What is PBIS?

The Office of Special Education Programs funded the School Wide Positive Behavioral Interventions and Supports (SW-PBIS or PBIS) beginning in 1998 as a response to the overrepresented population of culturally and linguistically diverse (CLD) students identified in special education (PBIS). In 2004, the Individuals with Disabilities Education Improvement Act created a division, Response to Intervention (RTI), to meet the various needs of students prior to special education identification (Cramer & Bennett, 2015). Cramer & Bennett explained this division enacted PBIS to adhere to the diverse needs of students with behavior concerns.

SWPBS (School-Wide Positive Behavioral Interventions & Supports) highlights four elements: data for decision making, measurable outcomes supported and evaluated by practices with achievable outcomes, and systems that support implementation of these practices (“Positive Behavioral Interventions and Supports (PBIS)”).

PBIS is a schoolwide systematic approach to embed evidence-based practices and data-driven decision making to improve school climate and culture to achieve improved academic and social outcomes and increase learning for all students. PBIS encompasses a wide range of systemic and individualized positive strategies to reinforce desired behaviors, diminish recurrences of challenging behaviors and teach appropriate behavior to students. PBIS is a framework that supports the needs and culture of the school by helping school personnel adopt and organize evidence based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students. Implementation of locally selected interventions and systems will create positive behavioral outcomes for students and safe and supportive cultures in schools. These prevention-oriented programs help school personnel adopt and organize evidence-based behavioral systems into an integrated continuum that enhances academic and social behavior outcomes for all students. The administrators, teachers and students should choose the interventions and supports that will improve behaviors and enhance their unique culture (“Using House Bill 318 Requirements to Create Caring Communities”).

The PBIS framework provides a continuum of behavioral intervention supports based on a three-tiered model or multi-tiered system of support (MTSS). PBIS teams are trained to positively impact behavior at three tiers (*PBIS.org*):

- **Tier I:** Primary (whole school)
- **Tier II:** Secondary (individual child or groups of at-risk children)
- **Tier III:** Tertiary (children with complex needs and behaviors that severely impact others in the school community)

AIS PBIS Mission Statement

“The mission of the Austintown Intermediate PBIS Team is to create and maintain an effective learning environment by establishing behavioral supports and a positive school climate. For all students in our school to achieve social, emotional, and academic success.”

Staff Responsibilities

A school-wide approach to behavior means that it is important for all teachers and staff to follow the same patterns of behavior support.

Staff responsibilities include:

- Teach, model, and practice behavior expectations throughout the day
- Teach behavior expectations following the school lessons during Monday Meetings
- Be prepared to use Classroom Dojo (or another incentive system) in the classroom and throughout the school
- Know and follow the Behavior Flow Chart/ Discipline Referral Process consistently
- Keep track of Minor Infractions and follow “Reteach & Warn, Reteach & Phone Call Home, ODR”
- Complete Office Discipline Referral Forms (ODRs) when a student’s behavior indicates the necessity
- Post school-wide expectations matrix will be posted in each classroom and refer to it often
- Fill out a Request for Assistance form when behaviors indicate a student may need additional interventions
- Celebrate successes!

Why have a PBIS framework?

1. House Bill 318 revised **Ohio Revised Code 3319.46** and requires each school district to implement a PBIS framework for all of schools in the district.

(B)(1) Each school district board of education shall do all of the following:

(a) Implement a positive behavior intervention and supports framework on a system-wide bases that complies with this section;

(b) Comply with any policy and standards adopted, amended, or updated by the state board under this section;

(c) Submit any reports required by the department of education or the general assembly with respect to the implementation of a positive behavior intervention and supports framework or suspension and expulsion of students in any of grades pre-kindergarten through three.

(2) Each school district's positive behavior intervention and supports framework may focus on the following:

(a) Comprehensive, school-wide data systems that enable monitoring of academic progress, behavioral incidents, attendance, and other critical indicators across classrooms;

(b) School-wide investment in evidence-based curricula and effective instructional strategies, matched to students' needs, and data to support teachers' academic instruction;

(c) An expectation by school administrators that classroom practices be linked to and aligned with the school-wide system;

(d) Improving staff climate and culture regarding the role of discipline in the classroom, established through the use of positive and proactive communication and staff recognition.

(C) For purposes of this section, "positive behavior intervention and supports framework" or "positive behavior intervention and supports" means a multi-tiered, school-wide, behavioral framework developed and implemented for the purpose of improving academic and social outcomes and increasing learning for all students.

2. Trauma-Informed Schools Act of 2019

(a) To amend the Elementary and Secondary Education Act of 1965 to provide criteria for use of Federal funds to support trauma-informed practices in schools, and for other purposes,

Why is it Important to Teach Expectations?

The expectations Austintown Intermediate School adopted are “The 7 Healthy Habits.” Although only the first five habits are aligned as our behavior expectations, all seven of the habits are taught to the students. These expectations will help to create and maintain an effective learning environment and help students achieve social, emotional, and academic success.

In addition to the behavior expectations, the healthy habits are an effective addition to PBIS framework to adhere to students’ needs experiencing or having experienced trauma.

Behavior Matrix

The behavior matrix (on the following page) serves as a guideline for students to know the expected behaviors throughout all areas of the school. These behaviors will be taught and also reinforced through Positive Postcards that are sent home and Tootles (when students “tell” on one another for exhibiting one of the behavior expectations (Healthy Habits). The matrix is posted in all classrooms and in many other areas of the school to serve as a reminder.

When to Teach the Expectations?

How to Teach Behavior Expectations

It is important to teach behavior in the same way we teach academics. To do this: 1. Create clear behavioral expectations

2. Communicate clearly to students what you want by using specific language, details, and examples
3. Explicitly model (role-play) the desired behavior to the students (what desired behavior looks like and what it does not look like)
4. Allow students to practice the modeled behavior
5. Monitor student behavior.
6. Provide performance feedback
7. Repeat teaching, modeling, or practicing until you have full compliance

Additional Tools for Teaching Expectations *(these are in addition to the 7 Healthy Habits' Lessons)*

The following are helpful ideas for teaching expectations to students.

- **Pre-teach.** Review the behavior expectations for a particular common area before transitioning.
- **Direct experience.** Take the students to a particular common area and have them “practice” the expected behavior (e.g., walking in the halls)
- **Get student input.** Use children’s literature or videos to stimulate a group discussion about a common problem behavior, such as hitting. Have the students identify the problems with this behavior and brainstorm coping strategies or solutions. Use the behavior expectations matrix to guide your discussion.
- **Role-play.** Have the students act out scenarios that address the expected behaviors in common areas to ensure their understanding, as well as to provide them an opportunity for feedback. Encourage students to use vocabulary from the behavior expectations matrix.
- **Reflection.** Start a discussion and have students talk about any experience that they have had at school related to behaviors. Help them process their responses in relation to the behavior expectations matrix and guide them to see why positive behavior matters.
- **Acknowledgment.** Whenever possible, positively acknowledge students who are meeting behavior expectations, either verbally or through with Cougar Coupons. Be sure to acknowledge success of the whole class for following expectations (at assemblies, in hallways, etc).

Encouraging Desired Behaviors

Behavioral scientists have long studied the ideal praise-to-criticism ratio. For students, that ideal ratio is 4:1. In other words, for each bit of negative feedback, there should be a minimum of four positive comments to balance it out.

Reinforcement Menu

The Reinforcement Menu offers positive reinforcement options for teachers and staff. Positive reinforcement and practicing 4:1 promotes desirable behavior and creates a safe classroom environment.

| Small | Medium | Large |
|--|--|--|
| <ul style="list-style-type: none"> ● Verbal praise ● Smile ● High five ● Take time to listen ● Write a note to student ● Eye contact ● Silent thumbs up ● Help teacher with a job ● Use work as a model ● Tutor peers ● Proximity ● A compliment | <ul style="list-style-type: none"> ● 1:1 time with teacher ● Teacher helper ● Line leader ● Extra choice time ● Points toward class/individual reward ● Display work in class ● Small treat | <ul style="list-style-type: none"> ● Principal/teacher phone call to parents ● Cartoon Lunch ● Technology time ● Lunch with staff member/friend ● Listen to music ● Special seat in class/lunch ● Extra recess ● Large treat |

Remember! We never reward kids, we reward behaviors!

★ Never reward as bribery to get a student to do something or to manipulate them. ★ Never give rewards to students who ask for them or who behave only to earn the reward.

Discouraging Undesired Behaviors

Possible Scripts for Correction (whitepinecharterschool.org)

• Thank the student for correct behavior.

- o Try this: When a student is not meeting expectations, such as wearing a hat in the school, say, “Thank you for taking off your hat,” while looking at the student, smiling, and walking away. Stop and look back. If the student has the hat off, you can mouth “Thank you” or give a thumbs up.
- o Try this: When a student is talking too loudly in the library, for example, the teacher can find another student nearby who is using the appropriate voice level, and can say, “Thank you for using an indoor voice.” If the first student then starts using an indoor voice, say “Thank you for using an indoor voice, _____ (student’s name).”

• Reteach.

- o Try this: When a student is talking during a lesson, give a reminder of the rule. For example, say “Please be responsible for paying attention to the lesson. Attention means being silent and listening.” If this does not work, say, “I expect that all student will be responsible for giving full attention to this lesson. Attention means that students are listening and silent during the lesson. We will discuss this lesson together at a later point, if we need to. (Student’s name: _____, what does giving attention to a 14 lesson mean?” Student answers. Teacher says, “Thank you. I’m glad that we all understand now.”
- o Try this: When a student is talking during a lesson, ask the class if someone could repeat the rule about talking during a lesson for the class. After the student does so, ask if anyone has any questions about the rule and continue with the lesson. If the first student continues the undesired behavior, ask them to repeat the rule and ask if they have any questions about the rule. Say, “Good, thank you.”

• Have a conversation with the student.

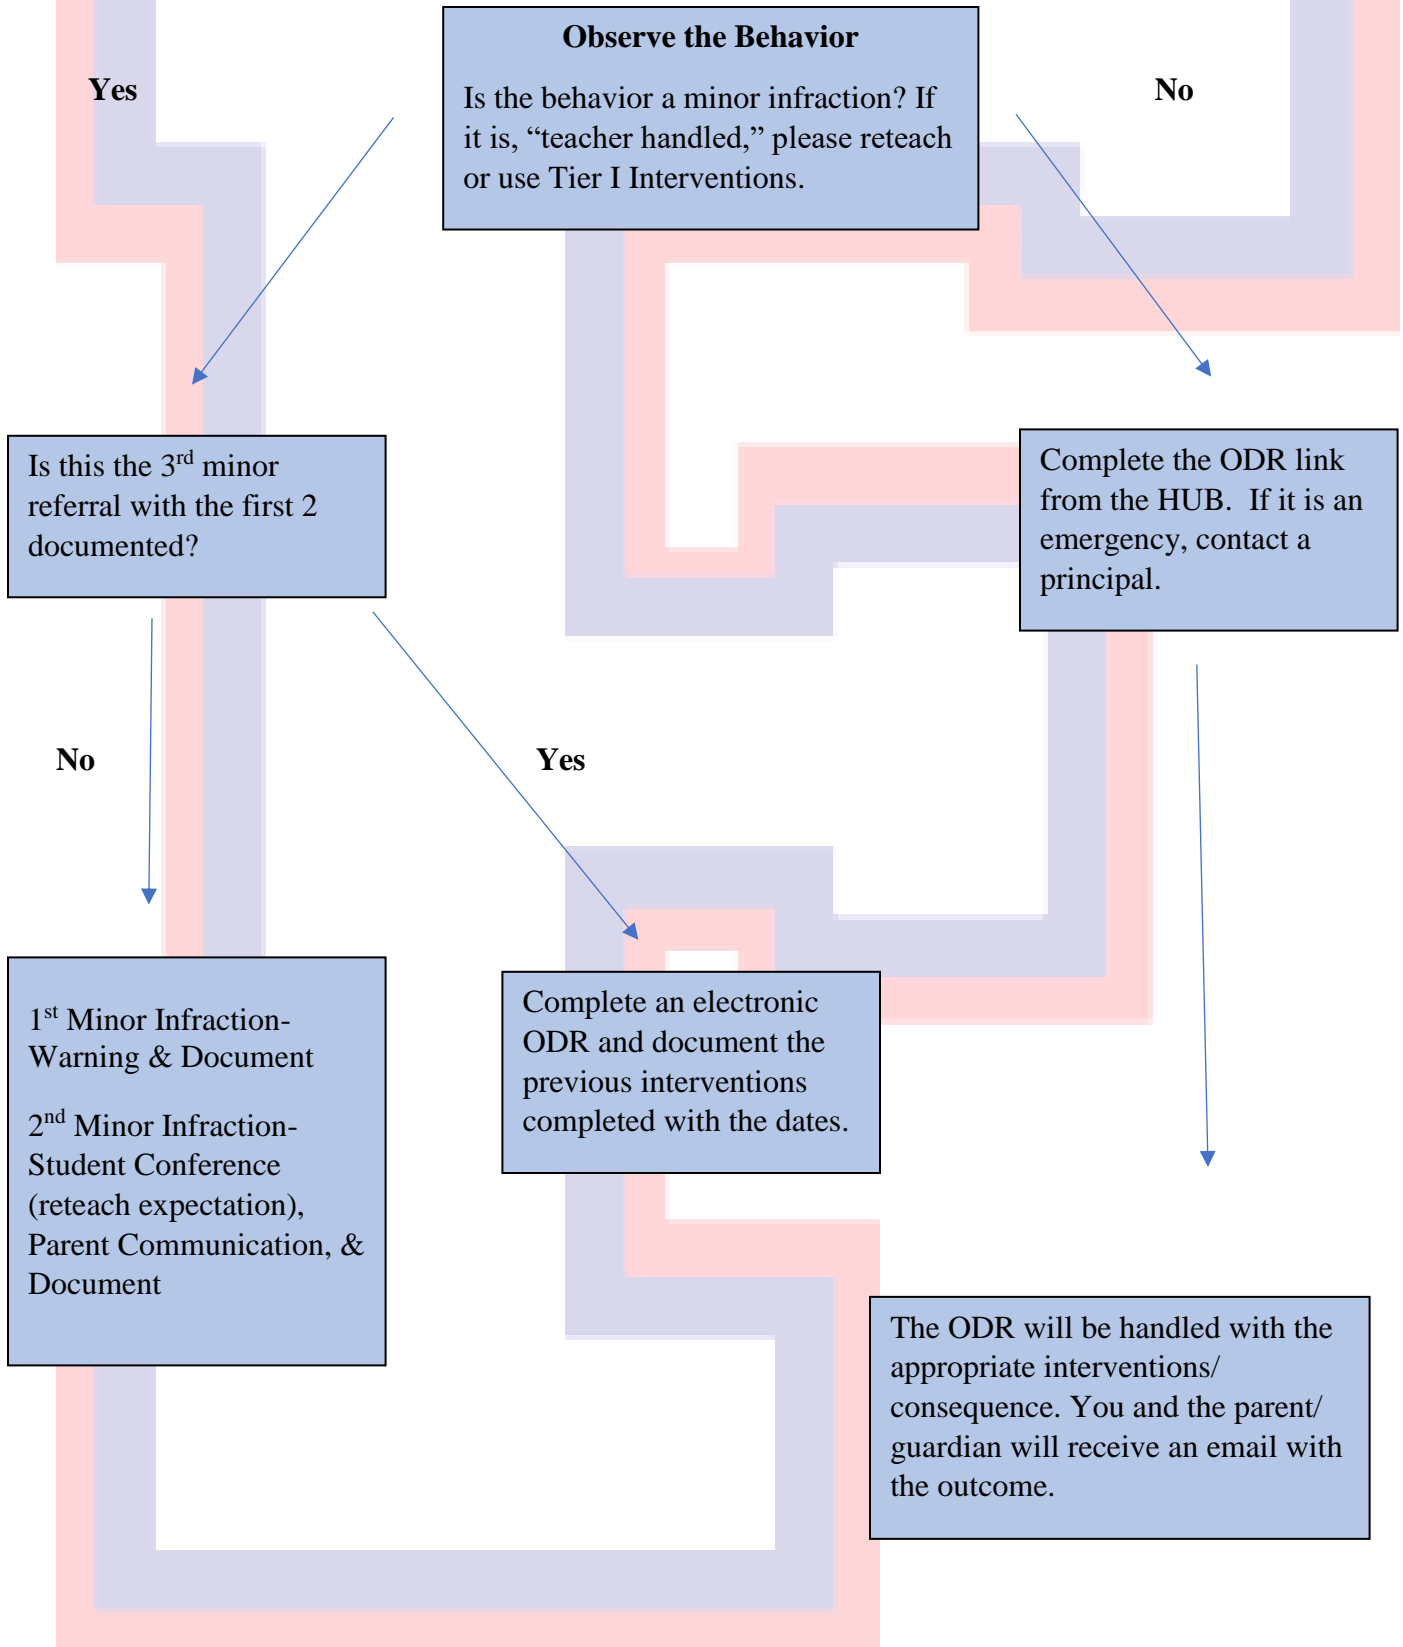

- o Try this: When a student is misbehaving, ask the student the following questions, and wait for them to answer:
 - What are the expectations in the _____ (location)?
 - Was your behavior willing/positive/connected/significant?
 - What do you need to do?
 - Are you willing to do that?
 - Thank you!

• Redirect the student. Use the following scripts for various situations.

- o Say, “What are you supposed to be doing right now?” (Student is playing with a pencil sharpener instead of taking out his workbook.)
- o Say, “We are on page 3. Please read the first paragraph out loud.” (Student lost her place in the book because she was not following along.)
- o Say, “Laura, what answer did you get to Problem 12?” (Laura knows how to work the problem, but was visiting with a neighbor and the teacher needs her to be engaged in the lesson.)
- o Silently stand next to the student and point to what the student should be focused on (Student is not doing his work or is not on the correct page that you are reading.)
- o Say, “Stop. Look at me. What should you be doing right now?” (Student may have been redirected once already but is still not following directions.)
- o Say, “Where are you supposed to be right now? Are you there? So, what should you do now? (Student is out of his seat and disrupting others. The teacher may have already been repeating earlier directions.)

| Teacher handled- Reteach | | | |
|---|---|--|---|
| Example | Appropriate Response no documentation required; teacher discretion for consequences | | |
| Inappropriate Language | Offensive remarks or gestures in a casual manner | “Get the hell away from me!” Student gives another student the finger. | Remove from class; have them take a break; restorative meditation; Zones of Regulation |
| Physical Aggression/ Fighting | Rough play; invading personal space; touching others | Student pinches another student. | Personal space lesson; Zones of Regulation |
| Defiance/ Disrespect/ Noncompliance | Passive refusal to participate; extremely slow in response to request; testing the limit | Student responds to teacher, “I don’t want to answer.” | “Okay, but I wish you would participate.”; Ignore, then praise for positive behavior; Free Pass; Think-Pair Share |
| Disruption to the Education Process | Noise making; outside talk; attention getting behaviors (silly answers, class clowning, etc.); bugging others | Student makes fart noises. | Use a calm voice and your presence; Remove and talk in the hallway; Have student apologize to class |
| Harassment/ Teasing/ Taunting | Annoying on purpose; altering names | With every statement the teacher says during instruction a student says, loudly, “Yes,” “Yes.” | Ignore |
| Property Misuse/ Damage | Not returning items to appropriate places | Borrowing a teacher’s pencil and leaving it on the floor. | Ignore; Power Struggle; “I wish a leader would pick up that pencil.” |
| Lying/ Cheating/ Theft | Borrowing without asking | Student takes a pencil off the teacher’s desk. | “If you would ask, I would let you borrow one. Please return my pencil.” |
| Possession/ Reference of an Illegal Item | Inappropriate drug/ alcohol references | Student makes a joint gesture. | Ignore; Speak to them outside; conference with counselor |

| | Minor 1 st Offense- Warning (reteach) 2 nd Offense- Reteach & Call Home 3 rd Offense- ODR | Major ODR | Emergency Call Principal |
|---|--|--|---|
| Inappropriate Language | Repeated pattern of any inappropriate language | Swearing used to intimidate, show defiance; language that is profane | Creating an unsafe climate |
| Physical Aggression/ Fighting | Wrestling; bumping into others; kicking | Hitting; encouraging another to fight; retaliating | Fight; assault that may result in a fight |
| Defiance/ Disrespect/ Noncompliance | Ignoring reasonable request to stop low level disruption; overt refusal to participate | Repeated refusal | Ignoring reasonable request that leads to escalation and/ or to an unsafe situation |
| Disruption to the Education Process | Repeated pattern of any disruptive behaviors; misuse of cell phone/ electronic devices in class | Behavior that stops the learning in class; defiant repetition of behavior following correction | |
| Harassment/ Teasing/ Taunting | “Put downs”; threatening and/ or disrespectful body language/ posturing; targeted insult | Threat/ extortion; racist; socioeconomic status/ sexual/ religious/ disability/ sexual orientation/ cultural remarks; cyberbullying/ intimidation | Specific threat to oneself or others “I will burn your house down.” |
| Property Misuse/ Damage | Thoughtlessly or “accidentally” damaging property | Theft; purposefully damaging or defacing property | Creating unsafe environment |
| Lying/ Cheating/ Theft | Taking another’s property (minor value); refusing to return a borrowed item; substituting someone else’s work for own | Taking another’s property (significant, sentimental, or monetary value); not telling the truth when it involves someone’s personal safety or property damage | |
| Possession/ Reference of an Illegal Item | Repeated inappropriate drug/ alcohol references; talking about use; clothing or obvious lookalike weapons | Under the influence, possession, distribution, or having paraphernalia of drugs or possession actual or lookalike gun, knife, or other weapon | |

The following is an example of what may occur with infractions. Every student and situation is different.

Criteria for Tier II

Students who are looked at to receive Tier II behavioral interventions are those students who are not successful with the universal Tier I foundation that is in play at Austintown Intermediate School. Tier II interventions are smaller than Tier I because they are for a group of students who need these interventions. The focus is on supporting students who are at risk for developing more serious problem behavior before they start. Essentially, the support at this level is more focused than Tier I and less intensive than Tier III (Gorski).

Regardless of the intervention, Tier II supports include additional instruction for key social, emotional, and/or behavioral skills. An important outcome of Tier II interventions is when students can regulate on their own, when, where, and under what conditions particular skills are needed and can successfully engage in those skills. Once data indicate a positive response to the intervention, students learn how to monitor and manage their own behavior (pbis.org).

The following criteria are considered at the PBIS meetings before putting a Tier II intervention into motion.

- Office discipline referrals
 - How many? From who?
- Screening instrument scores
 - Diagnostics
- Teacher nominations
 - form
- Parent recommendations
 - form
- Support service recommendations
- Formative assessments

Check In/ Check Out

Why should I do it:

- Improves student accountability
- Increases structure
- Improves student behavior and academics when other interventions have failed • Provides feedback and adult support on a daily basis
- Improves and establishes daily home/school communication and collaboration • Improves student organization, motivation, incentive, and reward
- Helps students self-monitor and correct
- Internalizes success and accomplishment of goals
- Leads to maintenance free responsible behaviors, habits, and effort
- Improves positive adult-student relationships

When should I do it:

- When a student has failed to respond to other interventions and general class management techniques and interventions
- When a student is competing little to no work
- When a student is not participating, being involved, or taking part in the learning process
 - When a student has emotional issues, like anxiety, frustration, etc.
- When kids have attention, focus, and impulsivity issues
- When kids have very poor organization
- When a student is exhibiting behavioral problems
- When a student demonstrates low motivation and effort

Consider referring students for additional supports when:

- You see failure for 2-6 weeks
- Students receive their 6th office discipline referral
- There are five absences in 30 days
- Problem behaviors become dangerous
- There is a mental health concern
- The family requests additional supports

Transition students from CICO who:

- Consistently meet their goals for at least four weeks. This is an average across days. If a student meets the goal four out of five days for at least four weeks, it's a good indicator they are ready to move off of CICO.
- Haven't received an office discipline referral for at least four weeks

Permission for Check-In/Check-Out Program

Following our 7 Healthy Habits at AIS

Student _____ Grade _____

Dear _____,

We have a wonderful school wide goal this year. Our goal is to create an inclusive and welcoming environment which values, recognizes and affirms the worth of each individual in our learning community. To help us reach our goal, we are starting a very effective program for students who need additional support.

We call this program “Check In/Check Out (CICO).” Students involved in this program will check in with a staff member in the morning. At Check In they receive a point card allowing them to receive points for upholding our 7 Healthy Habits. The staff member and the student talk together, setting a goal of how many points the student will get that day. As they go through the day, they must periodically check in with their teachers to receive points. At the end of the day they check out with the same staff member with whom they Checked In. They total the points and discusses how the day went. Students will bring home a report each day to let the parent know if they met their goal. There is a place for the parent to sign and then your child will bring the form back to school. Students can accumulate points for various incentives that will be decided by your student and their CICO staff member.

We would like to include your child in Check-In/Check-Out for a minimum of nine weeks (with periodic review to enhance success). This program will provide extra support through feedback by multiple adults at school. A report will be filled out daily by the teachers and checked at the beginning and end of the day. Your child will pick up their daily progress report by 8:35 a.m. with _____ and return it at 3:05 p.m. to _____. Your child will work on goal setting for appropriate behavior and will be able to earn incentives for appropriate behavior. As parents, you are responsible for making sure our child arrives on time each day for check-in and that you review and sign the DAILY PROGRESS REPORT and return the report to the school. Together, we can make this a positive experience for your child.

Check In/ Check Out Teacher Information

1. The CICO program consists of the following components:
 - o Morning “check in” with _____ in room _____
 - o Teachers feedback 3-5 times each day
 - o Afternoon “check out” with _____ in room _____
 - o Daily point report (DPR)
2. Each morning, the student will walk directly to their mentor to check in. The student will receive his/her daily point report. In addition, the daily point report will be turned in. If the student comes to class before checking in, please provide a reminder to go to their mentor.
3. During the day, you and other teachers will provide feedback to the student in the form of points. A “3” indicates a great job, a “2” indicates okay, and a “1” indicates a hard time. Please mark the student’s DPR at the appropriate time, and provide specific verbal feedback about the rating.
4. At the end of the day, the student will check out with their mentor. The student will then turn in the DPR, points will be recorded, and the DPR will be completed.
5. Data will be graphed on a regular basis. Please contact Reppy if it appears that the program is not working, or if you have other concerns.

CICO Program

TIPS for Mentors for Providing Feedback during Check-in, Check-out and In Class

Things to say at check in...

- Wow! You brought back your CICO Report signed!
- You're here on time again -Great!
- Looks like you're all set to go
- It's great to see you this morning
- Looks like you're ready for a good day
- You're off to a good start
- You look so nice this morning
- You look happy to be here this morning
- I like the way you said "good morning"
- Thanks for coming to check in
- Sounds like you had a good weekend
- We missed you yesterday (if student was absent), nice to see you today

Things to say at check out....

- You had a great (awesome, terrific, etc) day!
- You're right on target
- Your mom/dad is going to be so proud of you
- You're really working hard!
- You are such a good student
- You made your goal- wow!
- Looks like today didn't go so well- I know you can do it tomorrow
- I know it was a tough day- thanks for coming to check out
- We all have bad days once and awhile- I know you can do it tomorrow
- You look a little frustrated- what happened?
- If a student looks upset take a few minutes to "just listen"
- Looks like you were having some trouble today. I know you can turn it around tomorrow.

Typical Problems and Solutions

1. The student forgets to “check in”

This is very common, especially for younger students. If the student arrives, and forgets to check in, send he/she to the mentor. It is important that the student checks in. If the problem becomes consistent (2-3 days per week), contact the mentor and we come up with a plan.

2. The student loses the DPR

Pick a place in the classroom to keep the DPR. You may also tape the sheet to the student’s desk. Provide

verbal reminders to the student to “remember your DPR.” Do not allow the student to carry the DPR to lunch or recess unless it is necessary. Start a new DPR (in the CICO shared drive).

3. The student “loses” the DPR if they are having a bad day

If the student says that the DPR is lost after having a bad day, begin to use a new one. If you remember the ratings that you previously gave, record on the new card. Keep the DPR with you for the rest of the day, but still briefly meet with the student to provide the ratings and feedback.

4. The student arrives late to school

Begin a DPR (from the shared drive) and start when the student arrives. When the student arrives, explain that you will start the DPR, and that they may turn in the home report (from yesterday) during check out.

5. The student becomes angry, and throws the DPR or rips it up

Discontinue the DPR for the day. Explain that having CICO is a special privilege, and they must not destroy it. The student should still check out at the end of the day if possible.

Dear _____,

As you know, your child has been participating in the Austintown Intermediate Check In/ Check Out Program here at AIS. Although your child is bringing home their Daily Progress Report (DPR) for you to sign, we thought that you might like to see the attached graph showing your child's progress from _____.

If you have any questions about this graph or about the CICO Program, please feel free to email me at dreppy@austintownschoools.org or call me at (330) 797-3901 ext. 6027.

Thank you so much for your continued support of the AIS CICO Program.

Sincerely,

Forced-Choice Reinforcement Menu

Name: _____

In order to identify possible classroom reinforcers, it is important to go directly to the source, namely, you the student. Below is a paragraph that provides instructions for completing a series of "controlled choice" survey items about individual reinforcement preferences. Please read the following paragraph carefully:

"Let's suppose that you have worked hard on an assignment and you think that you have done a super job on it. In thinking about a reward for your effort, which one of the two things below would you most like to happen? Please choose the one from each pair that you would like best and mark an "X" in the blank that comes in front of it. Remember, mark only one blank for each pair."

1. Teacher writes "100" on your paper. (A) Be first to finish your work. (CM)
2. A bag of chips. (CN)
3. Classmates ask you to be on their team. (P)
4. Be free to do what you like. (I)
5. Teacher writes "100" on your paper. (A)
6. Be first to finish your work. (CM)
7. Teacher writes "A" on your paper. (A)
8. Be the only one that can answer a question. (CM)
9. A candy bar. (CN)
10. Friends ask you to sit with them. (P)
11. Be free to go outside. (I)
12. Teacher writes "Perfect" on your paper. (A)
13. Have only your paper shown to the class. (CM)
14. A can of soda. (CN)
15. Classmates ask you to be class leader. (P)
16. Be free to play outside. (I)
17. Teacher writes "Excellent" on your paper. (A)
18. Have your paper put on the bulletin board. (CM)
19. A pack of gum. (CN)
20. Friends ask you to work with them. (P)
21. Be free to work on something you like. (I)

Criteria for Tier III

Students who are looked at to receive Tier III behavioral interventions are those students who are not successful with Tier II interventions at Austintown Intermediate School. Tier III interventions are smaller than Tier II because they are for a specific student who needs this intervention. The intensity level of Tier III is the highest of the three tiers.

Regardless of the intervention, Tier III supports include additional instruction for key social, emotional, and/or behavioral skills. Sprague, Cook, Wright, and Sadler (2008, p. 77) recommend Tier II interventions be implemented a minimum of four weeks; this "allows sufficient time for the student to demonstrate adequate or inadequate response to the supports." Different individuals recommend various timeframes for Tier II interventions. AIS's Tier III team will determine the necessary timeline for each individual situation.

The following criteria are considered at the PBIS meetings before putting a Tier III intervention into motion.

- **Not responding to Tier II interventions**
 - o Usually multiple interventions are attempted
 - o Data from these interventions not displaying success; the trend line is not close to the goal.
- **Were these implemented with fidelity?**
- **The team is relatively confident Tier II interventions will not result in improved data.**
- **Chronic Behaviors**
- **Intense Behaviors**
 - o If the behavior significantly disrupts classroom instruction so that instruction cannot continue, or if there is concern for the safety of students and staff, then the behavior is deemed very intense." (Colvin, 2009, p. 86).
- **Teacher recommendation**
 - o form
- **Support service recommendations**
- **Universal screening**
 - o Psychologists

Chronic Behaviors

The following chart explains what the AIS Tier III team considers “Proficient,” “At-Risk,” and “High Risk” for specific behaviors:

| | Proficient | At-Risk | High Risk |
|-----------------------------|-------------|------------------------------|----------------------------|
| Office Discipline Referrals | 0-1 | 2-3 | 4-6 |
| Classroom Minor Infractions | Below 10 | 10-15 | 15-20 |
| Absent Hours | | | |
| Times Tardy | | | |
| ISS | | | |
| OSS | | | |
| Diagnostic ELA | grade-level | 1-2 grades below grade-level | 3 grades below grade level |
| Diagnostic Math | grade-level | 1-2 grades below grade-level | 3 grades below grade level |

A student that is high risk, is a possible Tier III student. Again, this is a guideline, and it is important to remember that not all students are the same. The Tier III team will decide the best interventions for the students.

Intense Behaviors

The following chart is adapted from the Severity of Disruptive Behavior Rating Rubric, developed by the Center for Effective Collaboration and Practices (Gable, 1999), and outlines five levels of intensity along with possible behaviors for each level.

| Level | Description | Possible Examples |
|---------|--|--|
| Level 1 | Behavior is only confined to the focus student. | Refusal to get out materials Pouting Scowling Crossing arms Muttering under his or her breath |
| Level 2 | Behavior disrupts others only in the student's immediate area. | Slamming textbook closed Dropping book on floor Inappropriate language Name calling |
| Level 3 | Behavior disrupts everyone in the class. | Upending desk Running around the classroom Cursing at the teachers or peers Leaving the classroom |
| Level 4 | Behavior disrupts other classrooms or common areas in the school. | Throwing objects Yelling Open defiance of school personnel's directions Leaving the school campus |
| Level 5 | Behavior causes or threatens to cause physical injury to the student and/ or others. | Display of weapons Assault on others Bruising/ hitting oneself |

Parents'/Legal Guardians' Guide for Requesting Assistance for Their Students

❖ Introduction

Sometimes, as a parent or legal guardian, you may feel like your student is struggling to achieve academic or behavioral success at school. In the majority of cases, the teachers at AIS identify students struggling academically and/or behaviorally and implement interventions to support progress towards expected standards of success through a systematic process known as the Multi-Tiered System of Supports (MTSS). However, there are rare instances when you, as a concerned parent or legal guardian, need to advocate for your student. If this is you, please continue reading to find out what you can do to request additional assistance for your student to achieve academic and/or behavioral success.

❖ **FIRST:** Consider the following questions to determine if you feel like your student required further assistance to be successful in school.

- Does your student bring home or communicate failing grades on a significant number of their classwork, tests, or homework?
- Does your student become easily frustrated with most academic tasks, classwork, or homework?
- Does your student demonstrate difficulty reading grade-level or below-grade-level texts and/or solving grade-level or below-grade-level math word and/or computation problems?
- Does your student demonstrate difficulty with controlling his or her emotions or behaviors?
- Does your student regularly bring home Behavior Tracking Forms or notes in his or her agenda outlining frequent problematic behaviors?
- Does your student act out or become easily angered in certain situations?

❖ **SECOND:** If you answered YES to one, some, or all of these questions, then consider requesting additional assistance for your student through one of the following options.

- Option 1: Print the form below on page 2, complete it, and submit it to Austintown Intermediate front office.
- Option 2: Print this form from website, complete it, and fax/ email to Dr. Reppy at dreppy@austintownschoools.org.
- Option 3: Call Austintown Intermediate's front office (330-797-3900) and tell the individual who answered your call that you would like a Parent/Legal Guardian Request for Assistance Form be sent home with your student. A form will be provided to your student, so look for it when he or she returns home from school. Complete the form, send it to school with your student, and have your student submit it to his or her teacher.

❖ **THIRD:** Once you have submitted a Parent/Legal Guardian Request for Assistance Form and submitted to the school, a review committee will begin the systematic process to determine what additional assistance your student requires. Your student's teacher will communicate with you during this phase of the process.

IAT Tips for Teachers

Goal

Teachers should be bringing forward students for academic issues/concerns, as well as behavioral.

1. Step 1 is always contacting parents. Please document your phone call(s) to show that a conversation has taken place regarding what your concerns are. Feel free to use DASL to exhaust all contacts for hard-to-reach parents. See your principal or Dr. Reppy if you have had no success in reaching someone.
2. Complete Teacher Request for Assistance sheet, Action Plan, and begin/continue to collect data on the electronic form in the shared IAT drive.
3. RTI/IAT meeting with Dr. Reppy- should have completed up to Step 7 on the Teacher Request for Assistance.
4. Parent meeting (IAT/Parent Meeting Form)

Important information

- Any/all meetings with parents to address formal or informal concerns- teachers should be bringing the IAT/Parent Meeting Form, as well as strengths, weaknesses and current grades/academic progress. Teachers also **MUST** provide strategies in the **Action Plan** for:
 - Parent
 - Student
 - Teacher
 - Those formal/informal meetings should end with another meeting date being decided upon and communicated with parents.
 - Copies Parent meeting form should be uploaded into the student's electronic folder in the IAT shared drive.

AIS PBIS Teams

PBIS Tiers I & II Team

The Tier I team establishes the systems and practices for Tier 1 support. This team is responsible for monitoring school-wide data, ensuring students receive equitable access to these supports, and evaluating the program's overall effectiveness.

The Tier II team is responsible for reviewing students referred for additional support and providing training to families, school personnel, and students regarding interventions.

Our Tier I and Tier II teams are combined into one.

PBIS Tier III Team

Tier III team membership includes an administrator, a coach/behavior representative, and others with basic knowledge of problem solving. Team members also include personnel who actively provide Tier III support in the school. This enables them to provide input on decisions about interventions they provide to students they serve.
