## ATTENDANCE REMINDERS

- Whether an absence is excused or not excused it is still counted as an absence because the child was not in school. The excused absence just has a note explaining why the student was absent.
- Having a couple of unexcused absences is not a problem.
- If a child is sick or has a fever he/she must stay home.
- If a child is out sick for more than 2 days a doctor's note should be turned in to excuse the absence.
- Students must be in school; they cannot leave to visit family or go skiing/vacation. The schedule calendar was sent out way in advance so parents could plan accordingly.
- Students have a required number of hours by course they must attend. Excessive absences may result in summer school or retaining the student back a year.
- Students with Step-up: The school is audited on a yearly basis to ensure that the students receiving Step-up monies are attending school. They have their own attendance policy and if the student has excessive absences may lose their Step-up monies.
