

- 1) Read every day! 15 to 20 minutes of reading is a wonderful way to develop the reading habit.
- 2) Math work: Complete the kindergarten teachers' packet. Additional options are listed below.

**Reading Passport:**

Check out the reading passport and dive into amazing picture books, non-fiction, audiobooks, or short stories! Make sure to record them on your sheet; if you're looking for recommendations, the teachers have provided suggestions.

We want children to be in the habit of reading, be able to glean knowledge from text, and find pleasure in stories.

**Math:**

Mrs. Asbury and Ms. Harris have a math packet for you! Work through this over the summer. If you're looking for additional resources for math, consider the list below:

Books in Print	Online	Daily life
