Wellness News

The Grove City Area School District is dedicated to ensuring that student's minds and bodies are ready to learn each day. It is important to encourage healthy eating and physical activity to teach them healthy habits early in life so that we can help reduce our children's health risks and increase their chances for healthier, more productive lives.

Grove City Area School District participates in the National School Breakfast and Lunch Programs and is required to have a School Wellness Policy, Wellness Committee, and conduct a triennial District Wellness assessment.

The Grove City District Wellness Policy, information about the Wellness Committee and triennial District Wellness Assessment can be viewed at:
