July 8, 2024

Greetings Tiger Family!!!

Welcome to the 2024-2025 school year! I certainly hope that each one of you are enjoying a wonderful and rejuvenating summer break. As we embark on a new academic year, we are thrilled to have you as part of the Tiger family and extend a warm welcome to both our returning students/families, staff and those who are joining us for the first time.

As we continue forward at Mundy's Mill High School we will employ strategies that will help us to "Build a Better Tomorrow Today". Understanding what we do today and how it impacts what we envision for our students, families and community tomorrow will continue to be our central focus. As always, we must foster strong connections and collaboration between families, students, and the dedicated staff of MMHS. We encourage you to actively engage in your scholar's learning journey as your involvement has a profound impact on their academic success and personal growth. As parents, you play a pivotal role in building bridges between home and school. We invite you to communicate openly with our teachers and staff, sharing your insights, concerns and aspirations for your scholar. By working collaboratively, we can ensure that your scholar's educational experience is tailored to their unique needs and aspirations.

To our students, we want to extend a special welcome as you embark on yet another year of inquiry, self-discovery, and project-based learning. We encourage you to embrace new opportunities, explore your interests, and engage in meaningful discussions both inside and outside the classroom. Together let us build bridges of curiosity, resilience, and lifelong learning. Our dedicated teachers are committed to creating a nurturing and stimulating environment that fosters your academic, social, and emotional development.

In closing, it is especially important to note that we are developing a standing practice with regards to our expectations for cell phone usage inside of our classrooms. There is now much research that suggests cell phone usage during instructional time negatively impacts learning outcomes for students. Students talking on cell phones, Facetime, texting, on InstaGram, Snapchat, etc... is totally unacceptable during instructional blocks and will not be permitted. Look for more information to follow regarding the standing practice for cell phone usage at MMHS.

As always...go Tigers and we look forward to seeing everyone on August 1st when the doors open at 7:45 am for the first day of the 2024-25 school year!!!

Professionally yours,

Dr. S. Barbra
