

EMERGENCY CLOSINGS REGULATION

In making the decision to close schools, in addition to advice from traffic and weather authorities and school officials, the Superintendent may consider many factors, including the following, which relate to the safety and health of children:

1. weather conditions, both existing and predicted;
2. driving, traffic, and parking conditions affecting public and private transportation facilities;
3. actual occurrence or imminent possibility of any emergency condition that would make the operation of schools difficult or dangerous; and
4. inability of teaching personnel to report for duty, which might result in inadequate supervision of students.
