STUDENT CODE OF CONDUCT - INTRODUCTION

It is the purpose of the Lee County Board of Education to operate each program and school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students attending schools within the district. The intent of this handbook, as well as the enforcement of its rules, is to ensure the presence of a safe, friendly and engaging atmosphere in which students and school personnel work cooperatively toward mutually recognized and accepted goals. The Lee County Board of Education has established a comprehensive Code of Conduct that focuses on creating a supportive, safe, secure, and equitable learning environment while promoting the academic, social, and emotional development of students. Lee County Schools' approach to student conduct reflects our commitment to understand and address the causes of student behavior and teach students appropriate behavior while providing a safe and secure learning environment for all students. The Lee County Board of Education's Code of Conduct was designed and created to comply with the progressive discipline processes set forth in O.C.G.A. §20-2-735, which states that discipline will be in proportion to the severity of the behavior leading to the discipline, that the previous discipline history of the student during the current school year and other relevant factors will be taken into account, and that all due process procedures required by federal and state law will be followed. Furthermore, acting in the best interest of this community, the policy of the Lee County Board of Education is to require the principals, faculties, staffs, students, parents and guardians to adhere to and to comply with this Code of Student Conduct.

As students progress in public schools, it is reasonable to assume that an increase in age and maturity will result in the students' assumption of greater responsibility for their actions. Although it is true that differences in age and maturity require different types of disciplinary action, the expectation of student behavior identified in this handbook will apply to all students in grades pre-kindergarten through 12.

The Lee County School System utilizes Positive Behavioral Interventions and Supports (PBIS) as an evidence-based, data driven framework to reduce disciplinary incidents. Clear behavioral expectations for students and staff are taught, recognized, and reinforced to create a positive school climate. PBIS applies a multi-tiered approach to provide school-wide, targeted, and individualized interventions and supports for students.

ACCREDITATION

All Lee County Schools are accredited by Cognia and Georgia Accrediting Commission.

EQUAL EDUCATIONAL OPPORTUNITIES

The Board shall provide educational opportunities for students on a nondiscriminatory basis. No person shall be denied benefits of any education program or activity on the basis of race, color, disability, religion, national origin, or gender. Students cannot be denied enrollment due to immigrant status or English-speaking ability. Programs offered by schools within the school district shall be open to all students in compliance with statutory and judicial requirements.

DUE PROCESS

The policy of the Lee County Board of Education is to adhere to and observe the essential elements of due process when carrying out the procedures contained within the Code of Student Conduct handbook. A responsibility of the principals will be to familiarize their faculty and staff with due process procedures and provide each staff member with a copy of this handbook.

This handbook has been published with the following concepts in mind:

- School rules must be clearly stated and related to the educational purposes of the school.
- School rules must be fair and specific enough for students to know what they may or may not do.
- Students, parents and guardians must be informed of the rules concerning behavior and discipline.
- When serious disciplinary action is involved, school personnel and students must comply with required procedures.

The consensus of the Board of Education is that the regulations in this handbook deal with a matter of legitimate interest with the intent of protecting the health, safety and welfare of students and ensuring the efficient operation of the

schools.

3. Give the school accurate and current contact information and inform/update the contact information when and if it changes.

9. Respect the privacy rights of other students.
10. Give school any and all information to assist with the welfare and education of the student and the safety of operations.

ADDITIONAL BEHAVIOR REQUIREMENTS

The District may enforce campus, classroom, or club/organization rules as well as those recorded in the student handbook. Additional rules may be listed in the student and campus handbooks, be posted, or distributed in classrooms, or be published in extracurricular handbooks, state or national organization bylaws, and/or constitutions. Sponsors and coaches of extracurricular and or co-curricular activities may require and enforce additional standards of conduct for student participation in extracurricular/co-curricular activities. Expectations of behavior applied for an extracurricular or

co-curricular activity are independent of the Student Code of Conduct. Violations of these expectations for behavior that are also infractions of the Student Code of Conduct may result in disciplinary actions being applied to the student, including but not limited to, the student being removed from participation in extracurricular/co-curricular activities, exclusion from school honors, suspension, and expulsion for violation of the Student Code of Conduct. These additional expectations will be communicated by the schools through phone, internet and/or physical distribution of guidelines.

DISCIPLINARY PROCEDURES

The Code of Conduct governs students' behavior on school property and off school property at a school or district event. The Code of Conduct also governs student behavior off school grounds at a non-school activity, but where the misconduct constitutes a potential danger to school, students, and/or staff, or causes a disruption of school operations. Finally, the Code of Conduct also governs any student conduct that constitutes a violation of the Student Code of Conduct en route to and from schools, en route to or from any school or district event, while on the bus, and/or while at the bus stop.

Disciplinary action will be progressive, will be grounded in the professional judgment of teachers and administrators, and may, depending on the circumstances, include a range of alternative resolutions, including positive corrective techniques. Disciplinary action will consider, without limits, the severity of the infraction, the student's age and grade level, the frequency of the student's misconduct in total, the student's attitude, the student's actions through the lens of possible self-defense, the impact of the conduct on the school environment, intent or lack of intent at the time the student engaged in the conduct, and necessities of law (including, without limitation, IDEA and Section 504). Because of these factors, discipline for a particular violation (unless otherwise specified by law) may bring into consideration a wide range of resolutions. Principals or designees will have the authority to assign disciplinary consequences based on conduct related to specific occurrences.

When a violation of the Code of Conduct is conveyed or suspected, the principal or designee will determine whether an investigation is warranted and, if so, will instruct appropriate personnel to implement an investigation. The investigation, where possible, should include interviews with alleged perpetrator(s), identified witnesses, teacher(s), staff members, and others who could have pertinent information. When possible, written statements may be requested from all individuals who are interviewed. Video surveillance, if available and relevant, may be reviewed and secured. Principals and Assistant Principals have the responsibility and authority to question students for the purpose of maintaining a safe and orderly school environment. Parental consent and notification are not required prior to questioning and/or obtaining written statements from students.

At an appropriate time during the investigation, the parent or guardian will be notified. If the incident involves injury or a need for immediate medical care arises, appropriate medical attention will be provided, and the parent or guardian notified as soon as is practicable. The principal and his/her designee should also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel. The principal has the authority to assign In-School Suspension or Out-of-School Suspension for 10 days or less. Questions regarding In-School Suspension or Out-of-School Suspension should be directed to the school administration.

The determination of whether a student has violated the Code of Conduct will be founded solely on a majority of the evidence, which means that it is more likely than not based on all of the evidence available that the student did violate the Code of Conduct. Once it has been determined that the student did have an infraction in violation of the Code of Conduct the administrator will follow the progressive discipline process.

JURISDICTION OF THE BOARD OF EDUCATION

Students in the Lee County School System are subject to the rules and regulations of the Lee County Board of Education during the school day, while in attendance at school-related activities and while traveling to and from school or school-related activities. This includes traveling in school vehicles or in public or private vehicles (which are being utilized at the time for purposes of transporting students to and from school or school-related activities), as well as waiting at a school bus stop. In addition, students may be disciplined in those instances where conduct at other times and places is deemed to have direct and immediate impact or effect on the health, safety, discipline or general welfare of the school community. Use or possession of controlled contraband at any time or place is presumed by the Board of Education to

have a direct and immediate impact or effect on the health, safety, discipline or general welfare of the school community.

A student whose conduct off campus could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process may be subject to disciplinary action, up to and including a referral to a disciplinary tribunal.

A parent, guardian, custodian or person, excluding a foster parent, responsible for the care or control of a minor child enrolled in the Lee County School System shall be responsible financially for such child's destructive acts against school property or persons. The responsible party may be requested to appear at school by an appropriate school official for a conference regarding the acts of the child and, if summoned by proper notification by an appropriate school official, shall be required to attend the discipline conference.

STUDENT ATTENDANCE

School administrators are required under state law to enforce compulsory school attendance laws. Regular attendance by students facilitates the development of the skills and knowledge necessary to function in today's society.

It is the belief of the Lee County Board of Education that regular school attendance is important to all students and to the school system. Course content and grading procedures should be structured so that regular attendance is necessary in order to successfully complete course requirements.

Subject to parental guidance, each student must be responsible for his/her own attendance. Administrators and teachers will make every effort to encourage regular attendance by students and to solicit assistance from parents and guardians in accomplishing this objective.

An absence is defined as non-attendance (except for in-school activities excused by school authorities) in a regularly scheduled class or activity regardless of the reason for such non-attendance.

Homeless (Displaced) Youth

If a student loses housing and now lives in a shelter, motel, vehicle; doubled-up with family or friends, or in another type of temporary or inadequate housing, they might be able to receive help through a federal law called the McKinney-Vento Act. Contact Lisa Bailey, Homeless Liaison at 903-2100 to see if eligible for services.

STUDENT ATTENDANCE PROTOCOL

Compulsory Attendance Law

O.C.G.A. § 20-2-690.1. Mandatory education for children between ages six and 16

- Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthdays. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.
- Every parent, guardian, or other person residing within this state having control or charge of any child or children during the ages of mandatory attendance as required in subsection (a) of this Code section shall enroll and send such child or children to a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program; and such child shall be responsible for enrolling in and attending a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program under such penalty for noncompliance with this subsection as is provided in Chapter 11 of Title 15, unless the child's failure to enroll and attend is caused by the child's parent, guardian, or other person, in which case the parent, guardian, or other person alone shall be responsible; provided, however, that tests and physical exams for military service and the National Guard and such other approved absences shall be

excused absences. The requirements of this subsection shall apply to a child during the ages of mandatory attendance as required in subsection (a) of this Code section who has been assigned by a local board of education or its delegate to attend an alternative public school program established by that local board of education, including an alternative public school program provided for in Code Section 20-2-154.1, regardless of whether such child has been suspended or expelled from another public school program by that local board of education or its delegate, and to the parent, guardian, or other person residing in this state who has control or charge of such child. Nothing in this Code section shall be construed to require a local board of education or its delegate to assign a child to attend an alternative school program rather than suspending or expelling the child.

- Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested, or first-class mail. Prior to any action to commence judicial proceedings to impose a penalty for violating this subsection on a parent, guardian, or other person residing in this state who has control or charge of a child or children, a school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, or other persons having control or charge of children. The parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are age ten years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, or first-class mail, to such parent, guardian, or other person who has control or charge of a child or children. Public schools shall retain signed copies of statements through the end of the school year.
- Local school superintendents in the case of private schools, the Department of Education in the case of home study programs, and visiting teachers and attendance officers in the case of public schools shall have authority and it shall be their duty to file proceedings in court to enforce this subpart. The Department of Education shall coordinate with local school superintendents with respect to attendance records and notification for students in home study programs.

Juvenile Sub-Section § 20-2-701.

Local school superintendents as applied to private schools, the Department of Education as applied to home study programs, or visiting teachers and attendance officers as applied to public schools, after written notice to the parent or guardian of a child, shall report to the juvenile or other court having jurisdiction under Chapter 11 of Title 15 any child who is absent from a public or private school or a home study program in violation of this subpart. If the judge of the court places such child in a home or in a public or private institution pursuant to Chapter 11 of Title 15, school shall be provided for such child. The Department of Education shall coordinate with local school superintendents with respect to attendance records and notification for students in home study programs.

Attendance Requirements

Students enrolled in grades K-12 who accumulate more than 15 absences during the year may be subject to being retained in the same grade the next school year.

For students in any grade K-12, only days in which students are present for at least half of the instructional time required at each grade level shall be counted present for that day as specified by law. A student must be present at least 30 minutes of a 55-minute period or 50-60-minute class segment to be counted present in that class.

A student enrolled full-time in the Lee County School System must be present for three full class periods in order to participate in any school-sponsored extracurricular or interscholastic activity.

A student who has been retained or who has lost credit(s) because of noncompliance with attendance policies shall receive a notation of Noncompliance Attendance (NCA) on his/her report card and cumulative record for that semester or year. School authorities shall make the determination of retention or loss of credit due to noncompliance with attendance policies (NCA). A parent or guardian and/or student may request an appeal of loss of credit or retention. This request must be in writing, dated and signed, within five days of the notification of the loss of credit. Failure of parent or guardian and/or student to request an appeal shall be sufficient basis for sustaining the loss of credit or retention.

Credit which is lost because of absences will be made up in the same manner as academic failures.

In accordance with the law, final course grades of students shall not be penalized if the following conditions are met:

- Absences are justified and validated for excusable reasons.
- Make up work for excused absences is completed satisfactorily.

The principal has the responsibility of making decisions relating to check-outs. Such a decision shall be made in the best interest of the student when emergencies or unusual circumstances arise.

Student Withdrawals for lack of attendance

With no proof of enrollment in another school, another LEA, private school, or home study program, an LEA shall withdraw a student from a school after ten consecutive unexcused absences, and the withdrawal shall be coded 'R' to indicate that such student was removed for lack of attendance. Each superintendent or superintendent's designee shall use due diligence to notify the parent, guardian, grandparent or other person if the LEA plans to withdraw such students. The superintendent of the LEA or the superintendent's designee shall document a minimum of three attempts to contact the parent, guardian, grandparent, or "other person" for the explicit purpose of holding a withdrawal conference

School System Procedures:

The school system will monitor student attendance daily.

Upon enrollment and registration each school year, parents and guardians will be given notice of State Compulsory Attendance Law pursuant to O.C.G.A. Code 20-2-690.1. The school will make reasonable efforts to ensure receipt and comprehension of the notice by requesting signatures from parents/guardians that this notice was received and understood. This notice will be received by all students who have reached age ten (10) or above by September 1 of that school year. This notice will be kept on file by the school.

Each school will establish an Attendance Support Team, (AST) which will be chaired by each school's Principal/Assistant Principal and include as its members the School Social Worker/Attendance Officer and faculty having direct contact to the specific student(s) to be discussed. School Resource Officers will also be invited to participate, as appropriate. Each school's AST will meet regularly and be responsible for implementing and monitoring attendance requirements to reduce tardy days, early withdrawals, and truancy. Parents/guardians shall be invited to and encouraged to attend these meetings.

Reasonable attempts will be made to call the parents/guardians of absent students. In cases known to involve joint or

shared custody or guardianship of a student, efforts should be made to contact all individuals with custodial rights. This standard shall also apply to steps mentioned hereinafter.

After three (3) consecutive absences, the homeroom teacher or administrative designee should notify parents and document the outcome of the conversation in Infinite Campus under the Contact Log tab of the student.

After five (5) unexcused absences, attendance postcards/letters will be sent to parents by the school informing them of the amount of absences incurred by students.

Students Counted Present

Students shall be counted present under the following circumstances:

- Students participating in field trips through co-curricular or extra-curricular school activities, or through programs sponsored by 4-H.
- When they are serving as pages of the Georgia General Assembly.
- A foster care student who attends court proceedings relating to his or her foster care shall be counted present and shall not be counted absent, either excused or unexcused, for any day or portion of the day missed from school.

Excused Absences

A student shall be excused for absences from school for the following reasons:

- Personal illness or attendance in school that endangers a student's health or the health of others.
- A serious illness or death in a student's immediate family necessitating absence from school.
- A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
- The observance of religious holidays, necessitating absence from school.
- Conditions rendering attendance impossible or hazardous to student health or safety.
- Registering to vote or voting in a public election, which shall not exceed one day.
- A student whose parent or legal guardian is in military service in the armed forces/ National Guard and has been called to duty/ is on leave from deployment shall be granted up to a maximum of five school days per school year to visit with his/her parent/legal guardian prior to/during their leave.

Additionally, the school principal may allow excused absences for the following:

- Travel opportunity with educational benefits;
- Specialized, supplemental or extracurricular experience;
- Other circumstances that are mutually agreeable to the parent and school.

In these cases, absences must not exceed a cumulative total of (6) days per school year, and students cannot already have absences in excess of 10 days. These absences must be pre-approved by the principal or designee in order to be excused. The parent or guardian must submit a request in written form to the principal outlining the travel opportunity and benefit of the absences. The principal shall ensure that an accurate record of all such absences is maintained and verified. The final decision to excuse such an absence(s) rests with the principal.

Make-up work may be requested before, during or after the student's absence. However, availability of make-up work prior to an absence will be at the discretion of the teacher.

Absence for reasons other than those listed above as "excused" shall be considered unexcused.

Tardiness/Late Arrivals/Early Dismissals

- All students are expected to be in attendance in their regularly scheduled classes by the time the bell rings to begin class. Students who arrive after the school day has begun must proceed to the main office and check-in.
- Parents are encouraged to make dental, medical, and other appointments for their children after school hours or during vacation and holiday periods.
- Car trouble will be counted as unexcused tardy.
- Students who have a valid medical need to leave school before the dismissal bell shall be checked out through the main office. Students must be signed out by the parent or guardian. Notes or telephone calls may not be accepted for purposes of check-out of a student.
- Repetitive tardiness at the start of the day, during school hours and leaving early from school may result in the school pursuing action as simple or habitual truancy. A record of tardiness will be kept by the office and tardiness will be recorded on the student's permanent record.
- For medical appointments: Tardies/early dismissals will be excused only when a medical/doctor's excuse is provided.

Consequences

Primary level:

At eight (8) unexcused absences, the school will send a letter home. The school will then schedule an attendance support meeting with parent(s)/guardian(s). The **Attendance Support Team (AST)** will conduct a conference with the parent(s)/guardian(s) to assess the student's absences and determine strategies to address their nonattendance. Students may also participate in AST meetings, as deemed appropriate by the AST.

Elementary/Middle School level:

At eight (8) unexcused absences, the AST will conduct a conference with parent(s)/guardian(s) –see above.

LCHS - 9th grade campus: *(attendance meetings will only occur for students under 16 years of age):*

At five (5) full day unexcused absences, the AST will conduct a conference with parent(s)/guardian(s) –see above.

At ten (10) full day excused absences, the school will conduct a conference with parent(s)/guardian(s) –see above.

Truancy Intervention Meeting

As required by law, Lee County Schools Student Attendance Protocol provides a progressive discipline, parental notification, and parental involvement process for truant students before referring the students and/or parents to juvenile or other courts having jurisdiction. Excessive unexcused tardies/early checkouts may also be addressed through the same process. Guidelines for the Student Attendance Protocol include but are not limited to contact by mail or phone to parents informing them of the unexcused absences. At fifteen (15) unexcused absences, parents may be required to attend a Truancy Intervention Meeting ("TIM"). Students may be required to attend if appropriate.

All Schools:

At fifteen (15) unexcused absences, the AST will review again and make an official referral to the school social worker/attendance officer (if a referral has not been made previously). The attendance officer will determine at this point if a referral to the court system is needed to keep the school system in compliance with the law.

Written Notes/Excuses

It is the responsibility of the parent(s)/guardian(s) to report the reason for the student's absence. Students must submit a note or parents must fax or email the attendance office at school within (3) school days for the student's absence to be considered excused. The parent/guardian(s) can only cover 10 (ten) days per school year. After the tenth parent excused absence, the attendance officer/school administrator will request medical/doctor excuse(s) for additional absences.

The parent/guardian must write, fax or email the excuse. The excuse should include the student's name, the date(s) of absence(s), and the reason for the absence. The principal/system attendance officer may require students to present appropriate medical or other documentation upon return to school for the purpose of validating that absences are excused.

In case of extended illness, hospitalization or injury, the parent should apply for hospital homebound service. Hospital homebound service should be applied for immediately when absences of ten (10) days or more are anticipated for the student. The student's principal along with the school counselor can assist with this process. For more information on Hospital Homebound, please refer to the following link: <https://www.lee.k12.ga.us/departments/social-services>

Absences Due to Pregnancy

Any student who is or becomes pregnant during any school semester will not be excused from attending school unless the student's treating physician states, in writing, that the student cannot attend school. Excused absences due to pregnancy or a pregnancy-related condition may be made up under the same terms and requirements as any other excused absence upon the student's return to school.

Students who become pregnant may request to attend the Transitional Learning Center (TLC) if they or their parents/guardians feel the pregnancy will interfere with normal school activities. A pregnant student transferring to the Transitional Learning Center (TLC) may elect to return to her regular school at any time.

Make-Up Work

If a student is absent for any excused reason, the student shall make arrangements with the teacher within three school days after he/she returns to school to make up missed work. In making arrangements for make-up work, the teacher should consider the type of illness, the length of time absent, and the amount of make-up work due in all classes. Long term assignments such as research papers, special projects, etc. are due on or before the due date even if the student is absent on the date the assignment is due. In unusual cases, extenuating circumstances will be given consideration. Please refer to the school handbook for further details.

Dexter Mosely Act/Homeschool Students

Under the Dexter Mosely Act (Senate Bill 42), home study students in grades 6 through 12 are eligible to participate in extracurricular and interscholastic activities in the Lee County School District. In order to participate, home study students must be homeschooled for at least 12 months prior to registration and complete at least one qualifying course during any semester the student participates in an activity. A "qualifying course" means an on-site class, an online course facilitated by Lee County School District or a dual enrollment course. Participation is only available at the public school a home study student would attend based on his or her address.

To enroll a home study student in at least one Lee County School course, the online registration process must be followed and all required documents provided. Refer to the specific items needed for [new student registration](#) posted on our website in order to ensure all of the required paperwork is in order. Families interested in enrolling under the Dexter Mosely Act must complete the same online enrollment application as full-time Lee County School System students. When completing the Student Demographics Section of the application, please check the box labeled *"Is this student enrolling under the Dexter Mosely Act (For Homeschool Students)?"*. Registration must take place at least 30 calendar days before the first school day of the semester in which a home study student will enroll in a qualifying course.

Child Abuse and Neglect

Georgia law and local protocol states employees of the Lee County School System report any suspicion of child abuse or neglect to an administrator/designee or their supervisor ([click here for policy](#)).

SUPERVISION OF STUDENTS AT SCHOOL

Students are under the supervision of school staff during the school day. The school is not responsible for students on school grounds during any time other than the school day or during school-sponsored events after the school day. Schools are not responsible for supervising students more than 30 minutes before the start of the school day each morning.

TRANSFER STUDENTS

A student must be in good standing and must have no disciplinary action pending against him/her by the school he/she is leaving in order to be eligible to enroll in any school in the Lee County School System.

GUIDANCE SERVICES

Personal concerns of students can seriously limit educational development. Schools have the responsibility to provide a guidance program and to make relevant and objective information available to students in such a manner that will enhance educational development. Students should use guidance services for their own educational and personal improvement. It is expected that students will schedule appointments with guidance personnel in advance unless the problem or concern is an emergency.

MEDICATION

Prescription Medications

Medication administration in schools is discouraged unless medically necessary for the student's health, safety, and optimal learning. If medications can be given at home, before or after school hours, please do so. However, if medication administration is absolutely necessary during school hours, the following procedures must be followed:

- Contact the nurse at your student's school in order to discuss the procedure.
- Once approved, complete the [district approved form](#).
- The parent/guardian or student (age appropriate) must transport medication to the health clinic or main office immediately upon arrival to school. Controlled medications should not be transported on the bus.
- The first dose of any new medication or new dosage must be given at home where the parent/guardian can monitor for potential side effects and adverse reactions.
- A nurse is not always available to assist in the administration of the medication; therefore, the student may be assisted by an adult designated by the principal.
- Medication that is prescribed to be taken once, twice, or three times a day will not be given at school unless the physician specifically states a time during the school day which it is to be given. (e.g. an antibiotic and/or other medication which is to be given three times daily should be given before the child leaves for school, when he/she gets home, and at bedtime)
- If medication is required at lunch daily (e.g. medication for ADD), the physician must specifically state time to be given on prescription.
- Prescription medications must be in the original prescription bottle, clearly labeled with the student's name, physician's name and contact information, medication name and strength, amount given per dose, route and time of administration, and dispensing pharmacy. We request that you ask the pharmacist to give you two labeled prescription bottles so that you have one bottle at home and one at school.
- The school staff will have the right to refuse to give medication that is questionable or expired.
- Narcotic and/or other prescription pain medications (e.g. Tylenol with codeine, hydrocodone, etc) will not be administered at school and the student cannot be at school under the influence of such medications.
- The prescribing physician must complete and sign, along with a parent/guardian, an Authorization to Give Medication at School in order for school staff to administer medication.
- The parent/guardian is responsible for notifying the school of any changes in the administration of his/her student's medications. A new Authorization to Give Medication at School is required for any change in medication given at school.
- If these procedures are not followed, medication will not be dispensed at school.
- Unused medication will be disposed of unless picked up within one week after the medication is discontinued and/or at the end of the school year.

Over-the-Counter, Non-Prescription Medication

- All over-the-counter medications must be provided by the parents/guardians.
- Medications will only be administered within the parameters of the directions on packaging and for the complaints specified by the parent/guardian on the [district approved form](#).
- School staff will not administer OTC medication for more than 5 consecutive school days without a note/order from their medical provider.

- Unused medication will be disposed of at the end of the school year unless picked up by parent/guardian.
- All students who carry medication must adhere to the code of conduct re: sharing medications, selling meds, etc.

6-8th Grade:

- Students may carry medications in the following categories with them during the school day, field trips or other school-related activities, if parental permission is provided in advance on the district-approved form. A copy of the signed form will be kept in the clinic as well as with the student.
 - acetaminophen
 - antacids
 - cough or throat lozenges
 - ibuprofen

 - acetaminophen
 - antacids
 - aspirin

Parents of middle and high school students who do not wish for their student to carry their own OTC medications have the option of storing these medications in the school health clinic to be administered by school health staff. They will be administered only with signed parental permission provided on the completed district-approved form.

Transitional Learning Center (TLC)

SECURITY OF STUDENT RECORDS

Family Educational Rights and Privacy Act (FERPA)

Under the Family Educational Rights and Privacy Act, you have a right to:

- Inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student aged 18 or older, your own education records. Parents or eligible students should submit to the Superintendent a written request identifying the record(s) they wish to inspect. The Superintendent will make arrangements for access and provide notice of such arrangements.
- Request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write to the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student's privacy or other

rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.

- Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations promulgated pursuant to the Act authorize disclosure without consent. One exception which permits disclosure without consent is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member; a member of the school board; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, or therapist or online educational services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his or her tasks. The district allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district's control with regard to the use and maintenance of personally identifiable information, which may be used only for the purposes in which disclosure was made and cannot be released to other parties without authorization. Upon request, the school district forwards educational records without prior consent to another school in which the student seeks or intends to enroll.
- The Lee County Board of Education has designated the following information as directory information:
 - Student's name;
 - Student's month and day of birth;
 - School at which student is enrolled;
 - Student's participation in official school activities and sports;
 - Weight and height of athletic team members used in information for the public;
 - Dates of attendance at schools within the district;
 - Honors and awards received during the time enrolled in the Lee County School System;
 - Photograph used to publicize awards, honors, extracurricular activities, or school promotions;
 - Grade level

Unless a parent/guardian or eligible student notifies the principal that this information not be designated as "directory information" for the individual student, this information may be disclosed to the public upon request. In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters or institutions of higher learning, upon request, with the name, address, and telephone numbers unless parents have advised the school system that they do not want their student's information disclosed without their prior written consent. Parents/guardians/eligible students who wish to exercise this right must notify the principal of the school at which the student is enrolled in writing within ten (10) days after officially enrolling in school or within ten (10) days of the date of the receipt of this notice.

Parents/guardians/eligible students may file with the United States Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the Board of Education to comply with the requirements of the Act or the regulations promulgated thereunder. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-4605.

Protection of Pupil Rights Amendment (PPRA)

Parents and eligible students (18 or older or emancipated minors) shall be notified at the beginning of the school year of the approximate dates during the school year when any of the activities listed below are expected to be scheduled. In accordance with Board policies, prior written consent must be obtained from parents before students are required to submit to any survey that contains questions about one or more of the areas listed in subparagraph (1)(A) and that is funded in whole or in part by the U.S. Department of Education. You have the right to inspect any survey or instrument used in the collection of information under subparagraphs (1)(A) and (1)(B) before the instrument is administered or distributed to a student and to opt your student out of participation in any activities described in paragraph (1) in accordance with procedures developed by the Superintendent or Principal.

 - b. Mental or psychological problems of the student or the student's family;
 - c. Sexual behavior or attitudes;
 - d. Illegal, anti-social, self-incriminating, or demeaning behavior;
 - e. Critical appraisals of other individuals with whom respondents have close family relationships;
 - f. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, administrators;
 - g. Religious practices, affiliations, or beliefs of the student or student's parent; or
 - h. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.
- B. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
 - C. Any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student, or of other students.

Parents/guardians may, upon request, inspect any instructional material used as part of the educational curriculum for their student.

The school is required by federal law to give this notice to parents. However, the school does not have scheduled any such activities as are described in paragraph 1. If any such activities are initiated during the school year, you will be notified accordingly and will be afforded all the rights as described herein.

LUNCHROOM PROCEDURES

Free/Reduced Lunch Forms: LCSS operates under the National School Lunch & School Breakfast federal program. Applications are provided to each student for their families to apply for free or reduced lunches. Applications must be filled out completely and returned for approval each year, or applications can be filled out online at www.schoolcafe.com - apply for benefits.

LCMS-East, LCMS-West, LCHS 9th, LCHS & TLC: Lunch: \$3.00 full pay, \$0.40 reduced Breakfast: \$1.75 full, \$0.30 reduced Extra Milk: \$1.00

To encourage good nutrition, breakfast and lunch are offered daily. Meal prices are available at www.lee.k12.ga.us under Departments-Food Services. Students desiring to purchase an additional lunch must pay the adult price. Students are responsible for disposing of their trash properly and leaving their table and chair in an orderly arrangement. Students are not allowed to leave campus for lunch. Students may bring a lunch from home, but students may not send out for lunch, accept delivery of food from off campus, or enter classrooms after checking in with a bag of food. The parking lots are off limits during school hours.

Money paid to charge lunch may only be used to purchase school lunches.

Students will not be allowed to charge over \$15.00 for meals in the cafeteria. By allowing charges up to \$15.00, students will continue to receive breakfast and lunch for a reasonable grace period in the event they forget to bring their money. After students have reached their charge limit, they will receive an alternate meal consisting of a sandwich and milk. Although the Food Service program will make attempts to notify parents of account shortages, it is the responsibility of the parent to check account balances. No more than 5 alternate lunch meals may be served to students. Additional action will be taken if charges remain unpaid. The charge/no charge policy will be enforced to eliminate unnecessary debt within the School Nutrition Program. Federal Law prohibits anyone being in debt to a School Nutrition Program (OMB Circular A-87)

DISCIPLINE OF STUDENTS WITH DISABILITIES

The discipline of students receiving services and/or accommodations under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act is subject to applicable state and federal laws, in addition to the Lee County School System Code of Student Conduct. To the extent any conflict exists, state and/or federal law will prevail. In accordance with the law, the Code of Student Conduct shall apply to all students unless a student's Individualized Education Program (IEP) or 504 Plan specifically states otherwise.

PROGRESSIVE DISCIPLINE PROCEDURES

When it becomes necessary to impose consequences for disciplinary infractions, school administrators and teachers will follow a progressive discipline process. The degree of consequence to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student, and other relevant factors.

The following actions may be imposed for any violation of this Code of Conduct:

- Warning and/or conference with a school administrator, counselor, or social worker
- Loss of privileges
- Removal from class or activity
- Notification of parents
- Parent conference
- Work assignment
- Detention / Lunch Detention
- In-school suspension (ISS)
- Short term suspension out of school (OSS)
- School bus suspension (for infractions occurring on school buses)
- Placement in the Transitional Learning Center (alternative education program - grades 6-12)
- Referral to a disciplinary tribunal for alternative placement, long-term suspension, or expulsion
- Suspension or expulsion from the school bus
- Saturday School (grades 9-12)
- Night School (grades 6-12)

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal or hearing officer as outlined in Code Section 20-2-754.

Parents or students may elect not to go to a disciplinary hearing to contest whether a student has violated the Code of Conduct or the appropriate discipline. In such cases, an agreement may be negotiated which would involve waiving the right to a hearing in lieu of accepting the consequence agreed upon by the school and the parent/guardian. Such an agreement and waiver must be approved by the disciplinary tribunal or hearing officer, or by another designee determined by the Superintendent.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence necessitates their involvement, or when there is a legal requirement that an incident be reported.

DEFINITION OF TERMS

Detention

A requirement that the student report to a specified school location and to a designated teacher or school official to make up work or time missed, or to spend a specified amount of time as a disciplinary action. Detention may require the student's attendance before school or after school.

Lunch Detention

A requirement that the student report to a specified location during lunch to eat in an area that is isolated from other students or interaction to make up work or time missed, or to spend their lunch in quiet reflection as a consequence for a minor discipline infraction.

Saturday School

A requirement that the student report to school Saturday morning at the required time, then spend up to three hours at school in detention or a remediation class. Saturday School may be used as a disciplinary measure in lieu of serving In-School Suspension, or as an academic remediation tool to make up lost work or to improve on a failed assessment. Students who fail to appear for Saturday School (especially for disciplinary measures) will receive further consequences.

In-School Suspension

In-school suspension (ISS) is a structured disciplinary action in which a student is isolated or removed from regular classroom activities but is not dismissed from the school setting. The principal or his/her designated person(s) has the authority to assign students to the in-school suspension program for a reasonable and specified period of time. When students are assigned to ISS, they are restricted from being on other school campuses or property and are restricted from attending or participating in any Lee County School programs or activities until the suspension is complete. An exception to this should be given in writing by the school administrator.

Short-Term Out of School Suspension (OSS)

OSS is a short-term suspension from school (10 days or less). During that time, the student is prohibited from being on other school campuses or property and is prohibited from attending or participating in any Lee County School System co-curricular or extracurricular programs or activities.

Transitional Learning Center (TLC)

The TLC was designed to serve students who have difficulty succeeding in the regular education environment. This difficulty may be academic or behavioral, or a combination of the two. Students may be placed in the TLC based on agreements between the home school principal (or designee), the director of the TLC, and the parent/guardian of the student. Students may also be placed at the TLC as a result of a due process hearing (discipline tribunal hearing), due to severe or chronic discipline infractions. Parents must be given notice of the due process hearing date and location in a timely manner before the hearing is held. Any student that has been adjudicated through the juvenile court system or regular court system and placed in any type of detained facility (YDC, RYDC, jail, etc.) may transition back into the school system through the TLC. In this case, the length of placement will be determined by the director of the TLC and the principal (or designee) of the home school.

Students may also be placed in the academic section of the TLC based on specific criteria. This placement includes necessary consent from students, parents, the school administration, and the TLC. Parents should contact the principal or guidance counselor for more information.

Students are prohibited from driving to, on, or from the TLC campus. Students in the academic section of TLC with the proper parking permits from the high school are permitted to drive to the high school, then ride the transfer bus to and from TLC. Students in the discipline section of TLC may not drive to school whatsoever.

Offenses which would result in an assignment to the Transitional Learning Center are generally the same as those outlined for out of school suspension in this Code of Student Conduct; however, students may be placed for other infractions.

Students assigned to the discipline section of the Transitional Learning Center are prohibited from being on other school campuses or property and are prohibited from attending or participating in any Lee County School System co-curricular or extracurricular programs or activities. This restriction remains in force until the students have completed their assignment to the Transitional Learning Center. If a student has been placed at the Transitional Learning Center on two previous occasions, the next tribunal may result in a minimum of a 12-month suspension.

Work Assignment

With the support of the parent/guardian, the principal or his/her designee has the authority to assign supervised activities related to the upkeep and maintenance of school facilities as a disciplinary action for a reasonable and specified period of time. Work assignments are not intended to interfere with any student's regular class schedule. The parent(s) or guardian will be responsible for providing transportation in these cases. Details will be worked out with the parent/guardian.

School Bus Suspension

Principals or his/her designee may deny a student the privilege of riding a school bus based on misconduct of the student. This action will be for a reasonable and specified period of time.

Physical Restraint

Principals or their designees may use reasonable physical force to restrain students from harming or attempting to harm themselves, other students, teachers, administrators, parents, guardians or other staff members. The action may be taken when it is necessary to maintain discipline or to enforce school rules. This must be done in a reasonable fashion to protect all parties involved. Law enforcement officials may be called to assist in the enforcement of this action.

DRESS CODE

The policy of the Lee County Board of Education is that personal appearance is an essential element in the teaching and learning processes. Therefore, it is expected that students dress in such a manner that will ensure their health and safety while at school. Furthermore, the dress and personal appearance may not be disruptive or interfere with the legitimate interest and welfare of the students.

Gifted Education

Students, grades kindergarten through 12, in the Lee County School District who demonstrate a high degree of intellectual and/or creative abilities, exhibit an exceptionally high degree of motivation, and/or excel in specific academic fields are provided with special instructional services by the Program for Gifted Students. The State Board of Education determines eligibility criteria for placement in the program. Teachers, counselors, administrators, parents or guardians, peers, self, and other individuals may make referrals for consideration for

eligibility for gifted services with knowledge of the student's abilities. For a summary of eligibility criteria or for further information about the Lee County School System Gifted Program, please go to <https://www.lee.k12.ga.us/departments/curriculumtestingtitle-ii-part-a> and view the Gifted Procedures Manual. If you should have specific questions regarding your child, please call the Instructional Supervisor/Assistant Principal at your child's school. Specially designed instruction is provided through a continuum of services, ranging from least restrictive to most restrictive environments, depending on the specific needs of the student. The type and degree of services provided are determined through the development of an Individualized Education Program (IEP) to meet the unique needs of the child with a disability. For more information, contact the Special Education Department at 229-903-2100.

Section 504

Section 504 of the Rehabilitation Act of 1973 is a nondiscrimination statute enacted by the United States Congress. Any student, parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

For more information regarding Section 504, or if you have questions or need additional assistance, please contact Mrs. Kelli Duke, the Section 504 Coordinator.

Bullying (O.C.G.A. 20-2-751.4)

Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as follows:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
 - b. Has the effect of substantially interfering with a student's education;
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication:

- a. is directed specifically at students or school personnel;
- b. is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and
- c. creates reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in

whole or in part by wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures have been developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school.

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parent handbook.

Drug Abuse

The intent of the Lee County Board of Education is to comply and to cooperate fully with the laws regarding illegal drug use and drug abuse. The Board of Education understands that there are times when prescription drugs may be used by students for medical reasons. Under these circumstances, the student or his/her parent(s) or guardian should register the prescription with the principal or his/her designated person(s) in order to protect the student.

Local School Rules and Regulations

Principals with the approval of the Superintendent may supplement the Code of Student Conduct with rules and regulations that are applicable to the particular school. These rules shall not be contrary to the rules of the Code of Student Conduct. Such rules and regulations shall be reasonable and related substantially to the maintenance of discipline and the implementation of the academic program of the school. Adequate notice of all rules and regulations shall be given and violators shall be treated fairly and consistently.

Threats of Suicide

Students who talk about suicide will be taken seriously. When a student indicates that he/she is considering suicide, a principal designee will notify the parent/guardian. The designee will advise the parent/guardian to take the student to a qualified licensed professional (psychologist, psychiatrist, county mental health, or private/public hospital). The school will request that an open line of communication be maintained between the school and parent/guardian. The system social worker shall be notified of such a threat.

Student Personal Belongings

Personal belongings such as toys, electronic or non-electronic games (including playing cards and dice), cameras, or recording devices of any kind may not be brought to school or on field trips or off campus travel (co-curricular or athletics) unless they have been approved as part of a class assignment. If such items are brought to school, they may be taken up and kept in the school office until parents come to claim them. Also, students are subject to disciplinary action

for bringing inappropriate items to school without the consent of the school administration. The School District is not responsible for lost, stolen or damaged personal belongings.

Reporting of Criminal Conduct

Any action or failure to act by a student which is a violation of any law or which an administrator or teacher believes may be a violation of a law may be reported to the School Resource Officer (SRO). School Resource Officers The primary goal of the School Resource Officer (SRO) is to provide a safe learning environment for the school community. It is the duty of the SRO to uphold the constitution, all applicable laws, and protect the citizens. The existence of officers on school campuses and at school-sponsored events is designed to establish presence and create a safe environment. The SRO works to establish positive relationships with the school community, and is a valued resource for students, parents, and teachers regarding matters of safety, security, and criminal law. Whenever events of crime or threats to safety occur, the SRO can respond within his or her capacity.

Student Allegations of Employee Misconduct

Instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student should be reported to the principal or to the Human Resource Services Department at (229) 903-2100. As authorized by Georgia law, if it is determined that a student deliberately falsified or misrepresented information alleging employee misconduct, the student will be subject to disciplinary action that may include suspension or expulsion.

Student Questioning by Officials

School Administrators: Principals and Assistant Principals have the duty and authority to question students for the purpose of ensuring a safe and orderly school environment. Though it is important to inform parents about issues of concern, parental consent is not required prior to the questioning of students.

Department of Family and Child Services (DFCS): DFCS officials investigating suspected child abuse and/or neglect are permitted to conduct reasonable interviews and inspections of children. Notice to parents is neither required nor desirable when the object of that investigation may be the parents.

Guardian Ad Litem: The Guardian Ad Litem is a trained professional appointed by the court to represent the best interests of minor children in court cases. Any request to interview a student or to inspect the student's school record should be submitted, in writing, along with court documentation establishing the Guardian Ad Litem relationship with the child.

Law Enforcement: School Resource Officers, as well as Probation Officers of the Juvenile Court, are permitted to question students at school without prior parental approval and notification. Law enforcement officers representing other agencies investigating non-school-related matters may question students without the consent of the parent/guardian.

Student Searches

To maintain order and to protect the safety and welfare of students and school personnel, school administrators may search a student, student desks, student work spaces, student learning devices, and student lockers at any time. As well as, a student may be searched if administrators have reason to believe the student is in possession of an article or substance which is illegal, prohibited by school or district rules, or potentially dangerous. Students will be given the opportunity to produce the item requested, or to volunteer to empty their pockets, purses, or book bags. School administrators may use an electronic wand device for the detection of illegal articles. Students may be asked to remove their jacket, vest, shoes, or socks. A School Resource Officer will be called if search yields illegal substances or other illegal materials. A student who refuses to allow an administrator to search him/her will be subject to disciplinary action, up to and including suspension and/or a disciplinary hearing.

Metal detectors or drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off of the school campus at the discretion of administrators.

SCHOOL SAFETY ZONE

It shall be unlawful for any person to carry or possess or have under such person's control while within a safety zone (all property in, on, within 1,000 feet of any real property owned by or leased to any public or private elementary school, secondary school, school board and used for elementary or secondary education) or at a school building, school function, or school property or on a bus or other transportation furnished by the school, any weapon or explosive compound. Reference O.C.G.A. 16-11-127.1

Video Surveillance

In an effort to maintain order and discipline on school property and in school vehicles, LCSS utilizes a video surveillance system. However, students do not have permission to tape teachers or other students without their consent. Violations will result in disciplinary action.

Visitors

Georgia Law prohibits visitors on a public school campus for social or nonessential reasons. Students are not to bring visitors to school with them or meet visitors around fringe areas of the campus during school hours. Violations of this rule could result in arrest of visitors and serious disciplinary action taken with students. Visitors with specific purposes are welcome and asked to check in with the main office. Visitors should use the front parking lot.

To promote uninterrupted instructional time and for the protection and safety of our students, we are following these visitation guidelines:

1. All visitors, including parents, are to stop in the office and receive a visitors' pass.
2. Appointments will be made for conferences and classroom visitation.
3. To prevent interruptions, younger children should not accompany parents during visitations.

STATE TESTING

The Georgia Milestones Assessment System is designed to provide information about how well students are mastering the state-adopted content standards in the core content areas of English Language Arts, Mathematics, Science, and Social Studies. Importantly, Georgia Milestones is designed to provide students with critical information about their own achievement and their readiness for their next level of learning – be it the next grade, the next course, or endeavor (college or career). Informing parents, educators, and the public about how well students are learning important content is an essential aspect of any educational assessment and accountability system. Parents, the public, and policy makers, including local school districts and boards of education, can use the results as a barometer of the quality of educational opportunity provided throughout the state of Georgia. As such, Georgia Milestones serves as a key component of the state's accountability system – the College and Career Ready Performance Index (CCRPI). REPORT CARDS

Report cards are sent home with students at the end of every nine weeks. Numbers are used to report grades as follows:

A = 90-100

B = 80-89

C = 70-79

F= 69 and below

HONOR ROLL

Superintendent's Scholar----- 96-100

Principal's Scholar----- 90-100

Jr. Trojan Scholar----- 85-100

Students must have the above grades in all subjects including a yearly average of connections and physical education classes to qualify for Honor Roll each nine weeks grading period. Honor Roll for the year will be based on the students' yearly average as of the 4th nine-week grading period progress report. This average will be calculated separately for each subject. Students must meet the above criteria for each subject in order to be a Superintendent's Scholar, Principal's Scholar, or Jr. Trojan Scholar for the year.

TARDIES/LATE ARRIVALS/EARLY DISMISSALS

All students are expected to be in attendance in their regularly scheduled classes by the time the bell rings to begin class. Parents must sign tardy students in after 8:05 AM. Students should not be checked out after 2:30 PM unless the child is sick or has a doctor or dentist appointment. Parents are encouraged to make dental, medical, and other appointments for their children after school hours or during vacation and holiday periods. In the event of a doctor or dentist appointment, an appointment card should be presented to the office for our attendance records. Students who have a valid reason to need to leave school early must be checked out through the front office. Students must be signed out by the parent or guardian. Notes or telephone calls may not be accepted for purposes of checking out a student. Repetitive tardiness at the start of the day, during school hours, and/or leaving early from school may result in the school pursuing action as habitual truancy. A record of tardiness will be kept by the office and recorded on the student's permanent record. All cases of unexcused tardiness should be considered discipline problems. The classroom teacher will take appropriate disciplinary action for each tardy. A student is considered tardy if the student is not in the teacher's classroom when the tardy bell rings.

The tardy policy for middle school is applicable to the number of unexcused tardies accumulated per semester. See the policy below:

3rd tardy: Written Warning/Parent Contact from the teacher
4th tardy: Before/After School Detention (set by the teacher)
5th tardy: Office Referral for ISS

All subsequent tardies will result in an office referral for ISS/OSS.

Students must be present every school day and must not have been tardy and/or checked out early more than 6 times to qualify for the perfect attendance recognition. The principal has the responsibility of making decisions relating to check-outs. A decision will be made in the best interest of the student when emergencies or unusual circumstances arise.

Code of Student Conduct

Lee County School System

School Year 2024-25

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior that violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of such student's classmates to learn, shall file a report of such behavior with the principal or his/her designee.

The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A § 20-2-737-738.

The committee could assign consequences ranging from assignment to the Transitional Learning Center (TLC) and/or out of school suspension and/or recommendation for expulsion by the principal as authorized in the expulsion procedures.

STUDENT DISCIPLINARY HEARINGS (TRIBUNALS)

For the purpose of conducting student discipline hearings (tribunals), rendering a decision, and imposing punishment, the following procedure will be followed:

1. The Superintendent/designee shall convene a hearing when a student has violated any school or system rule or engaged in any other act of misconduct or insubordination that may require long-term disciplinary placement in the Transitional Learning Center, a long-term suspension, or an expulsion.
2. When a student is referred to tribunal, the Superintendent/designee shall choose three school or district administrators to serve on the tribunal committee. No member of the hearing tribunal shall be a member of the staff at the school that the student attends.
3. In the event a student or his/her parent does not wish to contest the charge(s) of violation(s) of the discipline rules of the school's code of conduct for which a tribunal has been requested, the student and parent may voluntarily accept the consequences prescribed by the school by signing a Waiver of Disciplinary Tribunal Hearing form. Such waiver shall specify the rule violation; the date and description of the incident, the prescribed consequences, and an agreement to waive the opportunity to participate in a tribunal hearing, present evidence, cross examine witnesses, and be represented by an attorney. The decision to waive the tribunal shall be final and cannot be appealed by the school or family. The waiver must be signed by the student, a parent, a school administrator and a district level administrator from the superintendent's office, who shall act as hearing officer with authority to approve the disciplinary consequences set forth in the waiver.
4. Whenever a principal/designee refers a student discipline matter to the Superintendent/designee, a certified letter shall be mailed to the student and his/her parent/guardian containing a statement of the time, place and nature of the tribunal hearing, a statement of the matters asserted and charges against the student, and a statement setting forth the right of the student to present evidence,

cross-examine witnesses and be represented by legal counsel.

5. The school principal or his or her designee shall be responsible for presenting evidence in support of the charges against the student. All parties will be afforded an opportunity to present and respond to evidence and to examine and cross-examine witnesses on all issues. The hearing tribunal shall make a verbatim electronic or written record of the hearing. This record shall be available to all parties.
6. The hearing tribunal shall render a decision on whether the student committed the offense and, if so, the appropriate disciplinary action. The decision of the hearing tribunal shall be based solely on the evidence received at the hearing, including any evidence presented by either party relevant to the appropriate disciplinary action imposed. The hearing tribunal shall render a decision in writing within ten (10) days of the close of the record and shall furnish a copy of the decision to the student, his/her parents/legal guardians, the principal/designee and the Superintendent. The decision of the hearing tribunal shall be final and shall constitute the decision of the Board of Education unless either party should appeal the decision to the Board of Education.
7. Either party may appeal the decision of the hearing tribunal to the Board of Education by filing with the Superintendent a written notice of appeal within twenty (20) days from the date the decision is rendered. Such notice of appeal shall set forth the decision of the hearing tribunal and the basis of the appeal. Any decision of the hearing tribunal not appealed in this manner shall be final. In cases of out-of-school suspension or expulsion, the Superintendent may place the student in the Transitional Learning Center pending the outcome of the appeal. In other cases, the Superintendent may suspend the disciplinary action imposed by the hearing tribunal pending the outcome of the appeal.
8. The Board of Education shall review the record of the hearing, the decision of the hearing tribunal and the notice of appeal and shall render its decision in writing within ten (10) days from the date they receive the notice of appeal. The decision of the Board of Education shall be based solely on the record before the hearing tribunal and the Board shall not consider any other evidence in ruling on the appeal. The Board may find the facts to be different than those found by the hearing tribunal and the Board may modify the disciplinary action. Any decision of the local Board may be appealed to the State Board of Education by filing an appeal, in writing, within thirty (30) days after the local Board renders its decision.
9. Any student subject to a disciplinary hearing who withdraws from the Lee County system prior to the hearing must appear before a hearing tribunal to determine the student's eligibility to return to the Lee County School System in the event the student ever seeks to return to the system. Alternatively, the school district may proceed with the hearing in accordance with board policy despite the student's withdrawal from school.

Unsafe School Choice

Major offenses, including but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Option. A student who becomes a victim of a violent criminal offense while in or on the grounds of that student's primary, elementary, or middle school will have the opportunity to transfer to a safe school. Transportation will be provided for that student up to the limit of funds provided by the federal government for transportation.

Night/ Summer School Discipline

The Code of Student Conduct and dress code for the school hosting night/summer school will be strictly enforced. Disruptive and/or inappropriate behavior during night/summer school will lead to student dismissal from night/summer school. Decisions of the administration in charge of night/summer school will be final. There will be no refund of tuition to students who are dismissed.

BUS DISCIPLINE

The following specific provisions shall govern student conduct and safety on all school buses:

- (1) All provisions of the Student Code of Conduct apply to behavior on the school bus, including but not limited to, acts of physical violence as defined by Code Section 20-2751-6, bullying as defined by subsection (a) of the Code Section 20-2-751.4, physical assault or battery of other persons on the school bus, verbal assault of other persons on the school bus, disrespectful conduct toward the school bus driver or other persons on the school bus, and other unruly behavior;
- (2) A meeting of the parent or guardian of the student and appropriate school district officials must be held to form a school bus behavior contract whenever;
 - A student is found to have engaged in bullying; or
 - A student is found to have engaged in physical assault or battery of another person on the school bus.

The school bus behavior contract shall provide for age-appropriate discipline, penalties, and restrictions for student misconduct on the bus. Provisions may include, but are not limited to, assigned seating, ongoing parental involvement, and suspension from riding the bus.

These provisions regarding use of a bus behavior contract are not to be construed to limit the instances when other code of conduct violations may require use of a student bus behavior contract.

- (3) Students shall be prohibited from using any electronic devices during the operation of a school bus, including but not limited to cell phones; pagers; audible radios, tape or compact disc players without headphones; or any other electronic device in a manner that might interfere with the school bus communication equipment or the school bus driver's operation of the school bus; and
- (4) Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

The Lee County Board of Education places the highest priority on the safety and welfare of the students riding buses. In an effort to inform students and parents/guardians of acts that can threaten safety and welfare, bus rules and regulations have been adopted. The driver, along with the Transportation Director and the school principal, has full responsibility for discipline on buses.
