

Senior Privileges and Parking Application

Congratulations and welcome to the Senior Class of 2025. Information regarding senior privileges and parking application requests is located on the home page of the **Realtime Student Portal**. Please log on, read the information carefully, and complete the necessary tasks required in order to receive senior privileges.

- Parking on campus is open to approved seniors only and is a privilege not a right. You must obtain a parking tag and administrative approval before you park your car on school property.
- To be eligible for senior privileges and senior parking you must have completed a minimum of 90.0 credits and be eligible to graduate in June 2025.
- All disciplinary obligations must have been satisfied and completed by June 2024 to be eligible for privileges.
- All financial obligations must be cleared up with the cafeteria, and all material must be returned to your teacher by the close of the school year. Check the portal for “Fines (\$)”.
- Information and applications for senior privileges will be posted and available on the Student Realtime Portal in the last week of August.
- You **MUST** have a license and a car to obtain a senior parking tag (no exceptions). We will have enough parking for every senior. If you get your license after the distribution date, see Mr. McCabe, Assistant Principal, once you get your license and he will give a tag if you meet the criteria.
- Parking will be given out on August 27th, 2024, from 12:00 p.m. – 3:00 p.m. in the high school across from the greeter’s desk. If you are away, see Mr. McCabe, Assistant Principal, after school starts on September 5th.
- Scheduling: All seniors must have their schedules set by August 29th . Should a senior drop a course or change his/her schedule after that date, all off-campus study hall privileges will be held and processed on October 1, 2024.
- Once the school year starts on September 6th, senior students must get approved **BEFORE** parking on campus. Please do not bring your car to campus until after you get approved and are issued your parking tag.
