

Sayreville Public Schools

Health Requirements for 2024-2025 School Year

Dear Parent/Guardian,

In preparation for the upcoming school year we would like to make you aware of the following requirements for your child to begin school this upcoming school year. As your child enters Kindergarten, he/she will be required to have the following vaccinations:

Diphtheria, Tetanus, acellular Pertussis (DTaP) - 4 doses, as long as one of the doses were given on or after the 4th birthday or a total of 5 doses

Polio Inactivated Polio Vaccine (IPV) - 3 doses, as long as one of the doses were given on or after the 4th birthday or a total of 4 doses

Measles, Mumps, and Rubella (MMR) - 2 doses, as long as both doses were given on or after the 1st birthday.

Varicella - 1 dose, as long as it was given on or after the 1st birthday.

Hepatitis B - 3 doses, as long as the doses were spread out according to the required intervals.

For more information regarding the required vaccines for Kindergarten, please contact your pediatrician, or visit <https://www.nj.gov/health/vaccines/nj-immunization-requirements/>.

We strongly recommend having a physical examination completed each year and submitted to the health office to ensure the health and safety of each student. A copy of the universal health record can be found here under “forms and documents”:

<https://www.sayrevillek12.net/district/departments/health-services>.

For students with the following medical concerns please fill out the appropriate paperwork:

Allergy - Food Allergy & Anaphylaxis Emergency Care Plan

Asthma - Asthma Treatment Plan

Seizure - Seizure Action Plan

Diabetes - Diabetes Medical Management Plan

For any other medical concern not listed above please include a letter from the physician indicating any accommodations that must be made for your child.

Students receiving medication at school, either prescribed or over the counter will require a doctor's order. The paperwork for medication administration can be found on the district website on the health services page.

*****Medication should only be given during school hours if it is a requirement by the physician, all medicine that can be taken at home, should be taken at home.***

If you have any questions, please feel free to contact your school nurse at the following email:

Arleth Elementary School - aeshealthoffice@sayrevillek12.net
Eisenhower Elementary School - eeshealthoffice@sayrevillek12.net
Truman Elementary School - teshealthoffice@sayrevillek12.net
Wilson Elementary School - weshealthoffice@sayrevillek12.net

Thank you,

Sayreville Elementary School Nurses
