Step 1 – New students **not** enrolled in an automatic feeder school **MUST** obtain a permit to register. Permits are obtained from Child Welfare and Attendance – 2423 6th St., Lake Charles. (337) 217-4230. CWA is under construction so parking and entry into the building will be in the back, not the front of the building.

Step 2 – Look over the two types of diploma pathways (**TOPS University - 4 year colleges** and **TOPS Tech (Jump Start) - 2 year colleges and Vocational Schools**) to begin determining which pathway best suits your student. Parents and students **MUST** sign paperwork to be in the Jump Start Pathway. ALL students are automatically in the University Pathway upon entering High School. *Both Pathways are located on the back of this sheet.*

Step 3 – Your 8th Grade LEAP scores AND the effort you put forth in your classes will help determine your placement in the different levels of Math, English, Science and Social Studies.

Step 4 – Look at the course offerings to help choose classes. Circle or star next to the courses if needed. A sample Individual Graduation Plan is included to help you plan out your high school years. Your 8th grade counselor will help you fill out one to be signed by you and your parent. Be sure to pick core subjects (English, Math, Science, Social Studies) and electives. The BIG packet has course descriptions that you may look at but **MOST** of the information does not pertain to Freshmen.
