

BUDGET IMPLEMENTATION

The administration of the annual budget is an executive function which is the responsibility of the Superintendent of Schools and administrative staff. Under the direction and control of the Superintendent, funds may be expended within budgetary appropriations and in accordance with Board policy without prior approval from the Board of Education.

The Superintendent shall be responsible for the maintenance of such accounting records as required by the New York State Uniform System of Accounts for School Districts or by the Board of Education or as otherwise deemed necessary. The Board of Education shall be kept informed through monthly reports as to the status of the budget.
