DEAR PARENTS,

Dear Parents,

Welcome to our Fee- Based Edventure Before & After School Program

The philosophy of the Edventure Before & After School Program is to provide safe, educational and affordable before and after school learning opportunities for all children. The program is specifically designed to meet the age-appropriate needs and interests of school age children and their families delivered in a positive environment of safety, support, and care.

Weekly and daily curriculum activities are designed and chosen to reinforce what your child is already learning in school. Our staff will support your children with their studies and homework while giving kids time to be kids. We will always work to provide a balance of staff-led and kid-led growth opportunities for your child.

We look forward to meeting you and extending a personal invitation to your child for a school year full of fun and friendships! Thank you for choosing us!

Sincerely

The Director and Staff of the Edventure Before & After School Program

Participating children learn valuable social and scholastic skills in a safe, fun, and supervised environment.

PROGRAM OVERVIEW

Snacks

We provide a healthy afternoon snack and juice. Our snacks are low-fat, low-sugar, and low-salt. Parents may pack a drink or alternative snack. If your child has any food allergies, please inform the Before and After School Director at the school site. In this case, the parent/guardian will be responsible for providing a nutritious snack that suits the needs of your child.

Homework

The Program stresses the importance of homework time is set aside every day for the children to begin or complete homework assignments. Supplies such as pencils, erasers, glue sticks, lined paper, scissors are available for use. Staff members are available to supervise to assist the children with their work. Because of the number of children who require support during homework time, the staff members are unable to confirm the accuracy of each child's homework or provide the type of one-on-one homework help that is available from a private tutor.

Although we encourage the children to do their homework when it is assigned, using the time set aside to complete homework is the responsibility of the child. Please let us know if you prefer to have a child complete his or her homework at home. Children who do not wish to use homework time to complete their homework may use the time to read a book.

All staff members have been screened according to the school's guidelines. All counselors are at least 18 years old. The Before and After School Directors are required to be at least 21 years of age, graduates of high school, associate degree or higher and have previous experience working in childcare. When hiring, we look for staff members who are responsible, driven, organized, creative, hardworking, and reliable.

Parent involvement

Parent feedback is encouraged. We encourage parents to schedule time with the Program Director to discuss your child's progress and address any other concerns.

In addition to asking for certain behaviors from our students, we expect that each parent always conduct him or herself appropriately. This includes communications and interactions with the Program Director. Inappropriate language, conduct, or action toward any staff, child, or other parent will not be tolerated. Failure to abide by this policy will result in termination of services.

Communication

Any questions regarding tuition, policies, staffing, activities, or a child's participation in the Program may be directed to the Program Director. Voicemail is in place 24 hours a day and will record a message if no one is available to answer your call.

It is the responsibility of parents to inform the Program Director in writing by email regarding any changes to your child's record. This information includes phone number, home/ mailing address, and emergency and authorized pick-ups, billing information, and changes to other pertinent information. Please refer to the school's Edventure website for the Program Director's email address.

Please note: Enrolling parent or designee are the only ones to make changes. The primary parent may check a box on the enrollment form to authorize the secondary parent to make changes on the account and enrollment. Any change in family custody status that impacts authorized parties for pick-up will require court documentation.

Children may not use the telephone except in case of an emergency. Please be sure your child understands your instructions about pick up and change of plans.
