
2. Lending equipment to others other than one's parents/guardians.
3. Using equipment in an unsafe environment.
4. Using equipment in an unsafe manner.
5. Ignoring common sense guidelines delineated above.

Device Repair/Replacement Information

In the event of loss or theft the student/guardian is responsible for the cost of device replacement.

5. I will keep all login credentials secure and private to myself.
6. Reveal or post identifying personal information, files or communications to unknown persons through any means through the Internet.

9. Modify or remove the BESD asset tag or the manufacturer serial number and model number tag.

ELECTRONIC INFORMATION SERVICES USER AGREEMENT

PLEASE READ THIS DOCUMENT CAREFULLY BEFORE SIGNING!

Electronic information services are now available to students, teachers and staff in the Buckeye Elementary School District. Our goal in providing these services is to promise educational excellence by facilitating resource sharing, innovation, and communication. With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. The Buckeye Elementary School District has taken precautions to restrict access to controversial materials. However, on a global network, it is impossible to control all materials and an industrious user may discover controversial information. The Buckeye Elementary School District firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material inconsistent with the educational goals of the District.

The guidelines provided here are to make you aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If a Buckeye Elementary School District user violates any of these provisions, access to the information services may be denied, and he or she may be subject to disciplinary action.

The signature(s) at the end of this document is (are) legally binding and indicate(s) the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

The system administrator(s) will deem what is inappropriate use and his/her (their) decision is final. Also, the system administrator(s) may close an account at any time as required. The administration, faculty, and staff of Buckeye Elementary School District may request the system administrator to deny, revoke, or suspend user accounts. The Buckeye Elementary School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The Buckeye Elementary School District will not be responsible for any damages you suffer, or cause others to suffer while on this system. Student, Staff, or Faculty: *I understand and agree that by allowing me use of the electronic information service, the Buckeye Elementary School District does not create a property right and the District may revoke my access or privilege for any reason.
